TELEGRAPHIC SUMMARY.

Three negroes were lynched near Paris, Texas, Tuesday night by a party of masked men. This was the outcome of trouble that had been brewing in that section for some time, started by the killing of a negro desperado in July by a man named Ashley. John G. Whittier, the poet, died at 4:30 o'clock yesterday morning. Montana Republicans in convention nominate a State ticket, endorse Harrison's administration and advocate free and unlimited coinage of silver. A British steamer with 600 passengers on board runs off a rock at the Isle of Man. The passengers are safely landed by the life-saving crew and coast guard.

CORBETT THE CHAMPION.

HE KNOCKS SULLIVAN OUT ON THE 21ST ROUND.

The Fight Starts and Vigorous One - Corbett First to Win and is Aggressive - He Comes Out With a Scratch - Sullivan is Badly Punished and Bleeding Profusely.

NEW ORLEANS, Sept. 7.—Everything is ready for the great fight between John L. Sullivan and James J. Corbett. Excitement is at a high pitch and an immense crowd is present in the Olympic club's hall. Sullivan took his exercise in the morning, banging a new ball for time, skipping the rope, passing a leather ball and undriving up with a plunger. Corbett remained in doors quietly during the day. The leading talent of New York has thus far been very fortunate, and a rich harvest has been reaped by the selection of McAdulf and Dixon as winners. Nine-tenths of the New Yorkers are staunch adherents of Sullivan, and they are backing their opinions to their bottom dollar. The pool rooms closed yesterday, evening at 11 o'clock, and \$100,000 on Sullivan this morning they were 1 to 4 and yet considerable money was going on the champion. The crowd to-night appeared in the ring at 8 o'clock. Sullivan was the favorite at odds of 2 to 1, though those who looked purely at form failed to see why "the big man" should be selected as the favorite. The best of the fight was gathered in the arena before the boxers made their appearance. So far as the betting men are concerned, Sullivan was the favorite at odds about 2 to 1, though those who looked purely at form failed to see why "the big man" should be selected as the favorite.

NEW ORLEANS, Sept. 7.—Fully 9,000 people were present when the fighters met at the ring at 8 o'clock. Sullivan weighed in at 212 pounds; Corbett, 180. The pools closed at 8 o'clock 3 to 1 against Corbett. Corbett won the choice of corners. Charley Johnston, Sullivan's manager, and Jack McAdulf, seconded Sullivan. John Davidson and Billy Delaney seconded Corbett. The terms of the fight were 15 rounds; for Sullivan, Frank Moran; for the club, R. M. Frank. The gloves weigh 5 ounces. Professor Duffy instructed the men on the rules. In all respects to-night's fight was the greatest of the three. In point of purse, in point of men, in point of crowd and in point of excitement it exceeded the battles already gone into history. There was a plenty of money to back each man. The Sullivan people declared the terms of the fight to be had to meet the lead. Ten thousand dollars a side was named as the wager. The Corbett people agreed to a \$25,000 for the mill and the question of a purse. The Olympic wanted the match at all hazards. It offered \$25,000 for the mill and the princely sum was accepted. It was agreed the winner should have the whole of it. The loser would find no solace for his work. The conditions were brief. They were to fight to the finish under Queensberry rules. That means that the men must stand up squarely and box, and that each round should last three minutes and one minute rest. Nothing was said about weight. Each man was privileged to carry as much flesh as he pleased. Along with the purse to the winner goes the championship. The Sullivan people were of the club first. They had the advantage of the bell before 7 o'clock and drove leisurely down with a string of backs. The carriage was closed and few on the streets but it contained the man for Boston. Sullivan wore a dark suit, his heavy sweater peeping through his half open coat. He looked strong and determined. He walked with a jaunty air and came in so easy with the line of his entering at the time that few noticed him. He went to his room and changed into his fighting clothes. Big Jim Corbett followed in the wake of the champion coming in fifteen minutes later. He came in with a light step and face wreathed in smiles. He wore a tweed suit, cap and yellow shoes and his hands were stuck in the pockets of his coat. He nodded to friends as he walked rapidly to his room and showed no signs of nervousness in face of the battle before him. Mike Donovan, and one or two others trotted behind him. The first sign of the fight was the room up stairs they went to work to strip the gladiator. The two heavy weights remained in their room until in the loss for corners Corbett won and McAdulf had.

THE REPUBLICANS.

THE PROCEEDINGS OF THEIR STATE CONVENTION.

