

Spain Menchou who was backing Mitchell in his approaching fight with Belmont and who backed Hall in his Presidential fight, died yesterday in New Orleans. The Attorney General of Mississippi will prosecute all men training in that State for prize fights. Judge Taft, of the Federal court, has ordered the Brotherhood of Engineers from leaving freight from the Ann Arbor road, and that road has brought suit for \$200,000 damages against Chief Arthur and Sargeant. Notwithstanding the injunction Lake Shore engineers out the Ann Arbor cars and Judge Ricks on the Ann Arbor cars and contempt proceedings against the engineers. The Government will give the proceeds of the fine to the State of Michigan. A boy discovers a bomb with burning fuse on the steps of the palazzo at Rome, and stamps out the fire, then calls the police. It is said Signor Capri, former Italian Premier was paid \$500,000 by the Panama Canal company. Near Millport, Scotland a man and his four children are drowned. The chief of the Supreme court of the United States met yesterday and paid tribute to the memory of the late Justice Lamar. The Messenger's special telegrams from Washington indicate that Col. Kennan stands the best chance for the position of collector of customs. The only celebrated 55th birthday was that of President Cleveland, does not permit a former incumbent of one office to be appointed to an office of a different nature. At Jellico, Tenn., dependants on a train attack a Sheriff and one of the desperadoes is killed. The Secretary of Agriculture has reduced his force to the extent of saving the Government \$125,000 a year in salaries. A. S. Johnston of Charleston, S. The defeat of the German Army bill seems to be an assured fact. The Baptist missionary jubilee celebration is now in session at Baltimore.

MINISTERS DIVIDED

ON THE QUESTION OF AN INVITATION TO MR. MOODY.

A New Enterprise—Tardy Tax Payers—Work on the Durham and Charlotte Railroad to Begin at Once—The Newspaper Consolidation—An Army of Tramps in the City. RALEIGH, March 18. There continues to be much division among the ministers of the different congregations over the proposition to invite Evangelist Moody to open a series of meetings in Raleigh. Several consultations have been held here with no result. The main opposition arises from the fact that the Methodist Conference last fall adopted resolutions against the exercise of ministerial functions without license, and it is claimed that Mr. Moody comes within the line of prohibition. It is understood that Rev. Dr. Carter, of the First Baptist church, Rev. Mr. Daniels, of the Presbyterian church, and Rev. Dr. Reid, of the Christian church, oppose the invitation, and that Rev. Dr. Hall, of the Tabernacle, and Rev. Mr. Foster, of the Christian church, favor it. There seems but little chance of anything like unanimity. Letters of incorporation for a new Baptist society celebrated his 55th birthday. The rule of no reappointment, made by President Cleveland, does not prevent a former incumbent of one office from being appointed to an office of a different nature. At Jellico, Tenn., dependants on a train attack a Sheriff and one of the desperadoes is killed. The Secretary of Agriculture has reduced his force to the extent of saving the Government \$125,000 a year in salaries. A. S. Johnston of Charleston, S. THE RAILROAD STRIKE.

A New Phase in the Case—The Engineers Enjoined—A Suit Against Arthur and Sargeant—Contempt Proceedings.

Toledo, March 18.—The issuance of an injunction by Judge Taft, yesterday, restraining the Brotherhood men from boycotting Ann Arbor freight and the filing of a \$200,000 damages suit against Chief Arthur and Sargeant, has put a new phase on the situation and it is impossible to tell at present what course the men will now pursue. Chief Arthur, before he left the city, was non-committal as to what steps he would take. As it now stands, the only apparent course left the men is to inaugurate a general strike and to up all the roads, in the hope that they may thus bring the Ann Arbor to terms. At midnight last night, notwithstanding the injunction of the United States Circuit court, a number of Lake Shore engineers cut out Ann Arbor cars and refused to handle the same. As soon as the Lake Shore officials heard of the matter, they communicated with Judge Ricks at Cleveland, and he will be brought to Toledo on a special train to hear the cases of the Lake Shore engineers who will be charged with contempt. The Pennsylvania engineers have had a conference with their outsiders and agreed to stand by the decisions of the courts and not uphold the Brotherhood against the courts. Ann Arbor cars are being handled in Pennsylvania yards to-day. The Ann Arbor, for the first time since the strike began, is doing business to-day with non-union men on the engines. All passenger and freight trains are running.

The Wilmington Custom House—Senator Ransom Supreme—Moody's Reappointment—The Wilmington Custom House—Senator Ransom Supreme—Moody's Reappointment. WASHINGTON, D. C., March 18. It is understood here that the customs house matter is settled as far as it will be before the President takes action. Senator Ransom has decided to give it to Capt. W. R. Kenan. Senator Vance, although sympathizing with Col. F. W. Kerchner and recognizing his great services to the party, says he cannot interfere. Col. Kerchner remains on the spot. Under the President's last announcement he may receive a commission and be favorable to D. Covington, and the people interested may give him the office. But the probabilities are adverse to this. George H. Bellamy, left for home to-day. John D. Bellamy and wife start to-night. The rest of the Wilmington delegation return to-morrow. Mr. Kenan will probably be postmaster at Asheville, Senator Vance assuming in Representative Crawford's office. The most active candidate for the Durham postoffice is Mr. Reams. Among the prominent arrivals are Col. J. G. Martin, of Asheville, and Col. W. H. S. Burgwyn, of Henderson. Hon. H. C. Jones' withdrawal from the district attorney contest appears to be favorable to D. Covington, and R. B. Glenn is still a strong possibility. Mr. Robert H. Cowan applies for the Deputy Fifth Auditorship; Col. J. G. Martin for Consul General in Japan; Mr. E. C. Williams for a place in the Interior Department.

