THE PATRIOT is devoted to the great and diversified business interests of progressive Greensboro; the Agricultural, Industrial and Horticultural interests of Guilford county, the Fifth Congressional District and the "Old North State" forever.

Communications on local topics earnestly solicited from every postoffice in the Fifth District. The editor is in no wise responsible for views expressed by correspondents.

A HEARTY WELCOME.

To the thousands of North Carolina citizens who to day throng our streets; to the multitudes of "strangers within our gates," intent on business or on pleasure bent; merry children; happy young manhood and lovely maidenhood; middle age, "thinking long on many things," and those of bent form and silvered hair—the PATRIOT, in behalf of its friends and patrons, extends a welcome from warm hearts to the hospitalities of the "City of Flowers."

Our fair abiding place basks in the smiles of nature to day; God's sunlight flashes 'mid fluttering banner and glittering star, blessing pageant and crowd, and filling all hearts with exultant gladness in our holiday. With hearts attuned to the martial music which leads in line our citizen soldiery, typical of Southern valor, the gallant fire-brigade, custodians and protectors of property and life, the imposing exposition of our

trades and industries—in good course of happy people we will participate in the generous emulation of contesting companies, bow in reverent tribute to the memory of the dead, and in the more mirthful hours at evening's close right merrily wind up this holiday with the jest and song of curtained stage and the rhythm of flying feet in the graceful dance.

To each and all our guests we re-echo the eloquent welcome of the city's mayor—and, in the words of Tiny Tim, "God bless us, every one."

Utterly Surprised.

MERIDIAN, Miss., July 12, 1888. For a number of years I have suffered untold agony from the effects of blood poisoning. I had my case treated by several prominent physicians, but received but little, if any, relief. I resorted to all sorts of patient medicines spending a large amount of money, but yet getting no better. My attention was attracted by the cure said to have been effected by E. B. B. and I commenced taking it merely as an experiment, having but little faith in the results. To my utter surprise I soon commenced to improve, and deem myself to-day a well and hearty person—all owing to the excellent qualities of E. B. B. I cannot commend it too highly to those suffering from blood poisoning. J. O. GIBSON, Trainman M & O R R.
