

TELEGRAPHIC SUMMARY.

It is now ascertained that there were seven destructive cyclones in Oklahoma Territory Tuesday night. The casualties so far foot up over ninety deaths.

There is no truth in the report that Mrs. Cleveland was taken ill in New York Thursday.—Hon. M. Dickenson is improving. He has an attack of quinsy.—The President struck his head against his carriage door as he was leaving his hotel yesterday. The wound was very slight.—About 500 people in a Bohemian town lose their homes by fire.—Offers of gold to the Treasury Department continue to pour in from all sections of the country.—Many persons are injured in a panic in a church at Fairview, Penn.—The coal miners of Ohio will probably strike Monday.—The troops were ordered from Newbern yesterday, the James City negroes having signed the leases and no further trouble is expected.—The death of Col. Bogart occurred at 2 o'clock yesterday morning. His wife and two daughters arrived at Newbern an hour after his death.—The State troops returned to their homes yesterday.—The President's departure from Washington has given the office seekers a little rest and some of them are taking advantage of his absence to leave the city for a short while.—Seven fourth class postmasters for this State were appointed yesterday.—The question of patronage is already giving Gen. Cox, secretary of the Senate, much trouble.—Secretary Carlisle had a meeting with New York bankers Thursday at which they promised to come to his assistance with gold when it was deemed necessary by the Secretary.—Over \$10,000 had been raised yesterday for the Oklahoma cyclone sufferers and that amount was expected to be doubled to-day.—Dun & Co.'s weekly review of trade shows a very unsatisfactory state of affairs. There is a distinct depression in trade. The improvement in the iron business has been arrested and the cotton and woolen industries are more unsatisfactory. Business is not brisk at the South and collections are slow. The distribution of products to consumers does not come up to expectation.—The Second National Bank of Columbia, Tenn., closed its doors yesterday.—The French Chamber of Deputies voted against the Government on the question of the separation of the liquor tax from the budget.—The parade of the American and foreign mariners and sailors, full armed and equipped for war, through the streets of New York was a novel sight. The President was not able to await the parade, but had to leave the reviewing stand at 11:30 o'clock to take his train for Chicago.—One of the largest iron mines in Michigan shuts down and 1,000 men are thrown out of employment.—The Ann Arbor railroad was yesterday placed in the hands of a receiver.

Base Ball.

SAVANNAH, April 28.—Savannah—1 run; 5 base hits, 2 errors. Battery—Petty and Hurley. Augusta—3 runs; 2 base hits, 1 error. Shaw and Wilson.

WASHINGTON, April 28.—Washington—12 runs; 14 base hits, 6 errors. Battery—Esser and Farrell. Baltimore—4 runs; 9 base hits, 7 errors. Battery—Wadsworth, Schmidt and Milligan.

CHARLESTON, April 28.—Charleston—4 runs; 8 base hits, 3 errors. Battery—Kilken, Halliwell and Singleton. Macon—12 runs; 12 base hits; 4 errors. Battery—Miller and Balon.

MORRIS, April 28.—Morris—10 runs; 17 base hits; 3 errors. Battery—Donnelly and Trobri. Montgomery—4 runs; 7 base hits; 6 errors. Battery—Blackburn, Donahoe and Armstrong.

NEW ORLEANS, April 28.—New Orleans—6 runs; 8 base hits, 5 errors. Battery—Leach and Jontzen. Nashville—2 runs; 6 base hits, 4 errors. Vickers and Sommers.

NEW YORK, April 28.—New York—2 runs; 5 base hits, 3 errors. Battery—King, Crane and Doyle. Boston—3 runs; 14 base hits, 12 errors. Battery—Nichols and Bennett.

CINCINNATI, April 28.—Cincinnati—1 run; 4 base hits, 6 errors. Battery—Darby, Chamberlain and Vaughn. Chicago—11 runs; 8 base hits, 2 errors. Battery—Hutchinson and Kiltrodd.

PHILADELPHIA, April 28.—Philadelphia—7 runs; 2 base hits, 2 errors. Battery—Wehling and Clements. Brooklyn—5 runs; 7 base hits, 3 errors. Battery—Stem and Kinslow.

PITTSBURG, April 28.—Pittsburg—4 runs; 2 base hits, 2 errors. Battery—Ehret, Baldwin and Miller. Cleveland—3 runs; 10 base hits, 6 errors. Battery—Clarkson, Zimmer and D. Connor.

