

AROUND THE WORLD!

THE NEWS FROM ALL SECTIONS OF THE STATE AND COUNTRY.

Seissored, Pasted, Stolen, Written, Imagined and Abducted for the Benefit of Globe Busy Readers.

Greensboro's street cars are expected to be operating in a few days.

Col. J. D. Camron's hand-book, now being prepared by the agricultural department, will have over 400 pages.

Superintendent J. J. Blair, of the Winston graded schools, has been elected president of the Teachers' Assembly for North Carolina.

Craighead Presbyterian church, near the suburbs of Charlotte, was burned on Thursday night. A good library and organ were burned. The fire is thought to be incendiary.

While playing tramp along the railroad to frighten two of his pupils, School Teacher B. L. Ritchie, of Convoy, O., was shot dead by Shirley Longworth, one of the sacred boys.

The president yesterday nominated the following postmasters: Georgia, Bartow F. Carter; Cedartown, S. C., William D. Crum; Charleston, Tenn., Neil B. Lovelace; Martin, Miss., Fred H. Powers.

Sam Looney, a laborer, became involved in a scuffle with his wife Tuesday night near Chattanooga, Tenn., and both made for a gun near by. She beat him to it and killed him as he ran out of the door.

At Visalia, Cal., the Rev. James Wilson, pastor, of the First Presbyterian church, was Tuesday night given 24 hours to leave town. Wilson was in the habit of taking two young girls riding in a buggy, and on several occasions took undue liberties with them. Tuesday the father of the children came to town to kill Wilson, but persuaded not to do so by the deacons of the church. Wilson acknowledges his guilt. He is over seventy years of age and heretofore has been greatly esteemed. He left town last evening, leaving his family behind.

For three years it has not rained a drop in La Salle county, Texas. The prairies once carpeted with rich grasses are as bare as a billiard table. The wells have gone dry. There is no water anywhere. The sun reflected from the white earth makes the glare and heat almost unbearable. Duck, turkey and wild animals have left. Even the familiar jack rabbit has disappeared. All cattle and sheep have been sold and shipped into other states. The citizens yesterday appealed to Governor Hogg to furnish the Mexicans, many of whom are in a starving condition, transportation to the cotton districts, where they may find work. An earnest call for food has been issued.

A special to the State Chronicle yesterday from Morehead says: "The election of Assembly officers for the ensuing year resulted to-day in the election of Prof. John J. Blair, of the Winston graded schools, president; Dr. B. F. Dixon, of Greensboro Female College, vice-president; E. G. Harrell, secretary and treasurer. The debt of \$8,000, for the Assembly building, was fully paid. The Modern Language association elected Prof. Thomas Hume, of the University, president; Prof. P. P. Claxton, vice-president, and Prof. W. S. Currell, of Davidson, secretary. Interesting contest tonight between Trinity, Wake Forest, Davidson and Elon college representatives for the oratorical medal and splendid musical contest for medal between young ladies.

ALL BACK NOW!

THE WORK HOUSE PAUPERS ARE ALL FINALLY CAPTURED.

The Old South State Called Upon to Give Up the Miserable Creatures Who Got Away.

Caroline Baldwin, who was sentenced to the work house three years for infanticide, and Mollie Trice, two years for larceny, and who escaped May 11, have been recaptured at Brookneal, Va.

The capture was brought about by a correspondence with some of the prisoners of the workhouse.

H. D. Leigh, superintendent of the workhouse, left on Tuesday for the escaped convicts and returned on Wednesday with them.

LOOK AT THIS.

A Fine Chance to Get a Home at Low and Reasonable Prices.

The Trinity Land company who, it will be remembered, bought the T. B. Lyon land near Trinity college only a few weeks ago, have already had the property laid off and platted into nice streets and lots, and are now ready to sell the lots to any person desiring to build. It is the intention of the company to build up a nice community out there. Lots will be sold reasonable, as it is not the purpose of this company to try to make a fortune out of it. For prices, etc., apply to J. B. Warren, general manager, or C. A. Jordan, secretary and treasurer.

For wakefulness, weakness or lack of energy take Simmons Liver Regulator.

If you would be rid of chills and fever take Simmons Liver Regulator.

THEIR THANKS.

Resolutions Passed by the Masons Referring to the Recent Banquet.

