SNAPPY FACTS ABOUT RUBBER

The popular size tire for bombers is the 56-inch, the making of which takes as much time as the building of seven large truck tires. And an active bomber may need an entire new set of tires each month.

Statisticians have developed the fact that the rubber used by the U. S. in the war up to date averages about 145 pounds per man in uniform. In World War I rubber consumption represented about 32 pounds per man.

WHY QUINTUPLETS always do this for CHEST COLDS!

To Promptly Relieve Coughing -- Sore Throat and Aching Muscles

Whenever the Quintuplets catch cold -- their chests, throats and backs are rubbed with Musterole. Powerfully soothing -- Musterole not only promptly relieves coughs, sore throat, aching chest muscles due to colds -- but also helps break up congestion in upper bronchial tract, nose and throat. Wonderful for grown-ups, too!

In 3 Strengths **MUSTEROLE**

Why Suffer?
