North Carolina has 200 Young Men's Democratic clubs.

"Down with the white man's party" is the slogan of the Third party.

Wilmington's cotton receipts this year are 168,580 bales, a gain of 34,273 over last year.

Harrison is writing his letter of acceptance, after a delay of several weeks.

The Retail bill has been made a special order for tomorrow's work in Congress.

Last Saturday was another prolific day for yellow fever victims in Jacksonville, the number reaching 23.

The fight between Mebane and Cheatham, Republican candidates for Congress in the 2nd district, goes bravely on.

There is more genuine Americanism in one of Thurman's defiantly patriotic speeches than in the whole of the Republican platform.

The Florida political campaign is blocked by the yellow fever. Both the candidates for Governor have been quarantined.

Harrison is not "lucky." He has almost always been defeated for office. He will be beaten again in less than ninety days.

With Thurman to make the speeches and Cleveland to write the messages, it occurs to us that the ground of the campaign is about covered.

Bishop Galloway, a red-hot Prohibitionist, and a decidedly able man, is strongly opposed to mixing it with politics. He says it is strictly "a moral question," and so it is.

Mr. Blaine is going to do Mr. Cleveland up in a magazine article, and when Mr. Cleveland gets through with Mr. Blaine all that there is left of him may be done up in a postage stamp.

When Blaine rose to make his fourth campaign speech at Waterville, Me., not a single cheer greeted him. He only spoke fifteen minutes, and then sat down crest-fallen and sorrowful. Let her go, Gallagher!

France, Germany, Italy, Russia, Spain and China are curtailed round about by a high protective tariff. It is needless to say that wages in those countries are lower than in any others on the face of the earth. Working men, stick a pin here.

Chinese Hallison is beginning to hedge. He said in his last talk in Indiana that "it may be that reduction (of the High Tariff) should be made." Ah! Does he see the handwriting? Has he heard it thunder? Only a few weeks ago he said he indorsed heartily the Chicago platform which he had carefully studied.

The organs of Harrison and monopoly must be in a rather desperate condition for means to bolster up their campaign when they resort to the device of "interviewing" the employes of commercial establishments and then distort and mis-

represent what they say, or put words in their mouths which they never uttered.

Speaking at Durham.

Durham, N. C., Sept. 1.—At no time during the campaign have the Democrats of Durham been so delighted and entertained as they were last night. Capt. C. M. Cooke, of Franklin, and Mr. N. B. Broughton, of Raleigh, addressed a large crowd in Stokes Hall. Both speakers were frequently applauded and the Democracy of Durham feel grateful to them for the good they have done. Capt. Cooke led off in a speech of an hour, discussing mostly the tariff, and clear and convincing and overwhelming did he make the position of the Democratic party on this great issue. His text was "No more taxes should be collected than the government needs." He did not forget the Republican record in North Carolina. Mr. Broughton followed. He explained to the workmen the effect of a high tariff on their wages. He told them that over taxed hats and over taxed shoes and over taxed clothing could not be an advantage to them when their labor was bought in a free market. He gave the third party a heavy blow. He explained to prohibitionists that a measurable success of the Third party meant the defeat of the Democratic party and a return to power of the Republican party; that it meant negro supremacy again in North Carolina. An effective speech; a telling argument. Durham is beginning to wake up. The Democrats are being stirred!

The Latest Sensation in the Town of Statesville.

Statesville, N. C., Sept. 1.—Our latest sensation is a rumor on the street yesterday and to day to the effect that J. B. Connelly, clerk of the Superior Court, has decamped for parts unknown. Mr. Connelly is said to be short in his office accounts about \$12,000, besides being short many thousands of dollars in his private accounts. The exact amount is not known, but is supposed to be between \$40,000 and \$60,000. He has been a prominent man in the Methodist church, giving liberally to the church and charity. He made an assignment of several mill properties and residences in town. His office has been declared vacant, and he is said to have fled by the advice of his friends to escape punishment in a case of embezzlement and many other indictments that will be brought against him at the next session of the court. The case is a sad one, as Mr. Connelly has been a prominent citizen, both politically and socially. He leaves behind a family of a wife and several children, and if his statement is correct he leaves them in utter destitution, having declared the night before he left that he had not a mouthful of meat in his house. *Sic transit gloria Mundi.*

A Storm with Fatal Results at Hot Springs, Arkansas.

St. Louis, Sept. 1.—A special from Hot Springs, Ark., gives additional details of the fatal storm that visited that place late Thursday night. The first building swept away was in the north end of the town. The occupants, Mrs. Mattie Fletcher and four children, (colored) were drowned. The husband escaped. John Franklin rescued an injured man from the swollen torrent in the same locality. The bodies of a woman and her one day old babe were found in the drift in rear of the Waverly Hotel. An aged couple named Harrison occupied a small cottage in rear of the Arlington stable, but the force of the water caused the building to collapse and the wife was killed. There were several lost whose names have not yet been ascertained. The victims were principally poor people living in small cottages which could not stand against the storm.

More Particulars of the Dire Disaster.

