of New Hanover.

FREDERICK N. STRUDWICK,
of Orange.

FOR CONGRESS—FOURTH DISTRICT:
BENJAMIN H. BUNN,
of Nash.

COTTON BAGGING.

Mr. Simmons, the member from the Second District, is doing good service. He is quick to see the needs of the people and he is prompt to offer his services.

He has just introduced a bill in Congress to allow imports of cotton bagging a drawback to the full amount of the duty on said article during the continuation of what is known as the "cotton bagging trust." This is suspending the tariff tax on cotton bagging, and allows all consumers, that is the farmers in the cotton States, to purchase bagging at cheaper rates than the "cotton bagging trust" will sell it.

We give the bill in full:
"WHEREAS, Certain persons, co-partnerships, and corporations engaged and interested in the manufacture and production of cotton bagging have entered into an agreement, combination, trust, or syndicate for the purpose of regulating and controlling the production and the price of cotton bagging in this country, intending thereby to artificially enhance the price of said article to the consumer: Therefore,

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be, and he is hereby, authorized and directed to allow a drawback upon all importations into this country of bagging composed in whole or in part of flax, hemp, jute, or any other material, and used in bagging raw cotton, to the full amount of the duty now or which may hereafter during the operation of this act be imposed by law upon the said article: *Provided, however,* That whenever the said Secretary shall become satisfied that the agreement, combination, trust, or syndicate now existing in this country between certain persons, partnerships, and corporations engaged or interested in the manufacture and production of bagging for bagging raw cotton, to regulate and control the production and the price

of said article, has ceased to exist, he shall report the facts tending to show the abandonment of such agreement, combination, trust, or syndicate to the President, who, if satisfied that the conclusion of the Secretary is correct, shall issue proclamation declaring that the drawback allowed by this act shall cease at the expiration of thirty days from the date of said proclamation, and said drawback shall cease from that time to be allowed: *Provided further,* If at any time after said proclamation said Secretary shall become satisfied of the further existence in this country of an agreement, combination, trust, or syndicate, as hereinbefore described, representing as much as fifty per centum of the production in this country of bagging for bagging raw cotton, he shall report the said fact to the President, who shall thereupon issue proclamation directing the said Secretary to allow a drawback to the full amount of the duty upon all imports of bagging for bagging raw cotton. The object of this act being to allow free entrance of imports of cotton bagging during the existence of such combinations, as hereinbefore described, between those engaged or interested in the domestic production, the said Secretary and the President shall allow or disallow said drawbacks in the manner hereinbefore provided, as often as in their judgment it may be necessary to accomplish this purpose."

APPROPRIATIONS TO THE STATE GUARD.

We have no regular militia organization in the State, and the great body of our citizens are exempt from a duty which formerly took up their valuable time, without adequate profit to the State. Instead, we have a State Guard, a volunteer organization, which is always at the service of the State to aid the civil authorities to quell a disturbance. An appropriation of \$300 each to not more than twenty-five companies of the Guard, making in all \$7,500, to encourage these companies, and prevent them from disbanding, is not thought to be extravagant. It is too soon to forget the promptness with which the companies of the Guard, under orders from the Governor, marched to one of our Eastern towns where a mob was defiant of law, and seemed determined on riot and bloodshed. This appropriation, with a salary of \$600 to the Adjutant General, and \$150 to keep the State's arms and ammunition in order, is all that the military organizations of the State cost. The expenses of the recent Wrightsville encampment, &c., were paid from the proceeds of sales of old arms donated by the United States.

The Philadelphia Ledger, whose editor was a good enough Republican to be talked of as the party's candidate for president, says of the man in the White House: "Mr. Cleveland continues to go upon his official way apparently undisturbed by the campaign which is waging about him. He is evidently something of a philosopher to be so unconcerned in respect of a contest in which he is one of two central figures. His position is that of a man who stands and waits, ready to accept if called, without undue elation, and ready to step down and out if not called, without undue depression or regret. The conduct of Mr. Cleveland during the present campaign has been most admirably dignified and manly."

OUR EXCHANGES.

Greensboro Workman: Mr. C. F. Crutchfield has retired from the editorial chair of the High Point Enterprise. Mr. Edwin D. Steele assumes the chair made vacant by Mr. Crutchfield and will continue the publication of the same. We do not know what Mr. Crutchfield's plans are for the future.

Twin-City Daily: Mr. Mortimer N. Voler, of Salem, was married at Rockland, Maine, on August 8th to Mrs. Martha F. Leach, widowed daughter of John Folger. The Rockland Opinion contained an interesting account of the event and stated that the twain had gone on a bridal tour to the White Mountains, Niagara Falls, &c.

Wilmington Star: Two bales of new crop cotton were received yesterday—one by Messrs. Hall & Pearsall and the other by Mr. E. Lilly.—A special communication of the Grand Lodge of North Carolina will be held at Southport on Tuesday, September 4th, in the hall of Pythagoras Lodge for the purpose of laying the corner-stone of the new Methodist Episcopal church at that place.

