H. L. PARKER, P. M.

The regular daily rain is now falling.

A protracted meeting commenced at Home last Sunday.

Rev. W. F. Wilhelm pastor of the Presbyterian church will return next Thursday.

At this season of the year every thing could be kept clear of decaying vegetable matter.

Our townsman E. A. Rosemond and George Laws went to the Baptist Association at Ephesus.

The Presbytery of Orange will convene Cross Roads Church in Alamance county on the 31st inst.

A protracted meeting commenced at Star Grove last Sunday under the ministry of Rev. J. E. Nelson.

We are sorry to learn that Rufin Dodson worthy citizen of the county is seriously ill and not expected to live.

Rev. J. L. Currie who has accepted a call to Fairfield Church in this county, will be charge as Pastor on the first Sunday in September next.

In mentioning the death of Dr. Bradsher last week, we stated that Mrs. B. was dead, but since have been better informed and daily make the correction.

The farmers says particularly those who opposed the stock law, that their lands have improved vastly since the stock law went into operation.

Three Engines runaway in Philadelphia in the 19th inst., breaking themselves all to splinters and killing several men.

On a strike we suppose.

Considerable destruction of crops by the wind and rain storm near Raleigh, large fields of fine Corn and Cotton are blown flat to the ground.

A special session of Mecklenburg Presbytery convened at Asheville on last Saturday, the object of the Session was to install Rev. Mr. Bryan as Pastor.

A big Ocean race to come off soon between the Scotch Yacht "Thistle" and the American Yacht "Volunteer" fine time ahead for lovers of such sport.

We learn that Mrs. Sally Riley wife of Washington Riley dec., died last Saturday night at the Poor House in her ninetieth year. Mrs. Riley was a kind and good old lady.

A dangerous and difficult Surgical Operation was performed on Mrs. Betie McCauley last Monday. We are glad to learn that the operation was successful and that Mrs. McCauley is doing well.

There seems to be great difficulty with the officials at Washington as to reducing the surplus in the Treasury. If Secretary Fairchild will write to King Kakakama of the Sandwich Islands he will at once solve the problem.

Lieut. Gov. B. F. Armfield, Col. S. A. Sharp & J. H. McElwe of Statesville spent the night at the Occaneechee last Tuesday on their way to Roxboro. Gov. Armfield is one of the counsel in the McElwe and Blackwell suit to be tried this week.

Our new Ware House for the sale of leaf Tobacco will open here about the first or middle of September next, under very favorable circumstances, some 8 or 10 new buyers from a distance will locate here. Hillsboro intends to have a first class Ware-house.

We omitted last week to mention that Mr. A. W. Graham of Hillsboro, had been appointed a director in the North Carolina Railroad in the place of Maj. Craig resigned—also that Mr. Graham had been elected President of the Watt's Mine in Alabama, good selections in both cases.

Another great loss at sea. The city of Montreal which left New York on the 6th inst., for Liverpool was burned at sea on the 11th inst. She had aboard 420 passengers, 13 are reported as missing, the passengers were rescued by the British Steamer York City and were landed at Queens-town.

Mr. David I. Clark, the Superintendent of the Poor House called at our sanctum this morning, he informs us that there are now 18 inmates of the Poor House, and from what we know and have seen of them. We judge they are well and carefully attended to.

Eddie Cooley of the firm of C. S. Cooley and Son, dealers in furniture, in this place was in our sanctum this morning and says, that since he advertised his goods in this paper, he has had a constant trade and is selling more furniture than he ever sold before. In fact, he says he has nearly sold out and is ordering more.

Why can't every body do like Messrs. Cooley, advertise in the Recorder and sell out their goods.

Our subscription list up to last Saturday, numbered over 400 subscribers, and still they come, this is not all, by the 1st of Jan. 1888, we intend to have over 1200 bona-fide subscribers at which time we intend to enlarge our paper so that we can give more news.

The people will patronize a live paper.

And now they have it, that Mrs. Cleveland's pet Monkey is dead and the President is suspected of having some knowledge of the mode and manner of its "taking off" poor man, we are sorry for him, but, "tis is ever thus from childhoods hour" that when anything goes wrong while the Madam's away, the poor husband has to suffer, this thing ought to be stopped.

We went last night to hear the Rev. Mr. Ball from Iowa, a member of the Society of Friends.

