IMPORTANT TO DEMOCRATS.

The Republican managers really expect to prevent the election of Democrats in a majority of the Congressional districts, and thus to deprive the Democracy of its present control of the House of Representatives. Every well-informed observer of the progress of the canvass understands that such is the expectation at headquarters. The hope is based on something more definite than the optimism of campaign enthusiasm. It is not merely a bluff.

In many of the districts of Western, and particularly in Southern States, the situation facilitates Republican deals with the Third party designed to elect Third party Congressmen instead of Democrats. When the Fifty-third Congress meets, these Third partyites if elected by the aid of Republican money and votes, will count as Republicans in the organization and control of the House by the Democracy. The result would be disastrous; almost as disastrous as the defeat of the national ticket. It is essential that the next House shall be Democratic.

The one thing that can insure a Democratic majority in the Fifty-third House is a vigilant and vigorous prosecution in every Southern Congressional district of the campaign against the Force bill and negro domination. Such a campaign is in progress, it is true; but let it be prosecuted from this time on with doubly renewed energy. Let every respectable white citizen of the South, whether he now calls himself Democrat or Third partyite, understand that the voter who contributes, directly or indirectly, to the overthrow of the Democratic majority in the House of Representatives is the enemy of his own people, and a traitor to the interests that the South holds dear.

In the presence of death there is no politics. The whole country grieves with President Harrison in the bereavement of his wife, whose death occurred Tuesday morning at 1:40 o'clock, after a continued illness, in the 61st year of her age. Mrs. Harrison, nee Miss Carrie Scott, was the daughter of Rev. John Witherspoon Scott, a Presbyterian divine, of Oxford, O., who still survives her. She was married to the President on October 20, 1853, and since becoming mistress of the White House she endeared herself to all classes of people, the rich and poor, the exalted and humble, all of whom will sincerely mourn her passing away.

The plot of Gideon's Band, an unlawful and dangerous secret political society existing in this State, has been exposed by State Senator Bell and Legislator Reed. The latter alleges that the notorious S. Otho Wilson, initiated him into this order in this city, in August 1891. It now behooves our efficient Solicitor, Mr. Edward W. Pott to bring this case to the attention of the grand jury of the next term of Wayne Superior Court, and do his utmost to land Wilson in the penitentiary.

If Gen. Weaver should carry every State in which he has electors, he would still be short of twenty-six electoral votes. These are facts which cannot be disputed, as it requires 223 electoral votes to elect the next President. Count now and be convinced if the race is not between Cleveland and Harrison.

The eggging of Marion Butler at Wilson Friday night by a crowd of boys is generally condemned.

Office of J. F. GREER, County Judge, Green Cove Springs, Clay Co., Fla. May 23d, 1891.

Gentlemen—Twenty-three years ago I was attacked with inflammatory rheumatism. I was attended by the most eminent physicians in the land. I visited the great Saratoga Springs, N. Y., and the noted Hot Springs of Arkansas, and many other watering places, and always consulting with the local physician for directions; finally came to Florida ten years ago.

About two years ago I had a severe attack of rheumatism, was confined to my room for twelve weeks, and during the time I was induced to try P. P. P. (Prickly Ash, Poke Root and Potassium,) knowing that each ingredient was good for impurities of the blood, after using two small bottles I was relieved; at four different times since I have had slight attacks and I have each time taken two small bottles of P. P. P., and been relieved, and I consider it the best medicine of its kind. Respectfully, J. F. GREER.

RHEUMATISM

Is emphatically a blood disorder caused by inability of the kidneys to throw off certain poisons which accumulate in the tissues about the joints and muscles.

P. P. P., very simple, quickly and surely cures this disease neutralizing impurities in the blood. Experience and science both endorse P. P. P. as the only infallible blood purifier known.
