The Kansas People's party has put a full ticket in the field. The State has agreed at a recent meeting of the Gray and Cleveland...

OUR RALEIGH LETTER.

SENATOR GREEN: OF WAKE, HAS HAD ENOUGH OF THE THIRD PARTY.

Chatham the Hotbed of Third Partyism—Extreme Third Partyism in the Wake—An Unexpected Incident in the Wake—Mixed Trains on the N. C. R. R. to Be Discontinued.

Most of the talk here to-day was of the Third Party convention here yesterday. Senator C. Green, who represents the conservative element of that party, will leave it and again go with the Democrats. He was set down yesterday because he was not an extremist. In other words, the extremists, the "rule or ruin" people are, in the opinion of the conservative element, the career of the Third Party, not a few of whose members are now waiting to keep up their courage. Green is the only one of the conservative element who will have a good effect in Wake.

COMMERCIAL NEWS.

Stocks in New York Yesterday—The Grain and Provision Markets of Chicago.

NEW YORK, June 17.—The stock market to-day was affected principally by the heavy shipments of gold, but as heretofore, the influence was only to restrict trading, though how much further the promising upward movement might have gone, had there been no gold shipments, is matter of opinion entirely. The fact was demonstrated, however, that such an outpouring of gold, had it been a steady one, does not cause the selling of stocks to any appreciable extent. The market was narrow from the very opening and during the whole forenoon there were only three really active stocks—St. Paul, Distillers and New England, and each of these the demand for the shorts was most noticeable, while in but a few other stocks there was any movement of importance at any time of the day. The buying to-day was largely for Chicago account, with some help from London, and while there were no real reactions, there was considerable irregularity in the movement, the late trading developed strength under renewed buying for long accounts, which carried most of the active stocks to the highest price of the day. St. Paul, in fact, sold higher than it has in years, and, though Northern Pacific preferred and North American which met some stop orders, were weak throughout, most of the list closed at the best prices since the beginning of the year. More active and stronger than usual of late and Distillers finally closed at 100, while Northern Pacific and North American closed at 90 and 85, respectively. The market closed quiet but very firm generally at 100, with a gain of 1/2 cent for Distillers and New England, the two strongest stocks, are up 1/2 per cent, and 1 cent, respectively. Sales of listed stocks amounted to 294,000 shares; 1,000,000 shares.

DUN & CO.'S WEEKLY REVIEW AND SUMMARY OF TRADE.

Hot Weather and Hot Politics Interfering With Trade—Business Prospects Bright—Money Plentiful—Collections Good—Exports in Excess of Last Year's—Business Failures.

THE BUSINESS OUTLOOK.

DUN & CO.'S WEEKLY REVIEW AND SUMMARY OF TRADE.

NEW YORK, June 17.—The weekly review of trade published by R. G. Dun & Co. says: Hot weather and hot politics together have affected business at many points, but there is, nevertheless, improvement both in actual trade and in the prospects. One obvious cause is the shift in improvement in the flow of blood, amounting to a general crop outlook. A few weeks of growing grain has now just the weather for most rapid growth. Floods still make some trouble in the lower Mississippi Valley, but elsewhere throughout the West and Northwest excellent farm prospects stimulate trade.

THE BUSINESS OUTLOOK.

DUN & CO.'S WEEKLY REVIEW AND SUMMARY OF TRADE.

At the East the demand for manufactured products is large for the season and the settlement of many labor controversies, especially in building trades, while the fear of a long strike in Western iron works also stimulates purchases of iron and steel products. Political movements have been encouraged conservative men with regard to the monetary future.

THE BUSINESS OUTLOOK.

DUN & CO.'S WEEKLY REVIEW AND SUMMARY OF TRADE.

Hardware is very active. Improved trade is noted at Louisville and Nashville and business holds well for the season at Savannah. The increase in production of naval stores is being contemplated. High water makes business dull at New Orleans, but sugar is quiet and steady and money plentiful with little demand. Better weather and decrease of only 1/2 per cent in cotton acreage, according to the most reliable reports, have caused a fall of 5-16 in that price with sales of \$13,000 bales, receipts at New Orleans, but larger than last year, cotton spinners taking more cotton than a year ago, and unsold stocks of goods are comparatively small.

THE RAILROAD COMMISSION.

An Order Regulating Passenger Rates on "Mixed Trains."

RALEIGH, June 17.—[SPECIAL.] The Railroad Commission today issued the following order to take effect July 1st: On all mixed trains, carrying passengers where two coaches are attached, other than first and second class tickets must be sold; where only one coach is attached only second class tickets shall be charged, unless the coach has separate apartments; then first and second class rates may be charged.

WASHINGTON CITY NEWS.

W. SHIMMON, C. C., June 17.—The National Homeopathic Institute closed its session today and agreed to meet in Chicago next year. Among the last acts was the adoption of a resolution favoring the passage of the Paddock Pure Food bill now before Congress.
