

EVERYBODY INVITED TO ATTEND THE FIREMEN'S
September 26-27.

The Daily

GRAND TOURNAMENT IN GREENSBORO
September 26-27.

Patriot.

GREENSBORO, N. C., SEPTEMBER 22, 1888.

NO. 106.

The Daily Patriot.

SATURDAY, SEPT. 22, 1888.

SPECIAL PARAGRAPHS.

The Georgia State elections take place next Wednesday.

It is rumored that Judge Jas. H. Merrimon of the 10th district, will resign.

Secretary Fairchild decides that reimported jute bagging is subject to duty.

It is said that "Old Uncle" Allen Granberry Thurman wears a No. 11 brogan.

The Plant says Will. Burkhead's appetite for office is sharpening up already. Is any body surprised?

Ten new cases of yellow fever are reported from Decatur, Ala., and there is a regular stampede from the city.

The Ohio State Journal says: "John Sherman is never behind the times." But he got left at Chicago all the same.

The joint canvass between Fowle and Dockery ends at Mooresville to day, and Dockery's goose is already cooked.

"Unnecessary taxation is unjust taxation, says the President, and it is pretty good doctrine. It will be the "public office is a public trust" of this campaign.

There is a genuine revolt in the colored camp in West Virginia. Sixty-nine delegates from twenty counties met and nominated a full State ticket of colored men.

The New York Herald suggests that instead of sending an expedition to look for Stanley, it would be a good idea to send one in search of Harrison, the great Indian unknown.

The Boston Herald, (Ind.) says the most important fact that remains to be considered is that New York is a Democratic State. This fact, it says, was tested in 1885 and again in 1887.

"And now they claim that the low price of cabbage is due to the operation of the Mills Bill." The claim comes, of course, from the Republican party, which has been overslaughed by the Mills bill.

One of Mr. Harrison's prominent Indiana supporters has been sentenced to the penitentiary for perjury. He must have been swearing to some of the statements in the Republican campaign speeches.

The Philadelphia Times says:—"Being a possible candidate in 1892, John Sherman naturally favors annexing everything that can vote." The encouragement the Times extends to John Sherman is the acme of cruelty.

Judge Tourgee has a new lecture with the rather inquisitive title of "Am I a Fool?" If the "judge," really desires an answer, it will not be long forthcoming and, the people in North Carolina do say, that it will be a very emphatic affirmative.

Mr. Harrison paddles along the republican mill pond safely and smoothly enough, and has not tipped the canoe over yet. Mr. Blaine has unkindly agitated the waters a little, perhaps with the idea of frightening the candidate and compelling him to keep close to the shore, but this seems to have been unnecessary.

LATEST NEWS.

BY TELEGRAPH.

83 NEW CASES.

Another Gloomy Report from the Yellow Fever District.

Jacksonville, Fla., Sept. 21st.—Eighty-three new cases of yellow fever at two o'clock this afternoon have been reported. Very warm weather, and fever on the increase. Several whole families are reported down.

For four successive days the thermometer has gone to about 90, and has not at night fallen to 70.

This remarkable heat partly explains the increase of fever. It is further explained by the fact that the colored people who have heretofore been treating their sick themselves, with various household remedies, without calling on a physician, are now, since the establishment of a free medical bureau and free nurses, reporting their sick, and asking medical attendance. Probably not less than a thousand colored people in Jacksonville have had the fever in a mild form, and have recovered; but these cases have never been reported.

Cases to move a stone to pity, occur daily. Yesterday a little boy named Storck was discharged from Sand Hill cured; he returned home to find his father, mother and all other members of the family dead and buried, himself left utterly alone in the world.

It is very hot today, and death will reap a harvest.

THE EXCITEMENT INDESCRIBABLE.

Nashville, Tenn., Sept. 21.—The night train on the Decatur road had between 300 and 400 people on board from Decatur, twelve of them bound for Nashville. They were passed by the State quarantine officials, but the State officials would not allow them to stop in Nashville, and they went on. About 50 went to St. Louis and the rest to Louisville. The refugees say the excitement in Decatur is indescribable.

A Daring Robbery.

Buffalo, N. Y., September 21.—Last night one of the most daring robberies ever known, was committed here just out side of the Lake Shore depot. The pay car of the road came in during the evening, and after being placed on a side-track the clerks went to sleep for the night. Sometime thereafter some cracksmen, who must have learned of the amount of money in the car, got under it, bored a hole in the floor and administered ether to the occupants. They then gained admission, blew open the safe and secured \$40,000 in cash. An effort was made to keep the matter from the public, but it leaked out this morning. There is no clue to the thieves as yet.

Smart Rascals.

New York, September 21.—The tremendous swindle perpetrated upon the law firm of Shepley, Bartow, Laroque & Choate by their trusted clerk, George E. Bedell, was the topic among downtown business men to-day. The members of the firm profess to be unable to throw any light on the affair at present. An investigation is being made, but it will take considerable time before the amount of Bedell's swindle can be definitely learned. It is now estimated at \$260,000.

Senator Chandler's Scheme to Send the Negro Back to Africa.

Washington, D. C., Sept. 21.—Mr. Chandler introduced in the Senate to-day a bill authorizing the secretary of the treasury to pay out of the direct tax fund \$50 for passage and sixty days rations to the United States and Congo steamship company for every adult negro who may emigrate to any free State in Africa.

Five Hundred Miners Strike.

Wilkesbarre, Pa., Sept. 21.—Five hundred miners employed at the George Edward mines, at Edwardsville, struck this morning for higher wages. The men are all out, and the mines are idle.

