

ESTABLISHED 1867. TELEGRAPHIC SUMMARY.

The Cleveland leaders will interview the chairman of each State delegation upon his arrival in Chicago and get his statement as to the preference of his delegation. Governor Gray will be a candidate for the nomination. His name will be placed before the convention by Senator Voorhees. Emmons Blaine, son of ex-Secretary Blaine, died in Chicago yesterday morning.

OUR RALEIGH LETTER.

Military commissions issued—Officer in charge of the North Carolina Works. Raleigh, N. C., June 18. Military commissions were issued today following the trial of the major and military secretary to the Governor, J. C. Bennett, captain and C. H. Wilson and W. G. Gibson, lieutenants. The Third Regiment, W. H. Hughes, captain, and J. H. White and H. W. Pender lieutenants. Co. B, First Regiment, Louisville; K. L. Flanigan, second lieutenant. Co. A, Fourth Regiment, Statesville; J. H. Sneed, Co. B, Third Regiment, Greensboro; George W. Howell, major, Third Regiment, Raleigh; M. Walker, first lieutenant and adjutant, Fourth Regiment, W. A. Gattis, Jr., of Durham, has resigned as major of the second battalion of the Third Regiment.

Governor Holt has received an invitation to attend the "food convention" at the Madison square gardens, beginning October 1st. President Harrison will open the fair. It is desirable that North Carolina food products should make a good showing at this fair. There are many of their products which are of high merit. This will particularly apply to canned goods, for which the State is noted. The products of this State are not surpassed by the best products of Baltimore and Philadelphia. More attention is being given in the way in which they are put up is needed, and here is a matter for packers to consider especially.

The silencing made the Richmond and Danville people that depot facilities must be provided at Newell's, a station near Charlotte. A letter from Superintendent Berkeley informs the commission that the materials had been purchased and that the station would be in operation. Many people went to Morehead City today, among them Chief Justice Merriam and President Hugh Jordan and several members of the Legislature. Raleigh will send many representatives there. A large party of Salisbury people will go Monday.

COMMERCIAL NEWS.

Stocks in New York Yesterday—The Grain and Provision Markets of Chicago. NEW YORK, June 18.—The stock market today was the dulliest for a holiday we have had in a long time. There was no disposition to trade in either way, and the changes were in all but a few cases for small fractions, and possessed no significance whatever. The bears did the best they could considering the lack of buyers, and they knocked \$1.00 off of Union Pacific. Distillers were strong at first and at 48 showed a net gain of 1 per cent, but the general weakness and realizations on the advance from its lowest point a few days ago caused a reaction of a large fraction. This stock furnished all the activity seen during the day, and was the only one whose transactions reached five figures. The decline in Union Pacific was hastened by a rumor that the holdings of Sidney Dillon would be likely to come upon the market, about 10,000 shares in all. There was no confirmation of this, however, and an unexpectedly favorable statement induced covering in the late dealings, with a consequent partial rally. The market finally closed dull and with insignificant changes generally, though Manhattan stock up 1/2 per cent. The total transactions were only 62,000 shares of listed and 9,000 of unlisted stocks, of which 11,000 were distillers.

CHICAGO, June 18.—Grain and provisions were both firmer and higher on the board today, corn taking the lead. The market was generally active and with a few exceptions was scarcely any news on which to trade, the firmness being largely due to uncertainty as to the future. Wheat advanced 3/4 cent to 75c and fell off to 73c on announcement of the receipt of the first crop of new wheat from Texas. Closing prices: Corn, 73c; wheat, 75c; flour, 5.00; pork, 11.00; lard, 6.00.

Proceedings in Congress. HOUSE OF REPRESENTATIVES. WASHINGTON, June 18.—The atmosphere in the chamber this morning was oppressive with heat and humidity and the few members present at 11 o'clock attempted to make themselves cool with fans improvised of newspapers and old copies of the Record. Mr. McMillin, of Tennessee, stated that every Appropriation bill passed the House, except the General Deficiency bill. Six General Appropriation bills were still unacted on by the Senate, and the House was far in advance of the Senate and would be even if they did not meet for a week. The House adjourned at 11:30 a. m. in view of the condition of the Appropriation bills in the Senate. He thereupon moved that when the House adjourned today it be to meet Wednesday next.

Emmons Blaine Dead. CHICAGO, June 18.—Emmons Blaine, son of ex-Secretary of State James G. Blaine, is dying. This was the statement made at young Mr. Blaine's residence here this morning. He has been ill several days. His condition was brought about by blood poisoning originating in disorder of the bowels. The death of Emmons Blaine's death was kept concealed for some time after he had actually passed away. The object being to reach the farther first with some gentle intimation of the fact and news. Efforts to get telegraphic communication with the ex-Secretary were, however, and about 12:15 o'clock the news of the death leaked out. It was not until about a quarter of 12 that the friends at the Baltimore and Ohio railroad headquarters in this city. His associates were only aware that he was ill and had been so for several days. The family is notably in the exciting convention scenes at Minneapolis. He took the result greatly to heart and he was confined to his room shortly after his return from the North. During the convention he seemed in perfect health, and no one who heard of his sudden passing one who heard of his sudden passing was more shocked than those who saw him participating in the caucuses early and late, night and day in his father's interest. He is thought possible by many that the strain of excitement at Minneapolis, followed by the keen disappointment of the outcome had not a little to do with the physical prostration ensuing.

