VOL. { Patriot XXX. } Times VII.

GREENSBORO, N. C., THURSDAY, OCTOBER, 15, 1868.

{ NO. 37. }

Tomb-Stones, Sign and Ornamental Painting, Physicians, Watchmakers and Jewellers, Guilford County Officers.

From the Raleigh Sentinel THE RADICAL SCHEME OF WAR AND TREASON! We call attention again to the alarming and treasonable character of the Radical...

driven into a conflict with the Federal Government. Indeed, if it could be pretended that there was cause for apprehension of resistance to lawful authority, by regular war or irregular conflict, then there is not the slightest necessity for this war measure...

a man has once joined them, it is more difficult to cut loose from them than many suppose. This negro "Union League" organization is part of the plan, and principal part of it; the Act of the Legislature is intended to organize the white Radicals in such way as to compel them to go into the war when it comes...

The Two Policies.—The Radicals propose to pay the public debt in forty years, the interest in that time amounting to twice the amount of the debt; and they propose to pay it in gold, which is now and is likely to continue at a premium of 43 per cent. And in the meantime the debt is to continue free from taxation...

For the Patriot and Times. MISS ROSALINE SMITH, OF RANDOLPH. TUNE: "The Soldier's Return." Of noble form and lovely face, And eyes of peerless beauty, She has, to crown her every grace, A heart for every duty.

It will be observed that the provisions of this act are very general and comprehensive, and all tend to the centralization of power in the hands of the so called Executive of this State. They are so shaped as to give this Executive all the necessary power to exclude from the proposed military service all such persons as might be offensive to him...

The leaders of this party are desperate men, innovators, such men as spring up in the wake of all civil wars; these men see that power is about to pass into other hands, and they have made a desperate resolve to prevent this, if possible. Every conceivable means to this end has been used since the close of the late war, and one of the principal means employed was the unlawful and forcible enfranchisement of the negro race in the South.

SONG OF THE TAXED. BY SPENCER CONE. Rock-a-by baby!—your father's a slave To the fanatic fool and the Radical knave, And even the cradle you sleep in, poor dear, May be sold to pay taxes in less than a year.

RICHMOND AND DANVILLE RAILROAD.—It gives us great pleasure to inform our readers that there is a good prospect of building within a few years the Georgia and South Carolina Air-line railroad. This will shorten the distance between Charlotte N. C., and Atlanta two hundred and fourteen miles.

WHITE MEN REMEMBER. "One Colored man is worth a half dozen Irish or a dozen Germans."—Stille's Radical speech in Greensboro.

Let us see what are its main features and leading provisions. The title of the act is false, fraudulent and deceptive. It is entitled "An act to organize a Militia of North Carolina." Whereas, in fact and truth, it does not provide in terms for the organization of a regular army composed of all the arms of the regular military service, and a police force, another sort of military organization, which is to be regularly organized, armed and equipped, but which could not, by any means, be denominated a militia, or the militia of the State.

Now what will this scheme accomplish? Under it, this Governor may organize, arm and equip, with such officers as he may choose, from this State and abroad, at least ten thousand men; he is in fact taking steps to this end; many officers are already appointed; he can organize, arm and equip, ready to make war, twenty thousand detailed militia, as they are termed in the Act, and take all these armed, organized troops, in connection with the semi-Military organization among the negroes, called the "Union League," and the Military force may be easily made to reach fifty or sixty thousand men.

BLAIR. HON. B. H. HILL AND MR. GREELEY. The Richmond Dispatch says: H. Greeley is the champion writer of the Radical party. It is his business to write; and he does it well. Yet when he fell into the hands of Hon. B. H. Hill, of Georgia, as he did last week, he proved to be comparatively a pigmy.

THE LOUISVILLE JOURNAL COMPANY on the 23d dismissed George D. Prentice. He had been on a salary of forty dollars a week. Mr. Prentice, at the age of sixty-five, is personally penniless, and a miserable wreck of his former self. The architect of his own ruin, he yet has the sympathy of his old personal friends.

