ATTENTION, FARMERS.

The McKinley bill gives two cents a pound bounty to the planters who produce sugar. Upon the principal asserted for this product of the Louisiana soil, why are not the farmers of the West who raise wheat, corn, oats, barley and hay, and those of the South who raise cotton, not allowed a bounty on their productions?

This simple question is easily understood. There is no circumlocution nor complication about it. The Republican bill which was driven through the House by main force and by the use of the gag, makes a broad distinction between sugar and other farm products, without giving any reason for the partiality.

Heretofore the farmers have been deluded and victimized by the authors and agents of monopoly in Congress with deceptive theories and mis-representations in behalf of protection, pretended to be for their benefit. The McKinley bill which increases the cost of all the main needs of consumers, and multiplies the burdens of taxation, removes the mask which has hitherto hidden these iniquities.

If the farmers do not now open their eyes to the infamous discriminations to which they have been subjected by Republican tariffs for more than a quarter of a century, and provide a remedy for this oppressive injustice, the fault will be their own, for they have the power to protect themselves.

LOVERS of fine music who attended the Music Festival at Charlotte have undoubtedly carried with them only pleasant recollection, of Charlotte and its wide-awake and enterprising citizens. Charlotte never does things by halves, and when anything is started there, there is no such word as fail. We never knew that North Carolina possessed such rare musical talent until we attended the Musical Festival. It was a great success, thanks to the untiring efforts of Prof. Jos. Maclean and Mr. C. C. Adams.

WHILE at Statesville on Thursday we were favored with a copy of the Landmark's special trade and industrial edition. It is profusely illustrated and considerable space is devoted to a history and description of Statesville and Iredell county and its enterprises, and the advantages it presents to settlers and for the investment of capital. It is a splendid piece of work and is bound to do honor to North Carolina journalism.

A COUPLE of young fellows fought a duel a day or two ago near Seale, Ala., about a girl with whom both were in love. One was killed and the other, it is expected, will die soon. It is not stated whether the girl cared for either of them. As neither appears to have been willing to consult her wishes in the matter, she is fortunate, perhaps, in being relieved of the attentions of both of them.

THE Louisiana Legislature is undergoing a severe strain just now in consequence of the munificence of the lottery company that wants to buy a renewal of expiring privileges, and the chaplain is in danger of being overworked if he does his duty.

This is the time of year when the robust male graduate and the sweet girl graduate break forth on the world. As usual, they know it all.

ALL OVER THE STATE.

The News of the Week Told in Paragraphs.

The Democrats of Greene county will hold their county convention on the 31st inst.

There are more than 40 citizens in Bertie county striving for the office of coroner.

An organ costing \$3,250 has been purchased for the new Methodist church at Wilmington.

A destructive hailstorm passed over Cleveland county Thursday. The hail stones were as large as hen eggs.

John King, aged 18 years, was accidentally drowned near Leaksville on Saturday, while swimming across the river.

Stephen Milton, in a fit of insanity, committed suicide Sunday morning by hanging at his home in Person county.

Durham has in view to build a hundred thousand dollar cotton factory and a fifty thousand dollar plug tobacco factory.

A Burke county farmer made \$800 last year on three acres in tobacco, with an expenditure of \$4 per acre for fertilizers.

Eddie, the 7 year old son of Nathan Harker was accidentally drowned in the Cape Fear river near Wilmington on Saturday.

Cicero Eskridge, colored, was lodged in the Shelby jail, Monday, charged with a criminal assault upon Ida Wilson an eight year old girl.

At Winston, Tuesday, a little two-year-old girl of J. H. Lloyd, fell from the second story to the pavement and sustained serious injuries.

The Democratic State executive committee elected Ed. C. Smith as chairman. The State Convention has been called to meet at Raleigh on August 20th.

At Trinity College, on Thursday, the degree of A. M. was conferred upon Col. A. C. Davis, of the Davis Military School. A compliment worthily bestowed.

Friday evening a material train on the Norfolk and Carolina road and a log train on the Suffolk Lumber Co. R. R. collided near Tarboro. Manse Hart, conductor was injured internally.

Henry Jones, colored, crazed by jealousy made a murderous assault at Wilmington Sunday night on his wife and a colored man named Henry Nixon, with an axe. He was lodged in jail.

Nathan Allman died at his home near Enochville of blood poison, on Monday. A tack in his shoe hurt his foot, and from this came a sore which resulted in his death. He had been sick but two days.

A difficulty between E. S. Moore and E. N. Hatton, near Greenville Sunday morning, resulted in the serious cutting of Moore. The trouble grew out from an insult offered by the latter to Hatton's wife on Saturday.

