# Some sure things and some in doubt

It is a sure thing that Grover Cleveland has been nominated for President on the Democratic ticket, and another pretty sure thing is that Blaine has positively refused the nomination on the Republican

It is not a very sure thing who will be the Republican nominee, and another uncertain thing is, after all the bustle over nominations, who will be elected; and another deplorable uncertainty is whether. the cambidate elected will, in mamy respects, please the party that places him in power.

But a sure, certain and fixed fact is, that G. Will. Armfield has one of the largest stocks of Cloth. ing, Shoes, Hats, Dry Goods, Carpets, &c., in the State, and notwithstanding this is campaign year and people have no great surplus of money, he intends to do his usual amount of business if prices are any inducement to buyers. You will see by a list of prices of goods in this column, that he means business; so call and see him before you buy.

There were two negro secretaries of the convention, and during a portion of its siting it had a negro presiding officer. Two of the four delegates to Chicago were negroes. Altogether, there was too much negro in the convention to suit me, and although I have been a Republican, I am a white man and believe in white men ruling North Carolina. I fully appreciated, for the first time, what the people of the east have to contend with in fighting against negro rule and negro insolence and my ideas of county Government have altogether changed. I am in favor of the present system of county Government. I take this opportunity also to state that I do hereby withdraw from the Republican party, which is responsible for any danger there is of foisting negro rule upon North Caroli-

> Acting, as I do now, upon principle, and being moved by no desire for personal aggrandizement, I deem it proper to warn the young men of the country who, like me, are actuated by principle, from being carried away by the specious and deceptive sophistry of Republican orators. The welfare of North Carolina, moral, political and material, can only be subserved by the Democratic party of the people. I only wish that every young Republican in the West had done as I did-gone and seen the Republican convention for themselves. They would have reached the same conclusion that J. P. ROBBINS.

THE LATE REV. G. B. WET-MORE.-Rev. George Badger Wet more, of the Protestant Episcopal Church, died on Banner's Elk, Watauga county, on the 10th inst., in the 65th year of his age. He was well known in our section, having been rector of churches in this county and Rowan for more than a quarter of a century. He enjoyed in a large degree the affection of the people. Mr. Wetmore was born in New Berne and was a nephew of the great George E. Badger. He leaves four sons and four daughters. Another Chatham incident as related by the Pittsboro Home: A swarm of bees pitched on the extreme end of a limb about thirty feet from the ground in Mrs. McClenhan's yard a few days ago. Her son James took a novel and original plan of bringing them to the ground. He took his rifle and shot the small limb in two. The bees fell to the ground and were safely hived.

THE DEAD MAN.-On last Sat urday morning the news was brought to his city of the finding of the body of a man about four miles from Salisbury and about 300 yards from the North Carolina railroad. The coroner summon. ed a jury and went to the place. The man was found lying on his face, his right hand extending from his body, an American double action revolver was found close to the body; with two empty chambers and two loaded ones, and the fifth had an empty cartridge, evidently the one that the man had fired taking effect in his heart. A few feet from the body was found a rubber coat and an empty pint bottle, supposed to have had whiskey in it. Nothing was found on his body giving any trace of who he was; all that was found was a card of T. L. Seigle & Co., of Charlotte, another W. C. Wilson, with Harmon & Justice, hardware, Charlotte, N.
