

IN THE LEGISLATURE.

ONLY PRACTICAL FARMERS ON THE BOARD OF AGRICULTURE

THE HENDERSON DIVORCE BILL

Defeated in the Senate After Lengthy Discussion—Wilmington Local Bills Passed Final Readings—Additional House Committees—The House Passes the Lamb Ferry Bill—Bills Ratified, Bills and Petitions Introduced—Message from the Governor.

SENATE.

(Special to The Messenger.)
Raleigh, N. C., January 30.—The senate met at 10 o'clock.

The senate bill to authorize Greenville to issue bonds passed its third reading.

The senate bill to incorporate the Rutherfordton Railroad Company passed its second reading.

The senate bill providing that none but practical farmers shall be appointed on the state board of agriculture passed its third reading.

The house bill to amend the charter of the Moore County Railroad Company passed its final reading.

The house bill to amend the charter of the Aberdeen and Rockfish railroad passed its final reading.

The house bill to incorporate the Hilton Railroad and Logging Company passed its final reading.

The house bill to protect deer in Onslow county passed its final reading.

The house bill to incorporate the Wilmington lodge of Elks passed its final reading.

The house bill to incorporate the chamber of commerce of Washington passed its final reading.

The house bill to prohibit hunting without consent of the land owner in Craven passed its final reading.

The senate bill to allow alimony in case of divorces a vinculo matrimonii was taken up.

Senator Ward offered an amendment that there shall be no alimony allowed after the marriage of the divorced husband. He contended against the idea of a woman, on securing a divorce from her husband, who remarries, reforms and becomes a valuable citizen, being permitted to draw alimony from that husband after the second marriage.

Senator Henderson introduced, advocated the bill. According to the common law there was no absolute divorce except for causes that existed before marriage, and if she brought suit she was not allowed alimony because she had never been a real wife.

The vote was taken and resulted—aye, 18; noes, 20; so the bill was defeated.

The house bill to increase the number of commissioners of Hertford passed its third reading.

HOUSE OF REPRESENTATIVES.

The house met at 10 o'clock.

Petitions were presented as follows: By Mr. Spainhour from citizens of Burke county, asking for a compulsory school law; by Mr. McCulloch, from the Union Christian Endeavor Society, asking for a reformatory; by Mr. Morgan, from citizens of Johnston county, asking for a dispensary.

Bills were introduced as follows: By Mr. Stewart, to allow Dunn to issue bonds; by Mr. Watts, to authorize Irrell county to work convicts on public or private property; by Mr. Wright, to place all Confederate soldiers over 50 years of age and not worth over \$500 on the pension roll; by Mr. Craig, to allow the Asheville and Spartanburg railroad to become consolidated; by Mr. Allen, of Wayne, to reform youthful criminals; by Mr. Richardson, to allow Johnston county to work convicts on roads; by Mr. Spainhour, to provide better system for examining school teachers; by Mr. Morris, to reduce price of school books.

Messages were received from Governor Aycock submitting reports of the labor bureau, auditor, commissioner of agriculture and finance committee.

The speaker announced the following committees:

Courts and Judicial Districts—Spainhour, chairman; Lawrence, Daniels of Warren, Allen of Wayne, Yarborough, Robeson of Guilford, Rountree, Patterson, Wright, Green, Gaither, Shannonhouse, Craig, Benbow, Owen.

Apportionment of House of Representatives—Watts, chairman; Guilford, chairman; Mann, Carr, Hall, Richardson, Wilson, McLean, Stevenson, Fields, Mauney, Carson, Benbow, Duncan.

Senatorial Districts—Watts, chairman; Stubbs, Parker, Stewart, Brittain, Robeson of Guilford, Patterson, Whitaker of Forsyth, Morphew, Carson, Dunean.

The bill passed to allow the city of Charlotte to issue bonds.

The committee on elections, in the contested election case of Cowel against Dees, from Pamlico, made report that the votes of Bayboro precinct were properly thrown out by the canvassing board on account of stuffing the ballot box, and voting ballots of the wrong size.

Mr. Lawrence said two questions were before committee. Was the Bayboro box carried for the contestant by fraud? Second, Were the ballots cast for the contestant of illegal size? All the evidence showed this and the election board of Pamlico county so decided when they gave the certificate of election to Mr. Dees.

Mr. Blythe asked for roll call on the adoption of the resolution. The roll call showed—ayes, 71; noes, 10.

