GREENSBORO, N. C.:  
TUESDAY, JULY 24, 1888.

### The Joint Canvass.

On Saturday Col. Dockery caused Judge Fowle to be notified that he would be at Raleigh on Monday to make joint appointments. Judge Fowle abandoned his appointment at Charlotte and came back to meet him. On Monday morning Judge Fowle wrote asking for a meeting at 10 o'clock, and at the meeting the following agreement was entered into:

**RALEIGH, July 23, 1888.**  
At a conference this day held at the Yarborough House, it is agreed between O. H. Dockery and Daniel G. Fowle that they each shall fill his appointments heretofore made and published to and including the 24th of August prox., each being at liberty to be present for a joint discussion on equal terms at any appointments made by the other; that a list of joint appointments be made for them after the 24th prox., by mutual friends selected by them, to wit: T. R. Parnell and R. H. Battle, Esq's., such list to be published by the 10th of August.  
DAN'L G. FOWLE.  
O. H. DOCKERY.

**THE STATE TOBACCO ASSOCIATION.**—The second session of the State Tobacco Association will convene at Morehead city on the 28th of August next, and it is important that the local boards of trade throughout the State should at once select good, strong, active delegates to represent them at this meeting. Among the most important matters coming before this body will be that of North Carolina making a determined step toward having her products of leaf tobacco properly recognized in all the markets of the world as North Carolina tobacco. We trust that every Tobacco Board of Trade in North Carolina will take part in this meeting of the State Association.—*Raleigh Observer.*

**THE GOVERNOR GOES TO WRIGHTSVILLE.**—The Governor and Mrs. Seales, Mr. D. W. Bain, General W. P. Roberts and Mr. C. H. Armfield left yesterday afternoon for Wilmington and Wrightsville. While at Wilmington they will be the guest of Lieut. Governor Stedman. The Governor, ex officio Commander in Chief, will review the troops at Camp Pender tomorrow. It is said that the array of military is the largest ever seen in North Carolina since the war, and the crowd now at Wilmington and Wrightsville is said to be one of the largest ever seen in the State.—*News Observer, 24th.*

**WILL NOT HANG.**—The four colored men, David Simmons, York Gibson, Henry Battle, and John Justice, who were convicted at the last term of Durham Court and sentenced to be hanged August 3rd, have escaped death. Governor Seales commuted their sentence to imprisonment in the penitentiary and fixed the term at ten years for each prisoner. They were carried down to Raleigh today, and will work for the State.  
*Durham Plant.*

**FIRE AT BURLINGTON.**—Burlington had a \$10,000 fire Sunday morning at three o'clock. It was supposed to be of incendiary origin; three stores were burned, Holts, Townshend's and Sellar's, and J. W. & W. W. Lassiter's stock sustained considerable damage by removal. There was insurance to the amount of \$8,000 on the property, part with Southgate & Son's agency here, and part with Hamilton at Hillsboro.—*Durham Plant.*

**AT THE ENCAMPMENT.**—An old mountaineer walking with 2 of the boys (after getting fixed in camp), seeing the sound at dead low water, remarked that he didn't think it was such a darned big thing after all he had heard about it. He mistook the sound for the ocean. We suppress his name, as he is a modest man, and would not like notoriety.—*Wilmington Messenger.*

**THE TURTLE.**—The export of terrapin and turtle from this im-

mediate section to the cities of the North is not inconsiderable. The Vesper yesterday took out some barrels and boxes of the former and three of the latter, which weighed three hundred pounds.—*New Bern Journal.*

#### Tariff and the Senate.

Washington, D. C., July 23.—The Democratic members of the Senate committee on finance intend to make a demand that the Mills tariff bill be considered in the regular way, section by section, and paragraph by paragraph, and they will oppose the proposition of the Republicans to cast it into a pigeon hole in the committee room and give it no consideration. Republican members of the committee say it is probable that no effort will be made to report a tariff bill at this session, and that the Senate will be asked to authorize the committee to sit during the recess if Congress continues to give hearings to those interested in the various industries, and get a bill ready to be reported when the Senate meets in December. If this is done Congress can adjourn by the latter part or even the middle of August.

