CHARGED WITH BURGLARY.

R. J. Mayo, a Negro merchant and Postmaster at Hayes, Halifax County, held for Hobbing an Old Colored Man.—Other Weldon News.

WELDON, N. C., April 27.

R. J. Mayo, a prominent colored merchant and postmaster at Hayes, in this county, was arrested here yesterday by Justice B. F. Gary, charged with breaking into the house of Hardy Hines, an old colored man, 90 years of age, and robbing him of about \$180. Mayo was represented by Capt. W. H. Day and Mr. S. G. Daniel. E. T. Clark, N. H. Lillington and T. C. Harwood appeared for the State. Hines was positively that he saw Mayo with his trunk in which was his money. He heard some one talking in the room, and the night being very bright he peeped through a crack in the door and saw and recognized Mayo. The old man was charged and was afraid to interfere, so he could only watch while the accumulations of a life time were being taken from him. The defense attempted to break down the evidence and ingenious speeches, but the State, through its attorney Mr. Lillington, undermined the beautiful superstructure, and the bare, cold facts confronted the jury, and there remained the probable cause. Mayo was sent on to the grand jury, and the case not being bailable, was committed to jail.

The Largest Marble Mill in the World.

KNOXVILLE, Tenn., April 27.—The announcement is made here that Senator Proctor, of Vermont, with two local capitalists will break ground soon for the largest marble mill in the world. The plant will contain sixty gang saws.

Manhood Suffrage in Belgium.

BUSSELS, April 27.—The Belgian Senate by a vote of fifty-two in the affirmative to one in the negative, with fourteen absentees, have approved the Nissen plan to establish universal suffrage, with the voting based on the ownership of property and possession of certain educational qualifications.

A Perfect Cure.

Mr. Edward E. Broughton, 140 W. 14th St., New York City, N. Y., says this: "I have used several bottles of Dr. Bull's Cough Syrup in my family and find it a perfect cure. I cheerfully recommend it."

A Steamer Stranded.

CAPE HENRY, Va., April 27.—The British steamer Helen, from St. James de Cuba for Baltimore, is ashore at Falsé Cape, Va., the vessel is in good condition and will probably float after part of her cargo (iron ore) is discharged. A dense fog prevailed.

Zonitosis, scrofula, headache and pain of every kind instantly relieved by Johnson's Magnetic Oil.

Sold by J. H. HARRISON.

Buffalo, April 27.—Aldrich & Ray's tin and copper stamping works, a four story brick building, the police station adjoining and several other buildings, were burned this morning. The loss is \$100,000. Three firemen were injured.

A GRAND SIGHT.

THE GREAT NAVAL REVIEW IN NEW YORK HARBOR.

The Ceremonies Postponed Several Hours—The Programme Carried Out in Detail Amid Booming of Cannon—The final Salute from all the War Ships—The President's Reception.

NEW YORK, April 27.—All New York awoke this morning to find a steady downpour of rain ushering in the day of the great pageant. A chilly northeast wind added to the discomfort, and some 100,000 people, who had arranged to view the grandest marine spectacle ever presented in American waters, were disappointed. The rain, however, did not keep all at home. There was a steady stream toward North river all the morning and hundreds of excursion boats, steam yachts, tugs and other craft were filled with sight-seers who were not kept at home by the disagreeable weather. Other crowds who sought places along the docks, on the tops of buildings and at Riverside park pladdered through mud and stood in pools of water with umbrellas and makintoshes keeping out portions of the wet.

At 10:30 o'clock the signal boat Cushing started out and, running along side each vessel in the line, carried information that the review was postponed until 11 o'clock p. m. The postponement was ordered by Secretary Herbert at the suggestion of the President. The excursion steamers put back to the docks.

The blowing of hundreds of whistles and the booming of cannon, the President announced that the President had embarked, and almost instantly the crews of the men-of-war all along the line started to cheer. The rain had ceased, and while the clouds hung low over head, there were indications that the sun was about to show through the appearance of the sun. At 1:30 o'clock the first boom of a ten inch gun was heard. The Miantonomah, the lead vessel, was followed by a salute from the Brazilian ships Republica and Tiradentes. The Dolphin replied to the Brazilians and a cloud of smoke rose over the lower end of the line of war ships. The Brazilians manned the yards just before the firing and the long lines of the Miantonomah's two main guns were followed by a salute from the Brazilian ships Republica and Tiradentes. The Dolphin replied to the Brazilians and a cloud of smoke rose over the lower end of the line of war ships. The Brazilians manned the yards just before the firing and the long lines of the Miantonomah's two main guns were followed by a salute from the Brazilian ships Republica and Tiradentes.

