Heavy Snow and Violent Rain Storms Throughout the Central West Sections.

Snow from Canada to Atlanta-Sections ot Ohio, Kentucky and West Virginia Covered by Fifteen Inches of Snow-This Storm Preceded by Sixty Hours' Rainfall-The Ohio and its Tributaries Raging Torrents and Still Rising-Vast Amount of Damage Done-Railway Bridges Gone, Tracks Burled Under Snow Drifts and Landslides-The Worst not yet Reached.

VOL. XXXIV. NO. 41.

Washington, April 20., 8 p. m-The a excessive rains of the past twenty-four to thirty-six hours over the upper Ohio water shed have caused a very rapid and dangerous rise in the upper Ohio river and its tributaries.

In anticipation of a flood of decided proportions, warnings were issued this morning of a 30-foot stage at Pittsburg during tonight and danger line stages or over below Pittsburg as far as Portsmouth, Ohio.

West and north of Pittsburg heavy falls of wet snow are reported. Up the Alleghany valley reports come of two feet of snow on the level at many places. This had the effect of breaking down telegraph wires and crippling railroad service. Mails are either delayed for hours or not arriving at all. Railroad officials cannot estimate the cost of repairs, but say it will be heavier than ever before in the history of railroads running into Pittsburg. Tracks are torn up, bridges weakened, telegraph wires and poles down in all

directions. Six landslides have occurred on the Pan-Handle between this city and Stub enville, two of them very serious. The Charties branch is completely submerged and no trains can reach Washington, Pennsylvania, over this line.

NEGROES START A RIOT. Carnegie, six miles southwest of Pittsburg, is in a state of panic. To add to the excitement a number of negroes got drunk on liquor being carried Charge Against General Cailles-Civil Government to be Established by July 1st-Secret Workings of the Mando-Ducat Society Brought to manship. Light.

Manila. April 20 .- Aguinaldo has been removed from the Malacanan palace to a private residence, No. 56 Solano street. The guard placed over him has been modified. General MacArthur informed the rep-

of Hostilities-Prisoners Being Re-

leased in Exchange for Guns-Serious

resentative of the Associated Press that the effect of Aguinaldo's address to the Filipinos would undoubtedly be beneficial.

Aguinaldo composed his address without assistance. The original draft was in Tagalog. It was afterwards translated into Spanish.

It is believed Aguinaldo is sincerely for peace. He is not an educated man, but is possessed of considerable character and improves on acquaintance. Aguinaldo is not anxious to visit the United States, and it is considered best that he should remain here, pending the completion of the work of pacification.

Mr. Richards also declares that Carter's counsel went outside the record in the appeal case in averring that Carter is an innocent man and mants to be released in order to be tried in the criminal case in Georgia. He adds that to demonstrate the falsity of this last statement it was necessary for the solicitor general to state what the government has done in prosecuting the indictment against Carter and others in the federal courts of Georgia. "The facts stated," he continues. "appear in the documentary evidence presented by the government to the United States commissioner in New York upon the hearing of the application for the removal of Greene and the Gaynors to Georgia for trial upon the criminal holiday, and, in fact. all Dumbarton indictment.

\$1.00 PER YEAR.

Portsmouth, April 20 .- Portsmouth today was again treated with a beautiful game of base ball by the local "Stars" and Wilmington Giants. Grand? That does not express it! It will do any enthusiast's heart good to watch the discipline displayed by the Giants. Their today's game was an errorless one. Wilmington should be proud of her team. The whole bunch seem to be in love with each other and-that is the secret given for base ball leadership. It was keenly noticed immediately after the game this afternoon that the Giants were cutting their eyes towards the capital city in search of the result of today's game there. Jealousy does not seem to be alone between the nearby neighbors. Special mention should be given to Wilmington's team as a whole but as "Tack" Allen's pitching was so far superior, giving only one base on balls and striking out four. he must be mentioned. Cranston, the invincible, did as well and better than ever. and Kemmer. he comes in with a "homer." The base ball interest here is intense.

outside the record but is false.

At 7 o'clock p. m. the stage of water at Pittsburg was 24.6 feet, 2.6 feet above the danger line, a rise of 7.2 feet since 8 o'clock a. m., and rising onehalf foot an hour; at Parkersburg the stage was 34.8 feet, a rise of 7 feet since 8 o'clock a. m., and 1.2 feet below the danger line and still rising. At Cincinnati the stage was 35.8 feet, a rise of 4.7 feet since 8 o'clock a. m., and rising, but still 15 feet below the dander line.

