WILMINGTON, N. C., SATURDAY, SEPTEMBER 10, 1892.

#### TELEGRAPHIC SUMMARY.

The steamer Wieland from Hamburg arrived at New York quarantine yesterday and hoisted the yellow flag. The Normannia also had her yellow flag flying yesterday morning, indicating more cholera patients on board. The cholera record up to yesterday morning was: Ten new cases and four deaths the day before, with a total of fifteen deaths at New York quarantine and thirty-one on passage and sixteen patients now under treatment. - The Government has consented that the quarantined passengers at New York may be landed on a part of Sandy Hook -The passengers of the Normanula send a petition to Governor Flower setting forth the fearful condition of their situation, showing that there has been great neglect of duty by there has been great neglected as the state of programme invite the Northey be taken from the pest ship. THE CHOLERA.

DESPERATE SITUATION OF THE NOR-MANNIA'S PASSENGERS-

Cooped Up in a Veritable Death Trap -Their Memorial to Covernor Flower-More Cholera Cases and Deaths-The Wieland Hoists a Yellow Flag-Sickness on the Wjoming.

New York, Sept 9 -The news tele-graphed from Sandy Hook and quarantine this morning is to the effect that the Hamburg-American line steamship Wieland, which passed Sandy Hook shortly after 6 o'clock this morning reached the lower bay at 7:13 o'clock and there anchored and hoisted yellow flag, indicating that she has sickness, probably cholers, on board. The Wieland is not one of the first class steamers, but is a vessel of about the same size and build as the Rugia, which is now in the lower quarantine. The Wieland, however, carries both cabin and steerage passengers, and, no doubt, has her usual full complement of the latter.

The yellow flag has also again been hoisted on board the steamer Normannia where so many saloon passengers are detained in spite of the fact that the scourge seems to be attacking the steamship's crew and steerage passengers alone. It is a relief to know that Sandy

Hook also telegraphs that the dreaded flag has not been hoisted this morning on board the Rugia or Moravia and hopes are entertained that there will be no further outbreaks of the disease on board of these two steamers. The White Star line steamer Britania from Liverpool also passed Sanday Hook this morning and as she did

so the signal "report me all well" was fluttering from her signal halyards. Though this news of another cholera ship in port increases the gravity of the situation at quarantine, there is no alarm felt in official circles here, and the health authorities still feel confident of being able to keep the dreaded invader from landing on our shores.

The cholera record up to this morning, without counting the cases which may be announced to-day, is as follows: New cases yesterday, ten; number of deaths yesterday, four; total deaths in this port, fifteen: total deaths on passage to this port, thirty-one; sick and under treatment, sixteen.

WASHINGTON, Sept. 9 .- The War Department this morning relucttion of Sandy Hook as a detention station for the passengers and immigrants on the ships now lying in the lower bay of New York harbor. This action was taken this morning, it is stated, by Gen. Grant acting Secretary of War upon the representations of Secretary Foster and Secretary Tracy, who both urged the necessity of taking prompt action to remove quarantine persons to a place of safety. Gen. Grant stated that a telegram had been received, after consent had been given for the occupation of the Hook, from the President at Loon Lake, in which he stated that in his judgement the request of Secretary Foster for temporary use of

the island should be granted.

NEW YORK, Sept. 9.—There have been two deaths of steerage passengers, aged respectively 23 years and 6 months, on neard the Wyoming. Dr. Jenkins thinks it is suspicious as he can not get any particulars. He sent the mother and a child to Swinburge Island for observation. Diarrhoes is given as the disease. The victims came from Russia. Dr. Jenkins found two children and the mother of the same family sick with choiera symptoms and he has sent them to Swinburne Island. They had only been three weeks out of Russia. All who have come in contact with them will be sent down to Hoffman Island for ex-

amination. The Joseph Johns arrived from Hamburg and anchored at the upper delivery service is already extended quarantine. She left on August 20th | and is regarded by postal experts as a and reported all well and no sickness | most important departure in free deamong her crew.

Secretary Foster has just received a order letters will be taken from and detelegram from Acting Secretary of livered at houses of any person who War Grant giving the permission to purchases a box of the kind prescribed use Sandy Hook as a quarantine sta-tion. Work will begin at once on the his door or wails.

The following appeal to the Governor was to-day forwarded to the Executive To Hon. R. P. Flower, Governor of

the State of New York: The undersigned committee, represengers of the steamer Normannia, now | Chattanooga, September 15th. in quarantine at the port of New York. respectfully show that, as good citizens, we cheerfully submit to such detention as may be deemed necessary by the sanitary experts for the preservation of the public health, but we hold that ten ion, we are entitled at the hands of discomfort reduced to a minimum, and to this end no expense should be spared or reasonable precautions neglected; but that such measures have not been taken, and 500 persons, mostly citizens of the United States, have been exthe public. To show this to be true we submit the following facts: We have been detained since 4 o'clock Saturday morning by the power of the health officer, and yet during that time no official inspection of the ship or visit to the sick has been made by that officer or any one representing him. No scientific expert or other aid has been furnished to superintend the disinfection of the ship, but this work has been left entirely to the captain and his crew. Disinfectants, asked for and promised, have not been furnished, so that the work of disinfection begun by the ship officers has been stopped. No means has been provided for communication with the the ship an undue time. Fresh water placed on board from the Elbe, although application has been made therefor,

is no illness among the passengers, nor has there been for eight days. Hor is there any undus excitement, much less | Zimmerman Beats Nancy Hanks' panics amongst them. Can it be possi-ble that the National Government, the Governor, the press and the people of New York will permit 500 of their fellow citizens, all now in good health, to be longer penned up on this ship withe has been properly disenfected.

every appliance necessary to er able him at once to take charge of this ship and put the same in a perfect sanitary condition, and thus relieve us from our present jeopardy. Now that you know the truth we venture to hope that you will act promptly. Longer delay in this matter appears to us to approach oriminality. We subjoin hereto the report of a passenger committee on the station, all of which is respectfully submitted.
[Signed] J. R. McPherson of New
