### DURHAM DOINGS.

The Day's Record of Current Events in the City and Vicinity.

—The mayor dropped back in the 3 o'clock north-to-day and had nothing to report.

—The county commissioners are in session to-day, and will report proceedings to-morrow.

—Read Ellis' suggestions for this week in this paper. Something will be sure to suggest itself to you.

—Remember the musical entertainment by the Kittrell Normal and Industrial Institute this evening at Stokes Hall. Special reserved seats for white people.

—Our town starts out well this week in the way of a sanitary report. The doctors say that the sickness is so slight that it is scarcely worth mentioning.

—To-morrow evening at 8:00 o'clock the D. L. L. has its prize drill at Parrish's warehouse for the gold medal. All are invited. Seats arranged for the ladies. Hon. C. B. Green will deliver the medal.

—Ten car loads of brethren and sisters in black arrived from Fayetteville to-day at 2:30 o'clock. The Silver Star Corset Band accompanied them. The old Reams' warehouse was their rendezvous. More to-morrow.

—Will our advertisers, when they want their advertisements changed, please send the copy in before eleven o'clock in the morning? This will insure a good display, and save a deal of annoyance and perhaps a few "cuss" words.

—The first Baptist Sunday school have their excursion to Hillsboro to-morrow, the train leaving the R. & D. depot at 8 o'clock. A genuine old-fashioned basket picnic is promised. Magnificent shade and the best water in the state. Dark walk, lovers' retreat, and the Ocoeechee mountains. The Durham band will accompany the excursionists. Tickets, 50 cents. For sale at Vaughn's and Yearly's drug stores, and at Muse's dry goods store.

—To-morrow the judicial commission meets in Greensboro. One hundred and fifty-three votes are necessary to make a choice. Here are the local figures: Winston will go into the convention with hundred and forty-three votes sure, not counting any votes from the counties of Alamance, Caswell or Guilford. If out of these counties he secures ten votes he will be nominated on the first ballot. Remember these figures and see if they are not correct. "Watch the professor."

—Mrs. Lathrop and Mrs. Lucy Morehead and family have indeed found a pleasant summer retreat at Dansville, New York. A letter from "the prettiest little girl in the county," dated July 5th, says that it is so cool there that people wear wraps. The large brick hotel is built on a high mountain with cottages all around it, while the town, a place of about three thousand inhabitants, is in the valley below. Picturesque scenery and beautiful flowers greet the eye everywhere. The local wisdom he could hear from Dansville every day.

### CHURCH SERVICES YESTERDAY.

The Services at the Various Churches Were Very Interesting.

At the First Baptist church Rev. Mr. Speight, associate editor of the Biblical Recorder, preached an excellent sermon in the morning, and Rev. Mr. White preached a strong sermon, as usual, in the evening.

At Trinity church Rev. Lucius H. Massey surprised his most expectant friends at both morning and evening services. There is the right kind of stuff in the young man and you may expect great things of him.

Rev. H. T. Darnall ministered to his flock in the court house. In his usual gentle and pathetic way he preached the Gospel, "Christ and Him crucified."

At the Episcopal church Rev. Chas. J. Wingate preached an able sermon in the morning, and at evening finished his series of lectures on the history of the church of England. The reformation of the church during the reign of Henry VIII was explained, and all false reports wiped out.

At the Second Baptist church Rev. J. N Booth ably and well preached and closed the revival for the present.

Our ministry is an able one, and if we are not better than we are, we have only ourselves to blame. They urge us to be good, and we won't.

### Graham's Big Fourth.

They had a big time at Graham on the fourth, if our information is correct. Everybody and the veterans were invited to a big spread there. Three long tables were on the grounds. At the first one the military from Burlington, the Glencoe band and specially invited guests ate heartily of good things; but the other two, like the cupboard to which the widow Hubbard wedged her way to secure the ossified remains of the morning meal for her enaciated canine, was bare. The afternoon was spent in making apologies to the veterans. This is told just as it was told to us by a man who said he was heartily ashamed of his native county. How about it, Brother Kernode?

### DURHAM COUNTY VETERANS.

Important Measures Taken for Something to be Done in the Near Future.

A meeting of the veterans of the county was held in the court house on Friday, July 4th, at which time and place the annual election of officers was gone into.

Col. R. F. Webb was re-elected president. Mr. J. S. Lockhart and Maj. R. W. York, vice-presidents. N. A. Ramsey, secretary, and A. K. Umstead, treasurer, were elected to their respective offices. The committees were revised, and all funds collected for the Soldiers' Home were ordered to be paid in to the treasurer.

A committee consisting of Messrs. E. J. Parrish and R. C. Burtor were selected to devise ways and means for funds for the Home.

It was decided to have a grand reunion of the veterans here on the 17th of September next, the anniversary of the battle of Sharpsburg. At that time it is intended to have a big barbecue, and every veteran in the county is expected to present. A committee of one was appointed to call in such further aid as might be necessary.

### RALEIGH NEWS AND GOSSIP.

News from the Encampment—Flush Times Coming—Odd Fellows Building—Sudden Death.

### THE GLOBE BUREAU,

RALEIGH, N. C., July 7, '90.

General Orders No. 11 were received yesterday from the Adjutant General, and give directions in regard to the movement of the troops to Camp Latimer, Wrightsville. The Durham company as well as the other seven companies, headquarters and band of the Third regiment leave on the morning of July 22. The Winston and Greensboro companies go on the Cape Fear & Yadkin Valley railway; those at Henderson, Durham, Oxford, Burlington and Reidsville via the Richmond & Danville. The regiment has now an excellent band of sixteen pieces, which has been very handsomely equipped by the state. It is located at Newton and Charles W. Rice is drum-major.

