

THE HEADLIGHT.

PUBLISHED EVERY THURSDAY. SUBSCRIPTION \$1.00 PER YEAR. A. ROSCOWER, Editor and Proprietor. GOLDSBORO, N. C., Feb. 15, 1904.

THE USE OF RICHES.

Honored as was Mr. George W. Childs in life, his memory will be vastly more esteemed now that the extent of his fortune has been revealed by the filing of his will for probate.

A rural million is no doubt an amount which ought to place the possessor thereof beyond all dreams of avarice, but in Mr. Childs' case such a low valuation occasions some degree of disappointment.

Allowances must be made, however, for Mr. Childs' benefactions and contributions to the arts and sciences, which aggregated large sums. He was the initial contributor to the home for printers in Denver, erected and endowed a technical school in Philadelphia; donated several monuments, and otherwise showed his generosity.

What a contrast between him and Jay Gould! One ever bent on shedding sunshine about him and devoting a large share of his plenty to ennobling objects; the other living in retirement, like the spider in a dark corner of its net, ready to pounce upon its prey.

TO BUILD UP THE SOUTH.

The South is proceeding in a practical way to build up the country and attract settlers. Immigrants from Europe, and even persons who have resided here for some time are tolerably well-informed regarding the nature of the soil and the meteorological conditions in the West, but know comparatively little of the South.

The impression still prevails to a great extent that the Southern States consist mainly of swamps, and that quinine and other anti-malarial are necessary articles of diet. To correct this idea and to disseminate accurate information on climate and crop growing is the purpose of the Southern Interstate Immigration Bureau, which has recently been organized.

It is composed of experienced medical and sanitary experts, who will make a tour of inspection and announce the result in pamphlets, which will be distributed broadcast over the land.

The urgent necessity that exists in New York for some practical form of charity by which immediate relief may be afforded to hungry persons has been painfully illustrated by the death from starvation of John Reilly, an unemployed man. He had eaten nothing for two days, was given a meal ticket, but fell on the way to the soup house, from exhaustion, and died.

The fate of Collector Simmons hangs in the balance. Senator Vance has spoken out in no uncertain tone his reasons against Mr. Simmons' confirmation, and if we should judge the future by the past, his defeat is certain.

There are now papers here just been launched in North Carolina. These are the Monroe Journal, the Aberdeen Telegram and North Carolina Voice. The last named paper is a temperance organ.

Mrs. M. E. Buselle, 67 Park Street, Newark, N. J., says: "After having used Dr. Bull's Cough Syrup in my family with most gratifying results I pronounce it the friend of all mothers."

ARP TAKES A TRAMP.

Mountain Climbing is Fun, He Says, to Walking in Florida Sand. Gainesville is a beautiful town, but it is not ripe. The people do not pull together. They are not "discorant," discovered, belligerent," as Daniel Webster said, but they do not harmonize on public matters. They lack an unselfish, enterprising leader in whom everybody would have confidence.

They have been trying for three years to build waterworks and can't do it. Towns have character just like individuals. Take Cedar-ton, in Georgia, for instance. Half a dozen of her best men determined to have waterworks and electric lights, and within twelve months they had both established and everybody is proud. These men sold their town bonds at par in New York about the time that Atlanta sold hers for 95 cents.

Gainesville is the centre of Florida's best agricultural region. More long staple cotton is grown in this region than any other. Larger areas are put in cabbages, lettuce, and potatoes for early shipment to Northern markets. Strawberries are grown in fields instead of patches. They were shipping while I was there. These early berries bring 50 cents a quart at home. It is a lovely surrounding country and is not at all dependent on oranges for a support.

I met another old friend at Archer—a man of God who, for twenty years, preached at Cartersville and had to leave there for his health. Rev. Theodore Smith and his good wife are known from Chester, S. C., to Cedar Keys, and they are loved wherever known. Moving from Cartersville to Florida saved his life. There is no doubt about that. The truth is, if a man should live all his life in Florida one lung would do him, and he might have been built that way, especially if he lived near the Gulf coast.

I visited some phosphate plants in this region around Archer, and it looked like a solid business. Great banks of the lump phosphate are seen along the railroads, waiting transportation. The lump phosphate looks like stained chalk and is full of the remains of animal life. Mining it gives employment to thousands of people, white and black, but all the dirty work is done by negroes. They get their dollar a day every Saturday night and gamble it away Sunday. They are uncertain, unreliable and take no thought for the morrow. Ben Akerman, of Cartersville, is in charge of a large plant and says that some Saturdays he quits with fifty negro men and does not know whether he will have fifty or five when Monday comes. They go and come like tramps. He became so disgusted with them last week that he went to Cartersville after negro labor that he knew. He came back with thirty and says he had rather have one north Georgia negro than a dozen of these Florida tramps. This phosphate business is just immense and is on the increase in that region.

