

# THE DURHAM COUNTY REPUBLICAN.

CAMPAIGN EDITION.

DURHAM, N. C., OCT. 21st, 1884.

PRICE 25CTS.

## BLAIR EDUCATIONAL BILL.

### DEMOCRATIC HOSTILITY THERETO

Appropriated Seventy-seven million dollars for common school purposes: fifty-eight million of this amount for the South.

\* \* \*

Provided for separate schools for white and colored children.

\* \* \*

Allowed Eight million dollars of this amount to be used in support of training schools for instruction of teachers.

\* \* \*

Provided for instruction in the art of reading, writing and speaking the English language and such other branches of useful knowledge as may be taught under local laws.

\* \* \*

Through Democratic hostility to common schools, fifty-eight million dollars has been lost to the South as a school fund, and the little that will be raised for school purposes is from taxes on the poll.

SEVENTY-FIVE CENTS of which is unconstitutionally levied for Durham County.

### Some Figures Worth Remembering.

The vote on the Morrison Tariff Bill in the House of Representatives last May stood as follows:

#### FOR THE BILL.

Republicans .....	3
Democrats .....	152

Total.....155

#### AGAINST THE BILL.

Republicans .....	118
Democrats.....	41

Total .....159

These figures speak louder than words. They tell the tale. The 118 Republican votes saved the industries of our country from a fatal stab.

If you desire to have a voice in saying who shall disburse the money you pay for county taxes, vote the Liberal-Republican Coalition ticket.

## OUR NOMINEE.

We are pleased at the action of the Republican and Liberal Democratic Committee in indorsing Hon. Josiah Turner for Congressman for this the 4th District of North Carolina. Mr. Turner was raised in the Old Whig school of politics and has no sympathy with Bourbonism. We have seen that despite democratic resistance the main issue in National politics is the "Tariff" and upon this subject Mr. Turner holds to the conservatism of the old and honored Whig Party. For this reason, if no other he deserves the hearty support of all Republicans and the labor vote of the District. Never a Secessionist he deserved well of the people of the State but under the rule of Bourbonism has been repeatedly cast aside for the "gilt-lace" Brigadiers of Holden's disunion party. No man doubts his honesty nor his integrity of purpose. His open, pleasant, yes handsome countenance bespeaks kindness and sympathy. He shall have the hearty support of the REPUBLICAN, and we commend him not alone to our party but to that large personal following that has stood by him through long years of adversity. We proffer to this following, our aid and the support of our party in sending him to Congress to guard the interests of our people and our section. Let's come up to his support solidly in opposition to Bourbonism and "gilt-lace" favoritism in politics. "Hold Turner and save the State."

### "JESS SO."

Cleveland is getting ready to be President by doing his work as Governor. He does not require the attendance of a circus and brass band. —[News and Observer.]

If Cleveland's attentiveness to official duties is to be made a test for promotion, Jarvis' chances to succeed Vance in the United States Senate are exceedingly "thin." Jarvis has not remained at his post three consecutive weeks since his election; and as to brass bands and Cleveland the "splay footed clam digger from Currituck just dotes on 'em."

## JUST ONE, PLEASE.

Will some good, honest, well posted man give us one single good reason why any any Southern man should vote the Bourbon ticket? These Bourbons ruined the South by secession and war. After the war they endorsed the robbery of the orphan and widow, of the poor men whom they led to the war and had slain. They are now struggling to establish an aristocracy of bosses. They are teaching our young men to hate the government of our fathers. They are striving to place the government in the hands of a few, and to render labor helpless by enforced poverty. The means they are using to bring about this is to fix the ascendancy of the ring in each county, deprive the people of the right of local self government, enforce burdensome taxes, establish free trade, and bring the products of the pauper labor of Europe in competition with the articles produced by labor in this country. They are practicing these treasonable schemes in the face of day and under the disguise of Democracy.—Salisbury Examiner.

### "PROTECTION" DEMOCRATS.

According to the North State newspaper, Capt. Odell's first telegram read. "I am a protectionist and shall vote as I please." Now we want a word with these "protection" democrats. How do you expect to accomplish anything in the democratic party? Isn't it through a minority of your party in the Congress, acting in concert with republicans that you are depending upon to perpetuate this policy? If so, isn't it rather an underground way of proceeding to protect your capital and labor? If you desire a protective policy isn't it better to take a decided stand at first than to follow a course of "futile dalliance" and then finally be compelled to go with the party that boldly proclaims a policy that you are fully committed to? Can't you stand the "racket" in the interest of yourself, your labor and the best interest of your town and section? Can't you vote with the Republicans upon national issues? Suppose you try it.
