

THE GOSSIP FROM GOTHAM

Depew Will Oppose Morton for Governor.

STILL BEARS GOOD FRUIT

Bilvia's Consul Yet Missing from His New York Office.

THE TRIAL AND CONVICTION OF STEVENSON IS ASCERTAINED THAT AT LEAST FOUR OTHER OFFICIALS WILL BE TRIED AT ONCE—DR. BURSSELL ARRIVES IN NEW YORK HEALTHY AND STRONG, BUT DECLINES TO SPEAK.

New York, September 8.—Nothing has been heard of J. Emilio Lassos, the missing Bolivian Consul-General to this city. It is now nearly three weeks since he was last seen in this city and in the meantime an acting Consul-General has been appointed. He is Alejandro Santos, and is located in the same building that his predecessor occupied at No. 19 Whitehall street.

Creditors hope that Lassos has only left town for some summer resort for a little vacation and that he will turn up all right. It is alleged, however, that he has gone to Panama on a Pacific mail steamship.

Others to Follow Stevenson.

The investigation of the New York police continues to bear good fruit. More than fifty down-town merchants and produce dealers appeared Wednesday before Mr. Wellman's associate, Assistant District Attorney Carruthers, to furnish further evidence against Police Captain Stevenson and others of the police. It is certain that a bomb will be exploded in a few days. Mr. Carruthers said so unreservedly, and September will not end without the arraignment of at least four more police captains. This will be the result of Mr. Wellman's original investigation begun a few weeks ago.

Doctor Bursell Returns.

Dr. Bursell, who arrived on the Anania from Liverpool yesterday, said that he had had a pleasant trip, spending most of the time in Rome. His health was never better. He positively refused to say whether he was the bearer of a paper message to Mr. Sartwell, neither would he confirm or deny the report that he had been appointed agent for the society for the propagation of the encyclical reform novum in the United States. The doctor said that he would remain in New York for a couple of days, before proceeding to his home in Rondout, but he refuses to give his city address.

Depew to Oppose Morton.

A high republican authority said yesterday afternoon that a cable message had been sent to Chamney M. Depew asking him to become a candidate for governor of New York, or to assume the direction of the opposition to Mr. Norton. This opposition consists of the men who were most active in reorganizing the party in this city and includes William Brookfield, General Horace Porter, and John Sabine Smith. A reply is expected from Mr. Depew today.

HORSEMEN TO TAKE ACTION.

Rumor That They Will Give \$25,000 to Defeat Breckinridge.

CINCINNATI, O., September 8.—The horsemen will make a move on Colonel Breckinridge that will border on the sensational. A movement has been organized among the Kentucky turfmen at Latonia to go against Breckinridge for all they are worth. On the night of September 14 a special train will leave the Latonia race track to take the Owens men to their homes to vote against Breckinridge. The race men are sore at Breckinridge because of a speech of his, in which he is reported as saying that horsemen had no sense and should be run out of the country. The action of the horsemen has created much talk. They have influence and money. It is said that they have promised \$25,000 to the campaign fund to beat Breckinridge should he get the nomination.

ADMIRAL ERBEN RETIRED.

Commodore Richard Meade Secures a Promotion as a Result.

WASHINGTON, September 8.—Rear Admiral Henry Erben, commanding the European naval station was 62 years old yesterday, and hauled down the admiral's pennant on the flagship Chicago, taking his place on the retired list. The Chicago is at Cowes, Eng., and her commander, Captain Mahan, will succeed Admiral Erben as chief of the European station until the arrival of Commodore Kirkland from Cape Town to relieve him. Commodore and Acting Rear Admiral Richard Meade became a rear admiral yesterday through the retirement of Admiral Erben.

THEY WERE DISCHARGED.

Seven Michigan Workmen Who Observed Labor Day Lose Their Jobs.

