PISTOL GRAPHS.

The report now is that Stanley will not explore Africa again.
Alamance Democrats endorse Vance for re-election. Good. Keep it up.
England has 450,000,000 acres in Africa—or an area fifteen times that of the State of New York.
The Sanford Express—one of our best weekly exchanges—is four years old and healthy.
A grasping Sheriff in New York made out costs for \$1,652. The Judge presiding allowed him \$1.50. Some difference.
Rev. Sam Jones has a brother, Joe, who is improving rapidly as a preacher. The Memphis Appeal intimates that he will surpass Sam.
A distinguished gentleman in New Bern says some very kind things of the MESSENGER in a letter received a day or two since. Thanks.
Only think of it. Nearly 37,000,000 of babies are born every year or seventy a minute. No wonder people get rich out of baby carriages and toys.
Astor has \$23,000 income each day. He has a great responsibility upon him. It will be very hard for such a rich man to enter the Kingdom of Heaven.
A Kentuckian has been fined \$175, and disfranchised, for selling his vote for 250 cents. Rough on rats. Now put the buyer in the penitentiary and do the right thing all round.
Illinois is a big State with a big population, but Cook county alone has 39 per cent. of the whole. It has many times the population of some of the new Radical rottenborough so-called States.

Birds have finished incubating.

Lovers only now are mating.
Chickens now are rearing.
It is merry August now.
Soon great problems, agitating,
Will men will be demonstrating,
Each the other side berating,
In the fall election row.

"A Methodist Subscriber"

at Fayetteville writes to ask us if "the Methodist church is a fit place for entertainment?" Our own idea is that a building dedicated to Almighty God and erected for His worship should not be used for any other purpose.
And now the identity of the new writer, Rudyard Kipling, is doubtful. The Boston Post says that it "is now said that he is Mr. Henry G. Bruce, the son of a missionary to India, and a graduate of the Harvard class of '87. Mr. Bruce is now in Duxbury for a brief holiday." A man with that name is to be suspected.
It is noticeable that some of the people of North Carolina are at last beginning to spell the late Judge Murphy's name as he wrote it. But the town of Murphy sticks to the error just as people do to the word hammocks, which has no proper authority to sustain it.

REPUBLICAN POLITICS.

THE REPUBLICAN STATE CONVENTION TO BE HELD TO-DAY.

The Two Factions Fighting for the Mastery and Bidding for the Negro's Support—A Negro as Chairman—Negroes Abusing Mott, Russell & Co.—More Negro Exodus—Wake County Going Democratic.

MESSENGER BUREAU,
RALEIGH, N. C., Aug. 27.

The report of the negro State convention was necessarily brief, but gave the salient points. It was a good convention, with so much talent in it that thoughtful white men who were spectators said, "We must stir up our young men; the negroes are making progress." Really the white people, Democrats, felt a kindly interest in the convention. They saw that the negroes, blind for more than twenty years, were now at last seeing what to Democratic vision had been clear so long. How the negro orators, and real orators they were, did pour the hot shot into Mott and Russell and White and John Nichols. A perfect shower of abuse fell upon Nichols all day long, and he appears to be a man without any colored Republican support. His head will be asked for by the committee whose names were telegraphed last night and who will go to Washington September 4th, to meet the President. J. S. Leary is chairman, J. C. Price spokesman and C. H. Moore secretary of the delegation.

Negroes tell me that they hate Cheatham and that they hope Simmons will be put up by the Democrats. They say he can beat Cheatham. The latter was in quite bad odor here yesterday and knew he was in a tight place. His speech of attempted defence did him no good.
The black men say they are 110,000 of the Republican voters, yet they get only one hundredth part of the patronage. To make things a trifle more even they demand the permanent chairmanship of the State convention to-morrow. This demand is plain and frank. Dr. Mott said to me to-day that there was no objection to it. That meant that he thinks the negroes entitled to it. That's all that was to be said. Has there ever been a negro chairman? It is learned that there has not.

