Somesure things and some in doub

It is a sure thing that Grover Uleveland has been nominated for President on the Democratic ticket, and another pretty sure thing is that Blaine has posicively refused the nomination on the Republican ticket.

It is not a very sure thing who will be the Republican nominee, and another uncertain thing is, after all the bustle over nominations, who will be elected; and another deplorable uncertainty is whether the candidate elected will, in many respects. please the party that places him in power.

But a sure, certain and fixed actis, that G. Will. Armfield has one of the largest stocks of Clothing, Shoes, Hats, Dry Goods, Carpets &c., in the State, and notwithstanding this is campaign year and people have no great surplus of money, he intends to do his usual amount of business if prices are any inducement to buyers. You will see by a list of prices of goods a this column, that he means business; so call and see him before you buy.

The highest recorded balloon ascent asby Glaisher and Coxwell from Wolemampton, England, on September 5, 182. They rose to the height of seven

them, in order to clean up to make fect in the back, ranging around to the front of the abdomen and entering the cavity. One of the colored men present caught Suggs, took his pistol and put him in charge of others, then went and seized Sutton. In the meantime Garrison sank down and died in a few minutes. Suggs was allowed to escape, but Sutton was held and is now in jail. The morderers claim that Garrison had made threats on their lives, but no weapons, not even a pocket knife was

> found on him. IRON ORE IN STOKES .- Editor

Pepper, of the Danbury Reporter, paid a visit to where Prof. Shelly is at work developing the iron ore of that section. Mr. Pepper says: "Considering the short time that he has been here he has certainly made wonderful developments in uncovering hundreds of feet of veins at different places, varying in thickness from two to six feet of the very finest magnetic ore. His work of dsveloping so far is all open work near the surface. The grandest show of iron ever seen in this section of North Carolina is at the mine last opened, where a solid wall of iron ore 4 to 6 feet thick, 125 feet long, may be seen in the sunshine; the ore is so near the surface that the miners may throw it with their shovels on the land above from any part of the vein now exposed. The ore is solid black ore, literally a wall of iron, looks like a fresh broken bar of steel."

STOKES COAL .- The coal fields near Walnut Cove are beginning to attract notice. In conversation with a gentleman at that point, we learn that inquiries and visits of inspection are frequent, and the latter always results satisfactorily. Mr. Craft Clodfelter, a native of Waughtown, has removed to Stokesburg, just this side, and uses coal from these rich veins exclusively in the forges of the blacksmith shop he is operating. The fact is, it is generally conceded that the day is not far distant when Winston-Salem will look for

The delegates are seemingly very restive under the protracted skirmish and terrible heat, and their impatience may express itself in a burst at any moment.

Ohio, New York, Pennsylvania and Maine are all manœuvring as yet. When they develop their real purposes the end will be near.

During yesterday, Mahone was defeated in the Virginia delegation, and Wise was made chairman. The name of Depew was withdrawn .--Only three ballots were had during the day, with Sherman, Alger and Gresham in the order named. At the night session Depew and Ingersoll addressed the Convention amid great enthusiasm. It adjourned at a late hour in wild confusion, with the negro Fred. Douglas endeavoring to quiet the commotion.

The Captain Drowned.

San Francisco, June 22.-The Steamer Bertha, from Kerluk, Alaska, brought three of the sailors of the cod fishing schooner, Isabel, which encountered a gale May 1st, and two days later had to be abandoned. The men took to the boats, but in the storm got separated. The eight skiffs which contained the nineteen men on board the Isabel at first divided themselves into two parties of four skiffs. The skiffs of each party were lashed together. After being out three days, two of the men went mad from the hardships endured. They had to be put into separate boats and soon were drowned. Another boat capsized, and Capt. Nicherson, in trying to save the lives of the men, was drowned, as were also the men whom he tried to rescue. It is believed that the men in two of the boats which got separated from the others were also drowned-making fourteen who lost their lives.

News Notes of Interest.

Columbia, S. C., June 22 .- A small cyclone passed over the north ern part of the city to-day. The grand stand at the race track, a building 200 feet long, and having a seating capacity of about 1,000, was blown us flat as a pancake .--The building is a total wreck .-This will probably put an end to base ball here this year, as the grand stand is almost the only place in the city where base ball audiences can be seated. A heavy hail storm this evening did considerable damage to cotton." A commission was to day issued to the Bank of Johnson. Capital stock \$15,000, with the privilege of increasing to \$100,000. The Alpha and Omega Fraternity of the South Carolina University gave a banquet and german at Hotel Jerome to-night. The Governor to-day commuted the sentences of Horace Greeley and Mary Jones. The former was serving 15 years for burglary and the latter a life sentence for arson.

their fuel to the coal fields of Stokes county .- Winston Republican.

A MAN EATER .- Mr. T. C. Har. rissays one of the most gigantic sharks ever seen was killed at Morehead City a few days ago. He followed a vessel from the West Indies and was said to have measured 18 feet long and had a mouth big enough to take in a barrel. He was found to contain several smaller sharks which he had not devour. ed. He could doubtless have taken in half a dozen men without feeling any inconvenience. No such sharks are ever to be seen in our waters. Mr. Harris has sent for the shark's jaws, which he will place in the museum.-News Observer.

Mr. Alexander McIver, Jr., son of Professor Alexander McIver, was awarded the Greek medal at the University last week, and the Pittsboro Record remarks that the Greek medal is monopolized by the McIver family, for one of them gets it every year .- Sanford Express.

The shops of the Henderson Manufacturing and Building Company have been completed and the necessary machinery will be put in position as soon as possible. As heretofore stated, the building is on the scaffold. He was strangled IS a first-class hotel. Rooms furnished in the Safety beat of style. The table is always supplied with the best the county affords. Servants polite and attentive. Is located near and convenient to the court house. N. P. HA OK. Propriet or. heretofore stated, the building is on the scaffold. He was strangled

A Scaffold Horror.