The Dolphin was followed at a distance of about 500 feet by the Blake and she in turn by the Miantonomah. At 1:44 o'clock the Sessler, of the German fleet, fired her first gun. She was followed a moment later by the Reina Regente, of the starboard column, and the two ships on each side of the Dolphin, made the welkin ring. The Kaiserin Augusta joined the chorus, and the echoes rolled up the Palisades and down again, until one seemed to hear a long line of artillery reaching for miles on the Jersey shore. The bands on the ships played national airs, but it was only at intervals between the roar of the guns that the music could be heard. The von Speyke and Infante Isabel fired salutes into each other. There was a pause for a moment and Argentine's cruiser belched forth a flash that was responded to by the big gun on the German Bismarck. It was 1:53 o'clock when the Concord spoke, and she spoke so rapidly that her salute was done in two minutes. The Empress paid her respects to the Bismarck, and a light blue puff arose above the dynamite tubes on the Vesuvius and a few seconds later the two ships exchanged salutes. The sky was overcast as though the sun had struck it. People at the foot of Fifty-ninth street had not recovered from the shock of the first shot from the side of the Jean Bart and there was a report that made windows rattle and windows rattling on the river front.

At 2 o'clock the Yorktown and Arethusa saluted together, gun for gun. Then there was an interval during which the bands could be heard playing and the cheers of the sailors reached the shore. The Chicago then opened fire and a moment later the Russian Rynnda and the British Gesta followed. The Baltimore and General Admiral followed. At 2:05 o'clock the Tartar, the first of the British ships, saluted. The Gesta of the Bancroft and San Francisco were going at the same time. The British Magicienne and the Atlantic fired almost simultaneously. The Dolphin headed her speed as she approached the head of the line and there was an interval between the firing of the guns. The British Gesta began saluting as the Dolphin's bow came abreast. Ten minutes after she had passed the Jack tars came down from their towers and saluted. It was just 2:12 o'clock as England's crack cruiser, the Blake fired her first gun. There was a big puff of smoke and a deep boom entirely different from the other guns. The whistles of the smaller vessels. The Philadelphia saluted as the Dolphin reached the head of the line and came to a stop just ahead of the main line. At the same time all the steamboats, tugs and pleasure craft blew their whistles and made a din almost as deafening as the saluting. There was a cheering and waving of hats, handkerchiefs and umbrellas and the triumphant procession of the Presidential party was headed.

The German Legation to Become an Embassy.

BERLIN, April 27.—The committee of the Reichstag on the budget has approved the credit asked for by the Government for the purpose of elevating the German Legation at Washington to the rank of an Embassy and has also approved an additional grant for the German representative at the Chicago World's Fair.

Conflict Between the French Chambers Ended.

PARIS, April 27.—All danger of a projected dispute between the Senate and Chamber of Deputies has been averted to-day by the action of the committee of the Chamber of Deputies in agreeing to separate the income tax proposal from the budget and in adopting the scheme of the Senate for the taxation of dealings on the Bourse. The conflict between the two chambers has also been averted, and it is expected that harmony will be entirely re-established.

Root and Branch.

The poison in your blood, however it may have come or whatever shape it may be taking, is cleared away by Doctor Herring's Great Medical Discovery. It's a remedy that rouses every organ into healthy action, cleanses and purifies the blood, and through it cleanses and invigorates the whole system. Scurvy, Rheumatism, Eczema, Erysipelas, Boils, Carbuncles, Enlarged Glands, and the worst Scrofulous Sores and Swellings, are perfectly and permanently cured by it. Unlike the ordinary Spring medicines or sarsaparilla, the "Discovery" works equally well at all seasons. All the year round and in all cases. It is guaranteed, as no other blood medicine is. If it ever fails to benefit or cure you, you have your money back. You pay only for the good you get. Isn't it safer to say that no other blood purifier can be "this good" than to say, "well, wouldn't it be sold so?"

WASHINGTON CITY.

A WILMINGTON FIRM GETS A GOVERNMENT CONTRACT.

The Question of Locating the Revenue Office—Maj. C. M. Stedman in the City—Resignation of a Postal Route Agent Called for—Satisfactory Condition of the Treasury—New Postmasters.

WASHINGTON, D. C., April 24. (Special to the Messenger.)