As it is still raining over the upper Ohio valley it is impossible tonight to venture a definite forecast of the exact crest of the flood wave. It will, however, move rapidly down the Ohio river and stages above the danger lines will no doubt be reached as far as Cincinnati by Sunday night or Monday.

Flood warnings have been widely distributed, particularly in the vicinity of Pittsburg, and reports received tonight indicate that a great amount of portable property has been removed to places of security.

WILLIS MOORE. (Signed.) Chief U. S. Weather Bureau. A BLIZZARD AT YOUNGSTOWN.

Youngstown, O., April 20.-A storm, the equal of which has not been known here in years began yesterday afternoon and increased in violence until it assumed the form of a blizzard at midnight last night. The snow, which fell continuously for a period of twenty-four hours, reached a depth of eighteen inches on the level this morning and in many places drifted to a depth of four or five feet. It brought traffic of all kinds nearly to a standstill. The street car service was completely abandoned all over the city, the snow being so heavy the snow plows could not be operated. Several small buildings and barns collapsed from the weight of snow, but no accidents of any kind have been reported so far.

Louisville, Ky., April 20.-Roaring streams, continued high winds and heavy precitations of rain and snow were prevalent conditions today in many of the states of the south. Little damage was done by the winds, though it is feared that in some localities young crops have been stunted or killed by the frost or cold. At many points, particularly in eastern Kentucky, eastern Tennessee and Virginia, the temperature was lower than known in a decade at this time of year. In Kentucky today reports were received by the weather bureau from fifteen

from the cellars of saloons. Chief of Police George S. Foster tried to arrest three of them, when they attacked him with razors, cutting him severely. The fire bells were rung and the citizens turned out. They suppressed the negroes and arrested three of them.

Carnegie is in the worst condition from flood in its history .. The Superior Steel Company, employing 200 men, Dunlap Steel Platt Company, 100 men; Columbia Bridge Company, 150 men.

and the Chartiers Iron and Steel Company, 400 men, are closed and the plants are under water. The damage by storm in Carnegie is estimated at \$80,000. The town is in darkness and the people are freezing. The gas and electricity are shut off and coal is under water. It is reported that the bridge on the Washington branch two and a half miles above Carnegie has gone down.

At Heidelberg, a mile from Jarnegie the two story dwelling of Peter Tice was washed away. Tice and his wife, the only occupants, escaped. Nearby the home of Henry Swertzherger was threatened. Swertzberger, who is seventy years of age, refused to leave, but was carried out by his son, a few minutes before the house was engulfed. Wheeling, W. Va., 1:20-Preparations are being made for the worst flood since the memorable one of 1884, when the height of the Ohio was fifty-two feet, and half of Wheeling was under water. In the wholesale district hundreds of laborers are moving goods from basements to upper floors. Tonight the river is rising nine inches an hour. On Wheeling island, 1,000 families are moving to upper floors and occupants of cottages are moving to this side of the river.

District Manager C. A. Robinson, of the American Tin Plate Company sends an alarming report, instructing the local plants to prepare for fifty to fifty-five feet. Fifty-five feet is high-

er than the great flood of 1884. This estimate, however, is believed to be on the alarmist order.

The Pittsburg, Fort Wayne and Chicago railroad is crippled by snow of an unprecedented depth west of Orrville, where in the cuts there are drifts five and six feet deep. The telegraph wires were torn down by the wet snow. The Baltimore and Ohio and the Pennsylvania railroads east are in better condition being troubled only by small washouts and a few landslides. The Cleveland and Pittsburg is in serious condition, owing to

will be returned to Manila. Many prisoners are released daily, in exchange for guns surrendered. General Trias, who surrendered March 15th at San Francisco de Malabon, is accomplishing much in securing the surrender of utstanding insurgents.

Lucban, in Samar; Malvar, in Batangas and Minio in Abra province, are still heading bands large enough to be troublesome, but it is almost certain that these three leaders will surrender within a month.

The serious charges against General Cailles have placed him in a different category, but the fairest investigation will be offered Cailles in case he surrenders.

It is understood that the civil government will be establish soon. The precise date has not been fixed on account of the administrative difficulties confronting the commission. It will probably be delayed until July 1st, otherwise the military are ready.

