A Pertinent Inquiry. Editor HEADLIGHT—Will you please inform the public whether the Superintendent of the Central Insane Asylum, Dr. Geo. L. Kirby, is a true Democrat, or otherwise? We are informed that whenever a vacancy exists in that institution that he at once corresponds with some influential Republican or Populist, asking them to nominate some one to fill the vacancy. We are also informed that when John R. Smith was elected city alderman, he wrote to him at once, asking him not to accept, as he would have to resign his position as director and then the Governor would appoint a Democrat. He afterwards wrote Mr. Smith to qualify as alderman as the Governor would not interfere. The majority of his directors are Democrats and he himself claiming to be one, now does these facts show that he has changed his politics for his own safety, or what do they mean? Let Dr. Kirby answer for himself. Inquirer. Goldsboro, Sept. 10th, 1895.

Keep Off the Railroad Bridge. Burlington News. Haw River came very near having another serious accident Thursday evening. As the special officers train passed that place four girls attempted to cross the bridge, thinking it was the passenger train and would stop. Three of them reached the safe side, but the fourth fell and barely managed to clear the rail and roll on the edge of the bridge as the engine swept by. Mr. Morton, the engineer, reversed the engine and did what he could to stop, and only the effort of the girl to escape saved her. The safest way is to keep off that bridge.

An Old Murder Revealed. There is a remarkable sensation at Hickory, Catawba county. Seventeen years ago John Maguire married Elizabeth Bolick, the belle of the place. He suspected her faithlessness within three years after their marriage and became insanely jealous. One night he shot her in the breast and she was found lying on a back street of the town. She recovered. He was tried, pleaded his own case, and spent a year in jail. Then he and his wife made peace. Soon after one evening he left home saying he was going to the house of his brother, three miles away. He never returned. Searching parties examined the country for miles but to no purpose.

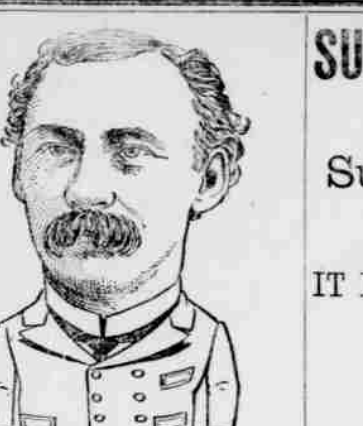

His widow, whose behavior caused much comment and also hints, in a few weeks married Jacob Haller. They lived together amicably until five weeks ago, when he made her angry. She told him he might disappear as John Maguire did. He left the next day, but not until he had told a horrible story. He said Maguire's ghost had returned to demand vengeance; that in a dense thicket the woman's brother had laid in wait for Maguire and shot him. Haller said he was also present and that Maguire's body was buried in this lonely thicket. Monday, search was made for the grave and it was found, but the body had been removed. Haller has just returned and says he was drunk when he told of the murder.

In a recent letter to the manufacturers Mr. W. F. Benjamin, editor of the Spectator, Randolph, N. Y., says: "It may be a pleasure to you to know the high esteem in which Chamberlain's medicine are held by the people of your own State, where they must be best known. An aunt of mine, who resides at Dexter, Iowa, was about to visit me a few years since, and before leaving home wrote me, asking if they were sold here, stating if they were not she would bring a quantity with her, as she did not like to be without them." The medicines referred to are Chamberlain's Cough Remedy, famous for its cure of colds and coughs; Chamberlain's Pain Balm for rheumatism, lame back, pains in the chest, and Chamberlain's Colic, Cholera and Diarrhoea Remedy for all complaints. These medicines have been in constant use in Iowa for almost a quarter of a century. The people here learned that they are articles of great worth and value, and are equally so by others. They are sold here at M. L. Robinson & Sons, and J. H. Hill & Sons, druggists.

W. G. Skinner is one of the best known men in Wakefield, Mass. He is a war veteran and everybody's friend. He says: "I had rheumatism and was in poor health a long time. Medications pointed towards the accumulation of impurities in the blood and germs of disease. I was constipated and had no appetite. I evidently needed a good blood purifier and decided to take Hood's Sarsaparilla. It made a change all through my system, gave me an appetite and worked effectively on my blood. I am now perfectly well, my blood has been put in good order, thanks to Hood's." W. G. SKINNER. Hood's Sarsaparilla is the Only True Blood Purifier. Prominently in the public eye today. Hood's Pills act harmoniously with Hood's Sarsaparilla.
