

DAILY PATRIOT.

GREENSBORO, N. C.:  
TUESDAY, SEPT. 11, 1888.

SPECIAL PARAGRAPHS.

There are at this time 1,200 Farmers' Alliances in this State.

A man by the name of Jack Frost has been nominated on the Cold Water ticket in Iredele for the Legislature.

Edward Jordan, Lincoln's, Solicitor of the Treasury, is out and out for Cleveland, Thurman and Tariff Reform.

It is generally believed in Washington that Congress will remain in session all the fall and winter.

Col. John S Henderson, of the 7th district, has introduced a bill in Congress to "check and nullify the baneful operations of Trusts."

Arkansas having given her usual Democratic majority and Vermont her usual Republican majority, the canvass of the debatable States can now proceed.

Gov. Scales offers \$900 for the capture of Daniel Thornbury, William Thornbury and Jesse Patterson, all of whom are charged with murder.

The Washington Gazette predicts that Fiske, the Prohibition candidate for President, will withdraw from the race within the next 30 days.

Great pressure has been brought to bear upon the National Republican Executive Committee by his admirers to let Mr. Blaine make one speech in New York, but Senator Quay and Benny Harrison have the night mare when ever the matter is mentioned.

Cleveland is wide awake to everything that concerns the good of our people. He has instructed Dr. Hamilton to give all possible assistance to the people of Florida, and do everything that can be done to prevent the spread of the disease.

Will the North State tell the public why it calls the Republican voters "scrubs." It may not be any of our business, but just as we had a curiosity to know why Russell called the negroes savages, just so our curiosity is raised to know why any honest voter should be singled out as a "scrub."

Governor Bombastes Foraker, that little fool who happened to be elected Governor of Ohio, addressed a meeting at West Union, in that State last week, at which two banners were displayed, bearing the following legends: "To hell with the Democracy," and "Blaine and Protekshun." A blue back speller and a Democratic teacher would be useful to the Republicans of West Union, just now.

The Indianapolis Journal offered a reward of two thousand dollars to any one who could prove that Harrison ever said that one dollar and two meals a day was enough for any workingman Edward F. Gould, a Knight of Labor, brought fifteen witnesses and proved it, and the executive board of District Assembly No. 106, K. of L., has demanded that the payment shall be made.

Instantly Killed.

Redmarble Gap, N. C., Sept. 10.—Reuben Thompson, a colored convict, was instantly killed here by a slide yesterday evening.

The Maine Election.

Portland, Sept. 10.—Forty towns give a Republican vote of 16,264; Democratic 12,206; prohibition 574; scattering 337. The same towns in 1886 gave a Republican vote of 13,589; Democrats 11,138; Prohibition 784; scattering 52. Republican plurality 4,057, against 2,451. Republican gain 1,600.

Thurman on the Letter of Acceptance.

Columbus, O., Sept. 10.—"That is a strong paper, a very strong paper," was the remark of Judge Thurman when President Cleveland's acceptance had been read to him at a late hour last night, it having been received at Pittsburg. The Judge and party arrived home this morning safe and well, and will remain here quietly for some days to come.

A Large Subscription for Jacksonville, Fla.

New York, Sept. 10.—Subscriptions for the relief of Jacksonville, Fla., here-to-day amounted to \$14,331. Of this amount \$12,000 was the donation of one man, who, refusing to give his name, presented Mayor Hewitt a \$10,000 gold certificate and two crisp one thousand dollar bills. The total amount subscribed here to-day is \$19,286.

A Puzzling Case of Disappearance.

ASHEVILLE, Sept. 8, 1888. A puzzling case of disappearance is disturbing and distressing an anxious circle of friends and relatives here just now. On August 25th James Sumner, aged 18 years, left his boarding house on Depot street about 8:30 p. m., in his shirt sleeves and bareheaded, saying he was going over to a house near to play a game of cards. This is the last seen or heard of him. He had paid up his board bill to the day of his disappearance, and he left his valise and clothes at his boarding-house. Anxiety concerning him has deepened somewhat by the report that a pack of cards was found some days after the 25th of August near the depot, and marks on the ground indicating that a scuffle had taken place. The detective agency here has been employed and are working up the case.

Texas Quarantine.

Chicago, Sept. 10.—A dispatch from Houston, Texas, says: State officer Rutherford has returned from an inspection of all the quarantine stations along the Red River from Gainesville to Shreveport. Every railroad entrance is now guarded by from two to five officers who subject every man on board the trains to the most rigid scrutiny. The quarantine system in Texas is now probably the best of those of all the States in the Union. Express freight and all other freight is moved by rapid transit or carefully examined and not permitted to enter the State unless accompanied by shipping affidavit. Capt. Rutherford is not apprehensive of the disease gaining a foothold in Texas.

COTTON.—There were a good many farmers in the city yesterday. They report that the rain is keeping cotton at a standstill, but otherwise not much damage on the farms has resulted so far, from the wet spell.—Charlotte Chronicle.

MR. SANDERLIN IN THE WEST.—Mr. Sanderlin is doing up the west in grand style. Reports come that he is making a powerful campaign and putting in some very solid work. He made eight speeches in a week, six or seven of which were from an hour and a half to two hours in length. During the same week he traveled over 300 miles of territory. Mr. Sanderlin is in splendid working order and is "making the fur fly."—Raleigh News and Observer.

THE SURPLUS.—"I hold in my hand a letter from the Secretary of the Treasury giving the exact amount down to cents of the surplus in the Treasury. On August

31st of this year—only a few days ago—the amount was \$133,420,097 87. One hundred and thirty-three millions and upward of money drawn from the products of the people and lying in the Treasury of the United States without the slightest necessity in the world for its being there, money for which the government has not the slightest use, but which if left in the pockets of the people would be a great benefit to them in their business.

"What is to be done with it? It is admitted on all hands that this surplus must be reduced; for it goes on increasing from day to day, if my memory is right, at the rate of \$9,000,000 per month, without the slightest necessity for its so increasing.

"There are but three ways in which this surplus can be reduced. One is by extravagant expenditures of the government. Another is by the reduction of the tariff on imported articles, and that is the doctrine of the Democratic party. I hope you will advocate that free trade which takes from every man the taxation on everything he wears or his wife wears or his children wear, and on every implement of trade."—Judge Thurman at Newark.

CLOTHING.

The Clothing Department is better supplied than ever before, as I have closed out most of my old stock. The Shoe Department is now about complete, and all I have to say is just call in and you will be satisfied in style and price.

HATS.

If you want a Straw Hat to speed out the season, come in and you can get one very reasonable. I will not say at cost, for you would not believe it, as that is an old story—and not many merchants ever succeeded in selling on such terms. Fur, Wool and stiff Hats to suit every body.

I can supply the demand with every thing in the line of Carpets, Cloths, Rugs and Curtains.

Call and see for yourselves. I have been doing business too long to sing the old song of "Rock Bottom," "Below every one else," "Cost," and many other such straws; but come and see and you will be treated politely and business like.

Respectfully,

G. WILL ARMPFIELD.