Bills were ratified as follows: To authorize graded schools of Goldsboro to issue bonds; to incorporate the Bank of Freemont; to establish a graded school at Rocky Mount; to provide a jury list for Scotland county; to incorporate the Goldsboro Oil Company; to fix the lines of Chadbourne township.

The bill passed final reading to allow Wilson to issue bonds.

The Lamb ferry bill, which passed the senate came up.

Mr. Marco sent forward a petition

from the citizens of Pasquotank county against the passage of the bill, also a resolution of the citizens of Elizabeth City in mass meeting condemning Senator Bray for voting for the bill and Representative Nash for supporting it.

Representative Nash said he had been attacked in the resolutions just read, and he submitted letters and telegrams stating that four-fifths of the people of Pasquotank favored the bill. He said the mass meeting at Elizabeth City was composed of thirty persons, all personal enemies of E. F. Lamb; that the ferry was not the issue in the campaign and the representative had made no promises; that all except the personal enemies of E. F. Lamb approved his course.

Mr. Blount, of Washington county, opposed putting shackles on the industries and enterprises of eastern Carolina. Large capitalists there opposed the bill because it grants a monopoly that is wrong, if it is not unlawful.

Mr. Mason said he was a democrat and opposed to trusts and monopolies, and he could not support this bill. If any man can show that a three-mile limit on a ferry is not a monopoly, he would try to sustain the report of the committee. Where is the democrat who is in favor of conferring a special privilege upon any one, as this bill certainly does? It is the financial benefit of one man.

The bill passed—50 to 35.

THE SCHOOL BOOK BILL.

Report of the Sub-Committee to the Joint Committee—Much Opposition

(Special to The Messenger.)
Raleigh, N. C., January 30.—The sub-committee on the Aycock school text book bill reported to the joint committee on education this afternoon its amended bill. The bill, as agreed upon, is substantially the original bill, retaining the features of committees of practical teachers to co-operate with the state board of education in the selection of books to be used.

Only two sections were adopted—the first declaring for state adoption, the second providing for a uniform system.

When section 3 was reached Chairman Connor stated his opposition to a sub-committee of teachers, and Senator Aycock at once moved an adjournment, saying he wanted an opportunity to enlighten Mr. Connor on the necessity for this provision.

The committee did not get to a vote until nightfall, owing to motions and speeches for postponement of action.

Messrs. Henderson, Connor, Smith, Shannonhouse, McAllister, Morris and Alexander seemed to oppose all features of the bill except the state adoption, and Aycock, Whitaker, Brown and Lindsay favoring the bill and early action.

The strong opposition to the bill within the committee was a surprise to Aycock and others.

No definite time was set for the next meeting.

A great number of book lobbyists are present, and part of them do not conceal their elation at the result of today's work of the committee.

BROUGHT HOME FOR BURIAL.

The Body of Wyatt Hicks, Killed at Storming of Peking Reaches Raleigh

(Special to The Messenger.)
Raleigh, N. C., January 30.—The body of Wyatt Hicks, a private of the Fourteenth United States infantry, who was killed at the storming of Peking, August 6th, was brought here this evening and taken to his former home on east Martin street, under military escort. The remains will be buried tomorrow in the national cemetery. There will be a military escort.

The state amends the charter of the South Dunn Manufacturing Company, allowing an increase of capital stock to \$50,000.

The state charters the Winston-Salem Auditorium Company, capital \$25,000; also the Elizabeth City Brick Company, capital \$12,000.

Representative McNeill of Brunswick, is very sick.

FATE OF THE SHIP SUBSIDY BILL.

To be Settled Today in a Conference of Democratic, Populist and Silver Republican Senators.

Washington, January 30.—A conference of democrats and their associates of the populist and silver republican faith will be held tomorrow as a result of the declaration yesterday by Mr. Frye that he intended to push the consideration of the ship subsidy bill to the exclusion of all other business, except by vote of the senate. This conference will determine the fate of the bill. If the opponents of the measure decide to continue a stiff fight, and debate the measure at great length, it will mean defeat at this session, with the short time remaining to pass the appropriation bills.

Some of the opponents of the bill on the democratic side feel that if the republicans are determined to pass the bill the minority should not go further than to state their objections fully and vote against it, but let the republicans take the responsibility which is theirs.

