Great excitement prevailed in Newport after the tragedy occurred Saturday night. Requests for bloodhounds were sent to Tarboro and the road in front of the mayor's house was roped off in hope that the dogs might be able to readily pick up the scent and lead the authorities to the assassins. The dead man's wife was ill in bed at the time of the murder and his little daughter stood by his side when he was shot. Word of the shooting was sent to Beaufort and yeserday afternoon County Solicitor Abrnathy, accompanied by Sheriff Hancock and a coroner's jury, went to Newport on a special train. Upon the arrival of the train at Newport the Sanders brothers were arrested and later the coroner's jury ordered them

Gregory, Tex., Oct. 19 .- This President Taft's first day of rest and enjoyment on his brother's 125,000acre rauch. After the strenuous days of his long tour, the President for the first time has an opportunity to lay aside all cares and seek rest or exercise, serious occupation or amusement according to his taste and whim, not in strict accordance with time-tables and ironclad program. He has a magnilicent palace with every imaginable modern convenience to live in, a ranch large as some counties in the East to roam over at will, either on horse back or in an automobile. A fine steam yacht ready for his pleasure should he feel like going fishing or taking a sail along the picturesque coast. He has only to step out of the front door and walk a few steps to the finest golf links in Texas, laid out especially for his use by two Texas golf experts, should he wish to indulge in his favorite exercise. It is true, there are no 'possums to hunt, but, should the President have an inclination for more strenuous pastime, there is bigger game for him to shoot, not lions or elephants, but prairie wolves, coyotes, deer and wildcats. Wildcat shooting is one of the favorite pastimes of the sportsmen i nthis part of the country and a hunt of that kind has been arranged for tonight. A pack "cat dogs" was obtained for the purpose and if the President is not too tired tonight, he may enjoy fine sport and a novel experience.

The ranch, which forms part of the 400,000-acre estate which David Sinton, Charles P. There is no way to cure Catarrh except to purify the blood, and thus do away with the cause. The symptoms may be benefited by the use of washes, inhalations, sprays, medicated tobaccos, etc., and through the use of such treatment catarrh sufferers receive temporary relief and comfort. External and local measures however cannot have any effect on the blood and therefore their use alone is of no real curative value. Catarrh is a deep-seated blood disease, and comes as the result of catarrhal matter and other impurities in the circulation. These morbid matters in the blood cause an inflammatory and irritated condition of the mucous membrane or tissue lining of the cavities of the body, producing an unhealthy secretion ringing noises in the ears, stuffy feeling in the head and nose, headaches. hoarseness, bronchial affections, watery eyes, etc. S.S.S. is the best treatment for Catarrh because it is the greatest of all blood purifiers. This medicine removes every particle of the catarrhal impurity from the circulation, making this vital fluid pure, fresh and healthy. Then the inflamed membranes begin to heal, because they are nourished with pure, healthgiving blood, every symptom disappears, and soon S. S. S. produces a perfect cure. S.S.S. does not contain any habit-forming drugs, which really never can cure Catarrh, but often ruin the health. Book on Catarrh and any THE SWIFT SPECIFIC CO., ATLANTA, GA.