His lecture was mainly directed to an explanation of the Quaker faith, belief, habits and modes of worship.

As a general rule he said the true Friends were strictly temperate, not only as to whiskey but in everything else, and at a certain place or neighborhood, wholly Quakers in Iowa, there was not a drinking man nor a bar room. that among the Friends there was no use for Lawyer's, Sheriff's, Constables, Court Houses and Jails.

The same however, may be said as to any other denomination of true and genuine believer.

We know of but one genuine "Friend" now living in Orange county, and he is now in his 94th year, and if every body was as good and as pure as we know uncle Tom McCracken to be, it could well be said there would be no use of Court Houses and Jails.

But, Alas; we are all a wicked and perverse set.

"An Idle Brain is the Devil's Workshop."

This is an old saying but "worthy of all acceptance;" boys, young gentlemen, we mean, who grow up with no fixed rules of labor or employment will form habits of idleness that in the end will ultimately prove their down-fall, besides it is a sin to be idle or lazy. God never intended his creatures to be idle, "by the sweat of thy browe ye shall eat bread" is the command.

We note in our community many boys, not at school, whose chief employment seems to be playing ball and sauntering around, you need not say "I have nothing to do" this is apparent, you need not say, "I can't get employment," this will not do, any boy can get work any where, if he will show a disposition to do it. Our advice is, to make work, seek it, start to work, one Job, will open the way to another, don't be too choise as to the kind of work, any kind of honorable labor however menial it may be, is better than idleness. Idleness brings crime, for

"Satan finds some mischief still For idle hands to do."

Go to work boys, earn your own bread, you will think better of yourselves and the world will think better of you.

We ask, why is it that Justices of the Peace all over the state are resigning or refusing to qualify as such. The main reason we think, is that the Legislature has from time to time reduced the fees of the Justices to such an extent that no man fit for the office will give his time to it, unless he is paid something like a fair equivalent, under the new Constitution and the enactments of the Legislature, the powers, the duties and responsibilities have greatly increased, and no man ought to accept the office unless he makes up his mind to qualify himself for its important and responsible duties, and they cannot think of that, unless the fees would justify them in so doing.

If the next General Assembly would take up the matter and pay the Justices reasonable fees, then we will have good men in office, and the Governor and Clerks of Courts would not be so much bothered about getting competent men to qualify as Justice of the Peace.

Suicide.

We learn through Mr. D. L. Wells, that on Thursday morning the 18th inst., Mr. William Warren, of Cedar Grove township about 2 1/2 miles north of Cedar Grove in Orange Co., committed suicide by shooting a rifle ball through his head, the ball going in at the forehead and coming out at the back of the head. He was seen to take his rifle and go out the house, as if intending to shoot a squirrel, he went to the woods laid down and put the muzzle of the gun to his head and pushed the trigger with his foot and ramrod, his death was of course instantaneous.

Mr. Warren was a just and upright man, highly esteemed in his neighborhood and a consistent member of the Primitive Baptist Church.

He leaves a wife and a daughter about ten years old to mourn his untimely end.

Teller Scott of the Manhattan Bank of New York has confessed to stealing \$100,000 and implicates his wife's cousin John R. Dunn. Scott left the money with Dunn and went to Canada and thence to England, Dunn then spent or lost the money, so, neither has the benefit of the big steal. Scott is still in England and Dunn is in Ludlow Street Jail: Dunn the biggest rascal of the two, for he induced Scott to steal the money.

Boys! Boys! Boys!!!

Is it possible that in this our boasted Christian era that boys would go to the house of God and while the minister was lecturing or preaching there, in the presence of a large congregation of men, women and children, and in the presence of their parents too, wilfully and wickedly, misbehave, so as not only to interrupt the speaker, but the whole congregation as well, to this enquiry we would be glad to say no, but justice and candor as well as our own personal observation compell us to say they do, and we are sorry to say it. Boys, if there is any place in the world that you should feel especially called upon to be gentle and gentleman, it is while in the house of God, and while others are engaged in His Worship. The future man is generally estimated by the conduct of the boy, no one can entertain much hope for a boy who will wickedly and purposely misbehave in church, outside of its criminality (and it is criminal, and guilty parties can be made to feel the rigors of the law) it is low impolite and degrading and we hope we may never have the necessity to speak on this subject again.