HARTZBURG, Mich., September 8.—The state of Michigan discharges its laborers because they celebrate Labor Day a legal holiday. Prof. Kidwell, in charge of the repair work at the State Mining School during the absence of Director Wadsworth, discharged seven workmen yesterday because they failed to come to work Tuesday. Indignation is felt over the summary action. The matter will be laid before Governor Rich at once.

At stall No. 3 C. M. Herndon will have Chicago beef this week and desires to serve you. Send in your orders.

LOCAL NOTES.

People Coming and Going—Notes of Interest Easily Read.

Mr. R. I. Rogers returned to the city today.

Mrs. W. H. McCabe returned to the city last evening.

Miss Ethel Roberts has been confined to her home for several days, threatened with fever.

W. A. Rogers, the News and Observer representative, has been in the city for several days.

Conductor Witherspoon and family are spending several days here on a visit to Captain Whitted.

Mr. R. B. Boon and W. W. Fuller left this morning for Hillsboro to attend the convention there today.

Miss Undine Barham, who has been visiting relatives in Winston for the past 7 weeks, returned home today at noon.

The many friends of Mr. George Collins will be glad to know he is in the state again. He passed through the city on his way to Raleigh this noon.

John W. Riggsbee, chairman republican county convention, has issued a call for the convention to assemble here on Sept. 22 at 2 o'clock. The call says: "All who oppose the present election laws of North Carolina and favor fair elections are cordially invited to attend the county convention."

It was found upon investigation by the street commissioner that the street in front of the Watts hospital was in the corporate limits of North Durham, and that they could not take any step in regards to grading it without permission of the commissioners of North Durham. They have called a meeting for this afternoon to take some steps in regard to the matter.

There is a drummer who travels for Kerner, Montgomery & Co. of Lynchburg who will not want to go to Roxboro again soon. His name is P. J. Winand, and he is evidently very green. The boys there got up a snipe hunt last night for his special benefit, but he did not know it, as is usually the case. However he knows it now, much to his sorrow and regret. They took him about three miles from the city and set him down in the woods with a bag and a lantern and told him to hold until the fellow with the other lantern some distance away moved. The consequence was that Winand stayed in woods all night long. They had set the other lantern some distance away from him and went off and left it. Winand was a sick fellow when the boys brought him in this morning. He left town as soon as possible.

East Durham Items.

Rev. Mr. Blanchard is spending the week in Cary.

W. S. Duffie, of Roxboro, arrived in the town this evening on a visit to his brother, Rev. J. F. McDuffie.

Rev. J. F. McDuffie arrived today from Robinson's Grove, Durham county, where he went to fill his appointment.

Mr. J. W. Cameron, one of our prominent citizens, has just completed a very neat home in the eastern part of the city. He is teaching school near the city.

E. G. Stephens, a highly esteemed citizen of our thriving little town, is confined to his room, we are very sorry to state, with a slight touch of fever. We hope he will be out soon.

W. J. Wyatt visited Oak Grove a day or so ago and reports crops injured very much by recent rains, fodder especially. He is a dairyman in our town and is well fixed for the business and we judge from his vineyard that he was not short on grapes this year.

Our thriving little town generally is on a boom. Some new houses are now near completion and others starting. Our grocery men are very well satisfied with their trade and it is a little on the increase, also our druggist is not saying very much about the stringency of the times.

Mayor's Court.

Walter M. Browning was charged with disorderly conduct, but he submitted his case and was discharged upon the payment of the cost, amounting to \$2.90.

Willie Christian was charged with insulting old man Max Fivell, a Jew who has a very patriarchal appearance, by calling him Santa Claus. He was discharged upon the payment of the cost, \$2.90.

Nelson Long, the porter at Blackhall's drug store, was charged with the same offense, and was discharged upon payment of cost.

Wesley Ray, who was charged with the larceny of some sausage cases, was bound over to court in the sum of \$25.

Mollie Snipes, who was charged as being his accomplice, was discharged.

The Modern Beauty.

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form grows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant liquid laxative Syrup of Figs.

GASTON WAS NOT KILLED

The Famous Negro Emigration Agent in Liberia.