Representative Woodard went over to New York last night to witness the naval review to-day.

Senator Vance looks improved in health by his trip home. He was busy to-day catching up with his correspondence.

His resignation having been asked for, R. F. Gamble, of Davidson College, resigned yesterday his postal clerkship on the route between Charlotte and Washington. The place is in the classified service.

The following North Carolina postmasters were appointed yesterday: Beaumont Cross Roads, Sampson county, Mrs. Martin Vann; Dawson's Cross Roads, Halifax, G. L. Branch; Hogville, Halifax, R. J. Shields; Finchburg, Mecklenburg, M. L. Wallis; Prosperity, Moore, G. L. Finison.

In some places in North Carolina the location of the revenue office is of more importance than the man who is to run it. Senator Vance says that the Secretary of the Treasury has the undoubted right to locate the office. But that the practice has been to let the collector decide, preference being given to towns where there are public buildings to save rents.

Maj. Charles M. Stedman arrived here from New York last night, and purposes leaving for Asheville to-morrow night. It is said his visit is on business and that he is devoting himself entirely to business and that he is devoting himself entirely to business now. As he has conferred with Senator Ransom since he came it may be presumed that he is not forgetting his old political friends.

WASHINGTON, April 27.—The contract for the erection of the public building at Reidsville, N. C. has been awarded to J. H. Harlow, of Wilmington, N. C., at \$12,195.

SATISFACTORY CONDITION OF THE TREASURY.

Acting Secretary Hamilton, of the Treasury Department, said this morning that the condition of the Treasury was satisfactory. The treasury received and accepted to-day several offers of gold. The amounts were not large, but the offerers came from diverse points, showing a general disposition to help the building up of treasury gold.

MORE STORMS AND FLOODS.

Many Lives Lost and Much Property Destroyed by Cyclones—Crops Devastated by Floods.

CHICAGO, April 27.—Another serious wind and rain storm visited this city yesterday. The buildings at Jackson Park withstood the heavy downpour all the morning with the wind at fifty-four miles an hour without damage. Reports from Wisconsin and Illinois indicate extensive damage. Many families were compelled to flee for their lives, leaving their homes to be destroyed in the floods. Thousands of acres of wheat are ruined and all the spring plow land in that part of the State will be a general disposition to help the building up of treasury gold.

PHILADELPHIA, April 27.—Rain prevented the opening of the league baseball season to-day. The game was to have been between Philadelphia and Brooklyn.

WASHINGTON, April 27.—Washington 7 runs; 1 base hit; 1 error. Battery Meekin and Farrell. Baltimore—5 runs; 13 base hits; 4 errors. Battery McMahon and Robinson.

BIRMINGHAM, April 27.—Birmingham 3 runs; 4 errors. Battery Underwood and Earle. Memphis—4 runs; 1 error. Battery Mason and Bell.

CHARLESTON, April 27.—Charleston 18 runs; 19 base hits; 2 errors. Battery Colcolough and Suggden. Macon—1 run; 1 base hit; 3 errors. Battery Houghery and Boland.

SAVANNAH, April 27.—Savannah—8 runs; 10 base hits; 3 errors. Battery Meekin and Hurley. Augusta—7 runs; 10 base hits; 3 errors. Battery German and Wilson.

WILMINGTON, April 27.—The league championship game postponed on account of rain.

PITTSBURGH, April 27.—Pittsburgh—2 runs; 6 base hits; 4 errors. Battery Killyn and Mack. Cleveland—7 runs; 10 base hits; 2 errors. Battery Young and Zimmer.

CINCINNATI, April 27.—Cincinnati—10 runs; 11 base hits; 3 errors. Battery Mullen Jones and Hughton. Chicago—1 run; 4 base hits; 3 errors. Battery McGill, McGinnis and Kellredge.

NEW ORLEANS, April 27.—New Orleans—3 runs; 1 base hit; 5 errors. Battery Doney and Baldwin. Montgomery—4 runs; 18 base hits; 4 errors. Battery McCarty and Armstrong.

ST. LOUIS, April 27.—St. Louis—4 runs; 8 base hits; 2 errors. Battery Hawley, Reitz and Buckley. Louisville—5 runs; 6 base hits; 3 errors. Battery Stratton and Grimm.

LIEUT. COL. BOGART

Thrown From His Horse While on Parade and Fatally Injured.—The James City Negro Singing Leases.—The Excitement Over.