BIRMINGHAM, April 28.—Birmingham—13 runs; 14 base hits, 5 errors. Battery—Easton, L. Menefee, Sellback and T. Menefee.

CHATTANOOGA, April 28.—Chattanooga—2 runs; 7 base hits, 4 errors. Battery—Petiger and Dixon. Atlanta—12 runs; 10 base hits, 6 errors. Battery—Easton, L. Menefee, Sellback and T. Menefee.

ST. LOUIS, April 28.—St. Louis—3 runs; 8 base hits, 4 errors. Battery—Gleason and Pettz. Louisville—1 run; 6 base hits, 1 error. Battery—Hennings and Harrington.

A Panic in a Church.

WILKES-BARRE, Pa., April 28.—Last night during an entertainment at the Methodist Episcopal church at Fairview a terrible panic was caused by the explosion of a mixture of powder used for colored lights in a tableau. Men, women and children made a mad rush for the doors and trampled on one another in their wild rush to escape. No one was killed outright, but some were so seriously injured that they will probably die.

A Vote Against the Government.

PARIS, April 28.—In the Chamber of Deputies today Peppole, Minister of France, stated that the government would make the separation of the liquor tax from the budget a question of confidence. After debating the question the Chamber, by a vote of 399 to 192, decided to separate the liquor tax from the budget.

The President Receives a Slight Wound.

NEW YORK, April 28.—The Evening Sun says the President met with a slight accident as he started out this morning. As he was getting in a carriage he struck his forehead against the door and the skin was raised. A doctor in the hotel fixed the wound and the party was delayed ten minutes.

As a tree flourishes in proportion to the richness of the soil, so the human body thrives in accordance with the quality of its blood. Hence the necessity of keeping the vital fluid rich and pure with Ayer's Sarsaparilla, the best blood medicine you can find.

THE INSANE ASYLUM.

SATISFACTORY CONDITION OF THE RALEIGH ASYLUM.

A dividend by the Clinton Loan Association.—The State Troops Return.—Revenue Officers Busy.—The State Pays the Troops.—Rapid Growth of the Odd Fellows.—The Grandeur Case.

RALEIGH, April 28.—Mr. W. A. Dunn, receiver of the suspended Clinton Loan association, was here to-day, and informed your correspondent that next week he will begin the payment of the first dividend. This will be of 3 1/2 per cent. This will be good news to many interested persons. The bank, for such it really was, failed two years ago.

Yesterday afternoon your correspondent visited the insane asylum and found everything there in attractive shape. The improvements of the grounds, made in 1891-2, show to great advantage. The garden has been enlarged and much land added to that planted in corn and grain and grass. On all sides the scene is beautiful and refreshing to the eye. The electric lighting apparatus is all complete and will be put in operation as soon as the engine and dynamo arrive, which will be next week. Not only is the building to be lighted, but the grounds and outbuildings also, and this will greatly aid the warden. There are now eighty persons employed at the asylum, this including the officers. The grounds have been fenced and a fence made an appropriation, are to be in the rear of the great wings of the main building. The plans are practically agreed on, but the executive committee is now North, inspecting several sums with a view of embodying in the construction all possible improvements.

Great regret is expressed here at the accident which befell Lieut. Col. David N. Bogart, of Washington, of the First regiment, at Newbern yesterday. It was the only accident which occurred during the regiment's five days' tour of duty. Col. Bogart was in a social way a charming companion. Your correspondent served with him in the Guard for over fourteen years.

A statement was published to-day regarding the case of the little boy Greenleaf, who died of lockjaw last night. It is reported that the boy was injured by jumping upon his stomach and chest had not produced the injuries which caused death. A physician's certificate to that effect is also published.

To-day the chief point of local interest was the return of the troops. Many hundreds of people were on hand to see the younger ones in the majority, of course prepared to meet their returning warriors at the depot. When the troops left one corporal, who realized the value of an opportunity, embraced it and kissed, it is alleged, a score of pretty girls, while being thus surrounded by the crowd. The girl was approached, but she was compelled to decline, her sweetheart being himself only a few feet away. The Raleigh contingent behaved well, and had sixty-four men in ranks.

The revenue people say that just now the moonshiners are not specially troublesome, much time has to be devoted to the renewal of licensed distillers' bonds, etc. The belief is that there will be a large increase in the distillation of fruit brandy this year, owing to the fine crop.

