

Hair Splits

I have used Ayer's Hair Vigor for many years. It is elegant for washing and for keeping the hair from splitting at the ends. J. A. Guenther, Grandfork, Ill.

Hair-splitting splits friendships. If the hair-splitting is done on your own head, it loses friends for you, for every hair of your head is a friend.

Ayer's Hair Vigor in advance will prevent the splitting. If the splitting has begun, it will stop it.

UNION TO BE RECOGNIZED

Morgan, it is Said, Will Allow Steel Workers to Organize.

BIG STRIKE CONSIDERED AT END

Decision Will Be Reached Today at the Meeting of the Amalgamated Association's Executive Committee.

Strikers Not Relaxing Vigilance.

Pittsburg, July 30.—Everybody is on the qui vive this morning in strike circles and the coming conference of the leaders of the two contending forces is looked forward to with mingled hope and fear. Hope, however, predominates and peace is confidently expected by the majority of those interested.

"The executive committee of the Amalgamated Association will meet at their headquarters some time today and take up the propositions of the United States Steel corporation for a settlement of the steel workers' strike."

MILLERS REFUSED DEMANDS.

Granted Men Increase Asked For, But Would Not Sign Contract.

Minneapolis, July 30.—At a conference yesterday afternoon between representatives of the packers and millers' union and the flour millers, the latter, while granting the advance in wages asked, absolutely refused to sign a contract for a year or any other period. The union representatives withdrew to consider the situation.

The millers say it is unfair for the men to insist upon a contract, inasmuch as such an instrument must be made with irresponsible parties. By that they mean that the men, under a contract, would have them at a disadvantage, as there was nothing to prevent the packers and millers from employers in the lurch, striking at any time and leaving their original demand of the men for a five-year contract at \$2.75 a day for packers and \$2.25 for millers, an increase of 25 cents a day each, but they finally concluded to be satisfied with a one-year contract provided they could get it.

PRATT HEARING MONDAY

West Chester's Murder Suspect Granted Habeas Corpus Writ.

HOUSE INSPECTED YESTERDAY

It is Believed That 16-year-old Gerald Zell Could Clear Up Some of the Mysteries in the Case, Would He But Speak.

West Chester, Pa., July 30.—T. W. Pierce, counsel for William H. Pratt, made an application yesterday for a writ of habeas corpus for his client. It was granted, and the court fixed next Monday at 10 o'clock as the time for the hearing.

Pratt was committed for a hearing on Wednesday morning at 10 o'clock before Magistrate Paxton. As yet that official does not know whether his hearing will be dispensed with as a consequence of the habeas corpus proceedings.

A second search of the Pratt house was made yesterday, the chief object being to find the "gray pants" which were worn when he engaged Willie Wise to pick berries. In the party were Chief Justice, District Attorney Baldwin, County Surveyor McInerney and his assistant, Nathan Rambo. A pair of brown overalls were found in the shop, but the "gray pants" were missing. They are familiar to all who know Pratt, being a part of a military suit which had seen its best days.

It was learned yesterday that Mrs. Edward Hicks, sister-in-law of the dead woman, kept a close watch in the days preceding the funeral on certain spots near the house in which she believed clothes might be thrown. While busy herself about household duties she was playing detective. In support of the statement of Willie Wise, that Pratt changed his clothes, Dr. M. H. Cheyney, who was the first physician in the house after the tragedy, said:

"I particularly noticed as we were driving to his house that Pratt had a soiled white apron as the Wisboys describe as having been worn previous to the tragedy. It had a blue stripe in it."

"My impression is very clear. We were turning a corner at break-neck speed, and as I grasped the side of the buggy I saw a man to be thrown out. I turned toward Pratt. As I did so I saw the clean shirt, apparently just put on, and thought he was the cleanest farmer I had ever seen."

Another interesting question, waiting to be solved, is, whether one of the sharp knives, known to have been in the house, is missing. It was learned today that there were several sharp knives exactly similar in size and shape to the dull one found in Mrs. Pratt's hand. These were for use at butchering, and were kept in the dining room cupboard, and not in the kitchen, where the bloodstains were found. The dull knives were always kept in the kitchen.

Probably the only person, except Pratt himself, who can say how many of those knives were kept in the house, is Gerald Zell, who until recently lived with the Pratts. He could tell this and so show whether any is missing and reveal other things of prime importance in this case, according to his notes. But he refuses to give evidence. He told of disbursements in the Pratt household, but has recently become reticent.

