## WASHINGTON LETTER

[Special Correspondence.] The presidential parrot objects to he remodeling of the White House. When the workmen assaulted the roof of the conservatory and began removing the glass, the bird became wrathy and abused the mechanics. She has a fluent vocabulary of vituperation, but her choicest epithets were learned in Cuba and are expressed in elegant Castilian, so that the finer feelings of the workmen were not too much

solse Polly vociferated, "Shut up!" Finally the bird took to careering the conservatory and frequently in its rage biting off the small-er branches of the plants. She was aptured and tethered by a short string a remote perch. Polly seemed to be After she became a chained prisoner

Still at every unpleasant

When strangers approached, no vioent language was used. Polly hid her head under her wing or drooped it between her feet and simply muttered er wrath. This parrot is a native Cuan and was sent to President Roose celt about six months ago.

A Tumble.

l'exas Steer" of the applicant for office he began by living at the finest hegars and finally landed in the cheapest oint that he could find. The story is very nearly duplicated by the case of witness before one of the senate mmittees who came here from Callornia. He traveled in style and upon rriving in Washington secured the nost expensive quarters at a fashionable hotel. He drew \$170 for mileage and expenses and proceeded to have a good time while he waited for the committee to examine him. Presently, however, his money was all gone. He oppealed to the senate officials in vain or another advance and then discovred that his dally expenses were about three times as much as the gov erament would allow him. The rapidty with which that witness gave up his expensive quarters and sought a small back room in a cheap lodging