Little Rock, Ark., Sept. 2.—Geo. Brown, of Lancaster, Pa., and C. H. Coolidge, of Cincinnati, visitors, have just arrived here from Hot Springs and say that the destruction is beyond description.—They report thirteen people drown-

ed. Nine bodies have been recovered and inquests have been held on four. The lost are mostly colored people. Owing to the despair and confusion, they could not learn the names of the drowned or the amount of damage done. The houses all along Central street are badly undermined, and many of those damaged will have to be rebuilt. The telegraph wires are closed and it is impossible to get further particulars.

The Cotton Fields of Arkansas Deep in Mud and Water.

New Orleans, Sept. 1.—Reports received from various parts of Arkansas, between Bunnher's Bend and Arkansas City, all complain of having too much rain, and that many of the cotton fields that two weeks ago gave promise of a fair harvest are now impassable on account of mud and water. The picking, which was about to be begun, has been indefinitely postponed. The half-grown bolls are nearly all rotting and shedding. The caterpillars have made their appearance in Chicot county, and are eating very fast in some localities. From along the Sun Flower river the same reports have been received, and in some very low lands the cotton is shedding rapidly. In many fields the specks on bolls are as numerous as are the blossoms in June.

A special to the Times Democrat, from Vicksburg, says: For several days past heavy and incessant rains have prevailed throughout the whole of the agricultural region surrounding Vicksburg, and the greatest damage is reported to have been done to crops. The recent storm did great damage, and following on the heels of that came the excessive rains and they have about completed the damage so disastrously begun. It is impossible to pick cotton in such weather and no one is attempting it, and as a consequence the crop will be late. The damage and falling off in the crop occasioned by the storm and rain are variously estimated at from 25 to 50 per cent.

Sensational Jail Breaking.

Raleigh, N. C., Aug. 31.—There was a particularly sensational escape from jail at Tarboro yesterday morning. Augustin Sharp, jailer, accompanied by Ben Hyman, a negro prisoner who is a trusty, went into the cells to give the prisoners food. Suddenly Ben Brown, an insane negro, sprung at Sharp and seized his hand. At the same instant Burt Shirley and Jim Glover, both colored, jumped on Hyman, knocked him down, and while Sharp and Brown were having a desperate struggle, both Shirley and Glover made their escape by bursting open the outer door. Shirley was serving sentence for attempting to kill his father with an ax, and Glover was undergoing punishment for beating his child in a most unhuman manner.

Both Were Idiots.

Raleigh, N. C., September 1.—George Denning and his sister Abbie, both idiots living in sumpson county, near Newton Grove, had a quarrel, as was their habit. Abbie became furious with George and being the stronger of the two, said she was determined to punish him for it. She procured a rope, put it over one of the joists in the house and swung him up.

A neighbor went to the house just in time to see the unfortunate brother die, while the sister, chattering and laughing, stood near. The parents of the idiots had been trying to get them to the asylum for some time past, but failed to do so.

Dr. Hubbard Found Dead

Raleigh, Sep. 1.—Rev. Dr. Fort-yeo M. Hubbard was found dead here at his bedside this morning, in the attitude of prayer. He was a native of Massachusetts, and was for forty years professor of Latin in the University of this State. He was, later, rector of the Church at Martins, N. Y. He was a man of high culture, one of the best Latin scholars in the country and had written many biographies.

Thirty-Fourth District.

Taylorsville, N. C., Aug. 31.—At the Democratic senatorial convention held here to day W. D. Turner, Esq., of Iredell county, and Wm. B. Barber, Esq., of Wilkes

county, were nominated by acclamation to represent this district in the next State Senate. They came in and accepted, making fine speeches. Maj. Wm. H. Sneed, the wit of Wilkes county, was called for and made some fun for the boys.

NEW FALL GOODS.

As the stocks of Spring Goods this season have become exhausted, so much so that it is impossible for customers to get what they want, I have replenished with an

Entirely New Stock of Goods,

selected for the Summer and Fall trade. The goods are in the house in shape to furnish all of my trade with the latest styles the market affords, and all of the

Newest Designs of Dress Goods,

with trimmings to match.

And I can assure all that my

BLACK GOODS DEPARTMENT

is better supplied than ever before with all kinds and prices of Cash meros, silk warp Henrietta Cloths, Jubilee Cloths, Flannels, Black Silks, and a full line of the latest Trimmings to match.

CLOTHING.

The Clothing Department is better supplied than ever before, as I have closed out most of my old stock. The trade compelled me to fill in ahead of the season, so I have now in stock the largest and best selected assortment of Clothing I have ever offered, and at prices lower than ever before. All I ask is a trial before you purchase.

SHOES.

The Shoe Department is now about complete, and all I have to say is just call in and you will be suited in style and price.

HATS.

If you want a Straw Hat to spice out the season, come in and you can get one very reasonable. I will not say at cost, for you would not believe it, as that is an old song—and not many merchants ever succeeded in selling on such terms.

For Wool and stiff Hats to suit every body.

THE CARPET DEPARTMENT

Will be complete in a few days, as the order for my fall stock is now in the mills and will be filled in a short time.

I can supply the demand with every thing of the line of Carpets, Oil Cloths, Rugs and Curtains.

And see for yourselves. I have been doing business too long to slip the old song of "Rock Bottom" on anybody every one else," and I believe every one such straws; and you will be treated politely and business-like.

Respectfully,

G. W. WIL ARMFIELD.