RALEIGH, April 27.—While the First regiment was on parade on the streets this afternoon Lieut. Col. David N. Bogart, of Washington, was thrown from his horse and so seriously injured that his death is expected to-night. He had been in the State Guard since 1877 and is by profession a druggist.

There were all sorts of wild rumors this afternoon to the effect that many negroes at James City had refused to sign leases of lands and that troops had gone over there. There is no truth in these reports. A special telegram to-night says the excitement which has prevailed among the citizens of Newbern and James City has ended. The negroes signed leases to-day. Lease blanks were taken over to James City by Robert Hancock, Mr. Bryan's agent. The troops will in all probability leave for home to-morrow morning. No more trouble is expected.

(By Southern Press.)

RALEIGH, April 27.—The latest information from Newbern to-night is that the lease papers at James City are being signed with no trouble. No further difficulty is expected.

The Separate Court Law Sustained.

NEW ORLEANS, April 27.—Judge Theard, in the Civil District court, delivered a decision yesterday in the "Jim Crow" car case. Sheriff Brouard, of Lafayette parish, sued the Illinois Central railroad for \$10,000 damages for ejecting from one of the trains of the company the Rev. Mr. DeLoach, a colored man. He bought two first class tickets for the purpose of taking a crazy negro prisoner to the State asylum at Jackson, La.—He placed his prisoner in the smoking section of the white car and the sheriff, who was ill, went in the non-smoking section. The conductor told him he would have to take his prisoner into the colored car or else sit with him in the smoking section, common to both races. Brouard objected, and he and his prisoner were ejected. The court held with the conductor that the law did not discriminate except in favor of colored nurses of white children, and as the railroad company was subject to a penalty if it violated the law the conductor was held liable. The allowance of the law and the suit was dismissed.

Georgia Banks Tender Their Gold.

COLUMBUS, Ga., April 27.—Important action was taken by the banks of Columbus this morning in a tender of their entire gold reserve to Secretary Carlisle. The total amount of gold held by the different banks is \$51,000 and its tender is made upon terms heretofore granted by the Secretary of the Treasury. The telegram to this effect was sent to Secretary Carlisle this afternoon and a letter with details followed. The following resolution was adopted:

Resolved, That, relying upon the assurance of President Cleveland his Cabinet, the Government will continue to pay gold for all bills presented, the associated banks of Columbus, Ga., hereby tender the Secretary of the Treasury all the gold reserve now held by them in exchange for legal tender notes; believing it to be the duty of all banks throughout the country to contribute to the time and trouble contribute however little it may be to the restoration of the public credit, we have implicit confidence in the integrity of the President and his Cabinet, and trust to the ultimate judgment of our people to uphold us in protecting our united interests from an unstable currency.

Base Ball.

PHILADELPHIA, April 27.—Rain prevented the opening of the league baseball season to-day. The game was to have been between Philadelphia and Brooklyn.

WASHINGTON, April 27.—Washington 7 runs; 1 base hit; 1 error. Battery Meekin and Farrell. Baltimore—5 runs; 13 base hits; 4 errors. Battery McMahon and Robinson.

BIRMINGHAM, April 27.—Birmingham 3 runs; 4 errors. Battery Underwood and Earle. Memphis—4 runs; 1 error. Battery Mason and Bell.

CHARLESTON, April 27.—Charleston 18 runs; 19 base hits; 2 errors. Battery Colcolough and Suggden. Macon—1 run; 1 base hit; 3 errors. Battery Houghery and Boland.

SAVANNAH, April 27.—Savannah—8 runs; 10 base hits; 3 errors. Battery Meekin and Hurley. Augusta—7 runs; 10 base hits; 3 errors. Battery German and Wilson.

WILMINGTON, April 27.—The league championship game postponed on account of rain.

PITTSBURGH, April 27.—Pittsburgh—2 runs; 6 base hits; 4 errors. Battery Killyn and Mack. Cleveland—7 runs; 10 base hits; 2 errors. Battery Young and Zimmer.

CINCINNATI, April 27.—Cincinnati—10 runs; 11 base hits; 3 errors. Battery Mullen Jones and Hughton. Chicago—1 run; 4 base hits; 3 errors. Battery McGill, McGinnis and Kellredge.

NEW ORLEANS, April 27.—New Orleans—3 runs; 1 base hit; 5 errors. Battery Doney and Baldwin. Montgomery—4 runs; 18 base hits; 4 errors. Battery McCarty and Armstrong.