FLOODS IMPEDE THE WAR

Military Operations at a Stand Still in the East.

Tragedy in a Georgia Town—Three Western Senators Expected to Leave the Republican Party—A Gang of Counterfeiters, Together with Their Moulds, Captured in This State.

ATLANTA, September 8.—Back of the story of the shooting of Gaston, the African colonizer, which occurred at a place near Sparta Monday night, there is a sensational story of fraud and false pretense which has stirred up that entire section of the state.

The wounded colonizer is not Benjamin F. Gaston, the famous negro emigration agent who worked Atlanta for several months, but a preacher who has pulled the ignorant negroes of Hancock county and adjoining counties for several thousand dollars.

As a matter of fact the Atlanta Gaston is now in Liberia and will set sail for this country in a few days. He went to Liberia some time in June, and has been there getting into homes a colony of Georgia negroes that he carried to Liberia.

During his absence he has been impersonated by a swindler and a humbug who, in the name of the African movement, has collected several thousand dollars from his blind followers.

THE FLOODS IMPEDE THE WAR.

Military Operations in the East at a Practical Stand Still for the Present.

TOKYO, Japan, September 8.—The last reports from the front tell of heavy rains, which have impeded military operations. The streams of the Korean peninsula have risen rapidly and much of the adjacent lowland is partially flooded. The Japanese officers say it is not likely that any battle will be fought before the floods subside. Occasional skirmishes have taken place they say, but neither side has tried recently to bring about a decisive action. The Japanese regulars now in Korea number 20,000. Some 10,000 of these troops, comprising a strong cavalry force, have been detailed for the scouting service and the protection of the main army's lines of supply and communication.

TRAGEDY IN A GEORGIA TOWN.

J. F. Robinson, of Tallulah Falls, Uses a Pistol on E. W. Shirley.

TALLULAH FALLS, Ga., September 8.—J. F. Robinson shot and seriously wounded E. W. Shirley yesterday. The ball entered below his right shoulder, ranged downward through the right lung and came out just below the right shoulder blade. Robinson says he did not intend to kill Shirley, but did intend to disable him. The doctors say that recovery is extremely doubtful. Robinson is a partner in the Tallulah furniture and lumber company, and a brother to the state senator, T. A. Robinson. The trouble occurred about a difference in settling a lumber transaction.

THE REVOLT IN THE WEST.

Three Senators, Confidently Believed, Ready to Disintegrate at any Moment.

WASHINGTON, September 8.—It is reported here today and credited among many politicians that Senator Teller and Senator Shoup, have determined upon a course similar to that pursued by Senator Jones, to leave the republican party. It has been known here for some time past that Senator Dubois was meditating leaving the republican party, but the report that Senators Shoup and Teller contemplate similar action has created consternation among the republicans in this city.

CAROLINA COUNTERFEITERS.

Arrest of Loyd and Wilson at Manning, and Their Moulds Captured.

MANNING, S. C., September 8.—Joe Henry Loyd and Charles L. Wilson, both white, have been arrested and lodged in jail here for counterfeiting by Deputy Charles L. Emanuel. Mr. Emanuel says he found seven moulds for counterfeiting in all denominations from a nickel to one dollar. It is thought that there are several more who will be arrested in a few days. The counterfeit money has been passing around here for about six months.

THE WATTS HOSPITAL.

When Completed Will Prove a Credit to Durham Workmen.

Mr Norton is certainly doing some very fine work on the Watts hospital. It would be of interest to any one who contemplate building soon to investigate this piece of work and see how it is being done. The workmanship on a building a very large part of it. Durham is fortunate in having a contractor who is capable of doing such work. The grading of the hill in front of the building is being done by Mr. R. H. Hibberd, another one of Durham's citizens who understands their business. The plumbing and heating will be done by S. W. Holman & Co., who have a force of very capable men in their line. It is to the credit of the city that all of this work can be done by home concerns.

POPULISTS MEET.