More Republicans gathered to-day and the war of the factions is clear. While your correspondent was talking to Mott, Eaves stalked by. Each man appeared to be ignorant of the presence of the other in Raleigh, and there wasn't even a smile. Mott says the convention will be a large one, though Dr. Mott said a day or so ago that in his opinion not over half the counties would be represented.
It is hard to get "tips" on what this convention will do. Of course it meets at noon at Metropolitan hall and Eaves will call it to order, while J. C. L. Harris will call the roll of counties. There are intimations that in the platform there will be a plank favoring an increase of the currency (the Farmers' Alliance idea) and there will be one regarding the State election law and the Lodge bill. Efforts to find out if this would be an endorsement of the latter failed, though all devices were tried. The convention will probably go as far toward endorsing it as it dares.

The Republicans will steer clear of the "Sub-Treasury" clause of the Alliance platform, just as the Democrats did. That much is no secret. Dr. Mott, in fact, told me so.
Alex McIver, who is to be the Radical candidate for Congress in this district, is here, and has been some days. He is wire-pulling, and last night had a seat far to the front in the black convention.
Eleven more convicts were yesterday sent from the penitentiary to Egypt, to work on the new railway to the coal mines. This brings the number of convicts there to sixty-two.

Mr. T. C. Williams, representing the department of immigration, is now at Harnettville, N. Y., with an exhibit of North Carolina's resources. To-day Mr. A. M. Clarke, of Southern Pines, left here with another. This will be taken to Canada, Maine, New York, Michigan and Indiana.
Peg Leg Williams, whom all have heard of, was here yesterday, and told me he would late in October begin to move the negroes Southward. He wants 5,000 families for Arkansas and Texas, and 20,000 for the Yazoo delta. Williams has a list of the addresses of 22,000 negroes whom he has carried South. His illustrated circulars are, as the circus people say, "great." One shows a scene on a plantation after a day's work. Some negroes are dancing in the moonlight, while others squatted on the ground, are devouring water-melons with their customary rapidity. Great is Williams, and he is one of the men who are bound to succeed. He is now at Morehead, a catcher of fish, he will be later a catcher of men.

Full accounts will be given in the MESSENGER of to-morrow's convention, which is sure to have some interesting features. The bosses are trying to quiet the blacks and the two factions, Mott and Eaves, are in a life and death struggle. A witty negro last night, in the convention, pronounced sentence of death upon the bosses, and did it in dramatic fashion. Everybody, save the bosses roared with laughter. The negro to-day holds the balance of power. The white Republican leaders really don't know just what will be done. Heretofore they have made their plans ahead and worked up to them.
To-night there are lively scenes at the Yarboro house, which is headquarters of both Mott and Eaves. Mott has made a bid for the negro support by promising that a negro shall be permanent chairman of the convention. The Eaves people do not like this idea, and Eaves makes a bid by promising that he will see that negro appointments under him in the

FROM WASHINGTON CITY.

Disgraceful Scenes in the House; The Cruiser Charleston Ordered to Honolulu—Bond and Silver Purchases.

WASHINGTON, Aug. 27.—[SPECIAL.]—The bulldozing rules adopted by the Republicans and enforced by their Speaker had their fitting and necessary outcome to-day in a scene of the most beastly disorder ever known in the American Congress. While a filibustering protest against a partisan and inconsistent ruling of the Speaker was going on, Mr. Cannon, the Republican floor leader, insulted a Democrat, Mr. McAdoo, in obscene language. At the demand of another Democrat the words were taken down and while the House was having its hands full with this matter two Republicans in private conversation got into a fist fight on the floor and a third Republican in interfering was struck for his peacemaking. For several minutes, it seemed that the Republican party had forgotten the Democrats and the public at large and were going to rend each other in pieces. It was fully fifteen minutes before any semblance of order was restored. Speaker Reed was entirely powerless. The combatants were Messrs. Beckwith, of New Jersey and Wilson, of Washington and such choice billingsgate as cannot be even indicated in a family paper was hurled at each others heads. Just before this embroglio, a personal rencontre between Messrs. Cannon and Mason came near taking place in front of the Speaker's desk. The air was lurid for a while.

All this turmoil is the direct result of despotic rule in general and especially the effort to force through the so-called Pure Lard bill contrary to the order taken by the House itself.
WASHINGTON, Aug. 27.—The total amount of 44 per cent. bonds purchased to-day under the circular of August 21st was \$2,160,950. Several offers were received from National Banks to surrender four and a half held to secure circulation, but they were declined for the reason that the limit of \$3,000,000, which may be deposited in any one month to retire circulation, had been already reached for the present month.
The amount of silver offered to the Treasury to-day was 1,911,000 ounces. The amount purchased was 578,000 ounces as follows: 138,000 ounces at 119, 115,000 ounces at 119, 325,000 ounces at 119.