Of course the Republicans try to have their joke at the expense of the Democrats, and the latter people say the moonshiners tell them that as soon as the Democrats come in there will be no more seizures of distilleries and that the halcyon days will come indeed. But this is a story apocryphal; about a par with the story they used to tell on Dr. George Washington Blackwell (of blessed memory) that he informed the too obstinate moonshiner that he "had better move back a little from the road." The glory of the moonshiner is gone in North Carolina, happily, and the Democratic moonshiners, if they ever do get in office, will make things lively for him, no doubt.

Two men were talking on the street to-day regarding the case of George Spicer. One insisted that the county sheriff made the call did the paying; the other said the State paid. Your correspondent felt sure the latter was correct and so asked State Treasurer Tate, who said "unfortunately the State pays."

Grand Secretary B. H. Woodell of the Odd Fellows, was interviewed to-day regarding that order and says it has in the State 102 lodges in working order, with a total membership of 4,200. Next week a lodge will be established at Roper City, Washington county, and a little later one at Morehead City.

Under the new pending law all widows of soldiers who died within one year after April 9th, 1865, are entitled to a pension. This will add several hundred to the list.

Under the new law all Building and Loan associations doing business in the State must make an annual report to the Auditor of the State of the financial standing December 31st, and must pay a license tax, on a fixed scale.

Another Bank Failure.

NASHVILLE, Tenn., April 28.—A Columbia, Tenn., special says: At 9 o'clock this morning the doors of the Second National bank of Columbia were closed and the following notice was posted thereon: "Owing to the continued withdrawals of deposits from this bank since the 23rd inst., the directors have deemed best to suspend payment temporarily." Cashier Childress said that since the run was made on the bank he held here this morning without shaking, he had smooth and easy sailing until the recent failures in Nashville. No statement of the bank's affairs have as yet been made public.

Ohio Coal Miners to Strike.

CLEVELAND, O., April 28.—A special from Columbus, Ohio, says: The threatened strike of the Ohio coal miners promised to culminate Monday next in 30,000 men leaving the pits. The strike is in view of a meeting of the representatives of all sub-districts in the Ohio district of United Mine Workers of America to be held here this morning. At the meeting final arrangements will be made for the strike.

Root and Branch.

The poison in your blood, however it may have come or whatever it may be taking, is cleared away by Doctor Pierce's Golden Medical Discovery. It is a healthful action, purifies and enriches the blood, and through it cleanses and invigorates the whole system. Rheumatism, Tetter, Eczema, Erysipelas, Boils, Carbuncles, Enlarged Glands, and the worst Scrophulous Sores and Swellings are perfectly and permanently cured by it.

Unlike the ordinary Spring medicines or sarsaparillas, the "Discovery" works equally well at all seasons. In all cases, it is guaranteed, as no other blood medicine is, that if it ever fails to benefit you, you have your money back. You pay only for the good you get.

Isn't it safer to say that no other blood purifier can be "just as good" as this?

If it were, wouldn't it be sold so?

Perfectly pure, perfectly pure, perfectly harmless is Simons Liver Regulator.

Simons Liver Regulator has never failed to relieve costiveness, and blind or bleeding piles.

A NOVEL SIGHT.

Foreign Soldiers, Armed and Accoutred, Marching Through the Streets of New York—The Naval Parade a Great Success.

NEW YORK, April 28.—A dense fog hung like a pall over the river and city this morning. At 8 o'clock the sun was visible breaking through the mist but it was half an hour later before the hulls of the war vessels were visible from shore. Then the fog lifted and with bright skies overhead a warmer atmosphere than yesterday, the blue jackets and marines from our own ships and the foreign vessels landed and marched to the place of rendezvous.

Remarkable as the gathering of foreign men-of-war in our harbor, and the parade in the naval review, still more remarkable was the spectacle presented to-day of the uniformed forces of foreign nations marching down America's greatest street (Broadway), Grim, fierce looking Russians, trim, quick moving Frenchmen, dark visaged Italians marched side by side with their own officers commanding and with their own bands playing airs that they love the best. But they were our captives. Our marines and blue jackets preceded them, their national guardsmen followed in their rear. Arms of peace had superseded weapons of war and the armed forces of nine nations marched in our streets as though our country and they were one and they and we were brothers.

