DOCKERY AND THE ALLIANCE.

Are the Alliance men of North Carolina going to allow themselves to be fooled into voting for Mr. Dockery on the idea that he is a farmer and an Alliance man? They should not be; they cannot be if they will inform themselves as to the true position he holds toward them, the attitude in which he stands toward them and their dearest interests. If any Alliance man votes for him after acquiring this information he does it because he is a Republican and no other reason.

As everyone knows, Mr. Dockery is truly and emphatically a high tariff man, he is not only a high tariff man, but he is in favor of keeping up the high duty on the necessities of life, he is opposed to equalizing the rate of taxation on the necessities of the poor and the luxuries of the rich, as is proposed by the Democratic bill now before Congress.

The Farmers' Alliance of this State has placed itself on record as in favor of "tariff for revenue," and a reduction of the import duty on the necessities, and has, by resolution, pledged itself to support no man who is not in favor of the same. In proof of this we give in full a resolution adopted by the State Alliance in session in Raleigh, on August 16th, 1888, which is as follows:

WHEREAS, As members of this State jurisdiction, we are pledged to secure cheaper living for the farmers; and

WHEREAS, One of the leading methods to secure for ourselves this cheap living has been declared by the National Alliance to "consist in such a revision of the tariff as will lay the heaviest burdens on the luxuries and the lightest on the necessities of life, and as will reduce the incomes from imports to a strictly revenue basis" and

WHEREAS, The demands of our fraternity require that we should be vigilant and active in giving force

and effect to this demand of our National Alliance, and

WHEREAS, It is the bounden duty of every true Alliance man to stand to and abide by this declaration of the National Alliance. Now, therefore be it

Resolved, That we do hereby renew our obligations to abide by and give effect to this declaration of principles as announced by the National Alliance.

Resolved, That as true and steadfast Alliance men, we pledge ourselves to give neither aid, support nor comfort, nor to vote for any person or persons who cannot and will not co-operate with this Alliance in standing by and giving practical effect to the demand of said National Alliance.

THE DEMOCRATIC RALLY.

Our torchlight procession and grand rally is over and Waddell and Sanderlin have been with us, and now we are armed and ready for the fight. We wish every man in Durham county could have been here last night to hear the magnificent speeches of these two gentlemen. Those who did hear them are to be congratulated, for it is seldom a man has an opportunity to hear two such speakers.

It has been our pleasure to hear Col. Waddell often before, but we have never heard him deliver such a fine political oration as on last night. We think it is the verdict of all who heard him that Dr. Sanderlin did full justice to the reputation he has established for himself as the slayer of Republicans and a brilliant speaker. We venture to say that today the cause of Democracy is stronger in Durham county than ever before—a great deal stronger than it was twenty-four hours ago—and the thanks of that party are due to Col. Waddell and Dr. Sanderlin for the new vigor and enthusiasm they have put into it by their efforts in its behalf.

The torchlight procession was one of the finest we have ever seen, its magnitude took every one by surprise; even those who had been making the preparations for the occasion did not expect to see so large and so enthusiastic a crowd of voters in line. Now that we have got the people stirred up on the issues of the campaign and enthused in the cause of Democracy let's keep it up; keep the ball in motion, Democrats, roll it right along; keep marching on from now to the sixth of November, and when you break ranks at sun down on that day, your majority will be so great that Republicanism and Third partyism will be so dead in our county that there will be no fear of its ever making a successful stand against us again.

CHAIRMAN GREEN.

In behalf of the Democracy of Durham county, THE PLANT thanks Mr. C. B. Green, Chairman of the County Executive Committee, for his successful efforts which culminated in the grand rally last night. As he said last night, when he accepted the chairmanship he did so with the full determination to do his duty, and every one who witnessed the procession saw that Mr. Green had carried out his determination to the utmost.

We do not wish to detract from some other Democrats of the town what is due them for the valuable aid they gave Mr. Green in making his preparations, but to him is due the successful accomplishment of arousing and enthusing our people to a degree that they never have been before. This shows what can be accomplished by, putting in the lead a man who not only has the ability, but also the determination to do his duty.