A YOUNG HERO.

A Boy Finds a Dynamite Bomb With Labeled Great Religious Functions in a Public Building in Rome—He Stamps Out the Burning Fuse and Then Calls the Police—The Matter a Mystery.

Rome, March 18.—Following close upon the unsuccessful attempt to blow up the Ancina Mattei palace, the residence of Hon. William Potter, American Minister to Italy, another dynamite outrage was attempted to-day at the palazzo Attieri, headquarters of the Guardia Nobilitaria, one of the military organizations whose duty it is to attend the Pope and to be present at great religious functions in the Vatican. Early this morning a boy passing the palazzo Attieri saw a mortar of what he at first thought was mortar put upon the steps of the palace. With a sharp report, he ran up the steps and was surprised to see a burning fuse extending from the mass. The boy at once stepped on the fuse with his feet, and there followed a great explosion, which was not long in ascertaining that what the boy had mistaken for a mortar was a dynamite or other high explosive. The bomb was encased in a thick coating of plaster, and the explosion was so violent that the experts would have added to the destruction that would have been wrought had the explosion occurred.

THE GERMAN ARMY BILL.

Its Defeat Apparently an Assured Fact—The Emperor Criticizing Severely the Course of Minister Caprivi.

LONDON, March 18.—Numerous signs in the last week have pointed to Berlin as the scene of the next Cabinet crisis. A feeling that at the last minute the Emperor and his Chancellor would concede a few thousand recruits rather than submit to disheartening defeat on the army bill commission was current throughout the empire until the announcement was made that the national liberal offer of 40,000 more recruits had been finally refused. It then became apparent to all that not only in the commission, but also in the plenary sitting of the Reichstag the bill was doomed. This means that of the best a general election. The Government is doing its best to defer an appeal to the people until the next year, but in a bill as the present one, besides electing a new Reichstag, and a Social-Democratic Government, the bitter enemies of all decent parties. Even the Conservatives agree that Chancellor Caprivi has been so far from the mark in his attitude toward the parties, and it is believed that his arrogance will cost him his office. The Emperor's attitude toward the parties, and it is believed that his arrogance will cost him his office. THE BAPTIST CENTENAL CELEBRATION.

Richmond, Va., March 18.—The Baptist centennial celebration, which commenced in this city this evening, and will continue to the 20th inst., opened this evening with a devotional meeting at the First Baptist church, conducted by Rev. Dr. Broadus, of Louisville. The celebration of the centennial began some years ago in the Southern Baptist convention. The proposition was to commemorate the centennial of organized Baptist missions. Just one century ago Wm. Carey sailed from England to India in company with one Thomas and the generally understood the word as endeavoring to raise special sums of money for missionary work and to quicken the interest of the denomination in foreign missions. In the South, under the auspices of the convention, it is sought to secure \$250,000 to be used as funds for chaplaincy, for the purchase of Bibles, and especially to enlarge current operations in the Foreign and Home Mission Board. The members of the committee in charge of this work are Dr. P. Eaton of Louisville, T. H. Pritchard of Charlotte, N. C., H. H. Harris of Richmond, T. M. G. of Raleigh, L. J. Thacker of Atlanta, Ga., and W. D. Powers of Norfolk.

Portraits in Pencil. INDIANAPOLIS, Ind. March 17.—James J. Corbett, champion pugilist of the world, who is in town, says he thinks only good men can compete for the large purses now being offered, and that the Crescent City club was foolish to offer \$40,000 for two Australians.

Asked what was the lowest purse he would fight for, Corbett said: "We have two offers, one \$75,000, the others \$60,000. Either would be acceptable. But I am not going to fight for any amount less than \$100,000." "The fight between Mitchell and myself," he said, "will be the first international fight that has ever taken place in this country where people could sit down and see it as if they were in a theatre."

OF MITCHELL, Corbett said: "I never saw him fight. I know him by reputation and a goodly and a hard hitter and a good general. He will be the first man ever to fight a prize fight with me. The fight between us will be a hard one and is likely to last long. He is a very good fighter, but I am a better one and it's no use crying about it. I shall train three months before the fight with Mitchell. I don't have to come to terms with any club. I am my own man. I don't blow in my money and I am more independent than the others. I can make money when I want of them and I don't propose to fight a cent less than I am worth."

COMMERCIAL NEWS. Stocks and Bonds in New York—The Grain and Provision Markets of Chicago. NEW YORK, March 18.—The bulls on stocks showed more courage to-day than they have for some time past. At the opening they took hold of American Sugar and Northern Pacific, preferred, and in the first ten minutes of business established an advance in these stocks of 1/4 to 1/2 per cent. American Sugar was purchased freely by leading operators connected with the pool, while the change for the better in Northern Pacific was signaled by the purchases of round amounts of preferred stock for both short and long accounts. The upward tendency of the market was checked, however, by reports of exports of about \$1,000,000 gold by Tuesday's European steamers. The reaction ranged from 1/2 to 1/4 per cent. American Sugar was not of long duration. Erie was especially weak, declining to 1/4 for common and 1/2 for preferred. The market for the specialties Pittsburgh and Western, preferred, was conspicuous for an advance of 1/4 to 1/2.