Rocky Mount Notes.

At a meeting of the stockholders of the Rocky Mount fair Saturday, it was decided to hold the next fair November 5th 6th and 7th. The floral house was burned by incendiaries last February—the rebuilding of another twice the size of the old one was decided upon. Mr. S. L. Orrington was elected secretary and treasurer—no better selection could have been made.
We welcome as citizens of our town S. S. Berger, Danville, A. J. Ellington, Reidsville and J. O. W. Grarely, Danville. These gentlemen are all experienced tobaccoists and will push our market this season. There are daily sales at both warehouses now—the breaks good and prices paid satisfactory. Rocky Mount will sell 4,000,000 pounds this year.
Our tobacco interest is booming our town. Two months ago there were more than a dozen vacant dwellings in town, now there is not one for rent.

A Locomotive Explodes.

MANSFIELD, O., Aug. 27.—The boiler of a locomotive on a freight train on the New York, Pennsylvania and Ohio railroad exploded this morning at 3 o'clock while the train was running six miles east of this city. Engineer Albert Graham and fireman Joe Murphy were instantly killed and horribly mangled. Fire was communicated to the oil cans in the train and fifteen cars were burned.

A Republican Flash in the Pan.

RALEIGH, Aug. 27.—[SPECIAL.]—To-day the Republican Congressional Convention of this, the Fourth district, met here, J. C. L. Harris presiding. Only eleven of the twenty-eight delegates were present and an adjournment until to-morrow was had after a two hours' wrangle, during which nothing was accomplished.

Illinois Central Men's Demands.

CHICAGO, Aug. 27.—The delegation of Illinois Central trainmen called upon General Manager Beck this morning with the new schedule of wages they asked. Mr. Beck promised to give them an answer ten days hence. The new scale provides for an increase of wages all along the line of from 5 to 30 per cent.

Strikers Apply for Reinstatement.

SCHENECTADY, N. Y., Aug. 27.—The New York Central and Hudson River railroad pay car was here to-day and paid all strikers in full to August 9, the day of the strike. The car left the city about 2:45 p. m., and several of the discharged employes at once made application for reinstatement, declaring the strike was a failure.

Ninth District Congressional Convention.

ASHEVILLE, N. C., Aug. 27.—[SPECIAL.]—W. T. Crawford, of Haywood county, was nominated for Congress in the Ninth district here to-night on the fourteenth ballot.

LATEST FOREIGN NEWS.

THE PEOPLE OF IRELAND THREATENED WITH STARVATION.

The Potato Blight Causing Fear of Famine—Collapse in the Price of Cotton—The Town of Tokay Destroyed by Fire—Swept by a Tornado—Churches Blown Down and People Injured.

PESTH, Aug. 27.—A fire broke out yesterday at Tokay, the market town for the noted Tokay wine, and all efforts to extinguish the flames were fruitless. When finally the fire burned itself out the whole town, with the exception of thirteen houses, had been destroyed.
DUBLIN, Aug. 27.—At a meeting of the National League here yesterday Mr. Timothy M. Healy, referring to the potato blight, said that nothing stood between the people and starvation the coming winter. The Government was represented as being most anxious to provide employment through the building of new railways, but how could the railway act recently passed be held to prove the Government's intention to meet the coming famine. Besotted stupidity marked the whole conduct of the executive. It might not be illegal for tenants to withhold their land during the period of distress, but the man who should pay his rent and leave his family to starve would be little better than an assassin. Was Ireland, he asked, to be placed again in the position of a mendicant before Europe and America? If it should be found necessary to appeal to America and Australia no part of the assistance thus obtained ought to go to any man who had paid rent during the last twelve months. Let the landlords support the rent-payers. The farmers ought now to give an earnest of their intention to grapple with the impending distress by paying contributions to the central fund.
Besides the disease among the potatoes, the hay crop of Ireland is reported ruined and cereals and turf is pronounced bad.
The blight is spreading in the counties of Down, Armagh, Donegal, Cork, Waterford, Tipperary and Limerick.

Both Jumped from the Train.

