Relief for Rheumatism.

WHAT CLARE FIBER IS.
 This new material is a strong, tough, elastic fiber, cut from the pine leaf and chemicalized for mattresses and bedding purposes. It retains all the curative virtues found in pure pine, which is so beneficial to those suffering from rheumatism and fever. It generates ozone—oxygen air—purifying the atmosphere of the apartment in which it is placed. It makes a comfortable, durable and elastic mattress, and will not break or mat down.

WILMINGTON, N. C.

Bennett Seminary, Greensboro, N. C.

LOCATED at a city unequalled in the State for schools, virtue, beauty and health, having good water, pure air, and no malaria, and being easily reached by lines of Railroad from six directions, viz.:-

- From Danville, Lynchburg, Richmond, and the North;
- From Raleigh, Goldsboro and the East;
- From Wilmington, Fayetteville, and the South-east;
- From Charlotte, Salisbury, and the South;
- From Winston, Asheville, and the West;
- From the Yadkin Valley and the North-west.

OCCUPYING as a gift from Lyman Bennett, Esq., of Troy, N. Y., the above represented elegant and spacious brick school-building, containing a chapel covering half of one story, Library, Principal's rooms and office, two fine recitation rooms containing very large blackboards, maps, globes and charts, a pleasant dining room, convenient kitchens, and two stories of large airy, furnished sleeping rooms, and surrounded by ample and beautiful grounds overlooking the city.

FOUNDED in 1873, and hitherto sustained by the Freedmen's Aid Society of the Methodist Episcopal Church, to meet the demands for educational work in Virginia and North Carolina, for which work in the whole South this society in 15 years has given more than one million dollars.

PATRONIZED and fostered by the North Carolina Conference of the same church, which says of it:-

"The School is efficiently managed and affords ample facilities for the colored youth of both sexes to obtain a thorough training."—Extract from Report of Com. on Education, 1878.

"Resolved,—That we endorse the labors of the Principal and associated Faculty, of our Bennett Seminary."—Resolution of 1882.

OFFICERED by an able corps of teachers, graduates from the best schools of the country.

ADMITS ANY desiring Christian education, having proper character, age, and attainments, regardless of Creed, Sex and Color. While teaching Theology only in that department, the school is pervaded by a Christianity so true and broad, that, like the mustard seed of the parable, Christians of every religious belief, may, unmolested, lodge in the branches thereof.

As to educating the sexes together, it believes with a high authority, that—

"Corrupt influences are more liable to abound either sex, but particularly in separate schools for or with Richter, that—

"To insure modesty, I would advise that but I will guarantee nothing in a school where still less where boys are so."

GREAT REDUCTIVE

organized evil of the liberal and here to

and with Dr. William F. Warren, President of the broadest and most liberal University in the world (Boston), that

"Joint education is better than disjoint education."

It accords with the Civil Rights Bill, and is no respecter of persons, accepting none because they are black, rejecting none because they are white, nor being perplexed over the neutral tints.

OFFERS FOUR COURSES OF STUDY, viz.:

- I. Common English, of three years.
- II. Normal, of two years.

Such was the fame of Bennett Seminary, that when the Legislature was establishing State Normal Schools in different parts of the State, the training of teachers for this quarter of the State, was left to it.

As rapidly as possible it will enable teachers to use the New Natural Methods of teaching.

III. College Preparatory, of two years. Students may be prepared to enter any American College.

IV. Theological, of Four Years. This will attempt so much as possible of the Four Years' Course of study, required for the Ministry of the Methodist Episcopal Church, and laid out in the discipline.

V. A Collegiate Course, equal to that of the State University, will be established whenever a sufficient number of properly prepared persons call for it.

Instruction is given in Singing, Printing, Needlework, Cooking, and Housekeeping, without charge. Instrumental Music at a slight charge.

AIMS TO MAKE THOROUGH STUDENTS rather than scantily-informed Graduates, for

"Knowledge is proud that he has learned so much, Wisdom is humble that he knows no more."

STANDS BEHIND NO SCHOOL in the state, in excellence combined with cheapness.

FURNISHES TABLE BOARD at cost, which varies from year to year with the markets. It has been as low as five dollars a month, or forty dollars for the school year. All other expenses are equally low, because cash must be paid in advance.

For the exact terms of this year's sessions, or for any information about the school, address the Principal.
