FEW VOTE AT PRIMARY

In a primary election marked by the absence of a contest for nomination for County Officers, and a relatively light vote attributed partly to the gas and tire situation, the Democratic voters of Stokes county have Hon. John H. Folger, seeking the nomination to succeed himself as United States Congressman for the Fifth District, a majority of 1803 over his two opponents in the May 30th Election. This vote although not as heavy as we are accustomed to in peace time, is certainly to be considered an indication of the Democratic popularity of Mr. Folger among the people of Stokes county.

The only other candidate voted on by the Democrats of this county were Josiah W. Bailey, who received a majority of 1390 over his opponent, Richard T. Fountain, for U. S. Senator.

The Republicans voting only to nominate a candidate for the U. S. Senate, expressed their choice in this county by giving Sam J. Morris 103 votes and his opponent, Stone, W. Klutz, 23 votes.

For years he was a faithful employee of the Reporter and N. E. Pepper's home here.

Funeral services were held at the home and burial followed in the Danbury Cemetery. He is survived by his wife and several brothers and sisters.

Visitors To Park Are Increasing

Due to the hot summer weather and the minor fact of gasoline and tire ration, the number of visitors to the Hanging Rock Park is increasing. The park affords cool, pleasant mountain atmosphere and is the first place for complete relaxation.

Remember it is our war and our government. We must help our government to pay for our war. Remember, too, our government has set this quota for us. Let's invest in Bonds and Stamps each month "Till the Boys Come Home."