The parade started from the corner of Fifth avenue and Forty-second street at 10:57 o'clock. Governor Flower and Gen. Horace Porter rode at the head of the parade, followed by the staff of the United States army and engineer corps. Then came the admirals in their carriages, the foreigners were escorted by officers of our own navy. Following the carriages came United States sailors and marines, the foreigners were followed by the sailors of the visiting fleets and the marines of Great Britain and Holland. After the foreigners came the National Guard of New York.

The President reached the city hall at 11 o'clock for the purpose of reviewing the parade, which was expected to reach its point shortly after 11 o'clock. The head of the procession had not reached there, however, up to 11:30 o'clock, when the President was compelled to leave in order to catch his train. He was driven to Courtlandt street ferry, thence to Jersey City, where he left on the Pennsylvania road for Chicago.

The city hall park was black with people when the head of the column arrived. The reviewing stand on the Broadway side of the park was completely filled, and it was decided to change the route of the reviewing party, the procession across the park in front of the city hall and reviewing it from the front of the hall. A cordon of police cleared the space in front of the reviewing stand. On the steps of the city hall were Mayor Gilroy and nearly all of the city officials. William H. Allen, Governor Russell of Massachusetts, and staff. Near them were members of the committee of one hundred.

At 12:16 o'clock p. m., when the first line of mounted police turned into the city hall park, Mayor Gilroy, Governor Russell and other members of the reviewing party stood at the foot of the steps as the head of the line passed. Gov. Flower and Gen. Porter dismounted from the first carriage and after shaking hands with the Mayor, passed up the steps of the city hall and went to the Governor's room. Troop A followed. Then came the admirals and senior officers from the foreign ships. They alighted and after being presented to the mayor stood along in line at the foot of the steps presenting a long line of dark blue and red uniforms. There was a short wait and then came the red coated marine band marching by with Uncle Sam's marines in the rear. The British and other bands swung out of line and played opposite the reviewing party until our own band contingent had passed. Our blue jackets drew the first hearty applause in front of the city hall.

The reviewing party then marched in solid lines and without break.

After the Americans had passed there followed the British and then a platoon broke out as the first of the foreigners, sturdy sons of Great Britain appeared. The English band swung to the right and remained to play for the brigade to pass. The blue jackets came first and line after line of them passed the reviewing stand. The British band, led by Maj. Farrington, were loudly applauded.

Following the British came the Russians, and the applause which greeted them was fully as hearty as that which had preceded them.

The Argentine contingent was not ready to march, they carried only a small flag with the name of their ship, the Ninth of July, instead of their national banner.

The marching of the German blue jackets with the throwing of each foot forward and bringing it down with force attracted much attention.

The trim, easy swing of the Frenchmen, who came a few moments later, was a decided contrast to that of the Germans. The French were apparently all good looking men and the ladies in the windows of the city hall and on the balcony waved their handkerchiefs at them.

The dark skinned troops of Brazil caused some amusement for their manoeuvres in front of the city hall. The band halted in two sections to play for the marines to march by and then when the sailors had passed they stopped playing abruptly and ran after their fellow countrymen.

The foreign bands played American national airs with variations new to the ears of the reviewing party, but when they struck up the tunes of their own countries they were right at home.

The admirals and foreign officers on the city hall steps commented upon the appearance of the blue jackets of each nation as they passed. It was pretty generally concluded that our blue jackets made an appearance equal to that of any nation, and that the British marines made the best show of any of the marines. The mass of naval reserves and our own marine militia made a decided hit. The precision of their marching, their trim uniforms and their attention to business drew the attention of every one. The British officers remarked on the appearance of our national guard. As the time to close the reviewing party drew near, the regiments went by with their straight lines and clock like movement there were exclamations of surprise.

In what the opening was about the same for May as the closing of yesterday, ruled weak and prices declined 1/2, then advanced 1/2 and the closing was about 1/2 higher than yesterday. The market was a range and closed 1/2 higher. Corn netted 1/2 to 3/4 and oats 1/2 to 3/4 advance for the day.

A perfect cure! Mr. Edward E. Brighton, 140 W. 19th St., New York City, N. Y., says this: "I have used several bottles of Dr. Bull's Cough Syrup in my family and find it a perfect cure. I cheerfully recommend it."

Simons Liver Regulator has never failed to relieve costiveness, and blind or bleeding piles.

MRS. CLEVELAND.

A FALSE REPORT AS TO HER BEING ILL IN NEW YORK.

