FRIDAY EVENING, Jan. 12th 1888.

The office of the HEADLIGHT is now in the "Stanley Building" on West-Crocker street, near Mulberry.

A WASTE OF GOOD MATERIAL. Their classic salutes are not misplaced. When women kiss a friend or brother; But if he's honey what a waste. There is when women kiss each other.

LOCAL FLASHES. This issue has been delayed unavoidably, and we beg our readers to pardon it.

"Held by the Enemy" at the Opera House next Monday night. Don't fail to see it.

Ask your neighbor to subscribe for the HEADLIGHT. Give him your copy and send to us for another.

The Evening Telegram will make its appearance in this city next week, as soon as the city list of subscribers is completed.

That enterprising firm of Hood, Britt and Hall, has removed to the old stand of Southern I & F. We wish them continued success in their new quarters.

Mr. W. H. Griffin (Grocer) has had a brick side walk laid in front of his store on the corner Walnut and John streets, this is quite an improvement to this part of this side walk.

Up to last Saturday, we are creditably informed, that 850 colored people had passed through our city from the surrounding counties en route for the Turpentine fields of S. C. and Ga.

Messrs. Pittman & Alphin is the name of a new firm, next door to Jos. Edwards. Those gentlemen are dealers in fancy and heavy groceries, and are craving for your patronage. Give them a call.

The Grand Lodge of A. F. & A. M. for the State of N. C., met in the city of Raleigh last Tuesday evening.

Don't fail to witness that great Southern drama, "Held by the Enemy," on Monday night, the 18th inst., if you desire to spend a pleasant evening. The company is composed of 16 leading actors and actresses.

We recognized the faces of many of the members of the "Mystic Tie" passing through our city on Tuesday en route for Raleigh, N. C. to attend the Grand Lodge, among whom was our old friend, Mr. C. H. Robinson, Wilmington, N. C., the present efficient Grand Master of that ancient and honorable order.

All merchants, and other business men of this county, who are required to list schedule B, Tax, the first ten days in Jan., and who have failed to do so, had better come forward immediately and list, if they do not desire to fall into the hands of Col. Argo (the Solicitor), we understand there are, to this date 150 delinquents.

The Famous star M'Elrhea will appear at the Messenger Opera House next Thursday, presenting that great French drama, "From Emma," in which Sara Bernhard made a world-wide success. The usual reduced rates will be issued by the railroads leading into Goldsboro, and we trust that the countess will have a "packed house."

The saddest sight we have seen for many days in our little city was a white man milled and chained, working under a colored "Superintendent" on the new brick side-walk in front of Mr. Griffin's store. It is very humiliating to white men to be milled and chained, and this must be discontinued when he is forced to work under a negro boss.

A town has been found that does not claim the prettiest girls in the State. It is situated in Nebraska, and known as Lipton. "The women," says the Journal of that place, "are warm-hearted and nice, but some of them are as mean as a snake with a blazed frown." The editor will be tormented with a number of notices for the sake of an earthly pilgrimage.

It is with pain we chronicle the fact that Dr. P. H. Wright, of Macon Ga., Brother of Mr. E. A. Wright and Mrs. Dr. W. H. H. Cobb of this city, was stricken with paralysis Sunday before last, while attending divine worship in the first Presbyterian Church of that city. His whole right side is involved. The Dr. has many relations and friends here who will regret to learn of his affliction.

The Weston Brothers gave another splendid performance in the Messenger Opera House, last Monday night appearing in their famous four act play entitled, "The way of the world." The different parts were well sustained by the actors and actresses, throughout the entire play, and the music made by the "Brothers," on various instruments, was most excellent. The audience expressed their delight by frequent applause. The audience was not as large as it would have been, had not the weather been so inclement.

We are glad to note that our valued neighbor the Wilmington Messenger, has secured the services of our old friend Mr. T. W. Clawson, of Columbia, S. C., as its city editor. The Messenger could not have made a better selection. Mr. Clawson is a graceful and fluent writer, and whatever comes from his facile pen will bear perusal. Mr. Clawson has served a like position on the Columbia daily Register, and has made many friends there during his extended sojourn.

