READ! READ!! READ!!! The truly nonderful and remarkable curve that have come under our immediate observation, have more than ecusineed the that Bortor Buil is a sagest Man, and that combination of vegetable extracts that the science of charaktry has yet produced. All sucress to the locater, in his new enterprise, say me .- Louisrate Courses We agree with our mighter of the Conter, that Bostor Boll I a great man, and his Sarsagorilla a exarca MEDICINE; and we are fully consinced that the Doctor with his Sarajari ia, alli crepte a far more entimiastic excitement East, then Earness did with Jenny Lind We would not have our readers to understand as as classing the Doerer and his Sarsapovilla with Bernum and Jenny Lind, because all who spend their dollar for a bottle of Buil's Sarsapartita wild get the equivalent; and we have heard it slits hinted, that tenny after hearing the divine Jenny, and finding their pockets minus from ten to twenty dollars, thought it was paring pretty dear for the waistan. One objection we have to Hall's Sarsaparilla, and one one it is so exceedingly pleasant to the taste, and favigorating to the system, that, once in the habit of using it, it is equal to smoking the regalius, chewing Laugherne's best, or drinking Walker's mint juleps - rod CAN'T QUIT IT .- Larisville Democrat. The above con plinaritary notices from the editors of of the Louisville Courier, and Decourat, were endorsed by tion is Prentice, Esq., the distinguished editor of the fourisville Journal, in the following flattering notice. There is no doubt in the world of the greatness of Dector Buil, and the excellence of his Sarsaparitia. Some of the most scientific physicians in the city invenpplanded absolute to the profit of it, rose is in having a recognition split of it, rose is in having a recognition. The celebrated days a has from the profits of his medicine, built a granite palace for Philadelphia, seven stories high, as high as that. It is, we are fold, very difficult for him to walk through our streets at all; as, he finds binnelf arrested, at every step, by grateful men and women, man, of whom have traveled from great distances to look upon their benefactor, and to bless him for their wonderful

restoration to health. The Deeter, with all his extra-

ordinary merit, is very modest and retiring ; yet, we trust

that the Eastern cities will, in justice to themselves, give a fitting reception to the distinguished man who has made,

NOTICE TO FEMALES. John Bull's Sarsoparilla is one of the greatest female medicines now in existence. In those nomerous cases where the constitution is debilitated, the nervous energy lescened, when the chora of nature are weak and deficient, or are profuse and overstrought, when the face is pale and colories the strength folde and vielding the spirit troubled and depressed, the health broken, mind shaken, and, consequently, the happiness destroyed, then full's Surseportile is a sovereign remedy. It assists Nature in the perfermance of her daty, bruses the whole system, renews permanently the sigtural energies, removes blessl, and imparts health and happiness. Were indies, generally, to adopt the use of this medicine, we would see for less suffering, disease and mahappiness, among them, than now exists; health would take the place of disease, the rosy check would succeed the pullid face; we should have smiles instead of tears, and perhaps a happy long life, instead of one cut short by disease, or made miserable by continous suffering and affliction. At that critical period called the "turn of life," which is often attended with so much danger Buil's Sorsuparilla is found to exert a most beneficial effect. All balies approaching this crists.

should be apprised of this fact, and avail themselves of this

A BEAUTIFUL CLEAR SKIN. How we all admire a clear, beautiful, white whin and a rosy colored cheek! How often do we see persons not possessing this desideratum, "so deroutly to be wished," resorting to cosh star, in ions, washes, paints, and coloring materials, to restore them to a semblance of what disease has deprived them of, and that too, with great injury to the skin. Buil's Sure-parilla is the best cosmetic known. It beam if as the chin by removing every particle of morbid and diseased may or from the blood, unking it pure, beakhy, and vicerous, giving activity to every minute vessel, and charging the yellow and dark countenance to the bloom and freshness of youth. Ladies, abundon the use of paints and mixtures and use Buil's Sarsaparilla, the only remedy. "A word to the wise is sufficient," and a hipt is

enough for the lastica. We extractly invite all persons who are suffering with any of "the ills that Ecsh is heir to," to call on Dr. John Bull's Agent, and get a copy of Bull's Family Journal, eneris; and for the sake of humanity, we hope that a single individual will not be found, unwilling to give Bull's Sarsaparilla a rainh, after reading, and recollecting, at the same time, that it is impossible for the Doctor to publish the tenth part of the number of certificates of astomating cures performed by his Sarsabarilla. The amount of the timouy voluntarily showered on Dr. Bull's Sarsaparilla, from well known and distinguished individuals, both in public and private life, has been perfectly overwhelming.