Returning from Archer to Clearwater I tried a new road known as the short-cut to Tampa. It is a short cut and goes through a lovely

Catarrh Cannot be Cured with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

country along by Blue Springs and Dunellen—a long moss and lake country, with orange groves alternating. It crosses the orange belt near Lacochee, and I expected to get off at the crossing, for the law says that all trains must stop at crossings. When I told the conductor to put me off at the crossing he respectfully declined and said his train never stopped there; that it slowed up a little, but I must get off at Macon, which was two miles from Lacochee. Well, I never fight a railroad, of course, and so I got off at Macon, which was no town—no nothing, but a station, and so I took my heavy valise in one hand and my cloak in the other and turned tramp myself for Lacochee.

If you never walked two miles in Florida sand you don't know anything about an uphill business. It is on a dead level, of course, but it is worse than climbing a mountain in north Georgia. My valise got heavier and heavier all the way. I sat down or laid down every hundred yards and looked behind me to see how far I had got, and ahead of me to the distant spires of Lacochee. I had two hours' time to make it in and it took nearly all of it. I sauk down in Mr. John's hotel piazza and faintly asked for water. I tried to appear calm and serene, but I couldn't. My legs had grown shorter and my arms longer than they had been in ten years, and I trembled all over like a whipped school boy. But old Father Time is a good doctor, and by the time I got a good dinner I was ready for the train that brought me to Clearwater again.

My candid opinion is that I am too old for this sort of business, and if Mr. Plant wants me to ride on his short-cut again he must issue a special order to have me dropped at the crossing and the Orange belt must have me carefully picked up when it gets there. The railroads ought to be made to have a good station house at these crossings, with chairs and couches to recline on and ice water and the morning papers. But now I am at rest again. I found seven cousins here from Louisville, Ky., and some other friends and acquaintances. BILL ARP.

GOLDSBORO MARKET REPORT.

Table with market prices for various goods including Cotton, Bulk Meat, Mess Pork, Salt, Rice, N. C. Hams, Corn, Oats, Hay, Eggs, Rice Meal, and Peas.

Best in the World

The Judgement on Hood's Pronounced by Squire Fogg.

The following testimonial comes from T. M. Fogg, Esq., who is well known throughout Kentucky as court justice and justice of the peace for Bath county.

"I will say for Hood's Sarsaparilla I believe it to be the best medicine in the world. In the winter of '92 I had a bad case of the grip which left my system in very bad shape. I tried everything I could find and got no relief. In the fall of the same year I bought a bottle of Hood's Sarsaparilla. The first dose I took

Made a Decided Change for the better. When I began taking the first bottle my weight was 127 pounds, the highest since childhood. By the time the second bottle had been used my weight was 165 pounds. I owe all this to Hood's Sarsaparilla and I gladly recommend it to all sufferers." T. M. Fogg, Justice of the Peace, Sharpshooter, Kentucky.

Presenting a complete magazine every day. SUBSCRIPTION RATES: Daily, one year, \$3.00; Daily and Sunday, one year, \$4.00. ADDRESS: THE RECORD PUBLISHING CO., 917-919 Chestnut Street, PHILADELPHIA.

The Human Electrical Forces!

How They Control the Organs of the Body.

The electrical force of the human body, as the nerve fluid may be termed, is an especially attractive department of science, as it exerts so marked an influence on the health of the organs of the body. Nerve force is produced by the brain and conveyed by means of the nerves to the various parts of the body, thus supplying the latter with the vitality necessary to its existence.

Physicians generally fail to recognize the importance of this fact, but treat the organs instead of the cause of the trouble.

Dr. Miles' Restorative Nervine, the unrivalled brain and nerve food, is prepared on the principle that all nervous and many other difficulties originate from disorders of the nerve centers. Its wonderful success in curing the brain, lungs and stomach is beyond question in every part of the land.

Restorative Nervine cures sleeplessness, nervous prostration, dizziness, hysteria, neuralgia, St. Vitus dance, epilepsy, etc. It is free from opiates or dangerous drugs. It is sold on a positive guarantee by all druggists, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid.