No one wants an extra session and that will be avoided if there is any possible way of doing so. It is even said that the Spooner bill will be passed in order to avoid such session. Republican leaders say that they believe an extra session can be avoided. They also say that the democrats must decide whether they will take the responsibility of defeating the subsidy bill and if they are ready to take that responsibility then other necessary legislation will be pressed rapidly to avoid an extra session.

SLOW PROGRESS MADE

BY THE SENATE ON THE SHIP SUBSIDY BILL YESTERDAY

THE BILL'S ALLEGED FAVORITISM

Severely Arraigned by Senators Turley and Jones—Information Wanted as to Guaranteeing Dividends to Corporations in Porto Rico—Conference Report on the Army Bill Displaced by Shipping Bill—The Anti-Polygamy Crusade Renewed in the House

SENATE.

Washington, January 30.—The shipping bill was kept at the front in the senate through the day. No appreciable progress was made, most of the time being occupied by Senator Turley, of Tennessee, and Senator Jones, of Arkansas, in speeches severely arraigning the bill's alleged favoritism.

The senate agreed to a resolution introduced by Senator Jones, of Arkansas, requesting the secretary of war to inform the senate whether the executive council of Porto Rico has agreed to guarantee dividends to corporations doing business in that island and if so to report all details.

The conference report upon the army reorganization bill was presented by Senator Hawley.

Senator Butler, of North Carolina, insisted that there had been an increase of color sergeants in the artillery provision.

Senator Hawley denied that there had been any increase of officers in any instance over the numbers permitted in the bill as it passed either the house or the senate.

When at 2 o'clock the shipping bill was taken before the senate as unfinished business, Senator Hawley sought to continue consideration of the army bill.

Senator Pettigrew objected and Senator Hawley finally yielded and gave notice that he would call up the army bill.

Consideration of the subsidy bill being resumed, Senator Aldrich gave notice of two amendments, one providing that applicants for subsidy shall contract to build a new vessel within the United States within three years and a second providing that the utmost limit of subsidy shall be fifteen years instead of twenty.

The balance of the session was consumed in discussing this bill.

HOUSE OF REPRESENTATIVES.

The anti-polygamy crusade which resulted in driving Mr. Roberts, Utah's representative, from his seat at the last session, had an echo in the house today during the consideration of the agricultural appropriation bill. When the section making the appropriations for agricultural colleges of the several states was reached Mr. Landis, of Indiana, offered an amendment providing that no money should be paid to the college in Utah under the secretary of agriculture was satisfied that no trustee, officer, teacher or employee in the institution practiced polygamy.

Mr. King, who succeeded Mr. Roberts, tried in vain to head it off but the house adopted the amendment.

Mr. Landis then was credibly informed that one of the professors in the agricultural college of Utah had three wives and one two and that one of the trustees had seven wives who had blessed him with thirty-nine children.

These statements he said had been made by one of the leading papers of Salt Lake City, and so far as he knew the official organization of the Mormon church had not denied it.

Mr. King then retailed by offering an amendment providing that no money should be paid to the college in Utah under the secretary of agriculture was satisfied that no trustee, officer, teacher or employee in the institution practiced polygamy.

He afterwards modified it so as to apply only to the agricultural college of Indiana. It was, of course, overwhelmingly defeated. Subsequently when the bill was reported to the house the Landis amendment was stricken out by a vote of 69 to 19.

The "friends of the farmer" were very much in evidence during the day.

Mr. Taylor, of Ohio, chairman of the committee on elections No. 1 submitted the report on the contested election case of Walker vs. Rhea from the Ninth Virginia district. The committee found that while gross frauds and irregularities occurred in the election they felt "very far short" of changing the result. The committee therefore recommended that Mr. Rhea, the sitting member, who is a democrat, should retain his seat. Messrs. Linney, of North Carolina and Samuel Davenport, of Pennsylvania, dissented from the conclusion of the majority and were given leave to file their views. The report will be called up in the near future.

The agricultural appropriation bill was passed and the house adjourned.

FOR GOVERNMENT BUILDINGS

A Bill to Increase Appropriations for Construction of Some of Them

Washington, January 30.—Representative Mercer, of Nebraska, chairman of the committee on public buildings and grounds, today introduced an omnibus bill increasing the limit of cost of public buildings in various parts of the country. It carries about \$1,500,000. The increases include Brunswick, Ga., \$50,000 to \$100,000; Elizabeth City, N. C., \$50,000 to \$100,000; Newport News, Va., \$100,000 to \$150,000; Tampa, Fla., \$250,000 to \$300,000; Winston, N. C., \$50,000 to \$60,000.

