## JOHN H. FOLGER EASILY ELECTED

**CARRIES DISTRICT ALMOST SOLIDLY — KURFEES GETS A HUNDRED OR TWO VOTES — FOLGER BEGINS DUTIES AS CONGRESSMAN**

John H. Folger, succeeding his deceased brother A. D. Folger as congressman of the Fifth North Carolina district, was elected last Saturday by a majority of around 22,000 votes.

Marshall Kurfees, who had withdrawn from the race, but not in time to get his name off the ticket, received around 200 votes in the district.

Folger, who attended memorial services for his brother, returned to his home at Mt. Airy, but will go back to Washington Monday to take the oath of office as congressman of the Fifth North Carolina district.

Harvey Lupton, secretary to A. D. Folger who was killed recently in an automobile accident, probably will retain this post with the new congressman. Miss Naomi Brown, of Oxford, is also expected to remain.

The new congressman will occupy the same spacious offices on the first floor of the old House office building in which his brother served the fifth district. Lupton has been carrying on the regular work of this office since the death of his former employer and close personal friend.

A hushed House of Representatives paid homage to 13 of their colleagues, including Representative Alonzo D. Folger, who had died during the past year.

Seated in the well of the House chamber where the late fifth North Carolina district congressman had won so many friends were his widow, Mrs. A. D. Folger; two brothers, Representative Elect John H. Folger and W. P. Folger; three sisters, Mrs. R. C. Llewellyn of Dobson; Mrs. Annie Hollinsworth, and Mrs. J. D. Hogan of Mount Airy; Miss Frances Folger, a niece; and Fred Folger, a nephew, both of Mount Airy.

## Lawrence MacRae To Serve On Advisory Committee

Governor J. M. Broughton has selected Lawrence MacRae of Walnut Cove to serve on the advisory committee to the Old North State Fund.

Through this fund it is planned to provide a hospital ambulance for the use of the British fighting forces, or such other humanitarian equipment as the demand of the hour indicates most needed at the time the fund becomes available.

Governor Broughton is serving as honorary chairman of the Old North State Fund, and addressed the public last Wednesday night over the air in detail with respect to this fund and its need.

R. R. Mills of Walnut Cove was a business visitor here Tuesday.

## FACTS ABOUT THE WHEAT SITUATION

Meeting At Danbury Next Saturday To Acquaint the Farmers With the Government Regulations

TO ALL MILLERS, THRESHERS AND COMBINERS Gentlemen:

A recent law enacted by the Congress of the United States has caused marketing quotas to be set up for all farms harvesting wheat for 1941 and a penalty of 49 cents per bushel for excess wheat harvested, this penalty to be collected by the Secretary of Agriculture from the producer of the wheat or from the miller, or buyer of the wheat.

This means that threshers, combiners and millers will be required to keep a record of all toll wheat accepted by them in lieu of cash and they will be required to pay the penalty on such toll if the producer in question is not in possession of a marketing card at the time the toll is accepted.

To the person who has not studied the regulations pertaining to wheat quotas this would seem rather complicated, but the Department of Agriculture, working through State and county offices, is trying to minimize this work for you gentlemen and is making every effort to place as much of the work as possible on committeemen, all of whom duly elected by members of the County Agricultural Conservation Association.

In order that you may become thoroughly acquainted with the part you are to play in the collection of these penalties and with the forms with which you will be expected to work, the County Committee and County Agent are arranging a meeting to be held at the courthouse in Danbury, at 9:30 a. m., on next Saturday, June 21, 1941.

There is not a single producer in the county known to the committee who will have to pay penalty, but the law requires that certain formalities be gone through with and we hope that you will be able to attend this meeting, bringing with you any interested people and giving the proper publicity to the meeting in order that any interested farmers who wish to do so may attend.

The committee feels that this is an important meeting for you and for wheat producers of the county and feels that it is your duty to attend and acquaint yourselves with the facts concerning the wheat situation.

Very truly yours,

L. F. BRUMFIELD,  
Sec. Stokes County AAA.

## Death Of Oscar Sisk

Oscar Sisk, aged about 65, died last week at his home near Sandy Ridge.

W. R. Mitchell of King was here on business Tuesday.

## THE "SUPERIOR RACE"

The gratuitous insult to the intelligence of the readers of the Winston-Salem Journal, as offered by one Waverly Rudisill in a recent issue of the Journal, should not go unanswered.

Rudisill writes as follows:

"The ungratefulness of Christian America for Christianity is alarming.

"Martin Luther, the founder of Protestantism, was a German and lived in Germany and from Germany gave the world Christ. The German people have done more to keep Christ alive in the world than any other people."

One of the favorite ruses of Hitler's propagandists like Dr. Schallert and Mr. Rudisill is to masquerade in the cloak of religion.

When Rudisill says the Germans gave the world Christ and has done more to keep Him in the world than any other people, he makes a statement that would be laughable did it not concern a sacred subject.

We speak of Hitlerite Germans—and this means all Germans everywhere who are knowingly backing Hitler and his crimes. They are the most brutal and bloodthirsty people of any modern civilized state.

They are a Godless people. Their only God is "Fuehrer, my fuehrer."

For generations the German schools have taught atheism. The present generations of Germany do not believe in anything except force and blood.

This wolf tendency they probably inherited from their distinguished ancestor Atilla and his hordes, who came across swimming icy rivers with knives in their teeth, gorging on raw fats and even drinking the blood of their victims. They massacred most of Germany and France.

They have been taught to regard themselves a superior race and are therefore the world's most egotistical people. They are superior of course only in the race's most barbaric instincts.