RICHMOND, June 18.—A freight train on the James River division of the Chesapeake and Ohio road jumped the track to day between Lees and Standen in Gloucester county, killing Engineer Richard Slater of this city and wrecking the engine and train. Slater was thrown under the train and partially buried in the ground. No pill or nauseating potion, but a pleasant tonic and laxative is Simmons Liver Regulator.

FROM CHICAGO.

CLEVELAND TO BE NOMINATED ON THE FIRST BALLOT. Such is ex-Secretary Whitney's Positive Statement of Opinion—An All Night Conference of Cleveland Leaders—The New York Convention. CHICAGO, June 18.—The Whitney conference, before adjourning last night, decided that a number of those who took part in the deliberations should call upon the chairman of each delegation and get him to make a declaration as to the way his delegation intends to vote. The study of this matter the conclusion was arrived at that Cleveland had at least 450 votes in the national convention, and was well equipped to elect its own candidate.

While it is impossible to obtain general information to that effect, it is generally believed that Mr. Depew was a supporter of the Cleveland nomination, and that the question of his acceptance was the sole topic of conversation at the White House. An effort was made this morning by several newspaper men to interview Mr. Depew on this subject, but he courteously declined to do so. He remained at the White House until 3:30 o'clock. When he returned to his hotel he told a representative of the Associated Press that he had had a very pleasant chat with the President, but did not feel at liberty to say anything further about the subject. He added in response to an inquiry that it was useless to question him in regard to the State Department vacancy, for the reason that he thought it would be manifestly improper for him to say anything on that subject. He will go to New York tomorrow.

CHICAGO, June 18.—Daniel W. Voorhees, United States Senator and delegate at large from Indiana, announces that Governor Isaac Gray is a candidate for President in 1892. "Indiana will present Governor Gray's name," he said, "and I believe will vote solidly for him on the national ticket." "They tell us that Cleveland can't carry New York," he said, "because of antagonism to Hill, and then we hear of the delegates from New York to the Syracuse convention and for the alternative to contest the rights of the regular delegates to the national convention. The following is Mr. Fairchild's letter to Chairman Bruce of the Democratic National committee: To Hon. Calvin Bruce, Chairman of the National Democratic Committee, New York: Dear Sir:—In behalf of the New York delegates elected at the Democratic State convention held at the city of Syracuse, May 28th last, I respectfully request tickets for seats in the national convention for seventy-two delegates and fifty-two alternates for the State of New York, together with five additional tickets for each of such delegates. The formal credentials of the delegates were forwarded to your office by the New York delegates in due time. I am very respectfully, Calvin F. Fairchild.

CHICAGO, June 18.—Charles S. Fairchild, chairman of the New York delegation, has written a letter to Calvin S. Bruce, chairman of the National Democratic Committee, demanding that the delegates from New York be seated in the national convention and for the alternative to contest the rights of the regular delegates to the national convention. CZAR AND EMPEROR.

BERLIN, June 18.—[COPYRIGHT.]—The leading subject of conversation in Court and Diplomatic circles is not the visit of King Humbert, but the proposed conference between the Czar and Emperor Francis Joseph at Kiel. Communications on the subject have since been exchanged between St. Petersburg and Vienna, which promise to result in the extension of a formal invitation by the Czar to Emperor Francis Joseph to take part in this autumn in the imperial hunting expedition at Spill, Poland. The importance is attached to the arrangements, as tending to modify the relations between the Emperor Francis Joseph and the Czar. Feeling here is sanguine enough to hope that the personal exchange of views between the Emperor Francis Joseph and the Czar will succeed in detaching the latter from his French alliance, and lead to a permanent settlement of the irritating Balkan question.

Mr. Depew with the President. WASHINGTON, June 18.—Chauncey M. Depew, of New York, who is generally regarded as Mr. Blaine's most reliable successor in President Harrison's Cabinet was the principal subject of gossip in Washington today. He arrived here late last night. He spent the entire forenoon in his room at his hotel and received visits from Secretary Elihu, Senator Hisscock, Private Secretary Elliott F. Shepard and Mr. Halford remained a few minutes only. He called to invite Mr. Depew to take luncheon with the President at 1:30 o'clock. Mr. Depew accepted the invitation. Senator Hisscock was closeted with him for over an hour and then paid a courtesy visit to the President at the White House, returning soon after to Mr. Depew. Secretary Elihu made a long visit to the distinguished New Yorker, ostensibly in regard to the railroad bridge across Harlem river at Fourth avenue, but presumably on a matter of more general import to the President. While it is impossible to obtain general information to that effect, it is generally believed that Mr. Depew was a supporter of the Cleveland nomination, and that the question of his acceptance was the sole topic of conversation at the White House.