The bill, it is expected, will be reported Friday and Mr. Mercer as soon as possible thereafter, will ask unanimous consent for its consideration. If objection is made the committee on orders will be appealed to for a special order. The general impression is that there is now little prospect of further public building legislation at this session of congress.

THE PUNISHMENT COMMITTEE

Of the Ministers in Peking Again Meet Italian Soldiers Arrested by American Soldiers—Demands of the Missionaries.

Peking, January 30.—The ministers' punishment committee met this morning to continue the discussion of what measure of punishment to demand for provincial officials, where foreigners have been killed. The ministers refused to furnish any information as to the result of their deliberations. A meeting of all the ministers will probably be held tomorrow.

Three Italian soldiers entered a house occupied by Mr. Jameson, an American, close to the legation, supposing it was inhabited by Chinese and intending to loot. They insulted Mr. Jameson's guests and Mr. Jameson sent for the guard stationed at the legation. In the struggle an Italian was wounded. They were all arrested and turned over to the Italian authorities, who have requested an explanation.

The missionaries last night met and passed resolutions which were presented to the British and United States ministers today. The preamble sets forth the fact, "not sufficiently emphasized in the note" that the Chinese acknowledged that there had been no adequate retribution for the flagrant violation of treaties and that no indemnity was asked for the Christian Chinese who suffered heavy loss. Finally, the missionaries say nothing has been inserted in the note safe-guarding the missionaries and they earnestly request Sir Ernest Satow and Mr. Conger to see that the former treaties protecting missionaries are reaffirmed and that the government should be forced to allow Chinese of any rank to accept Christianity without injury to their prospects; that the missionaries should be allowed to live in the interior, own property and possess passports compelling their official acceptance; that friendly intercourse between the missionaries and officials be encouraged, and that relief should be found for the suffering native Christians. The missionaries earnestly hope that Great Britain and the United States will take a leading part in the coming reformation of China, helping the rulers to enter lines of reform which alone can serve the country.

BARROOM WRECKERS

A Woman's Christian Temperance Union Party Raid a Kansas Town—A Boston "Wrecker" Comes to Brtief

Anthony, Kan., January 30.—Mrs. Carrie Nation was out here today when a band of Woman's Christian Temperance Union women, headed by Mrs. Sheriff, of Danville, Kansas, completely wrecked the fixtures in four "joints," smashing plate glass windows and mirrors right and left, and turned gallons of liquor into the gutters. The women, who were of the best families in Anthony, were accompanied by their husbands and sons or brothers, who assured protection. No arrests were made.

The band will, it is said, start out tomorrow on a tour of destruction through Harper county, which is prolific in saloons.

Mrs. Sheriff, who led today's raid, is under bond to appear at Danville in April to answer a charge of saloon wrecking placed against her six weeks ago. She came to Anthony late yesterday and went to work procuring hatchets, axes and other implements of destruction and it was 2 o'clock this morning before she had perfected plans for the raid.

She enlisted fourteen women, all of Anthony. They began their attack shortly after daybreak, taking the saloon keepers and the town officials by surprise.

A drug store was the first point attacked, but though demolishing costly fixtures and registers they were unable to locate the stock of liquor. The next place, half a block away, was thoroughly wrecked. The proprietor attempted to stop the work, but one of the husband body guards with a blow on the head with a beer bottle quickly rendered the irate proprietor hors d'oeuvre.

Two more "joints" were visited in quick succession. Their furniture was demolished and the stocks of liquor emptied.

The women then knelt and prayed. They asked the Almighty to guide them to other dens of iniquity and direct their footsteps to other ruin cursed towns in Kansas. Immediately swarming was telephoned to adjacent towns by local saloon sympathizers who wished to warn their fellow saloon keepers. The mayor swore in extra police who placed under strict surveillance the women engaged in today's work.

As a sequel to the raid a number of young men and two or three small boys became reeling drunk.

Topeka, Kan., January 30.—Mrs. Carrie Nation today organized a band of forty-six women to follow her leadership and assist in visiting "joints."

The band was organized at a mass meeting for women called by Mrs. Nation and presided over by her at the Presbyterian church.