FACTS TO BE OBSERVED BY THE PEOPLE. 1. In the approaching election, no man is disfranchised, who ever was entitled to vote. 2. A new registration will begin about the 15th of October, and every voter, old and new, must register. 3. There are 140,000 white voters in North Carolina, and 70,000 colored voters, in round numbers, a majority of 2 to 1.

This Governor may receive and organize, arm and equip, six regiments of infantry, three battalions of cavalry, and one battery of artillery. The usual number of a regiment is a thousand men, but no number is designated in this act. Under this provision, the Governor may organize ten thousand men, and arm and equip them. These troops are not to be taken from the people promiscuously, but they must be such as this Governor will accept. These troops may come from any State, and this Governor may appoint the officers from any State, and they are to be organized, as nearly as may be, according to the army regulations of the United States.

Now that will this scheme accomplish? Under it, this Governor may organize, arm and equip, with such officers as he may choose, from this State and abroad, at least ten thousand men; he is in fact taking steps to this end; many officers are already appointed; he can organize, arm and equip, ready to make war, twenty thousand detailed militia, as they are termed in the Act, and take all these armed, organized troops, in connection with the semi-Military organization among the negroes, called the "Union League," and the Military force may be easily made to reach fifty or sixty thousand men.

Mr. Hill closes with the following vigorous, truthful, and spirited paragraph: "Ten millions of white people (Americans)—wearing with repeated officers of Union, exhausted with protestations of good faith and sincerity, voiceless with vain pleadings for peace, hopeless of the redemption of pledges, impoverished with insatiate exactions, sick with fruitless concessions to malignity, distracted because they will not consent to dishonor, despised because they will not be inferiors, oppressed because they will not agree to be ruled by slaves, maligned as rebels because they will not submit to pillage by negroes led on by strangers, and driven by a terrible experience to the final conviction that in themselves alone is their protection—such a people, though deserted by all mankind, are not POWERLESS."

THAT'S SO.—If a negro thief happens to be caught in a Southern hen-roost, and is punished, or threatened, or even required to evacuate the premises without the desired chickens on his shoulder, all the white and black radicals cry aloud, "Insurrection and revolution are threatened! Forty thousand Ku-Kluxers are upon us! Universal massacre is imminent! Call out the militia and the whole regular army of the country! Sound all the trumpets and beat all the drums in the land, and make all other possible noises."—N. Y. World.

POOR MEN, read the Revenue duties on the following necessities of life—used in every family: IN DEMOCRATIC TIMES Coffee, free Tea, free Sugar, 2 cts. per lb. Salt, 14 to 20 " bush Molasses, 2 cts. per gal. IN REPUBLICAN TIMES Coffee, 5 cents gold. Tea, 25 " gold. Sugar, 3 to 5 cts. gold. Salt, 14 to 20 " bush Molasses, 5 cts. per gal.

These duties are paid by the merchants to the government; but, the price is added to the article and the consumer has it to pay. How long will the people continue to keep in power the party that is thus daily impoverishing them! Let them speak at the November election.

Now this Governor appoints and commissions all the officers. This is unusual and extraordinary in organizing the militia and contrary to the uniform practice in this State. But this is the leading means of centralizing the power of the two forces provided for.

WHAT GRANT SAID IN 1861. "I am a Democrat, every man in my regiment is a Democrat, and when I shall be convinced that this war has for its object any other than what I have mentioned, or the Government designs using its soldiers to execute the purposes of the Abolitionists, I pledge you my honor as a soldier that I will carry my sword on the other side, and cast my lot with the people."

RADICALS SELLING NEGROES INTO SLAVERY.—It seems that some time ago some "loil" men did ship from Mobile at one time about 150 negroes, under a pretext of taking them somewhere else where they would get better wages and have nothing to do, and instead of taking them to that paradise did carry them over to Cuba and sell them into slavery.—Selma (Alabama) Journal.
