## Walnut Cove Man Sues Winston Concern For \$25,000

Ted Gerry of Walnut Cove filed a \$25,000 damage suit Tuesday against Marvin Koonce and Richard Koonce, trading as the Motor Transit Company, following collision of his car with one of the company's trucks.

The accident occurred last March 24 on Glenn avenue extension, according to the complaint filed with the Forsyth superior court clerk.

A young, inexperienced truck driver was responsible for the accident, the plaintiff contends, when without warning he suddenly turned to the left into the path of the plaintiff's car.

As result of the accident, Gerry declares he lost several teeth, suffered a concussion of the brain, injuries to the chest and right foot, and contends he is permanently disabled and unable to work.

In addition to the \$25,000 damages, Gerry is seeking \$649 for damages to his car.

## Surry County Man Instantly Killed In Truck Accident

Mount Airy. — James Thomas Moorefield, aged 27, of Mount Airy, Route 2, was instantly killed Sunday afternoon about 4 o'clock in a truck accident near State Line Church, twenty miles east of here in Stokes county.

Sheriff John Taylor of Stokes county, who investigated the accident, said Moorefield was operating the truck and had two men whose names he did not learn, as passengers.

Moorefield, the sheriff reported, lost control of the truck and it went into a side ditch and then back into the road. When the machine struck the ditch, the cab door was knocked open and Moorefield fell out. His body fell under the truck and one of the front wheels passed over his head. He died instantly. The passengers were not injured.

Moorefield and his wife and children, were visiting relatives in the State Line section Sunday. He was a farmer and part time employee of an axe handle factory here.

Mr. Moorefield was born in Patrick county, Va., August 2, 1913, a son of John and Jennie Woods Moorefield.

Surviving are the widow, Mrs. Irene George Moorefield; two sons, J. T. Jr., and Wade Moorefield; one daughter, Ethel Mae Moorefield; one brother, Billy Moorefield and one sister, Mrs. Alvin Taylor.

The funeral was held Monday afternoon at 3 o'clock at State Line Primitive Baptist Church. Elder W. J. Brown conducted the services. Burial was in the church graveyard.

## WHERE IS YOUR F. B. I. ?

Treason, whether manifesting itself in defeatism, isolationism or fifth columnism, is not confined to the alien mobs of Detroit, Chicago and New York.

It is not afraid—thanks to the poison distributed by Lindbergh, Wheeler and Nye and their ilk—to lift its hydra head and spit its venom even in our North Carolina.

Listen to this choice bit of Nazi-Fascist-Communism emanating from Dr. P. O. Schallert, a German of Winston-Salem, spoken at the 11 o'clock morning services at the Center Methodist Church in Yadkin county, last week.

Dr. Schallert had been scheduled to address the men's class, following with a temperance sermon to the main church congregation.

The incident is reported by the Winston-Salem Evening Sentinel, from which we quote:

"Dr. Schallert explained that Hitler was a temperate man and a man of good morals. Officers of the men's class said that Dr. Schallert advised them to write to their congressmen and tell them to refuse to give aid to Britain.

"Hardly anyone stayed in church for the main address."

Dr. Schallert praises Hitler for his temperance and morality. If Dr. Schallert is posted on the history of Hitler since he began his conquests, he must know that if Hitler does not indulge in wine or beer, that he DOES drink the blood of countless thousands of defenseless men, and of helpless women and little children.

Does Schallert deny that the Fuehrer is a DRUNKARD who has gorged himself with the life blood of unoffending peoples?

Is Hitler a moral man?

Surely with Dr. Schallert's learning and intelligence he knows the meaning of MORALITY?

Does not Schallert know that Hitler is the greatest thief of all time, who has raided nation after nation and appropriated their lands, their armaments and their food to feed his hordes?

Leaving the helpless people in slavery—see France, Belgium, Norway, Czechoslovakia, etc.

Hitler caused the murder through his Gestapo of more than 16,000 of the flower of the intelligent and patriotic men and women of Poland.

These people not killed in battle, but MURDERED in cold blood in his policy to exterminate intelligent resistance to his policies.

Is mass murder MORALITY ?

"Dr. Schallert advised the churchgoers of Center Methodist Church to write their congressmen to give no aid to Britain."

Does not Dr. Schallert know that congress and the President and the leaders of this government are doing all they can to give aid to Britain, which action they consider the first essential to America's defense?

And does not the Dr. know that to use his position in an effort to thwart this movement—which is now a law of this nation—he is aiding and abetting the enemies of this nation and thereby becomes in spirit—if not in fact—a traitor to the free nation whose protection he now enjoys?

Center Church is an emblem of that holy religion which the democracies of America and England honor and revere, cherish and protect.

It is an emblem of that which Hitler hates and which he is doing all in his power to efface from the earth.

We wonder if Center was not desecrated by the presence of a Hitler agent in its holy precincts.

The church people, on the Monday after the Hitler sermon, hunted up the pastor to find who authorized Schallert to be present.

The minister did not know except that he was "sent there" by a temperance committee. Doubt-

## President Roosevelt Cuts Relief Appropriation \$186,000,000 — 700,000 WPA Workers Dropped

Washington.—President Roosevelt Tuesday responded to legislative demands that he recommend nondefense economies by informing Congress that he has cut \$186,000,000 from his original budget for relief for the coming fiscal year.

He sent up a special message stating that only \$886,000,000 would be needed instead of the \$995,000,000 he recommended in his January budget message.

It was the first definite economy he has recommended since Secretary of the Treasurer Henry Morgenthau Jr. told the House ways and means committee last month that the pending \$3,600,000,000 tax program should be supplemented by \$1,000,000,000 of savings in nondefense expenditures.

Mr. Roosevelt's message said the \$886,000,000 would be sufficient to maintain an average of about 1,090,000 persons on WPA rolls. During the present year the WPA average has been about 1,700,000 persons. Congress appropriated \$1,350,000,000 a year ago for relief during the current fiscal year and added \$375,000,000 to that sum with a supplemental appropriation last February.

## Death Of "Eney" James

Tuttle; two daughters, Mrs. Elmer Nelson of Ellerbe, and Mrs. Robert Mabe of Walnut Cove, Route 1; three sons, Wiley and John James of Roanoke, Va., and Marvin James of Greensboro; one brother, Monroe James of Belews Creek, and two sisters, Mrs. Ida Fulp of Stokesdale and Mrs. R. P. Neal of Summerfield.

less sent by the German Bund. That's the way the Hun propaganda usually works.

As late as last September 10, 1940, this newspaper in an editorial sounded the warning that this man Schallert—almost omnipresent in the columns of a Winston paper—was writing Fifth Column stuff.

We believed him then an emissary of the Third Reich. Our belief has a hundred per cent. been strengthened.

The handwriting is on the wall. He who runs may read.

Schallert admits he is a German. If he is naturalized he should be watched by the F. B. I.

If not, deported.