**Randall has not Cancer of the Stomach.**  
Philadelphia, Pa., July 23.—A story appeared in the New York World this morning of a startling character, to the effect that the Hon. Samuel J. Randall's Washington physician had decided that he is suffering with cancer of the stomach, which is incurable, and that the distinguished Pennsylvanian had probably served his last year in Congress. Dr. R. W. Martin, of this city, Mr. Randall's family physician, was seen today and when asked if the story in the New York World was true, said: "It is not true; Mr. Randall hasn't cancer of the stomach. There's absolutely no truth in the statement."

## The Opening of the Campaign.

The campaign is now about open. Politics are running high.—Notwithstanding this, prices are the reverse. They are now lower at G. Will. Armfield's than usual. In order to enable candidates of all parties to make a good canvass, he has reduced the prices of his whole line of Clothing lower than ever before, and also to enable the people to go nicely dressed up and feel as well as any of the candidates before the election and a great deal better than about two-thirds of them will feel after the result of the count becomes fully known. He now proclaims to every body—candidates, voters, ladies and children—that they can buy more Shoes, Dress Goods, or any thing he keeps, for a little ready cash, than ever before. So do not fail to call in and let him prove these facts to you before you buy.

He has reduced the prices of all his Summer Goods, Straw Hats, Clothing, &c., &c., not to cost, but any thing he can get for most of them, in order to clean up to make room for a Fall stock. So remember this when you want to buy.

Who courts and runs away. May live to court another day.—But who courts and will not wed, May find himself in court instead.

## Some sure things and some in doubt

It is a sure thing that Grover Cleveland has been nominated for President on the Democratic ticket, and another pretty sure thing is that Blaine has positively refused the nomination on the Republican ticket. It is not a very sure thing who will be the Republican nominee, and another uncertain thing is, after all the bustle over nominations, who will be elected; and another deplorable uncertainty is whether the candidate elected will, in many respects, please the party that places him in power.

But a sure, certain and fixed fact is, that G. Will. Armfield has one of the largest stocks of Clothing, Shoes, Hats, Dry Goods, Carpets, &c., in the State, and not withstanding this is campaign year and people have no great surplus of money, he intends to do his usual amount of business if prices are any inducement to buyers. You will see by a list of prices of goods in this column, that he means business; so call and see him before you buy.

The highest recorded balloon ascent was by Glaisher and Coxwell from Woburn, England, on September 5, 1862. They rose to the height of seven miles.

## CHEAP GOODS.

If you want to buy goods cheap, for less than value, now is your time. Just go to G. Will. Armfield and you will find the following goods so low that you will be almost compelled to buy them.—Here are some of the goods to be sold so low, which we think below market store prices:  
1000 lbs. Holland Shades, mounted on rollers, at 25c; former price 50c; 200 lbs. Ladies', Men's, Boys' and Children's low quarter shoes for any thing near cost.—These goods will be closed out at same price.  
A large lot of straw Hats cheaper than ever before.  
A large lot of Socksucker Coats and Vests, just right for hot weather, at cost and less.  
A large line of Ladies' Summer Gloves, to be closed at less than cost.  
A big line of Ladies' Silk Mitts, at 25 per cent less than cost.  
A large line of Men's Hats, including two or three lines of drummers' samples, that will be closed for 25 per cent. less than N. York cost.  
Don't forget the clothing. You can buy a suit for less than cost.—A lot of \$20 black Diagonals will be closed for \$15. Go and see for yourselves; you will be convinced.

Judge.—Have you ever met the prisoner at the bar?  
Witness.—Oh! yes, your honor; that's where I most always met him.