We urge Mr. Green to push forward, and continue from this day to the going down of the sun on November the 6th, the valiant work he has so successfully begun in behalf of Democracy and white men's rule; and we assure him he will have the hearty support and co-operation of THE PLANT, and we feel assured that when the election is over the Democrats of Durham will rise up and with one voice say to him, well done thou true and faithful servant.

The Mexicans are still rioting on the frontier. It looks as if Mexico wanted another tussle with the United States.

TWENTY-ONE YEARS OLD.

Before the law this signifies that one has arrived at that period in life that he is entitled to the privileges of the ballot. The Wilmington Star, upon the other hand, which has just turned twenty-one, has, during those twenty-one years, exercised as much influence—and very wisely, too, THE PLANT is moved to say—upon the ballot box in North Carolina as any other agency in the State. So discreet and prudent has been its counsel; so wise and patriotic its utterances, that THE PLANT trusts its usefulness has just begun and its influence may grow with its years as it deserves.

The Cape Fear section, aye, the State, is indeed fortunate for having such an able, dignified, manly paper. But what else could we expect when we have to admit that the Nestor of the North Carolina press wields the pen that makes the Star twinkle with such lustre. Success to Brother Bernard and appreciation to Brother Kingsbury.

OUR EXCHANGES.

Wilmington Star: Any gentleman who wishes to bet on Harrison can be put on the track of a five hundred dollar bet on Cleveland by calling at the Star office.—A prominent Republican of Robeson county informs the Star that the Republicans of that county think seriously of supporting Hon. Alfred Rowland for Congress, not only because he makes a good Representative and is a Robeson county man, but also because Mr. Lockey is not the legal nominee of the party, having been nominated by an executive committee instead of a convention as required by the plan of organization of the Republican party.

Charlotte Democrat: A young man at Durham (who has had some reputation in the State) recently started a Third party paper. He said his conscience (after praying over the matter) dictated that he should become a whirly-gig and join the Third party movement. But lo! and behold!! he very soon announced himself a candidate for the legislature. "That's the milk in the coconut."—Congressman Rowland writes to say that during the 3d session of the 43d Congress Col. Dockery, then a member of Congress, voted for a bill giving the legislature of the District of Columbia the power to appoint magistrates for that District.

Wilmington Review: The Republican Congressional Committee from this district met at Lumberton today and nominated Mr. C. P. Lockey, of this city, for Representative in the next Congress.—One day last week Mr. Dexter Wood, of Burgaw, ran across a big den of rattlesnakes in the woods about eight miles from that town. He killed six and captured the shells (cast-off skins) of eighteen.—At about 10 o'clock this morning Missouri Bowden, aged 22 years, a colored girl living in an alley between Front and Second and Wooster and Dawson streets, was shot in the street near there by a colored man by the name of Charles Bryant, 21 years of age. The man was engaged to be married to the girl and it is supposed that jealousy was the cause. The wound is not considered as necessarily fatal and she may recover. As yet she has been unable to tell the cause of the shooting.

A Free Trade Measure.

New York World, Dem.

The Republican Senators' tariff bill is a "free trade" measure. It places upon the free list jute, manila and sisal grass and various drugs and chemicals. This is certainly, according to Republican logic, a "last step" towards free trade. If these articles are freed from duties now the Senate will next be removing the duties from flax, wool, lumber, soap and the sacred salt which savors. Have the Republican Senators been bought with British gold? Do they mean to destroy American industries and reduce wages to the pauper level of protectionist Germany or free trade England? In addition to this "first step" towards ultimate free trade the Senate bill frees from taxation native brandy, tobacco and alcohol "used in the arts." This is a free trade home which the temperance people are particularly opposed to. No wonder that Chairman Quay is cross and ugly and inclined to go fishing.

Happiness and Contentment

Cannot go hand in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia.