At a regular meeting of Durham Lodge No. 352, held at their hall June 28, the following resolution was unanimously adopted:

Resolved, That the thanks of this lodge are due and hereby most heartily tendered to the ladies, who assisted so cheerfully and faithfully in preparations for the banquet held on the night of the 24th, of June, to the young ladies, who, by their voluntary and gracious service at the tables, contributed no little to the success of the occasion, to the merchants who so kindly furnished ware for the tables; to Bro. T. J. Mallory for the use of Stokes hall; to the Y. M. C. A. for the use of their hall; to the city papers for their liberal publication of the notices of the public installation and banquet; and to Bro. Rev. E. A. Yates for his admirable address which will long be remembered for its ability and fair presentation of the principles of our ancient and noble order.

W. A. ALBRIGHT,
R. L. CHEATHAM,
S. L. LEARY,
Committee.

BUSINESS TRANSACTED

At Called Meeting of Town Commissioners Held Thursday, June 30.

On motion, it was ordered that the following parties be granted license to retail spirituous and malt liquors from July 1, 1892, to January 1, 1893:

- T. H. Scoggins, corner Peabody and Mangum streets.
- J. Branson, corner Peabody and Mangum streets.
- M. C. Herndon, Peabody street.
- J. H. Geer, Peabody street.
- A. J. Ellis, Church street.
- Paul Norwood, Mangum street.
- A. W. Douglas, Mangum street.
- W. C. Hudgins, Mangum street.
- Robert Pool, Parrish street.
- A. C. Pleasants, Parrish street.

AS WE GROW.

The Boom Now on Those Who Are in the Profession.

Now that it is given up by every one that a big boom is about to be inaugurated in Durham and that property is compelled to advance to double and treble its present value, it is the duty of every man, old or young, who expects to ever own a home, to secure it now while it is within his reach.

Dr. J. L. Watkins is building houses on very desirable lots and selling on easy terms to a number of our young business men. If you want a home, and what man or woman does not? See Dr. Watkins and even on a small salary he will make it possible for you to own one.

Going to Africa.

Great interest is exhibited in the proposed East African expedition of Mr. William Astor Chanler. The Tama river, which he proposes to follow, is inhabited along the lower part principally by the Wa-Pokomo, a race which subsists by cultivation. The banks of the river being low, the country on both sides is annually inundated, and the river thus acts as a liberal fertilizer. Mr. Chanler has no easy task before him, as some of the tribes to be passed in reaching Mount Kenia have had their suspicions and hostility aroused by the harsh and barbarous course of the German explorer Dr. Peters.

He will start early in June in company with Lieutenant Hohnel, of the Austrian navy, and Count Tolaki, with the object of careful scientific research and observation in that region. They will travel along the Tama river, resting for some weeks at the snowcapped mountain of Kenia, where they will make astronomical observations. After exploring the mountain to its summit if possible they will plunge into the almost unknown regions of East Rudolph lake. It was there that Baron Vecken was murdered, and that Reviol, Respoli and Ferrendi failed in their efforts to accomplish their aims.

The region abounds in warlike tribes. Mr. Chanler intends to enter the region from the west, after leaving Lake Rudolph, and proceed along the Tubba river to the sea. He expects to be absent about eighteen months. He will take with him his young servant, George Galmin, who accompanied him through Mashonaland. Mr. Chanler is full of hope and will go fully equipped for his perilous enterprise, which is expected to have most interesting and valuable results.—Philadelphia Leader.

The Population of Durham is about 8,000, and we would say at least one half are troubled with some affection on the Throat and Lungs, as those complaints are, according to statistics, more numerous than others. We would advise all our readers not to neglect the opportunity to call on their druggist and get a bottle of Kemp's Balsam for the Throat and Lungs. Trial size free Large Bottle 50c and \$1. Sold by all druggists.

The need of a perfectly safe and reliable remedy for the peculiar diseases of summer is universal. As a remedy for the household, office or the farm, on ship-board, and for travelers by sea and land, Winkemann's Diarrhoea and Cholera Remedy has proved its inestimable worth in the prompt relief and cure of all disorders originating in the stomach and digestive system, such as cholera, cholera morbus, diarrhoea, cramps, etc. Serviceable under all conditions, and always ready for use; is perfectly safe. Price 25 cents at all druggists.

