Tobacco still on a boom at the Central. Nearly one half of the counties in the

State have the stock law. There is some talk in our town that a large Cotton Factory will be started at no distant day. Selah?

Our popular and accommo lating Register of Deeds, John Laws, killed three bogs this week that weighed 1100 pounds.

Dr. T. C. Parish, who has been for some time on a visit to relations in Orange, left for his home in Virginia last Monday.

The Mineral Springs at Capt. H. P. Jones is now largely patronized and all speak in high praise of the curitive vir ues

Mss Maggie Parish left this week, to spend her Xmas with her sister and friends in Virginia. Her place will be filled in the Post Office during her absence by her ameable cousin Mass Mamie Pacish, we wish them a merry Christmas,

We learn that James and William Allen col, got into a difficulty with two Haithcock, col., and that both Haithcocks were dangerously shot. Dr. Walton of Prespect Hill was sent for and cut out the balls. The condition of the Haith ocks are reported SE STEEL

Our old town has put on some of the life of the times. Our Merchants are selling more goods than usual at this season of the year. Our Mechanics are all hard at work and our country friends seem more cheerful than usual. Tobacco is selling well and we have peace and plenty.

We visited our city of Durham yesterday (Monday) and as usual, we found every thing bustle and full of life. Her people are always full of life and energy. When the different Railroads leading from Durham now und-reconstruction are completed, we predict she will become the largest business city in the South.

Our young friend Eb Pogue, left us last week for Knexville, Tenn. Where he goes to assist his father, E. H. Pogue in his business there. We are loth to give up our "Eb" he is a genial and clever hearted boy, and we know he will make many friends ong the people with whom he has case his lot, and we wish him much success.

We are glad to meet on our streets Mr. Eddie Nash youngest son of our townsman Mr. Henry K. Nash. Mr. Nash bas for some years been living in the city of New York and we learn has been remarkable seful in business there. It affords us much pleasure to note the success of our Hillsboro boys.

We learn that Mr. --- a Post Offic inspector was in your town this week on his way to inspect some Post Offices, in the country. He declined to inspect the Post Office here although asked by our Post Master to do so, and stated as his reasons for not doing so, that he had seen the reports of this office in the Post Office Department at Washington, and it stood high in the numbers as the best kept office and best kept books in his department,

How many changes have taken [place since last Christmas. This is a season, amidst all its hollowed Joys and Imemories. that call for reflection. How many households have been bereft of some loved one. How many have been parted-seperated forever. Where are some loved faces that greeted our Christmas board one year ago. "Friends have been parted in life's young

Some at the bridal and some at the toomb."

The popular and well patronized School of Mrs. Lucy W. Weathersbee at Oaks. Orange county. Will open with its third session on the first Monday in Jan. 1888, with flattering prospects. We cannot speak too highly of this popular Female School; or the worthy and most accomplished principal, Mrs. Westhersbee. We learn that she is a most excellent [teacher and her School is well deserving of patron-

"From the time whereof the memory of man runneth not to the contrary" it has been a custom of the printers craft to take Holy-day at Christmas. In conformity to that usage we will observe that time honored day and will issue no Reconder enext week. As the old year A. D. 1887 is now drawing to a close it gives us the opportunity to return our thanks to the many good people of Orange and the surrounding counties for the kindness and liberality they have shown us and the appreciation they seem to give to the RECORDER.

On the 11th August last, we issued the first number of the RECOEDER, and at that time we did not have a single subscriber or a single dollar paid us for it. But from day to day and from week to week, we have gradually added to our list until now, the ast issue of the year we are gratified to state that we have a paying list of 600 subscribers and daily increasing.

We hope to commence the new year with renewed efforts, and give to our subscribers a paper worthy of their patronage and

We hope in the near future to enlarge our paper in order that we may make it more useful as a family Jou nal, and to that end we sek our friends, in the plentitude of their goodness to come forward and aid us in extending the circulation of the

Next year, will be a busy year in politics-We propose to take a hand, (as we have always done,) in that exciting sport. We propose to show the people why Bill Chandier, shall not reconstruct the reconstructed South unless he lugs in his bill Ohio, Pennsylvania and several other radical states. We propose to aid in lifting the tax from the shoulders of our laboring and consaming masses, and amend or abolish the present system of collecting the internal reveone tax. We propose to give our support in electing to the Presidency, the ablest and most gifted man in the United States. to wit: Grover Cleveland We propose to aid and assist in restoring harmony to the Democracy in our midst and electing as Governor of North Carolina Walter Clark, J. S. Carr or some other equally good man. Now you hear it. Come to our help, hold up our hands and we will, with the peoples assistance, do all we have promised and more too.

Commons General Parade.

There will be a parade on Monday at 2 o'clock P. M. 26th. Hope everybody will be out to wi-ness the grand parade. Keep your eyes open and your mouth shut-Common's is a mighty man, carries his rocks in a frying pan, and scatters them to and fro. Grandest thing of the season. Hope to see all my old friends out,

Respectfully. J. J. Commons, Capt. N. B. John's wife for the first time in

The Darham Recorder says: "Mr. P. A Wiley, for four years cashier of the Bank of Durham, Col. W. T. Blackwell, president, has resigned that position. He has been a good citizen, a clever gentleman, and we trust that he will find it congenial to his interests and inclination to remain in Durham."

We regret this for fear that this most excellent gentleman may leave Durham. We hope however that it will turn out otherwise and that Mr Wiley may remain at Durham. His large experience in financial matters demands that he remain where he is.

Our (Jo-boy) Josish Collins, Jr. who has been living for some time at Seattle. Washington Territory, is here on a visit to his parents. It is with pleasure we note that Mr. Collins is now a lawyer and has a locretive practice and stand high in his profession. It affords us great pleasure to see the anccess of our town boys. He will return to his far distant home on the shores of the Pacific about the first of January and will cary with him the best wishes of the "Recorder' together with a host of warm friends here.

We learn from a letter received by J. S. Coleman of Gordonton, that Dr. Holan of Baltimore a celebrated Eve Doctor will reach Hillsboro on the 24th inst., on his way to Gordonton, where he will remain until the 28th.

Persons afflicted with diseases of the eyes can see the Dr. at Mr. John Laws on the 24th or at Gordonton from that day to the