A Full Ticket Nominated, Headed by David H. Furbush for Governor - The Young Delegation Seated - Wrecking and Obviate

RALEIGH, N. C., Sept. 7.—[SPECIAL.]—At 12:15 o'clock Chairman J. B. Eaves called the convention to order at Metropolitan Hall. There were a good many empty seats in the portion of the hall assigned to the 240 delegates. Chairman Eaves had Secretary W. Parker, colored, of Carteret, was made secretary. W. Parker, in his speech, said he favored a Force bill and the delegates shouted in applause. He added that the Republicans had no quarrel with the Third party and endorsed it. J. C. L. Harris offered the following resolutions: Resolved, That it is inexpedient to nominate a ticket for Governor and other State officers. Resolved, That a test of Republicanism during this campaign shall be on the ticket for electors and Congressmen. Resolved, That the Republicans are earnestly requested to register and vote for electors and Congressmen, and as to Governor and other State officers, that they are urged to exercise sound discretion, having in view the success of the electoral ticket and as many Congressmen as possible, and the destruction of the Democratic party. Harris made a speech in support of the resolution. He said the Third party's organization was perfect and that its members had pledged themselves to fight to the finish if no State ticket were put up. He charged that in fifty counties, because of the absence of white Republicans, the negro vote is not counted. He charged the county commissioners with fraud and said the Third party would by threats of personal danger, make these frauds canvass the votes fairly. William F. Henderson, of Lexington, spoke in opposition to Harris' resolutions. He attacked Elias Carr, saying he was a man without principle. He asked if the Republicans were to come up like whipped curs and bow to the dictates of the Democrats. There were shouts of "no." Henderson said: "I shall we screen ourselves behind the Third party, which has not, in many counties, men enough to look in many boxes." [Yells of "no" and great burst of applause.] He said if his policy were pursued the Third party would soon join the Republicans. T. R. Purnell, of Wake, said the matter had been discussed enough and moved that the resolutions be tabled. By an overwhelming vote they were tabled, while the convention cheered long and loudly. One delegate yelled. It was then decided to ballot for a candidate for Governor. A. E. Holton placed in nomination David M. Furbush, of Fredell. W. F. Henderson and C. A. Cook made seconding speeches. On the latter's motion, most of the delegates rising and cheering, but as many as forty did not do so. O. J. Spears said the Western delegates had ruled and had settled this question of a ticket. For Lieutenant Governor H. L. Grant, of Wayne, and James M. Moody, of Haywood, were placed in nomination. Grant was withdrawn and Moody nominated by acclamation. Rufus Ains, of Granville, was nominated for Secretary of State; Henry C. Dockery, of Richmond, Treasurer; E. C. Parish, of Guilford, State Superintendent of Public Instruction; H. L. Grant, of Wayne, Auditor; T. R. Purnell, of Wake, Attorney General; William S. Ball, Associate Justice; W. L. Newwood, Judge Twelfth district. All were nominated by acclamation. The platform was read. It endorses the National platform, the nomination of Harrison and Reid, denounces the county government system and the system of letting out public printing to the lowest bidder, pledges aid to education, denounces the election laws, denounces the Democrats for claiming an honest economical administration of State affairs and for putting convict labor in competition with free labor, favors increase of national currency and the establishment of a postal savings bank. At 7 o'clock D. M. Eaves was escorted to the stage and introduced as the next Governor of North Carolina. There was a great demonstration by the delegates. Furbush said there had been discussion in the party. He asked that those who came and declared this to be the best opportunity the Republicans had to win the State. He said he expected all to vote for him and to work for him and assured the convention that he would do his whole duty. He would insist upon a joint discussion and was ready for it. J. M. Moody and other nominees also spoke. At 7:30 o'clock the convention adjourned sine die. At the adjournment of the convention it was announced that a ratification meeting would be held. It was well attended. Oscar J. Spears presided and made a speech. The other speakers were T. R. Purnell, J. E. O'Hara, George H. White, T. P. Devereaux and W. S. O'B. Robinson. White pledged the solid negro vote to the Republicans and said that he was one of those who had opposed the nomination of a State ticket, but who now thought that to-day's work was the best the party had ever done. All Republicans say they are very proud of the ticket. It was stated to-night that J. C. L. Harris had, since the convention, stated that if he were nominated for elector in this district to-morrow he would cease opposition. It is thought probably he will be nominated. The anti-Harris Republicans laughed at the way they crushed him to-day. Harris is delighted at it. We have a speedy and positive cure for catarrh, diphtheria, canker mouth and headache. SHILOH'S CATARRH CURE. A nasal injector free with each bottle. Use if you desire health and sweet breath. Price 25c. Sold by E. J. Hart, Raleigh, wholesale and retail agents.

NEGROES EVIDENTLY SUSPICIOUS OF WHITE REPUBLICANS.

They Are Not to be Delivered Over to the Third Party—Boyd's Name Taken From the Republican State-Committee Wins the Prize—The Lawra Party a White Party.