J. G. Lyon Was Made Chairman, and W. W. Woods Secretary.

The Durham township populist convention was held in the court house this afternoon. It was called for one o'clock but did not convene until 2:50. The convention was called to order by J. G. Lyon who declared the convention open for business, J. G. Lyon was made permanent chairman, W. W. Woods, on motion was made permanent secretary.

Mr. Lyon addressed the convention in a few well chosen words.

He said he had joined this party two years ago, and had burned all his bridges. On motion a committee of three were appointed by the chair to confer together and recommend ten delegates to the county convention to be held here next Saturday. They were D. Mangum, Mr. Perry, J. K. Shambly.

The following were elected delegates to the county convention: N. W. Holloway, W. D. Cole, W. D. Blalock, J. W. Ferrell, J. D. Perry, W. S. Newton, Jas. Sheppard, D. M. Check, Rev. Ed Brown, col.; Rev. Sun Holman, col.

The selection of delegates did not seem to meet the entire approval of the convention as there was only four votes cast. The next business being the nomination of township constable John A. Proctor was nominated by acclamation.

The following gentlemen were elected as the executive committee for this township: C. J. Knight, S. D. Perry, W. P. Proctor, W. P. Haily and W. T. Neil.

Mr. Lyon was called upon and addressed the convention. He said he was here, and a full-fledged populist, and his reason for withdrawing from the democratic party was that he found that neither the party was for his interest, and that he believes the populists is the party for the people.

D. Mangum was called upon to speak, but he wanted to adjourn the meeting at once.

Mr. O. D. Perry arose and said that he was not the oldest man in North Carolina, but he was one among the oldest populists in the state. That five years ago he could earn \$1 easier than he could 10 cents today, and that is proof enough for him to know that something is wrong with the government.

On motion the convention then adjourned.

A Card.

Durham, N. C., Sept. 8, 1894.

EDITOR DURHAM GLOBE:

DEAR SIR—I desire to call attention to a few things which in my judgment is detrimental to our tobacco market. There is a practice existing to rebate a buyer one half the charges on tobacco, and thus a worthless buyer can go to the country and buy largely and pay fabulous prices and never make his contracts good, and after the sales call around and get a check for one-half the charges. It is working harm to our market and should be stopped.

There are some men running over the country and telling the people that tobacco is bringing nothing scarcely and quoting prices far below market to make big profits for themselves, and in case they fail to derive a trade that man will be sure to go to some market from which there is a favorable report.

There is another abominable practice a few worthless cusses lay around and whippers in a farmer's ear when he comes to market, that he will pike his tobacco for \$100 or 50 cents, when in reality his bid would ruin the farmer's sale and it would not be taken at all. In fact there are other matters just along on this line that should receive the attention of our Board of Trade and be broken up and that quick if folks don't quit their meanness and working harm to our market, then come right out and call names and tales too. I for one warehousemen will come out and shake hands with our Board of Trade to brake up all such rascality.

Very truly,

JOHN R. HUTCHINGS.

County Schools.

Mr. R. B. Blalock, superintendent of public instruction, visited the school in district 13, white, today, in Oak Grove township. Miss Maggie Laws is the teacher. She attended the Nash school at Hillsboro and is well educated. There are now fifty five pupils enrolled in her school. She is a very earnest energetic teacher. The school committee of this district are Messrs. Joseph Hopson, W. G. Page and Charley Morris.

The Tariff at Work!

Mr. Cleveland has freely given to the people of America his reasons for not signing the bill which at midnight August 27, 1894, became a law.

And we now give to the public our reasons for putting **Clothing, Furnishing Goods, Hats, Shoes, etc.**, on the low price schedule:

1. Our goods were bought by experienced buyers.
2. Our goods were bought after the reduction in prices.
3. We buy direct from the largest manufacturers in the country.
4. We are satisfied with a small profit.

Therefore we have affixed our signatures to the low price list on all Men's and Boys' Wearing Apparel. We are receiving daily a fine line of **Clothing, Furnishing Goods, Hats, Shoes, etc.**, and we invite you to call and examine same.