Happy and content is a home with "The Rochester"; a lamp with the light of the morning. Catalogues, write Rochester Lamp Co., New York.

For distressing oppression and fullness in the stomach take Simmons Liver Regulator.

Tobacco Association.

The North Carolina Tobacco association meets at Morehead City, July 5. Tickets on sale July 2 to 5 inclusive, limited to June 11. Round trip, Durham to Morehead City and return, \$5.75. Any one can go to the convention that desires to do so, can enjoy all of the privileges of reduced rates and will receive the courtesies of the association. The meeting promises to be a big one and every tobacco section should take a big interest in it, as all will be much benefited by the results of the convention.

Oak Ridge, N. C.

If you are melancholy or down with the blues you need Simmons Liver Regulator.

Blind from Scrofula Cured.

ATLANTA, GA., June 2. My six-year-old son has had a terrible sloughing scrofula ulcer of the neck for three years, attended with blindness, loss of hair, great emaciation, and general prostration.

Physicians and various blood remedies were resorted to without benefit. The New Atlanta Medical College treated him for three months, but his condition grew worse.

I was urged to try the efficacy of B. B. B., and to the astonishment of myself, friends and neighbors, one single bottle effected an entire cure.

Ulcers of the neck entirely healed; eyesight restored, and the hair commenced growing on his head again. I live at 245 Jones street, Atlanta, and my boy is there to be seen.

FRANK JOSEPH.

J. W. Messer, Howell's Cross Roads, Cherokee county, Ga., writes: "I was afflicted with SORES chronic sores nine years, and had SORES tried many medicines and they did me no good. I then tried B. B. B., and eight bottles cured me sound and well."

SUMMER HOMES.

BUFFALO LITHIA WATER

Spring No. 1. Spring No. 1.

NATURE'S BOON TO SUFFERING WOMEN.

The Great Regulator of Their Great Function.

DR. HALSTEAD BOYLAND, Doctor of Medicine of the Faculty of Paris and former Professor in the Baltimore Medical College, 7B Avenue d'Antin, Paris:

"BUFFALO LITHIA WATER is, perhaps MORE THAN ANY OTHER WATER IN THE WORLD, A SPECIFIC for diseases of the FEMALE PELVIC ORGANS. * * * It acts as a MENSTRUAL REGULATOR; in cases of AMENORRHEA it reduces the CATAMENIA, while in cases of DYSMENORRHEA it allays the pain and induces the excessive flow of blood, amounting to MENORRHAGIA, to the normal standard. In both diseases a course of this water tends to make the flow appear AT THE REGULAR INTERVALS OF TWENTY-EIGHT DAYS, accommodating itself in some unaccountable manner to each class of cases."

DR. JOHN H. TUCKER, Henderson, N. C., member of the Medical Society of North Carolina, member of the American Medical Association:

"In many of the diseases PECULIAR TO WOMEN—MENSTRUAL IRREGULARITIES, SUPPRESSION and the many functional derangements resulting from CHLOROANEMIC conditions, I prescribe BUFFALO LITHIA WATER with almost the same confidence that I

do QUININE in CHILLS and FEVER."

DR. WM. T. HOWARD, of Baltimore, Professor of Diseases of Women and Children in the University of Maryland, says of these waters:

"In short, were I called upon to state from what mineral waters I have seen the greatest and most unmistakable amount of good accrue in the largest number of cases in a general way, I would unhesitatingly say the BUFFALO SPRINGS, in Mecklenburg county, Virginia."

DR. WILLIAM B. TOWLES, Professor of Anatomy and Materia Medica in the Medical Department of the University of Virginia:

"In some of the PECULIAR AFFECTIONS of WOMEN, notably in SUPPRESSION of the MENSES, I have found BUFFALO LITHIA WATER HIGHLY EFFICACIOUS."

The late DR. J. MARION SIMS, the Great Specialist in DISEASES OF WOMEN, says:

"I have used in my practice the water of the BUFFALO LITHIA SPRINGS of Mecklenburg county, Virginia, for several years past, and have in many cases found it highly beneficial."

Water in Cases of 1 Doz. Half-Gallon Bottles, \$5 f. o. b. Here.

Descriptive pamphlets sent free. Springs open for guests June 1, 1892.
