J. WATT TUTTLE,
Clerk Superior Court.

IN RE: FALL TERM, 1941

SUGGESTIONS TO ATTORNEYS

1. That on or before the first Monday of each term of Civil Court, counsel for plaintiffs and defendants prepare and have ready to hand to the Court the issues involved in the case as he understands them, citing the authorities relied upon under each issue and upon whom he contends the burden of proof rests. Issues may be called for in advance of the trial of the case.

2. Each attorney shall prepare and have ready to file with the Court on or before the first Monday of each term of Civil Court, which may be called for in advance of the trial of the case, a trial

Farm News
about the AAA and other
EXTENSION WORK
From the
County Agent

A good winter hay mixture to unload within a very few minutes. fellow silage corn is Lea No. 5 oats 1-2 Bu., wheat 3 pks. Vetch 15 lbs. Austrian winter peas 15 lbs. This amount for each acre. This mixture will produce approximately three tons of hay per acre. The amount produced will depend on soil fertility. Fertilizer with 200 lbs. of 4-10-4, also 300 lbs. of phosphate and one ton of lime. In the early part of the winter apply a spread of barnyard manure on top of growth. This will be cut next May and followed by more silage corn and summer hay crops.

Phosphate and lime may be applied to small grain, clovers and grasses this fall. This may be secured through the Triple A program.

Fall sown oats will about double in yield to those sown in spring. The Lea No. 5 is the variety recommended for Stokes county. The following farmers grew this variety last year with success and may have seed for sale: R. C. White, King, S. C. and Z. D. Covington, Rural Hall, Quaker Gap community, L. M. Smith, Walnut Cove, W. S. Hart, Lawsonville, D. B. and J. B. Young, Danbury.

Oats in the grain or hay make a very fine feed and should be used more generally in rations for livestock on the farm in the county. Oat hay can be beat for work stock in hot weather. Get in touch with our office if you have trouble finding small grain seed, Oats or wheat.

M. A. Sheppard, Lawsonville, is harvesting some fine apples. He has already sold several hundred bushels of sprayed fruit and has many more to sell.

M. L. Martin also has a fine young apple orchard in the same community.

O. O. Grabbs, King, has purchased a barnyard fertilizer spreader for his modern farm west of King.

C. A. Lewis installed a hay fork in his barn last week.

J. B. Sizemore is also installing a hay fork. This farm equipment is a great labor saving device. With its use a load of hay may be

brief, containing the law in the case as he understands it, together with any special instructions that he may probably consider requesting the Court to give on the issues filed. No special form is required; however, a careful study of the decisions, statutes and general law will be expected, together with a notation showing that the authorities relied upon have been checked and are not affected by subsequent decisions or legislative enactment and their value as authorities assured by running them down to date in Shephard's Citations. This to apply to all cases and motions on the Calendar.

FRANK M. ARMSTRONG,

Judge assigned to and holding Court in the 21st Judicial District, by Assignment under the Statute.

KING NEWS

King—If you are looking for an ideal place to spend the winter give King the once over.—Sept. 18—Mrs Sarah Sprinkle, 75, widow of Bob Sprinkle who preceeded her to the Great Beyond by 26 years was laid to rest at Pleasant Hill Thursday.

Following is the stork's report for the last week: Mr. and Mrs. Waldo Stewart a daughter, Mr. and Mrs. Charlie Griffin a son, Mr.

pastures the possibility of parasites is lessened and fewer parasites means more hog profits. Another important thing to be remembered by hog producers is to keep plenty of water before the hogs at all times—it is cheap.

4-H Calf and Pig Show

The second annual Stokes county Calf and Pig Show will be held at Walnut Cove, the morning of October 4. Any 4-H club boy or girl is eligible to enter a calf in the show. The calf show will be made up of gurnsey and jersey heifers and bull calves. Those 4-H members receiving the Sears, Roebuck gilts this summer will be eligible to enter a pig in the show. Sears Poebuck is offering a calf to the person showing the best pig. For further information about the calf and pig show contact the County Agents Office.

Memorial Service Is Postponed At Mt. Airy.

Owing to the continued critical illness of F. T. Llewellyn, clerk of the Surry Superior court, it has been decided to postpone the memorial service for the late Lon Folger which had been planned for Monday when the portrait of the former Congressman and Surry county leader was to have been formally unveiled.

No definite date has been set for the service but the committee hopes to be able to hold the service some time next month.

Mr. Llewellyn is in Martin Memorial Hospital at Mt. Airy, where he remains unconscious and helpless following a stroke he suffered three weeks ago.

Gilley-Wood

Mr. and Mrs. A. D. Gilley of Stuart, Va., announce the marriage of their daughter, Annie Sue, to Otis M. Wood, son of Mr. and Mrs. Sam Wood, which took place in Stuart on Saturday, Sept. 6 with J. S. Taylor, clerk of the court, officiating.

The young couple will reside at Danbury.

Madison School Enrolls 560

Enrollment at the Madison elementary school totals 560 at the opening of school this fall. All the classes are filled to near capacity to take care of one of the largest enrollments Madison schools have ever had.

MADISON P.-T. A.

TO HOLD FIRST MEETING
The Madison Parent-Teachers association will hold its first meeting of the year next Thursday night, Sept. 25th at the high school auditorium.

Jess Duncan was here today from Madison. Mr. Duncan reports some fine tobacco sales made at Madison this week.

and Mrs. Kester Denny a son and Mr. and Mrs. Ollie G. Tuttle a daughter.

Bill Boles has returned from Monroe, Va. where he spent several days with relatives.

Planters in this section are very busy preparing tobacco for the market.

Miss Rebecca Rains has returned to her home here after a several days stay with relatives in Wilson.

Miss Virginia Gravitt has returned to her home in Miami, Fla. after a several weeks stay with her aunt, Mrs. Spencer Tuttle on Ohio street.

BIG BATTLE KILLED

Flatsheel, Sept. 14.—John M. Vaden killed an unusually large rattle snake last Sunday while hiking in the Flatsheel Mountains, near the buzzard cove. The snake bore 15 rattles.