PHILADELPHIA, Aug. 27.—Among the passengers on an early express train from this city for New York this morning was a well dressed old man who was accompanied by a little girl. Nothing unusual in the actions of either attracted the attention of the other passengers until just before the train reached Holmesburg Junction, a way station about five miles from this city. At this point the old gentleman said something to his young companion and went forward and stepped out on the platform, and, although the train was running at a high rate of speed he jumped off. The little girl, who had been watching him, saw him jump, and before the passengers realized what she intended to do, she had run to the front of the car and jumped off also. The train was backed and the man was found dead and the girl insensible. They were brought to this city. When the girl recovered consciousness she said the old gentleman was her father and that his name was Stephen Beck and that hers was Lelan Beck, and that they lived in St. Clair county, Illinois, and were bound for Hamburg, Germany. On the body of Beck was found two checks on a St. Louis bank for 12,000 marks and \$95 in money. The child died shortly after reaching the hospital.

Anti-Tillmanites in Conference.

COLUMBIA, S. C., Aug. 27.—The State conference of the anti-Tillmanites met last night at 8:30 o'clock and adjourned at 2:30 a. m. The proceedings were secret and the only reports as to the results were of resolutions adopted condemning the action of the Democratic convention in August as tyrannous and usurpative and approving the withdrawal of the delegates who seceded. Tillman's charges and aspersions upon the party in power were condemned and asserted to have been utterly refuted in every instance. It is thought by many persons that there will be no further attempt to organize an opposition.

A Railroad Sold at Auction.

DANVILLE, Aug. 27.—The Danville and New River railroad, a narrow gauge road running from Danville to Patrick Court House, a distance of seventy-five miles was sold to-day at public auction under the claims of bond holders. Cloakmakers' Strike Declared Off.

PHILADELPHIA, Aug. 27.—The cloakmakers' strike in this city, after continuing nearly eighteen weeks, was declared off last night, and the strikers resumed work to-day. This result was obtained through the mediation of the Rev. S. Morris, LL. D., of the Mickvie Israel Synagogue, and George Randolf, agent for the Baron Hirsch fund and the Association of Jewish Immigrants. In all about four hundred and fifty men were involved; less than one hundred are now in the city, some having gone to Chicago and a majority to New York.

THE OCEAN RACE ENDED.

The City of New York Wins the Race, Beating the Teutonic by Several Hours—The Inman Line Men Rejoicing.

LONDON, Aug. 27.—The Inman Line steamer City of New York, which cleared the bar at New York at 9:46 a. m., August 20th, for Liverpool, twenty minutes ahead of the White Star Line steamer Teutonic, also from New York to Liverpool, was the first of the two vessels to arrive on this side of the Atlantic. She was signaled off Browhead at 12:25 o'clock yesterday afternoon.
The Teutonic passed Fastnet light at 2:30 o'clock yesterday afternoon.
QUEENSTOWN, Aug. 27.—The steamer City of New York arrived at Roche's Point at 3:46 p. m. yesterday, having made the passage from New York in six days, forty minutes. The log shows the following runs as recorded at noon each day: 461 miles, 441, 439, 457, 460, 461, and 65 to Queenstown.
The steamer City of New York arrived off Roche's Point at 3:46 p. m.
NEW YORK, Aug. 27.—The Inman Line agents are rejoicing over a cablegram announcing that the City of New York has won the eastward ocean race. The agents figure her time as 5 days 21 hours and 43 minutes. This would make a new eastern record and beats her own time going west, viz: 5 days 22 hours and 7 minutes. The City of New York left her dock at the foot of Christopher street at 8:05 o'clock on last Wednesday morning with 178 cabin and 225 steerage passengers. The Teutonic left her pier alongside the Inman pier at 8:45 o'clock with 376 cabin passengers and 415 steerage passengers. The Teutonic's time is 5 days 2 hours and 46 minutes.

PHILADELPHIA, Aug. 27.—Among the passengers on an early express train from this city for New York this morning was a well dressed old man who was accompanied by a little girl. CONGRESS.

BILLINGSGATE AND FISTICUFFS THE ORDER OF THE DAY.

Rowdy Conduct in the House—Mr. Cannon Using Vulgar Language, Which Causes Great Disorder and a Personal Encounter—Filibustering Against the Lard Bill—The Tariff Bill Progressing.