The President's Absence Giving Office Seekers Rest.—Senator New North Carolina Postmasters.—Numerous Gold Offers Accepted.—The Question of Senate Patronage Already Mooted.

(Special to The Messenger.)

MESSYORE BUREAU, WASHINGTON, D. C., April 28.]

Messrs. W. S. Halliburton, of Durham, N. C., and New York and David Bell of Enfield, N. C., arrived in the city yesterday.

Mr. E. J. Hale has left the city, and now no North Carolina candidate for a prominent place abroad remains. Several, if not all, of them will be back soon after the President's return.

Representative Woodard, who returned here to-day from New York, says nothing was against the great naval review, except the weather. Mr. Woodard left for home on the next train, having succeeded in filling the Scotland Neck and Macon postoffices with Democrats.

The following North Carolina postmasters were appointed yesterday: Cronly, Columbus county, H. B. Jewett; Finch, Nash, Mrs. S. S. Robinson; Keebleville, Pitt, W. D. Kesi; Moyock, Currituck, R. O. Taylor; Maxson, Warren, John W. Harrison; Nevins, Mecklenburg, Mr. Ella Cochran; Scotland Neck, Halifax, R. H. Smith, Jr. At the last place J. J. Wood was removed.

Gen. W. R. Cox, secretary-elect of the Senate, arrives to-night. The question of patronage is giving him and the Senators a little work, even this early. It is not generally known that the Democratic Senators divide up the places and leave very little for either the secretary or sergeant-at-arms. As each Senator, under the present distribution is awarded \$5,000 annually in places, and as the secretary himself is credited with North Carolina with a total compensation of \$6,000 per annum, not much beside that can go to this State.

(By Southern Press.)

WASHINGTON, April 28.—Misinformation as to Mrs. Cleveland's programme at New York was responsible for the report that she had returned to New York yesterday and compelled to return to Washington. She came back in the best of spirits and this morning she is in her usual health. It was her intention to return to the hotel after the review and drive to the station and take the 6 o'clock train for Washington. Being so tired she was obliged to hurry to the train without returning to the hotel.

NUMEROUS OFFERS OF GOLD.

Offers of gold in exchange for legal tender notes were received at the treasury. Quite a number came in to-day. During the week offers were received and accepted from San Francisco, Roanoke, Va.; Pittsburgh, Pa.; Norfolk, Va.; St. Louis, Boston, Washington, D. C.; Columbus, Ga.; Baltimore, Maryland; Philadelphia and New Orleans.

COMMERCIAL NEWS.

Stocks and Bonds in New York.—Grain and Provision Markets of Chicago.

NEW YORK, April 28.—The stock market opened active and buoyant on the result of yesterday's conference between Secretary Carlisle and the bank officials in this city, the favorable reorganization and the liberal handling of securities for London account. Early prices from London came materially above closing quotations of Wednesday, especially Reading, which was quoted at an equivalent of 30 1/2. Hence the stock here started off at figures ranging from 10 to 20 per cent advance yesterday. Other stocks improved 1/2 to 2 per cent. The latter in Manhattan, which sold up to 149. As soon as foreign buying orders were completed, the market advanced. A large number of jobbers, who had long been hammering stocks, which happened to be without effective support. They were aided by increased strength of Sterling exchange and by the inherent weakness of Toledo, Ann Arbor and North Michigan, Distillers and a few others. The first named broke 41 to 18 1/2, the latter at 25 1/2. The market advanced 1/2 to 1 1/2. The prices started back, but were held by the market. Sugar, Cordage, Missouri Pacific, Western Union and General Electric closed 1/2 to 1/4 lower. Distillers 2 1/2, while Reading gained 1/4 and Louisville and Nashville 1/4. The dealings were largely professional throughout the day. Sales of list stocks were 331,000 shares; unlisted, 33,000.

CHICAGO, April 28.—The highest price of the year was touched to-day on the Board of Trade for September pork, \$30.10 a barrel. The prices started back and forth like a hooked trout on an angle line. After an advance of 45c from the opening price it closed 1 1/2c lower than on the day before. Lard and ribs were fairly active but quite weak and left off at a decline, ranging from 2 1/2 to 2 3/4c without allowing a moment to the market to drop. The old Cudahy-Wright clique began to boom pork at the start, and within a few minutes after the opening September pork had crossed the line and reached \$19.70 against \$18.70 at the close last night. Then the clique unloaded and under heavy selling the market dropped back to \$18.50, the low price of the day. Here the clique brokers again began to buy heavily and the market rose to \$19.50. From this time to the close the fluctuations were moderate, ranging between \$18.70 and \$19.00, at which latter price the market closed.