Free Use of Money to carry North Carolina for Harrison and Dockery.

[Special to the Patriot.]
Raleigh, N. C., Sept. 21.—A consultation of Republican bosses was held here ten days ago in the matter of the situation in the Second congressional district. Two years ago there were two Republican candidates—both negroes. They antagonized each other bitterly, and F. M. Simmons (Democrat) got in, being the first Democrat elected to represent that district. The same state of affairs exists now. There are two Republican candidates—both colored. Their names are Cheatham and Mebane. Both have been engaged in an active canvass, while Simmons, who is again the Democratic candidate, is doing earnest work. Several days ago Spier Whitaker, chairman of the Democratic State Executive Committee, learned that the plan of the Republicans was to buy off either Cheatham or Mebane, and run only one man against Simmons, and spend money also to defeat the latter. It appears that all arrangements have been perfected and Mebane has been bought off. It is said that the Protective League furnished the funds. This same organization is also sending money to this State for general Republican uses. Chairman Whitaker says he has information that the Republicans are receiving money in ample quantities, and that they are certainly making renewed efforts to carry this State. World has been passed that North Carolina can be put into the Republican column by the free use of money, and it will certainly be spent here. Whitaker says he is told that the Republicans give up the idea of carrying Michigan, and will devote their means and efforts to endeavor to carry North Carolina. This information ought to put the Democrats in this State on their mettle. Chairman Whitaker spoke very freely this afternoon of this new element of danger.

A TRUST EXPOSED.

Manufacturer Warner Quits the Radical Party.

NO. 40 LISPENARD STREET,
NEW YORK, Sept. 19, 1888.

TO THE PRESS:—
I am a Republican of twenty years' standing. I have never voted any other ticket. To-day as a reward for my fidelity, I am the victim of various forms of oppression, extortion and robbery. I appeal to you to lay my case before the people that they may the better understand the true situation in which all of us are placed.

I am an American manufacturer of table covers, piano covers and other articles for home use and ornament. The raw material from which these goods are made is wool felt.

On this article there is a double tariff tax, one specific (weight) and one ad valorem. It is a tax for my oppression, but for the protection of some one else. It varies on different qualities of these goods from goods from one hundred to one hundred and twenty-five per cent. or even more.

This rate of taxation represents the amount of oppression and extortion put upon me by this great and free government! It is amply sufficient to prevent me from buying my material in other countries and it at once hands me over to the domestic producers as their prey and victim.

Of these producers there are not more than five or six among our whole sixty millions of people. For the purpose of more effectually satisfying their rapacity these men have formed a "trust," "combination" or "conspiracy" to control and regulate the price of this article. As a result of this conspiracy the price has been fixed and maintained for three years at about one hundred per cent. above the market value in other countries.—Not satisfied with an arbitrary control of the price, discounts, terms and time on which myself and others shall buy the goods from them, they attempt to rule us with a rod of iron, and by use of the boycott and other means to compel us to conform to any conditions which they may dictate.

This situation of affairs is only possible by the present tariff law. It is the tariff which oppresses

not only me, but hundreds of other manufacturers and sixty millions of consumers.

It is the tariff which "fosters" and "protects" these few men in their schemes of extortion, rapacity and conspiracy. They have recently been summoned before a legislative committee for examination, but no action has ever been taken. I do not expect any relief from such resources, since the great high priest of taxation and oppression (Mr. Blaine) has declared that "trusts are private affairs with which the President or any one else has no right to interfere."

My only hope is the Mills bill, which removes the specific duty, takes away a portion of this oppression, allows the people to buy these goods where they are better and cheaper and at the same time kills this trust and conspiracy.

A CARD.

Having other business that will largely occupy my attention and probably call me away from the city at intervals during the next year, I have arranged with Mr. A. B. Frey, of Millersburg, Ohio, to take charge of my jewelry store. Although recently from Ohio, Mr. Frey is a Virginian and a gentleman whom I am proud to introduce to my customers. He has a thorough knowledge of the jewelry trade. If you want a new watch, or the time piece you have reads repairing, call and make his acquaintance.

The Ladies especially will find him courteous and attentive. He will sell them new goods or repair their broken jewelry at the lowest prices possible for fine quality and superior workmanship. The science of optics is one of Mr. Frey's specialties. A careful study and long experience have made him one of the best practical opticians in the country. If you require an expert to fit you with a pair of spectacles or eye-glasses, don't fail to call and see him, and no matter what the defect of vision may be, if it is possible to receive assistance from the use of glasses, he will supply you with just what is best suited to your eyes. Engraving is another specialty, and in fact for anything you ordinarily require at a jewelry store you cannot go wrong if you call. Very Respectfully,
JNO. J. THORNO N.
Greensboro, Sept. 11, 1888.

POMONA HILL NURSERIES

POMONA, N. C.

Two and a half miles West of Greensboro, N. C.

The main line of the Richmond and Danville Railroad passes through the grounds and within 100 feet of the office.

Salem-trains make regular stops twice daily each way.

Those interested in fruit and fruit growing are cordially invited to inspect this, the largest nursery in the State and one of the largest in the South. Stock consists of Apples, Peaches, Pears, Cherries, Plums, Japanese Persimmons, Apricots, Nectarines, Figs, Mulberries, Quinces, Grapes, Pecans, Strawberries, Raspberries, Currants, Gooseberries, Pie Plant, English Walnuts, Chestnuts, Roses, Evergreens, Shade Trees, &c., &c.