No other rulers in the world are so dishonest and treacherous as the war lords of the Reich. Their promises are regarded in all countries as false as dicers' oaths. It was left for them to show the world that a solemn treaty is only a "scrap of paper."

In the century before Martin Luther was born, John Wyclif, the English reformer and Bible translator, started the fires of the Reformation burning. John Calvin the Frenchman and John Knox the Scotchman were contemporaries of Luther and had as much to do with the Reformation as Luther.

In England and Scotland the Christian religion lived and flourished. In Germany it died at the hands of the "superior race."

The most the Hitlerite Germans have achieved in the world is blood and tears. Their literature is not to be compared with England's. In material things for the advancement of society they fall amazingly short. Americans produced the steamboat, the English the steam engine and the tank. Americans invented the principle of electricity, the electric light, the airplane, the tractor, the armed battleship, the telephone; the Italians produced the wireless telegraph.

But it may be said in behalf of German ingenuity that they improved many of these things for the mass murder of defenseless women and children.

## Court Next Week

Next Monday, June 23, Judge Wilson Warlick will open a term of criminal court here. The term will last only one week or less, and will not be followed by a civil court.

The docket is not large, and consists principally of liquor

violations or other minor infractions. Solicitor Ralph Scott will prosecute. The appearance docket embraces 15 cases, while the trial docket consists of 43 cases plus warrants since the calendar was printed nearly two weeks ago. On the sci fa docket there are only three indictments.

## LETTER FROM JACOB FULTON

Chairman of AAA Talks To Farmers About Wheat Quotas — Meetings To Be Held.

TO STOKES COUNTY WHEAT GROWERS: Gentlemen:

It has come to the attention of the Committee that certain wheat producers in Stokes county have become gravely concerned about the recently enacted law carrying penalties on excess marketing of the 1941 harvested wheat. This letter is being mailed to you and is being carried in the county papers to aid insofar as possible in acquainting you with the facts.

First, any farm in the county will be issued a marketing card to sell wheat after it has been determined that not over 15.0 acres of wheat was harvested from the farm this year. Second, producers who normally grow over 15.0 acres of wheat each year have been notified of the maximum which they may harvest and not pay any penalty. Third, any farm that does have a harvested acreage of 15.0 acres, or more, will be able to sell their wheat penalty free if the wheat harvested does not exceed 3.0 acres for each family living on the farm. Fourth, an unlimited acreage of wheat may be harvested on your farm if the County Committee determines that all of the wheat harvested will be used either for home consumption or by feeding it to live stock or poultry which or the products of which, will be consumed on the farm.

The committee, together with the County Agent and Chief Clerk, have made a pretty thorough survey and do not anticipate that any wheat growers in Stokes county will have trouble in securing a marketing card, however, there may be cases which have not been called to our attention wherein excess wheat has been harvested on which a penalty will be required. This penalty has been set up by law at 49 cents per bushel on the farm market in excess.

The committee has arranged community meetings as shown below at which time eligible wheat producers who have no excess will be issued marketing cards. We realize that there is going to be a few of you to whom we will not be able to issue cards on the date shown below but since we feel that 95 per cent. of you are eligible at the present time we have arranged this meeting with a view to assisting estimated 5 per cent. in securing their cards at the same time we are issuing to the eligible growers.

Since these meetings are arranged for your convenience and to save you the trouble of coming to the County Office we hope to see you at one of the places shown below:

Monday, June 23, 2 to 5 p. m., —Fulton Davis Store.  
Tuesday, June 24, 2 to 5 p. m.,

## SHORTAGE OF WPA LABOR

DUE TO DRAIN OF DEFENSE PROGRAM, DRAFT AND FARMING

County Superintendent of WPA projects, Reid Jones, of King, was here Wednesday.

Mr. Jones says that owing to the selective service draft, to the various defense industries, farming and other drains made on surplus labor in the county, that a keen scarcity of hands is felt on various WPA projects in the county, notably the school gymnasium at King and the new Walnut Cove high school. Both of these buildings are now being built.

Mr. Jones added that the present relief load is the lightest it has ever been in the county. All persons who have been certified by the local welfare office are now working.

## Death of a Stokes Child

Funeral services for Doris Mae Bullin, small daughter of Mr. and Mrs. Eanner Bullin, Lawsonville, Route 2, were conducted this morning at 10 o'clock at Aaron's Corner Baptist Church. Elder Ed Priddy officiated. Burial was in the church graveyard.

The child died Tuesday night in a Winston-Salem hospital. She had been ill for two months.

Surviving are the parents, two brothers and one sister.

## Fine Arts Club To Meet

The Fine Arts Club will meet Thursday night, June 26, at 8:00 o'clock with Mrs. A. J. Ellington.

John Ray was here Wednesday from Walnut Cove. John recently graduated from Wake Forest College.

—King Drug Store.

Wednesday, June 25, 2 to 5 p. m., — Henry Wright's Store.

Thursday, June 26, 9 to 12 a. m., —W. S. Hart's Store.

Thursday, June 26, 2 to 5 p. m., —Zizlar's Store.

Friday, June 27, 10 a. m., to 2 p. m., — Courthouse, Danbury.

If you are interested in learning more about the wheat program the Committee has arranged a meeting for Millers and threshers on next Saturday morning at 9:30 A. M. at the courthouse in Danbury, and you are cordially invited to attend this meeting and we hope to be able to issue any and all eligible wheat producers who are present at that time, their marketing cards. We are sure that you will be interested and that the meeting will help to stop your worries concerning wheat quotas for Stokes county as a whole and your farm in particular. Hoping to see you at one of these meetings, I am

Very truly yours,  
JACOB FULTON,  
Chm. Stokes AAA.