Of course we allude to what appears to have been misbehavior at the Methodist Church Monday night while the Rev. Mr. Ball, the Friend, was lecturing to a large congregation there assembled: the disturbance was popping matches, but from our observation we do not believe the match was ignited intentionally. We incline to the opinion that some one had purposely or accidentally scattered matches over the floor and by putting your foot down they were exploded. We think this because when coming out the church, after services on the opposite side of the church we stepped upon a match which partially exploded.

But boys, if you are really guilty you ought to be ashamed of yourselves, remember no gentleman will misbehave in church.

Sad Death.

Died at Mrs. Murry's in Alamance county last week Mrs. Emeline Mebane, wife of Mr. Wright Mebane near Huntington, Tenn.

Mrs. Mebane left North Carolina some 35 or 40 years ago and made her home in Tennessee. She was here on a visit to her sister Mrs. Mary Jane Crutchfield and other relatives, was taken ill and died as above stated, her husband was telegraphed for and came immediately but too late to see her alive. Her remains was taken to her home in Tennessee for interment—her daughter Mary was with her.

Mrs. Mebane was a kind and affectionate wife and mother and leaves a devoted husband and child to mourn their loss.

We see from the News and Observer that now Tobacco is coming into market at Raleigh and bringing phenomenal prices; some as high as \$250 00 per hundred. This was a beautiful lemon color. We learn also that some of our farmers are cutting tobacco in Orange and they are well pleased with the color and quality; all our tobacco planters need now, is some dry weather to ripen it up, and while we are not much of tobacco grower we predict that there will be the best crop raised this year than there has been for many years past and will bring more satisfactory prices.

With a good crop of wheat already harvested, a good crop of corn now on the ground and a successful crop of Tobacco we hope to hear no more of hard times.

SALE OF Valuable Lands.

BY virtue of an order of the Superior Court of Caswell county, we will offer for sale at PROSPECT HILL, in Caswell Co., on the 22ND DAY OF SEPTEMBER 1887.

The following valuable tracts of Land: One Tract in Orange county; on Eno river, adjoining the lands of Richard Thompson, Louisa Wilkerson and others, on which is situated a very FINE GRIST MILL.

This tract contains about FIFTY ACRES. The Mill is in fine condition, with a good custom, and all the machinery and fixtures will be sold with it.

One Tract in Caswell county, adjoining the lands of Benjamin Wells, the heirs at law of Sandy Burch, W. R. Sharp and others containing about 205 ACRES.

This tract is a very valuable FINE TOBACCO FARM, situated in the very best tobacco section in this State and is in a high state of cultivation.

One Tract in Caswell county adjoining the lands of A. Jeffries, G. W. Morgan, Miss Mary Turner and others, containing about 200 ACRES,

known as the "Turner Tract." One Tract of about 230 ACRES in Caswell county adjoining the lands of B. H. Warren, W. D. Satterfield and others. The three last named Tracts are also fine TOBACCO FARMS, well improved and in fine state of cultivation, with all necessary houses, barns and other buildings.

TERMS:—One third of the purchase money CASH, one third to be one in six months, one third to be due in twelve months. The deferred payments to bear interest until all the purchase money is paid and the title is reserved until the same is paid and the sale is confirmed by the Court.

Our School—Again.

We have heard of no active demonstration looking to the establishment of a Male School in Hillsboro.

This ought not to be so. If our citizens would take the initiatory step a good and permanent Male School could be established here without the least trouble, as we said before. Why send our boys off to distant institutions of learning when there is no place to be found better suited for a good school than Hillsboro. Why do our people, by their indifference, put the parents to the unnecessary expense of paying board for their boys at other places when they ought to send them to School here and let them board at home, thus saving large sums of money to the parents and at the same time keep the money here. We have the ample buildings built for that purpose, good and competent teachers can be had in our midst, quite enough boys to make a good school. Besides, our natural advantages would invite boys from a distance thus placing thousands of dollars here instead of sending it off; it would increase trade, add to our population and give a market to our country friends for their produce.

By all means—citizens, wake up to the necessity of the thing.

Match Game.

"Sugar Hill and "Eno Rangers" played a match game last Saturday evening the game stood Eno Rangers 79. Sugar Hill 19.

Sugar Hill you have not sustained the reputation we gave you some time ago. You must get out of that, we did not think there was a club anywhere to get the better of you. Where's your Coffee.