Boston, Mass., January 30.—Mrs. Mary Green, who seemed to be familiar with the methods of Mrs. Carrie Nation, of Kansas, wrecked a Cambridge street bar room last evening and today was sentenced to serve a term at the house of correction.

"I'm Carrie Nation," she yelled, "and I'll leave no rum shop in town when I get through."

THE VETERANS' MEETING

CONFEDERATE VETERANS ASSEMBLE IN RALEIGH

PROCEEDINGS OF FIRST SESSION

Veterans, Daughters of the Confederacy and Legislators in Representatives Hall—Petition of Daughters of the Confederacy to the Legislative Committee Presented—The Association Then Convened—Various Resolutions Looking to Aid to Veterans.

(Special to The Messenger.)
Raleigh, N. C., January 30.—The hall of the house of representatives was crowded tonight with confederate veterans, Daughters of the Confederacy and legislators.

The legislative committee on soldiers' home first met, Reinhardt presiding.

Senator Henry A. London introduced Miss Bessie Henderson, of Salisbury, who read in very impressive style two petitions, both addressed to the legislature, one signed by Mrs. W. H. Overman, president of the state chapter of Daughters, the other signed by 1,200 daughters, both asking greater aid for the veterans.

After this reading the committee arose and Julian S. Carr called the States Veterans' Association to order and prayer was delivered by Rev. Mr. Smith.

Mr. Carr read an address, well prepared and impressive in its showing. It asked for \$20,000 annual appropriation for the home.

H. A. London, A. H. Boyden and H. A. Ramsey were made secretaries. The roll of camps was called, and nearly all the sixty-two were represented.

A resolution offered by W. H. S. Burgwyn was adopted by a rising vote, expressing deep sympathy with William C. Stronach, who is dying of cancer, and expressing great appreciation in his years of unselfish service of the veterans and conduct of the soldiers' home.

A resolution was adopted that to chair appoint a committee of five to present the claims of the veterans to the legislature.

A resolution was adopted that to a committee of five all resolutions introduced be referred.

George S. Furguson introduced a resolution that all widows who were married before the close of the war and whose husbands have died since the war be put on the pension rolls on the same footing as widows now there.

A resolution was offered by John A. Ramsey that the North Carolina war history be printed at the state's expense.

A resolution was unanimously adopted declaring it to be the sentiment of this association that the legislature, in passing bills giving special pensions shall make specific appropriations therefor and not take from the general pension appropriation.

A resolution Ramsey read reports from the various states, showing what they give their soldiers' homes and pensioners, Georgia leading with \$300,000 to pensioners, Tennessee and Mississippi \$240,000 each.

A resolution was introduced asking an annual appropriation of \$20,000 to the soldiers' home.

Among the persons present were Governor Aycock, General Toon, Colonel Kenan, A. B. Andrews, William L. London, R. H. Battle, Spier Whitaker, P. B. Means, A. A. McKethan, J. G. Hall, Major Graham Daves, B. F. Dixon, W. A. Guthrie, Colonel Walter Clark, Colonel Osborne, Captain S. B. Alexander, Captain W. E. Underly, Captain Josiah Turner, Willis R. Williams, Captain J. J. Thomas, W. T. Cahn, James A. Bryan, W. F. Beasley, John S. Henderson, C. M. Busbee.

There were two resolutions offered regarding pensions, one by Ramsey that the legislature be urged to make a pensioner tax of 5 cents on \$100 of property, and 15 cents on polls. Mr. Cahn offered the other, to make the rate 1-3 cents on property and 25 cents on poll; that of this enough be applied to the soldiers' home to give \$200 per capita, the remainder to be apportioned among pensioners. He estimated this tax would yield \$200,000.

A resolution was introduced that there be an appropriation of \$5,000 for new buildings at the soldiers' home.

It was decided that the association shall meet at 11 o'clock tomorrow in Metropolitan hall to perfect all matters. It will then prepare an appeal to be submitted to the legislature.

Lenient Attitude as to Chinese Immigrants

Washington, January 30.—The department of state has now cabled to Congress very precise and detailed instructions for his guidance in treating the question of indemnity. The ministers have reached finally this important topic which was one of three that the state department earnestly desired to have dealt with by other agencies, and at another capital than Peking.