TWO KILLED IN LAKE COLLISION.

Whaleback and Freight Steamer Crash Together With Fatal Results.

Sault Ste. Marie, Mich., July 30.—The whaleback barge Sagamore, loaded with iron ore, was sunk in a collision with the Northern Line freight steamer Northern Queen near Point St Ignace yesterday. Of the crew of eight men two were drowned and one is missing. The dead are: Captain E. Joiner, master of the Sagamore; lived in Henderson, N. Y.; Ira Ives, cook; lived at Sackett's Harbor, N. Y.

A dense fog covered the lake at the time of the collision. The Sagamore filled rapidly and soon sank. The crew made a rush for the Northern Queen, and five of them escaped to her decks, all assistance being given by the crew of the steamer. The Northern Queen sustained considerable damage about the bow. The Sagamore is reported to lie in 12 fathoms of water.

DRAWING FOR HOMES.

The Government's Unique Lottery for Oklahoma Lands.

MANY THOUSANDS PRESENT

Names First Drawn Were Greeted With Wild Cheers—Crowd Suggested That Lucky Man and Woman Should Get Married.

El Reno, O. T., July 30.—Oklahoma's great land lottery was begun here in earnest yesterday, and when the commissioners appointed by the Federal government adjourned the drawings for the day 1,000 of the choice of the 13,000 160-acre claims in the Kiowa-Comanche country had been awarded.

The first name drawn from the wheels was that of Stephen A. Holcomb, of Paul Valley, I. T., for a homestead in the El Reno district, and the second, Leonard Lamb, of Augusta, O. T. These two men select the two choicest claims in this district. The capital prize winners, however, proved to be James R. Wood, of Weatherford, O. T., whose name was the first to come from the Lawton district, and Miss Mattie H. Beals, of Wichita, Kan., who drew second number in that district. They won the first prizes in the Lawton district, and will undoubtedly choose the two quarter sections adjoining that town. These are considered the most valuable in the territory and are, it is estimated, worth from \$20,000 to \$40,000 each. It is estimated that fully 25,000 persons witnessed the drawing.

Every man who did not draw a prize from the wheels yesterday had steadfast faith that today he would draw. Many of the crowd were the possessors of a slip reading him a title clear to 160 acres of Oklahoma land.

When the close of the drawing for the day was announced at 6 o'clock hundreds who had neither eaten nor drunk during the day sank to the ground where they stood from sheer fatigue or went wearily to find places for rent or to refreshment booths up town. The day was remarkably free from quarrels, and general satisfaction with the government's method of disposing of the land was felt.

It has been found that many hundred applicants have "repeated," and that others have applications so illegible that they will be thrown out. Over this much discord has resulted, and the outcome may be an appeal to the courts.

The first name brought out for the Lawton district was that of James R. Woods, of Weatherford, O. T., and the crowd went wild. This meant that Woods would be able to claim the quarter section adjoining Lawton town, one of the choicest in the entire country.

The second ticket was drawn, and Colonel Dyer cried out: "I have the pleasure to announce the name of the first woman to draw a prize, Mattie H. Beals, of Wichita, Kan."

Then Colonel Dyer gave her description as a 23-year-old, 5 feet 3 inches in height, "just the height of Woods."

Instantly the crowd caught the humor of the situation, and thousands of throats went up the shout:

"They must get married."

The eighteenth winner in the Lawton district was Minerva McClintock, aged 25, of Oklahoma City. She was married Sunday, and by this act forfeited her right to the claim. She might have chosen a claim near a county seat town worth several thousand dollars.

COLOMBIA INSULTS GERMANY.

Boarded Steamship Allegheny and Arrested a German Subject.

New York, July 30.—The Hamburg-American line steamer Allegheny, which arrived here yesterday, reported that she was held in the harbor of Savannah, Colombia, for twelve hours. Passengers on the Allegheny report that Abel Murillo was arrested on the ship at Savannah and taken ashore by the Colombian authorities. Murillo protested against the arrest, saying that he was entitled to the protection of the German flag. Murillo is said to be the secretary of the General Urbe-Urbe.

Arturo de Brigard, Colombian consul in this city, said yesterday that he had not heard officially of the arrest of Murillo. He said, however, that he understood that Urbe-Urbe had again become active, and when it was learned that Murillo, who was Urbe-Urbe's secretary, was sailing on the Allegheny, General Vileza, of the department of Bolivar, sent a number of soldiers on board to request Murillo to visit him. He refused and the ship was detained.