WASHINGTON, Aug. 27.—[SENATE.]—The resolution offered by Senator Plumb instructing the Committee on Rules to issue such orders as will wholly prevent the sale of spirituous liquors and malt liquors in the Senate wing of the capitol was taken up and, on motion of Senator Sherman, referred to the Committee on Rules.
The Tariff bill was then taken up, the question being on the substitute offered by Senator McPherson yesterday for schedule D, "wood and manufacturers of wood."
Senator McPherson's substitute for the wood schedule and some amendments offered by Senator Plumb to some of its paragraphs went over without action, leaving the whole schedule still open. The sugar schedule was also passed over informally and the tobacco schedule (F) was taken up. The question as to the duty on Sumatra tobacco was discussed at length. The amendment on which the discussion proceeded was one offered by Senator Vance to reduce the duty on leaf tobacco suitable for cigar wrappers, from 10 stemmed from \$2 per pound to 75 cents; and if stemmed, from \$2.75 to \$1 per pound. The amendment was rejected without yeas and nays, as were several other amendments.
Then schedule G, agricultural products and provisions was reached. No amendments from the Democratic side were successful. An amendment of the finance committee to reduce the duty on barley from 30 cents to 25 cents per bushel was withdrawn and the House rate stands. And upon motion of Senator Aldrich the Finance committee's amendment reducing the duty on barley malt from 45 to 40 cents per bushel was disagreed to, leaving the House rate to stand.
This brought the Senate to paragraph about rice. Without entering on a discussion of it the Senate proceeded to executive business, and at 6 o'clock adjourned.

HOUSE OF REPRESENTATIVES.

After prayer by the chaplain Mr. McClammy, of North Carolina, made the point of order of no quorum.
The Speaker directed the doorkeepers to notify the members in committee rooms that their attendance was required in the House, but even this movement brought into the chamber but eighty-five members, so a call of the House was ordered. The call disclosed the presence of 163 members, and the House waited patiently for ten minutes until three absentees, necessary to make a quorum, reported themselves to the clerk.
Mr. Brosius moved all further proceedings under the call be dispensed with. The opponents of the Lard bill, led by Mr. Mason ordered the yeas and nays in order to consume time. The motion agreed to—yeas, 146; nays, 21. The clerk then proceeded to read the journal in the usual abridged form when Mr. Mason demanded reading in extenso.
The reading of the journal in full consumed precisely one hour and Mr. Dingley of Maine, moved its approval and, on that motion, demanded the previous question. The previous question was ordered.
Mr. Turner, of New York, again set out on his task of consuming time, taking as his text the Cannon resolution of yesterday. Though he proclaimed himself to be in good voice, he was unable to proceed for more than ten minutes in denunciation of the resolution, when he ceased and yielded to Mr. McAdoo, of New Jersey, who heaped denunciation and ridicule upon Mr. Cannon's statesmanship and historical knowledge and his love for the farmer.
Then ensued the stormiest scene of the session.
Mr. Cannon rose to reply. He admitted that he was not a great statesman and also admitted the superiority of the gentleman from New Jersey in that respect. His friend abounded in one thing and that was wind, and under pressure it went out. (Loud laughter.)

There was instantly great confusion and disorder in the hall.

Mr. McAdoo shouted out that he wanted the words to go upon the record as a specimen of Mr. Cannon's vulgarity.
Mr. Caruth, of Kentucky, suggested the propriety of clearing the galleries of ladies, while Mr. Enloe was clamoring for recognition on the question of order.
Again Mr. McAdoo shouted out to Mr. Cannon: If you can afford to let that go on record as a specimen of your stable jockey wit I can afford to have it there. I cannot indulge in blackguardism with you. You ought to argue with a stable jockey. That is your size.
Finally Mr. Enloe was recognized on his point of order and demanded that the word be taken down.
Mr. Cannon—Oh, if it annoys you I will withdraw it.
After a brief discussion the Speaker overruled the point of order on the ground that Mr. Enloe's proper course would have been to call the gentleman to order and not to raise a point of order.
Mr. Enloe appealed from the decision, and the clerk proceeded to call the roll on sustaining the decision of the Speaker. But a storm was brewing; its mutterings were heard when Mr. Mason (Rep.), coming down the aisle near which Mr. Cannon was sitting, in tones audible only to those who were in the immediate vicinity, began to denounce that gentleman in no