Our valued exchange the Durham Tobacco Plant has entered with its last issue its seventeenth volume. Since the editorial management of brother Burkhead, the Plant, has become a most excellent paper, and we can safely say that it is one of the cleanest and neatest of weeklies published in this State. Such an organ is an honor to any town, and Durham may well feel proud of, in possessing such a potent factor. Our best wishes are for its continued success and prosperity.

HELD BY THE ENEMY. For our theatre-loving public there is a grand treat in store for next Sunday night. That greatest of all Macon Square Theatre successes, "Held by the enemy," will be produced by an excellent company at the Messenger Opera House. From the Montgomery (Ala.) Daily Advertiser, we copy the following complimentary notice:

"The best attraction of this kind that has ever visited Montgomery held the boards at the Montgomery Theatre last night. It was a rendition of Mr. Wm. Gillette's 'Held by the enemy.' The play is very sensational and one of the most thrilling and exciting stories that was ever put on the boards. The scene is laid in a Southern city occupied by the United States troops during the late war between the States. A sentiment of the most noble and elevating kind is expressed throughout, and that it met the full and complete approval of the audience was proven by the frequent and loud applause."

THE VESTIBULE TRAIN. The first vestibule train of the A. C. L., passed through this city on Tuesday morning at 12:10. It was quite a curiosity to many of our citizens, who sat up that hour to "see the sight."

Two barrels filled with resin on each side of the railroad, in front of the "Hotel Gregory" were set ablaze as the train stopped between them. The stop here was very short, only five minutes, and no passengers were taken on or put off. The train left New York on Monday morning at 9:30 o'clock, and arrived in Jacksonville on Tuesday at 3 p. m. Every compartment was filled in New York, and the passengers to the number of 52, were all for Jacksonville, and points in Florida. These trains will leave New York Monday, Wednesday and Friday mornings, and will arrive at Jacksonville the following afternoons. Returning they will leave Jacksonville on Monday's, Wednesday's and Saturday's passing through Goldsboro at about 3 a. m. The time between New York and Goldsboro by these trains is just 14 1/2 hours, the fastest ever yet made.

THE PRIDE OF GOLDSBORO. AN OUTLINE SKETCH OF AN EXTENSIVE ENTERPRISE—ITS FUTURE INTENTIONS. The Enterprise Lumber Company of this city, is an incorporated company, and consists of Mr. Nathan O'Berry, Dr. M. E. Robinson, Mr. Thomas Edman, son, and the Dewey Bros. The officers of this company, are Nathan O'Berry, President, and Thomas Edmondson Secretary and Treasurer. The company's property is situated just outside of the southern corporate limits of the city of Goldsboro, on the West side of the Wilmington & Weldon R. R., and consists of 41 acres of land with three buildings, at present, erected thereon. The main building is a substantial one-story brick building, tin roof, 50x100 feet, and has in

it all necessary machinery for making all kinds of wood work, one wooden building, called the Drying Establishment, where lumber is seasoned by the "hot air" process of drying—with a capacity of 10,000 feet daily. The capacity of the two "Planers" they now have, is 25,000 feet of lumber daily. The engine by which the whole machinery is run is a 35 horse power. Mr. O'Berry informs us that the company intends, in a short while, to erect saw mills with a capacity of 8,000 feet per day. This is one of Goldsboro's new enterprises, and bids fair to do a paying business. We cordially welcome all such enterprises into our midst, and desire to witness the prosperity of all such. With more of these sorts of enterprises, and factories of various kinds, our city would soon come to the front. The entire plant of the Co., costs \$15,000.

COL. A. B. ANDREWS. It is a real pleasure for us to note the retention of Col. A. B. Andrews, of Raleigh, as third Vice-President of the Richmond & Danville R. R., Company. In speaking of his retention, our valued exchange the News and Observer pays the following glowing tribute to Col. Andrews, which hereby meets with our endorsement:

Col. Andrews is without doubt one of the ablest railroad men in the South, standing indeed among the leading railway managers of the country. He has devoted himself in season and out of season to the R. & D. system, while at the same time taking a leading part in the advancement of the State on the highway of prosperity. He is known from one end of North Carolina to the other and is everywhere esteemed for ability, integrity, and public spirit. The legal representative of the company are also everywhere known in the State and stand in the very front rank of their profession. The R. & D. is decidedly to be congratulated on the character of its representatives in North Carolina.