Realizing that it is easily possible to destroy the Chinese government and bring about the partition of the empire, which all powers express themselves as desirous of preventing, by an ill-judged effort to force terms as to indemnity, the state department, it is believed has adopted a lenient attitude, and will lose no opportunity to influence other powers accordingly.

Such little pills as DeWitt's Little Early Risers are very easily taken, and they are wonderfully effective in cleansing the liver and bowels. R. R. Bellamy.

FIRE IN A HOTEL

Two Lives Lost—Heroic Rescue—Narrow Escapes.

New York, January 30.—Two lives were lost at the burning of Hotel Jefferson, a seven story building, Nos. 102-106 east Fifteenth street, early today. The damage by fire is estimated at \$50,000.

The dead are: Elenora Downing, 25 years old, a nurse, and Elizabeth Reynolds, 30 years old, a waitress.

Mrs. Downing was being lowered from a sixth story window by means of a rope. The rope broke and she fell to the sidewalk striking on her skull. Miss Reynolds was suffocated.

J. Ensign Fuller, an elderly man, made a thrilling rescue of his 17-year-old invalid niece, Miss May Upperman, carrying her from the third floor on his back through the heat.

Edward Marshall, who lost a leg while war correspondent in Cuba, occupied a room on the second floor. Without waiting to find his cork leg he climbed to escape, one story from the ground but no ladder was there. Finally, a watchman pushed a plank across from the Steinway warehouse and he and about thirty others crawled across and escaped. Many of the guests escaped in their night clothes.

CHINA ORGANIZING MILITIA

Large Bodies of Militia Being Armed and Drilled for Emergent Use

Washington, January 30.—A prominent Chinese newspaper of recent date which has just reached Washington says:

"A very important movement is going on all over China, and more particularly along the vast coast basin, in response to special orders from the viceroys and governors. Bodies of volunteers are being actively enrolled and drilled in the use of fire-arms, nominally for their own protection, but in reality they form a large and formidable reserve force. Every guild and trade, in addition to all well-to-do country, have these 'volunteer' bodies, who are paid and armed by the government. They are not a public institution like regular troops, but are dispersed in towns and villages without any distinguishing feature and in the event of further hostilities will spring up from all quarters precisely 'a la Boer.'"

China mail advices also report that the allies have declared the Krupp guns in the Shanhaikuan forts international to prevent their removal, the Russians previously having carried off all the guns in the Pietan forts in the absence of such an arrangement.

THE FUNERAL PROCESSION

How the Remains Will be Taken From Osborne House

Cowes, Isle of Wight, January 29.—King Edward left Cowes for London this morning.

The coffin will be borne from Osborne house by the Queen's Highness, Friday, at 1:45 p. m., to a gun-carriage. The household of the late queen, the royal servants and the tenantry will be drawn up on the carriage drive. The queen's pipers will lead the procession through the king's gate at Trinity pier. There will be an imposing military display along the route, massed bands and drummers playing funeral marches. Behind the coffin will walk Admiral Sir Michael Culme-Seymour, first and principal aide-de-camp to the queen since 1899; the King, Emperor William, the duke of Connaught, Crown Prince Frederick William of Germany, the duke of York, Prince Henry of Prussia, Prince Christian of Schleswig-Holstein and other princes.

Then will come Queen Alexandra, the duchess of York and other princesses. Blue jackets will bear the coffin from the pier to the royal yacht Alberta, where Admiral Culme-Seymour, four naval aides-de-camp and two ladies-in-waiting will accompany the remains.

The king, the queen, Emperor William and other members of the royal family will embark on board the royal yacht Victoria and Alberta.

The main wing of Osborne house is expected to become the residence of Princess Beatrice in her capacity as governor of the Isle of Wight. The other part of the house will be reserved for the king.

Crown Prince Frederick of Denmark is expected to arrive in London tomorrow.

Prince Henry, of Prussia, sailed from Kiel yesterday on board the German battleship Baden, accompanied by the coast defense ship Hagen.

Foreigners Want the Spooner Bill Passed

Manila, January 29.—Dr. Kruger, the German consul general here, has cabled to the Berlin government, asking that the German ambassador at Washington be instructed to diplomatically urge the passage of the Spooner bill.

Two mining corporations organized in Germany are anxious to begin operations in the Philippines, but cannot do so until the status of mining claims is established by a permanent government. Similar action will probably be taken by the British consul.

This season there is a large death rate among children from croup and lung troubles. Prompt action will save the little ones from these terrible diseases.
