EDITORIAL BRIEFS.

The indications are that we will have a large crowd in Durham next week.

Now the farmers of Iowa are saying the war tariff must go, they are tired of it.

RELIABLE news comes from Kansas that the farmers are up in arms against the present system of high tariffs.

The New York Herald dubs Harney, the good Dr. Jekyll, and the Mr. Hyde, of the campaign.

A MILITARY company of young ladies at Charlestown, W. Va., to the number of thirty-five, has been organized.

The Democratic party of North Carolina believe in the education of the poor children and show their belief by their works.

A MASSACHUSETTS couple were married in the basket of a balloon before its ascension and took their wedding tour in the air.

The New York World says that the treasury department has learned that a poisonous nature is being transported into this country.

The New York Herald says: We are not wondering much about Harney in this campaign, except perhaps a little quiet wonder who he is going to win.

The Indianapolis Journal (Rep.) says for "more prominent men" workingmen to prove that Harney wanted to shoot down the workers in 1877.

It looks as if one big trust is going to be whipped out—the bagging trust. If the farmers persist in their present course they will certainly get the better of it.

The Smithfield Herald says the Republicans are busy circulating literature. They use the diligence in that direction, but in their own.

LOCKERY refused to divide time between his kitchen at Taylorsville, where his kitchen waited until he was through speaking, then pitched into him and skinned him.

When a wooden pavement was ordered for the outside of St. Paul's Cathedral, Sidney Smith said: "If the canons will put their heads together the thing is done."

TOWN TALK.

—To-morrow night.
—Rally, Democrats, rally!
—One week from to-day to the opening of the grand Exposition.

—THE PLANT suggests that the residences be illuminated to-morrow night along the line of march of the torchlight procession.
—The ladies are invited to attend the speaking, by Hon. G. W. Sanderlin and Hon. A. M. Waddell, at Stokes Hall, to-morrow night.
—The Town Commissioners are taking steps to open a street from Blackwell street, extending across South street, to McMannen street.
—And still they come—new subscribers to THE DAILY PLANT. The largest circulation and still growing. "G'long there, what I feed you for!"
—Another field day in the advertising department of THE DAILY PLANT. Get aboard of the lightning express if you want to "get there" quick.
—Whitaker, the imitator, has just received a tip top stock of fruit and fancy groceries. Read his advertisement in to-day's PLANT and call and see.

—We return thanks for an invitation to attend the Goldsboro Fair, which takes place October 10th, 11th and 12th. We are sorry that the dates of this Fair and our Exposition conflict.
—Goodyear, Cook and Dillon's minstrels, at Stokes Hall, Friday night of this week. This company is highly commended by the press. Reserved seats now on sale at Vaughan's drug store.
—Some of the lots sold by the Durham Land and Security Company to-day brought one hundred per cent more than they were offered at a few months ago. Durham dirt is climbing up the financial stairs.
—In acknowledging the receipt of an invitation to the Exposition, the Greensboro Workman says: "We have no doubt that it will be a splendid affair of the kind, and that Durham can easily cover the ground that she has marked out for her display."
—The Durham Light Infantry held an enthusiastic meeting last night. One new member was elected and application from another was received. The company is making preparations for the reception of the visiting military during the Exposition. The D. L. I. will always do its duty. Upon this we may depend.

Dick Blacknall Hose Co.

Meeting of the Dick Blacknall Hose Company, to-night, at 8 o'clock, sharp. Business of importance demands the attention of every member. H. E. HEARTT, Foreman. J. J. LUMLEY, Sec'y.

No Tobacco Sales Next Week.

There will be no sales of tobacco at any of the warehouses next week, on account of the Exposition, except the sale of the premium tobacco. Let the planters bring in their brightest and best tobacco and enter it for the liberal Exposition premiums.

Another Clean Record.

Mr. John L. Kirkland, the polite and obliging mailing clerk at the Durham postoffice, has just received his report for the month of September and it shows a clean record, notwithstanding the large amount of mailing matter that was sent out during the month. Hurrah for John! He's a good one!

Police Report for September.

Chief of Police Woodall, reports fifty warrants issued during the month of September, as follows: Assault and battery, 13; drunk on Sunday, 5; larceny, 2; assault and battery with deadly weapon, 2; drunkenness, 7; indecent exposure, 3; loud cursing, 5; vulgar language, 1; dray trotting, 1. Fines and cost collected \$187.10.