MESSINGERS GREAT, RALEIGH, N. C., Sept. 7. There were 140 Republicans in the caucus last night, which adjourned at 11:30 o'clock. It was difficult to get voters of it at first. You were sent the facts. One feature developed later. W. E. Henderson, a negro who holds a revenue office, and who was Chairman of the caucus at the April convention, assailed J. C. L. Harris and denounced him for saying the negroes smelled like guano. Henderson said he did this as the representative of the 115,000 negroes in North Carolina. Harris, who has no manner of love for the negro, coolly told Henderson he was a "white" man. That was to him the next best thing to cursing Eaves himself, which, to be sure, Mr. Henderson was ready to do. This morning the streets were astir with radicals, white and black. Inside the Yarbrow were most of the fifty white Republicans registered there. Outside were a few white radicals and many negroes, very nearly three-fifths of the delegates being of the latter class. The fact was plainly observable and that was that the negro vote separate and did not palaver much with their white associates. "I see through this business here to-day and that will be a good deal of the previous work of the white Republicans. They are trying to get the negroes and get ride of them. They want to get the negro vote. They want to have a white Republican party, thinking they can control the Democrats and get Third party men in line after a while. The negro vote divides the Republicans in North Carolina as we use past re-formation. Plenty of us will vote the Democratic State county ticket. I will vote it in this county. Our people will vote it in Durham county. We will elect it there by an overwhelming majority." Moving about in the hotel was D. M. Furbush, of Fredell, carefully talking about for Governor's committee. News then came that James E. Boyd was too busy to be a candidate. Mr. Dockery said to me: "The Democrats wanted Boyd for a bad. That of itself would have been a good reason for not nominating him. His Ku Klux record would have been used against him. In this campaign all we want to know is what the Democrats want and then we will do exactly the opposite of what they want. Mr. Dockery is evidently a sort of a philosopher. He had a lot of planks in the platform which he had prepared in hopes they would get in. Their language was bitter enough to suit. Mr. W. P. Batchelor had a telegram to-day that his horse Pamlico had won the prize at the best training station at the Kentucky State fair, making a half mile in 1:07. Mr. W. H. Pace, who owns a mine at Coal Creek, Tenn., said in a report that the miners have resumed hostilities are not true. A letter to him says the troops themselves got up the price of the best training station to stay. Your correspondent is sure what attraction there can be in that county. The party in aid of the State monument firm is a grand affair. A thousand people attended it last evening. To-day there was a delicious barbecue and Brunswick stew and tonight all sorts of amusements. The ladies of Raleigh are always foremost and always successful in these patriotic undertakings. The Raleigh cotton mills are now steadily at work. They employ 140 operatives. Quite a pretty little town it is rising on a bold bluff near the city. It is composed of operatives' houses and there are thirty of these, all of brick and nearly built. Rev. Dr. Daniel, late of Memphis, becomes pastor of the First Presbyterian church here. Raleigh lost two good citizens by death yesterday, these being Mr. Elias A. Carver and Mr. C. R. E. Both served gallantly in the Confederate army. Mr. Little was for years the agent of the North Carolina railway here. Mr. and Mrs. C. B. Edwards left this morning for Portland, Oregon. Mr. Edwards to attend the Sovereign Grand Lodge, I. O. O. F. Cablegrams. PARIS, Sept. 7.—The Prefect of Poles has begun to issue daily bulletins giving the number of new cases of cholera in Paris and its suburbs and the number of deaths. According to these figures, 89 new cases and 47 deaths occurred Monday in Paris and suburbs. Yesterday there were 50 new cases and 42 deaths. HAVRE, Sept. 7.—There were 27 new cases and 7 deaths of cholera yesterday. The disease is about at a standstill. HAMBURG, Sept. 7.—There were 702 new cases yesterday and 363 deaths, making an increase of 23 new cases and 80 deaths. ST. PETERSBURG, Sept. 7.—Cholera returns for September 4th for the whole empire place the number of new cases at 4,779 and the deaths at 2,073. An increase of 488 new cases compared with Saturday. The number of deaths were exactly the same. In St. Petersburg yesterday there were 138 new cases and 65 deaths reported, an increase of 35 new cases and a decrease of 5 deaths as compared with Monday. WARSAW, Sept. 7.—While services were being held in the Orthodox Greek church here to-day the torchlighters were thrown into a state of the wildest excitement by a tremendous explosion. There was a wild rush for the streets. After quiet was restored the police entered the church. On the floor they found the body of a man terribly mangled. An examination showed that a dynamite bomb had been exploded and that the man who was killed had attempted to blow up the church. The facts were learned from a paper found on the body, which also revealed that the man was a Catholic and bitterly opposed to the doctrines of the Catholic Church. LONDON, Sept. 7.—The British steamer Mona Lisa, bound from Dublin for Douglas, Isle of Man, ran off a rock at the island at midnight. There were 600 passengers on board. For a short time after the vessel struck there was every indication of a panic, but the officers succeeded in assuring the passengers that there was very little danger and they quieted down and awaited rescue. Dangerous rocks were sent up and promptly answered from shore. The life boat men and coast guards seized a rocket apparatus and soon succeeded in getting a line to the stranded steamer and a breeches buoy rigged and every one of the 600 passengers taken ashore in safety. The crew are still aboard the stranded steamer and an attempt will be made to hook her at the next tide.
