#### LIVE DURHAM!

An Interesting Description of the World-Known Manufacturing City of North Carolina.

We Take Pleasure in Laying Before Our Readers in this, Our First Issues, the Following Interesting Article From the Durham Hand-Book, a Most Excellent Publication Issued From the Presses of that Enterprising Firm, the Darham Educator Company.

[CONTINUED FROM LAST WEEK ] TEXTILE MANUFACTORIES.

This is comparatively a new manufac uring interest of the town, as three our established. The Durham Cotton Manufacturing Company, the oldest one in the place, began operation in 1885, and from that start was so successful that a determined effort was made to inaugurate and Sonta Carolina. more factories of this kind, and as a resuit three more were built and all of them are now doing a good business The combiged capital invested in these four mills is \$700,000,00; giving employment to 940 hands.

THE DURHAM MANUFACTURING COM PANY

was incorporated in 1884, and started work in the spring of 1885, with a capital that has since grown to \$150,000,00. The main building is a large four-story brick structure, 75x150 feet, in addition to which are the weave sheds picker building and engine and boiler rooms. There are 11,016 spindles and 244 looms at regular work manufacturing brown sheetings, demestics and chambrays. On the premises are a large number of tenement houses for the employees and their families, 225 of the number being daily employed in this mill.

J. M Odell, the president of this company, is a gentleman of large and varied experience in the manufacture of cotton oods, below identified with a large number of mills throughout the State, not barade to some extent prejudical to home- every variety of hundry soap, they man bacco. simply as a stock-holder but as an officer i who conducts the management of af-

Mr. W. I Brausom, the secretary and since the formation of the company, and as secretary and treasurer, he has almost the exclusive management of both mills, and looks well after the interests of all concerned.

Not far from this factory, and for the benefit of the employers, are two well constructed and roomy caurch buildings, one of Methodist demonipation and the other of Balaist, each conducting Sunday chools of large membership. THE ERWIN COTTON MILLS COMPANY

was organized April 20th, 1892, and has paid in capital of \$250,000 00. This mill is a large blick building focated in the western part of the town, and is thoroughly equipped with the latest inproved machinery; throughout. There is in constant operation 11,000 spindles and 369 looms, manufacturing fine muslin, combrays, camets and dealins. The main building is 75 der, two stories high. B. sides, the main building is the engine house, picker building, dye bous boiler room, etc Mr. B N. Duke, of W. Duke, Sons & Co., is president; Mr. Geo W. Watts, of the same tirm, is vice president, and " Mr. W. A. Erwin is secretary and treasurer. Mr. E. win has large experience in the cotton business, having for a number of years been connected with Messrs. L. B. & D. S. Holt, of Alamance county. This mill employs 375, hands, all of

building.

THE PEARL COTTON MILLS was incorporated 1892, and has a capital i of \$175,000,00. Mr. Geo. W. Watts is president and Mr. W. II, Branson is sec retary in ! freasurer.

The mill is located in the nor liwestern part of the town, and is an immense three story brick building 80x265 feet, wi h a two story picker-room and engine and boller rooms. This factory is equipped with the latest improved machinery known to the trade. The class of goods this concern is manufacturing is extra wide sheering from 72 to 99 inches, no mill in the South making anything wider. There are 16, 00 spindles and 160 broad looms in use

Employed in this building are two handred hands, all of whom live in in houses that have recently been built by this company.

For the benefit of these employees a church building was recently erected on the premises

Stationery, Toys, THE COMMONWEALTH COTTON MANU-TERING COMPANY was incorporated June 1st, 1890, but did on a thoroughly substantial basis, and not begin operation until January 1st, 1893. There was, however, some hitle work done puter to this time, but it was paid in. The gentlemen identified with not until about the beginning of the

> year that active work began. The mill is located in the eastern part of town, and has a capital stock of \$125,-000 00, and gives employment to 140 hands. Mr H. L. Duke, formerly of W. Duke, Sons & Co., is president, and Mr. V. Ballard is secretary and treasurer.

The main building is 100x50 feet, two swories and ba ement, and is built of brick. Has wing 30x50 feet. Has a new addition 40x75 feet, two stories and basement. Is equipped with all the latest improved machinery. Has 6,400 spindles and 58 knitting machines in active operation and make yarn (both white and colored) and hoslery.

Mr. B L. lluke, the president, is a son of Mr. W. Duke, and is a gentleman who has done much toward developing the industrial interests of Durham. in fact

invested in town enterprises, the out the people.

CIGAR MANUFACTORIES This branch of manufacture in the past four years has grown to be of consider able importance among the industrial institutions of Durham, there being four factories, all of which are supplying the trade in every part of the United States.

SAMUEL KRAMER & CO. This firm began business in Durham in 1881, and is the oldest cigar factory in is \$909,000 00 the town. The active member is Mr. Samuel Kramer, a gentleman of large experience in the cigar trade, who enjoys a reputation throughout the State as a thoroughly reliable salesman, and a manufacturer of considerable repute. In of the four factories have recently been addition to manufacturing "Philopena," "Special Five," "Pug," and other popular brands which are sold throughout the Southern States, they are agents for the American Tobacco Company in North