To Our Chatham Friends.

We are at last enabled to announce that our very clever railroad authorities have decided to arrange the schedule of the train running into Durham from Raleigh, during the Exposition, so that the train will pass Cary after the train on the Chatham road going to Raleigh, thus enabling our Chatham county friends to get to and return from the Exposition in one day.

That Love of a Bonnet.

The attention of the ladies is invited to the attractive advertisement of Mrs. Ada Smith, who has now in store a beautiful line of millinery for the fall and winter. Of course all the ladies must have new hats or bonnets and we take pleasure in bespeaking for this deserving lady a fair share of patronage in this line. Call and examine the handsome stock. You will find many things to admire, whether you wish to buy or not.

Attractions for Gentlemen.

The time to secure new suits, new shoes, new neckties, etc., is at hand and as you must have such things you had as well get them at once so you may "cut a shine" during the grand Exposition. In this issue of THE PLANT you will find an announcement by Messrs. Lamb & Gorman, clothiers and gents furnishers, in which they tell about their new stock. Read what they say and then call and examine the goods. You may depend upon fair treatment at the hands of this clever firm.

To The Ladies.

What a favorable time the Exposition will afford the ladies for donning their new style hats and bonnets, and other "fixings." Mrs. C. M. V. Follett, who has recently acquired more commodious quarters, by moving into the store in the O'Brian building, formerly occupied by Mr. W. K. Styron, is now arranging her new and attractive stock of fall and winter millinery and today reserves space in THE DAILY PLANT for her announcement, which will appear in a day or two.

Information Respecting the Frost From Lynchburg.

LYNCHBURG, VA., Oct. 2, '88.

J. S. Carr, Esq.:

DEAR SIR:—We promptly replied by wire to your telegram yesterday, enquiring in regard to frost in this section. We waited till this morning to reply by letter, in order to get full and definite information. Reports from our section seem to agree upon one-half of the crop being out and very badly damaged. Under the evident signs of frost and frost warning from the department, there was a large amount of green tobacco cut on Friday and Saturday. This, with result of frost, makes the crop in this section a very poor one. You are, of course, so fully advised from all other sections, as to make it altogether unnecessary for us to refer to our information. We beg to remain truly yours,

N. R. BOWMAN & Co.

Y. M. D. C.

At last night's meeting of the Young Men's Democratic Club, a large number of the members were present.

It was resolved to distribute the Club's lanterns on Thursday evening, from the Club rooms in the Wright building. That the members of the Club then proceed to the Globe warehouse and there join the torchlight procession.

Mr. C. B. Green was added to the Reception Committee.

Messrs. Holden, Pope and Busbee were appointed to assist Chairman C. B. Green in arranging transparencies, &c.

It was unanimously resolved that the name of Wm. G. Burkhead be stricken from the roll of membership.

FRANK P. BURCH,
1st Vice-President.
WALTON BUSBEE, Sec'y.

BUSINESS NOTICES.

Honors for Rochester Shoe Manufacturers.

Hough & Ford have received a cable dispatch announcing that a silver medal has been awarded to them for their exhibit of shoes at the international exhibition in Brussels. The success of this Rochester firm is an indication of what can be done by American manufacturers when they undertake to compete with foreigners in any branch of industry. The exhibition has been open since May and will continue November and has been one of the greatest attractions of continental Europe this summer, visitors from all over the world finding entertainment and instruction in viewing the countless objects of interest exhibited by the leading nations of the world. American exhibitors have upheld the national reputation for excellence of design and execution in everything pertaining to the industrial arts, and it is a source of pride for our city to see that the great shoe interest was so well represented by Hough & Ford as to entitle them to a most desirable prize.—Rochester (N. Y.) Post-Express.

The shoes referred to above are for sale at John T. French's Boot and Shoe Store, Durham, N. C.

Exposition Notes.

Special to THE PLANT.

Parties visiting the Exposition will find that Whitaker, the Imitator, can show more fine groceries, musical instruments, confectioneries, fruits, novelties, perfumery, toilet soaps, etc., than can be seen in Durham.

Imported groceries, fruits and novelties a specialty.

Look at my cheese list: Cream, Sap Sago, Switzer, Edam, and lastly but not least, remember, is the Limberger. Whitaker.

Anyone needing Granite Curbing would do well to see W. H. Branson, East Durham, N. C., before buying.