FLASH TIMES COMING.

A look was taken yesterday at the crops in this section. Certainly they are as fine here ever seen in Wake. It may be said that they could not be better. The cotton crop will be great. There are bets even now that the cotton receipts here will reach 50,000 bales. There will be flush times this fall.

### ODD FELLOWS BUILDING.

The Odd Fellows of this city appear to be making considerable progress with their scheme for erecting a handsome building here. A capitalist will put \$10,000 in it and will also put in a dollar wherever they put in one. Such a building is needed here. There is also a great growing need for an auditorium. The latter may some of these days strike the people of this capital.

### SUDDEN DEATH.

Yesterday afternoon a man named McKinney, a locomotive engineer, was found dead in his room near the Raleigh & Gaston railway depot. It was learned last night that his death was due to meningitis. He was apparently well yesterday morning. He had come here only a fortnight and was an employe of the Raleigh & Gaston railway company.

E. McK. Goodwin is now the president of the Wake Farmers Alliance. It is a position which gives him great influence. He is prominent as a candidate for the superior court clerkship.

Mrs. Z. B. Vance and her young friends, the Messrs. Norris, of Washington, D. C., will remain at Morehead City about a fortnight, and will then go to Guilford, where the senator will join them. He left Morehead to-day for Washington.

Thomas W. Strange has withdrawn as a candidate for the Democratic nomination for judge of the superior court in the Wilmington district. It will be remembered that he received the endorsement of the New Hanover convention.

Arrangements are being made for a notable lawn tennis tournament at Nash Square in October. The recent tournament here has done a great deal to arouse interest in the game. The court is a fairly good one and is well located. As few ladies here play.

The Soldiers' Home Fair it appears, need something over \$500. This is very satisfactory, considering the bad weather of Tuesday and Wednesday. There will be another fair, on an even larger scale, at the same place, Nash Square, in October. The people want it held.

Mr. H. A. London, of Pittsboro, who was here Saturday, brought the sad news of the drowning of his nephew, William London, Jr., a theological student at the University of the South, at Sevanee. He was a very bright young man. His father, Capt. W. L. London, of Pittsboro, is widely known.

As soon as the paving of a block on East Davie street is finished, West Martin street will be paved to the new depot. Considerable grading will be done. The West Hargett street line of street cars will be extended down South Dawson street to the depot front and will handle the traffic. The street car lines are paying better than formerly. There is quite an increase in travel.

Yesterday morning fifty fine-looking men walked up Fayetteville street, in procession, each wearing a blue silk badge. They were members of the Brotherhood of Locomotive Engineers and were on their way to Edenton Street Methodist church to hear a special sermon by Rev. Dr. J. H. Cordron. A number of them live here, but some came from various points in the state.

Bishop Wingen, of New York, has sent out a circular letter to the different parishes in his diocese, forbidding eulogies at funerals on the ground that some are undeserving of such commendation.

### BUFFALO LITHIA SPRINGS,

### OF VIRGINIA,

### SPRING NO. 1.

Malarious Fevers, Affecting Predisposed to Women, Atonic Dyspepsia, Etc.

Dr. Wm. T. Howard, of Baltimore, Professor of Diseases of Women and Children, in the University of Maryland.

"For twenty five years of my professional life I resided in the town of Warrenton, N. C., some forty miles distant from the Buffalo Springs, and sent many patients to them, thus having ample opportunity of observing the effects of the water, and I feel fully warranted in saying that nothing but the want of mountain air, the purity of the accommodations, the pure and sweet water, and the small pains taken to bring it before the public, could possibly have prevented its ranking with that of the famous White Sulphur Springs in Greenbrier county, West Virginia.

"I suggest, as a certain class of cases, it is much superior to the latter. I allude to the ability attendant upon the tardy convalescence from grave acute diseases, and more especially to the cachexia and sequelae incident to Malarious Fevers, in all their grades and varieties, to certain forms of Atonic Dyspepsia and all the affections peculiar to women that are remediable at all by mineral waters. In short, I would not hesitate to state that what mineral waters I have seen the greatest and most unmistakable amount of good accrue in the largest number of cases in a general way, would unanimously say the Buffalo Springs in Mecklenburg county, Virginia."

### NERVE TONIC PROPERTIES

### —OF—

### SPRING NO. 1.

Nervous Dyspepsia, Diseases of Women, Albuminuria of Pregnancy, Disorders of Teething Infants, Etc.

Dr. John H. Tucker, Henderson, N. C., Member of the Medical Society of North Carolina, Member of the American Medical Association.

"The action of the Buffalo Lithia Water, Spring No. 1, is that of a powerful Nerve Tonic. Nervous dyspepsia with its train of distressing symptoms is promptly and permanently relieved by it. In many of the disease peculiar to women—Menstrual Irregularities, Suppression and the many functional derangements resulting from anæmic conditions I prescribe this water with almost the same confidence that I do quinine in chills and fever. In Albuminuria of pregnant women it has proved a great blessing."

"I have observed marvellous beneficial results from its use in the disorders of Teething Infants. I have sent many patients of this class to the Springs for the use of this water, and without exception, they have returned to me cured or greatly benefited."

W. S. ROACH, Coville, Pitt Co., N. C., June 29, 1888.

Mrs. Joe Person's Collection of Music is for sale by W. R. Morgan.