New Berne Journal: The yellow fever scare has caused considerable cleaning up in the city. This important work should not be discontinued as the fear of an epidemic passes away. The condition of back yards, alleys, docks, market places, butcher's stalls and other places should be constantly looked after no matter whether there is danger of yellow fever or not. Let the good work go on until the city is thoroughly cleansed and then keep it so.

Greensboro Patriot: The Guilford County Republican Convention met in the court house to-day promptly at 12 o'clock. The chairman of the county executive committee called the meeting to order, and after an explosion of natural gas from Jesse F. Hoskins, Josh Murrow was made permanent chairman, with O. H. Starbuck, Secretary. Rules were suspended and a candidate for sheriff was first balloted for, and resulted in the selection of Joseph A. Hoskins; Register of Deeds, J. W. Causey; Treasurer, J. A. Hodgkin; Surveyor, L. E. Osburn; Coroner, J. D. Gardner; Senate, A. S. Holton; House, W. M. Kime and O. A. Starbuck.

Weekly Crop Bulletin of the N. C. Weather Service.

RALEIGH, N. C., Aug. 25, 1888.

Rainfall.—An average amount of rainfall is reported from all districts. All crops have been very favorably affected.

Temperature and Sunshine.—In the eastern district there was an average amount of temperature and sunshine, affecting all crops favorably. The temperature in the central and western districts was slightly below the average, the cool nights being somewhat injurious to crops. There was an average amount of sunshine in both of these districts. The general effect upon crops was favorable.

REMARKS.

Durham, Durham County.—"A high wind did considerable damage to tobacco on Tuesday. No amount of rain can now possibly affect the crops, except the very late planting of corn and tobacco."

Fayetteville, Cumberland County.—"Rain badly needed. Corn crop badly damaged. Cotton in many places taking the rust and opening too early, but generally the prospect is good."

Gibson's Station, Richmond County.—"Fodder being stripped. Rust reported in cotton. Farmers say crop will not be as good as was expected."

Louisburg, Franklin County.—"A good rain Sunday night. The weather for some days has been quite cool, so much so that crops are being unfavorably affected by it."

Orford, Granville County.—"A fine rain fell on the 19th. A severe gale of some twelve hours' duration on the 21st, damaged tobacco somewhat by rubbing and bruising it."

Raleigh, Wake County.—"Crops in excellent condition. Prospects fine."

Salem, Forsyth County.—"Good seasons in the past week. Corn and tobacco very promising."

Wake Forest, Wake County.—"High winds Tuesday, followed by cold snap Wednesday night. Some rain Sunday night."

Walnut Cove, Stokes County.—"The heavy and continued wind on Monday and Tuesday has done very great damage to tobacco and corn. It would have been better for the tobacco to have stood a frost. The damage to the tobacco is estimated at over 25 per cent. Thousands of leaves broken off and bruised as black as frost bites."

Warrenton, Warren County.—"A heavy Southern gale on the 21st, lasting fifteen or twenty hours, damaged tobacco very much. Cotton, though small, was never fruited better. Corn crop very poor. Potatoes, peas and turnips bid fair to be good." H. B. BATTLE, Ph. D., Director.

They Will Have the News.

After January 1st any paper in New York publishing the details of an execution will be subject to fine and imprisonment under the new law. Several editors have been interviewed, with the following result: Chester S. Lord, of the Sun: "We have a habit of printing the news in this establishment, and it would take considerable imprisonment to break us of it." Julius Chambers, of the Herald: "We have sent as far as the Polar sea for news, and at rather more danger than that of imprisonment, so I think you will find the electrical executions reported in our columns." J. Reid, of the Times: "We are in the business of selling news to the public, and our wares will always include a complete assortment." John A. Cockerill, of the World: "There would be a strife in this office for the distinction of imprisonment for publishing the news." George F. Foster, of the Star: "That law is sure to be violated, whatever the consequences may be." Robert P. Porter, of the Press: "It is a law to be broken." J. I. C. Clark, of the Morning Journal: "America doesn't want a censorship of the press, and the press won't have it."

Happiness and Contentment.

Cannot go hand in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia. Acker's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion, and make life a happiness and pleasure. Sold at 25 and 50 cents by R. Blacknall & Son.

SPECIAL MENTION.
I have just received a large lot of first-class Writing Paper, of different weights and sizes. Envelopes to match, either Long or Square. I claim to have the best Writing Paper on the market for the price. Special attention is called to the elegant gilt-edged Note Paper at 10 cents a quire. Writing Paper in Tablet form, convenient and cheap. Interesting fiction at 5 and 10 cents a copy. Whether you want to read or write, call for material at
WHITAKER'S CASH BOOKSTORE.