The trial of members of the Mando-Ducat secret society who are charged with burying alive Filipinos who were opposed to the insurrection, and the trial of insurgent agents have elicited the fact that in one locality all the local officers, the parish priest and the president, were the chief offenders. A reign of terror was secretly inaugurated and persons refusing to contribute to the insurgent cause were buried alive by the direction of the president. All the details of the conspiracy have been unearthed, many arrests have been made, there is abundant evidence and it is probable that all the ring-

Of a War Department Clerk in a Hotel at York, Pa.

York, Pa., April 20.-A man registered as W. T. Yates. Washington, D. C., died suddenly at a hotel in this city today. Physicians attribute his death to congestion of the lungs. He is said to be a disbursing clerk in the war department. A physician was called in to see Yates this morning, but he died several hours later. His correct name is said to be Yateman.

a woman and registered as "W. S. Yates," and wife. He was in a bad who signed his death certificate as- back the cup, when the Americans come others are reported to have escaped. Foster

best that ever challenged for the cup. "But if you do not win." said the correspondent of the Associated Press to Sir Thomas Lipton, "will you try it again?"

"I expect next year to build a defender, not a challenger." was the diplomatic answer.

In this connection the manager of Denny's yard said: When Mr. James Gordon Bennett saw the Shamrock II here a few weeks ago he said: "'Well if she wins I am prepared to build a challenger.' "

Mr. W. C. Jameson, of Dublin, who sailed the Prince of Wales' cutter, the Britannia, with Captain Carter, and who will be Sir Thomas Lipton's representative on board the cup challenger, said: "If this does not bring back the cup we might as well leave it; but, I shall be surprised if that is the out-

come of our visit to America." The launch went off without a hitch. At Mr. Watson's signal the blocks were knocked away, Lady Dufferin let go the bottle, with the words: "Success to Shamrock II," and the yacht took the water amid general cheering, the lifing of hats and cries of "Hope she will win."

A large luncheon at Denny's office followed the launch. a toast to President McKinley's health following that of the British royal family, was enthusiastically drunk. The lord provost of Glasgow propos

ed Sir Thomas Lipton's health, referring to the indomitable perseverence which had enabled him to reach the position he had achieved today. He paid a tribute to American fairness. Sir Thomas in replying, amid frequent cheers, expressed his entire satisfaction with the building and design-

ing of the yacht. Mr. Watson, he declared, was second to none. He had worked night and day for months to prepare a boat worthy of his skill and the contest. "I think I may say," he added, "that apart from the technical excellence of the design, he has turned out a boat which. I have every confidence, will bring back the cup. The last time I had the worst possible luck in Mr. Fife's illness. I know more

than I did two years ago. I do not minimize the enormous task of bringing back the cup. No one knows better ins. Nevertheless, we go across feeling sure of lifting the cup. You may

(Special to The Messenger.) . Raleigh, N. C., April 20.-W. C. Wishart, of Maxton, is elected assistant clerk to the corporation commission. There were seven other applicants. The base ball game here this afternoon resulted: Wake Forest college 10, Trinity 6. The game was called at the end of the sixth inning on account of rain. The Batteries were Hobgood and Harris; Bradsher and Smith.

The state charters the Charlotte Telephone Company, capital \$30,000.

The contract was awarded here today to a New York firm for the central heating plant at the state university, to heat all twelve buildings. The price is \$26,700. No state funds will be used in paying for it.

Her Base Ball Team Walks Away with that of Bingham School

(Special to The Messenger.) Mebane, N. C., April 20.-Oak Ridge von from Bingham today by a score of 20 to 4. The game was played on bad grounds, and is a drizzling rain for the first half.

Cook pitched fine ball and Nelson caught in his usual style for Oak Ridge. Wynne and Crowder formed the battery for Bingham. Covington led the hitting for Oak Ridge, getting three two baggers. The team received royal treatment at the hands of Professor Gray and his gentlemanly as sistants, as elsewhere, this week. The score-R. H. E. Bingham 3 12 Umpire Professor Winston, of Bing-

ham. THE OUTLAWS SURRENDER

A Band of Kentucky Feudists Tield to a Sheriff's Large Posse

Middlesboro, Ky., April 20.-A report reached here this morning that a majority of the Reynolds band of feudists, who were entrenched on Boone's fork, in the vicinity of Whitesburg, Letcher county, defying arrest. have at last been induced to surrender. The outlaws held out until a small sized army under Officer Wright, the Fleming boys and others, were sent against them. condition and was supposed to have all be assured that the best boat will Then they threw down their arms. One been drinking to excess. The physician win. Should it be our fortune to bring outlaw named Mullins and one or two

The box score follows which covers the game entirely-a fuller description being necessary.