A railroad accident which happened on the W. N. C. R. R., West of Asheville on Saturday, resulted in the wounding of ten passengers, some very seriously. Later—Mrs. J. H. Scarborough, of Knoxville, Tenn., died of her injuries Sunday evening.

Chas. Moore, a carpenter at Greensboro, took advantage of the absence of his wife, who was on a visit to her parents at High Point, sold the furniture and everything else in the house and ran away with the proceeds on Friday. Mrs. Moore returned the next day and found no husband and an empty house.

At Lenoir, Thursday, a darkey created a sensation by sitting down to a table in the Central Hotel dining room for breakfast. He was almost white and was only detected because a white man sitting at another table was acquainted with him. He was a South Carolina barber and said he did not know he was going to the white folks' dining room.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 c.

Jordan Pritchett, colored, under sentence of death at Oxford, was commuted to life imprisonment by the Governor on Monday.

The annual meeting of the County Superintendents of Public Instruction will be held in Assembly Hall, Morehead City, June 23d at 3:30 p. m.

Cancer of the Lip Cured.

I suffered from Cancer on my lip that defied the skill of the best physicians of the State. I had it burned out, but the operation only made it worse, causing it to spread over more surface and eat deeper in. I finally had it burned off again, and used Swift's Specific (S. S. S.) to heal it up and drive the poison out of my blood. The effect of the Specific was magical! It healed up the Cancer entirely without leaving a scar as a reminder. This was over four years ago, and since then there has been no sign of a return of the Cancer. I will cheerfully answer any enquiries in regard to my case. EXOS YOUNT, Bradford, Ohio.

A Prominent Druggist Cured.

"Eleven years ago I was suffering from an attack of White Swelling. A great many prominent physicians attended me but failed to effect a cure. I commenced using Swift's Specific (S. S. S.), and after using it for a few months I was entirely cured, and since then have had no symptoms of its returning. I feel that the cure is entirely due to the curative properties contained in S. S. S. I can cheerfully recommend it as a medicine to all suffering humanity." PAUL W. KIRKPATRICK, of Kirkpatrick & Wafford, Druggists, Johnson City, Tenn.

I have suffered for nearly a year with a very bad varicose ulcer. I could scarcely walk, and although I was under medical treatment during that time I received no benefit, and had about given up all hope of relief. Through the recommendation of a friend I tried Radam's Microbe Killer, as a sort of last resort and with little hope. I have used five gallons with the most satisfactory results, as I am almost entirely cured and in general health better than for ten years. Mrs. G. A. WIGNEY, 1527 Market street, San Francisco. For sale by Miller & Shannon, Goldsboro, N. C.

Save \$50 by use of one bottle. Warranted the most wonderful Blemish Cure ever known. Sold by M. E. Robinson & Bro., Druggists, Goldsboro, N. C.

S. G. McFadden, of Murfreesboro, Tenn., writes that he has been suffering with a cancer of the face for several years and had despaired of ever being any better, but by the use of nine jugs of Radam's Microbe Killer his face is nearly entirely healed up and his general health is better than it has been for a number of years. You can address him with a stamp enclosed and he says he will give full information to those who are afflicted. For sale by Miller & Shannon, Goldsboro, N. C.

A Proof of Merit.

When a remedy proves itself a cure for the very worst phases of blood poison, it stands to reason that minor effects of bad blood will rapidly disappear if the remedy is used in time. No remedy in the world has so good reputation at home or abroad as a cure for all stages of blood poison as B B B (Botanic Blood Balm).

Benj. Morris, Atlanta, Ga., writes: "I suffered years from syphilitic blood poison which refused to be cured by all treatment. Physicians pronounced it a hopeless case. I had no appetite, I had pains in my hips and joints and my kidneys were diseased. My throat was ulcerated and breast a mass of running sores. In this condition, I commenced a use of B B B. It healed every ulcer and cured me completely within two months."

Robt. Ward, Maxey, Ga., writes: "My disease was pronounced a tertiary form of blood poison. My face, head and shoulders were a mass of corruption, and finally the disease began eating my skull bones. My bones ached; my kidneys were deranged, I lost flesh and strength, and life became a burden. All said I must surely die, but nevertheless, when I had used ten bottles of B B B, I was pronounced sound and well. Hundreds of scars can now be seen on me. I have now been well over twelve months."

A. P. Brunson, Atlanta, Ga., writes: "I had 24 running ulcers on one leg and six on the other, and felt greatly prostrated. I believe I actually swallowed a barrel of medicine, in vain efforts to cure the disease. With little hope I finally acted on the urgent advice of a friend, and got a bottle of B B B. I experienced a change, and my despondency was somewhat dispelled. I kept using it until I had taken about sixteen bottles, and all the ulcers, rheumatism, and all other horrors of blood poison have disappeared, and at last I am sound and well again, after an experience of twenty years of torture."