ST. LOUIS, April 27.—St. Louis—4 runs; 8 base hits; 2 errors. Battery Hawley, Reitz and Buckley. Louisville—5 runs; 6 base hits; 3 errors. Battery Stratton and Grimm.

DYSPEPSIA

Is that misery experienced when suddenly made aware that you possess a diabolical arrangement called stomach. No two dyspeptics have the same predominant symptoms, but whatever form dyspepsia takes

The underlying cause is in the LIVER, and one thing is certain no will remain a dyspeptic who will

It will correct Acidity of the Stomach, Expel foul gases, Alleviate Irritation, Assist Digestion and at the same time

Start the Liver working and all bodily ailments will disappear.

For more than three years I suffered with Dyspepsia in its worst form. I tried several doctors, but they afforded no relief. At last I used Simmons' Liver Regulator, which cured me in a short time. It is a good medicine, and would not be without it.—JAMES A. ROANE, Raleigh, Pa.

THE SLIGHT INTEREST

OF MOST STATE PAPERS IN JAMES CITY AFFAIRS.

The Little Grenadier Boy Dead.—Death of William H. Pace.—Commissioner Lacy after Information.—The Approaching Municipal Election.—A Trial Trip of the Seaboard Fast Train.

It is really quite remarkable how little space most of the State papers devote to the James City affair. One would have thought such a movement of troops, the largest since the war ended, would have been elaborately written up, but as to the troops themselves there is literally no news at all. A good correspondent in camp could have furnished much matter of interest, whereas not a single line has appeared regarding the troops since they went into camp Monday evening. It was expected by many that the troops would return yesterday. It is gratifying to know that the ranks were well filled.

The little Grenadier child which was knocked down and stamped in so horrible a manner by another white boy, has died. The body of the child was black and blue. The boy who, the physician says, caused death, must have jumped upon young Grenadier many times. The case attracts much attention here. Your correspondent does not recall another like it.

William H. Pace, Esq., a well known lawyer, died of a beautiful heart here early this morning. He was a native of this county and a graduate of Wake Forest college and married a daughter of Col. J. M. McTear's who was a cancer of the mouth developed, and died at the age of 35. He was a well known property at Coal Creek, Tennessee.

To the great delight of everybody the clouds rolled by this morning and the proved very satisfactory. The weather is much warmer.

Thirty-three convicts were yesterday afternoon sent to the Roanoke penitentiary and will be put at work on the dykes. There are engaged in dyking and ditching 35 convicts.

In previous years manufacturers have, as a rule, declined to answer a number of the inquiries made by the Bureau of Labor Statistics, on the ground that these touched too much their proprietary business. Mr. Lacy, the new commissioner, tells me he will so change the inquiries that he will not pry into the private affairs of the mill both ways, but will at the same time secure the information. The blanks are now in preparation. There is unfortunately no appropriation for personal visits by the commissioner to manufacturers, so the information has all to be obtained through the reports of his inspectors. For expenses is only \$1,100, and half of this sum is required for postage.

At the executive office to-day Acting Private Secretary Hinton said he did not know when Governor Carr would return from Newbern.

It is difficult to say whether the voters here will next Monday ratify the proposition to issue \$50,000 of bonds, for street improvements, a new station house, etc. There is a good deal of talk both ways. Heretofore all such propositions have been carried. At this particularly time in paying is done. Many streets need macadamization, as they do not all approach the township roads in respect to condition.

Mr. C. B. Root, who for many years has been city treasurer, declined to be again a candidate and Mr. Charles J. Lumsden will probably be elected.

Duncan Clark's female minstrele gave a miserable show here last evening to a small audience. It is said to have been even worse than the performance given last year, though that is hardly possible. Heretofore all such propositions have been carried. At this particularly time in paying is done. Many streets need macadamization, as they do not all approach the township roads in respect to condition.

The output of coal from the Egypt mines is being considerably increased. It is intended next fall and winter to sell a great deal of this coal at low prices for household uses, in open groves. The increase in the local use of soft coal in this way is enormous in the past three or four years.

There will be no cattle show this year. The Rev. Dr. Eugene Daniel, pastor of the Presbyterian church, and President James Dinwiddie, of Peace Institute, are at LaGrange attending the session of the Alabama Presbytery.

A trial trip of the fast train on the Raleigh and Gaston division of the Seaboard Air Line was made yesterday and proved very satisfactory. Only three stops were made between Raleigh and Weldon.