In what the opening was about the same for May as the closing of yesterday, ruled weak and prices declined 1/2, then advanced 1/2 and the closing was about 1/2 higher than yesterday. The market was a range and closed 1/2 higher. Corn netted 1/2 to 3/4 and oats 1/2 to 3/4 advance for the day.

In the Early Days

of cod-liver oil its use was limited to easing those far advanced in consumption. Science soon discovered in it the prevention and cure of consumption.

Scott's Emulsion

of cod-liver oil with Hypophosphites of lime and soda has rendered the oil more effective, easy of digestion and pleasant to the taste.

THE DEATH OF COL. BOGART.

His Death Occurred at 2 O'clock Yesterday Morning—His Wife and Daughters Came Too Late—Return to the Service Troops—(Special to the Messenger.)

RALEIGH, April 28.—Governor Carr and the State troops from Warrenton, Louisiana and Raleigh arrived this afternoon. The only accident which occurred at Newbern was that which resulted in the death of Lieut. Col. Bogart. He died at 2 o'clock this morning. His wife and two daughters reached Newbern an hour later, having been driven across the country from Washington. His body was taken home to-day, escorted by the Washington company.

Most of the editors who were at Newbern went to Morehead City to-day on an excursion.

(By Southern Press.)

RALEIGH, N. C., April 28.—The troops were ordered away from James City this morning by Governor Carr, and passed through here this afternoon, returning home. The negroes have signed the lease papers and no further trouble is expected.

Seven Cyclones in One Night.

GUTHRIE, O. T., April 28.—News continues to come in from different parts of the Territory of the damage and death wrought by the fearful storm of Tuesday night. It is now known that there were seven separate and distinct cyclones, and the number killed is believed to exceed seventy-five. The greatest damage was done near Norman in the southern part of the Territory and near Perry and Stillwater in the northwestern part. At Norman, twenty-eight persons were killed and many wounded. Fifty miles east of here in Payne county the killed aggregate eighteen or twenty. A family of two women and a baby perished in one house and a man and five children in another.

GUTHRIE, O. T., April 28.—The total number of persons who met death in Tuesday night's storm now reaches 1,000. The injured number about 1,500, about 10 per cent of them being fatally injured. One of the greatest scenes of desolation in the devastated district is at the home of John Mullen in Payne county. A large house, barn and other buildings are completely gone and the farm is stripped of every vestige of life. The Mullen family, however, are all safely in the world, how ever, survived its rough reception and bids fair to live. Over \$10,000 has already been subscribed as a relief fund to aid the survivors and to bury the dead, and the amount will be doubled before to-morrow.

Secretary Carlisle and the New York Bankers.

NEW YORK, April 28.—The Evening Sun says: It was learned this morning on good authority that at last evening's meeting of Secretary Carlisle with the New York bank presidents he was assured of their willingness to come to the assistance of the government when ever, in his opinion, more gold was needed by the treasury. The terms on which the gold is to be furnished were left open. It was also agreed by all present that the uneasiness, based upon the intrenchment upon the \$100,000,000 gold reserve fund was not sentimental and at this time there was no necessity for a bond issue or of a gold loan to the treasury. The meeting was a most cordial and friendly one. The next morning's meeting of the Secretary with the bankers was most satisfactory.

Telegraphic Sparks.

HALIFAX, N. S., April 28.—A terrific storm swept over Prince Edward Island Wednesday night. The wind was from the west and blew down to sea and undoubtedly perished.

TOLEDO, April 28.—Judge Rick, of the United States court, has appointed Wellington R. Burt receiver of the Toledo Ann Arbor and North Michigan railroad.

To Our Customers and Friends!

OUR STORE WAS BURNED YESTERDAY WITH PORTIONS OF STOCK AND UNTIL FURTHER NOTICE WE WILL NOT DO BUSINESS AT THE OLD STAND. WE HAVE ARRANGED, HOWEVER, TO OCCUPY ANOTHER BUILDING AND ANTICIPATE NO SERIOUS INTERRUPTION TO BUSINESS AND EXPECT TO BE ABLE TO EXECUTE ORDERS WITH REASONABLE DISPATCH.

WE WISH TO THANK PUBLICLY THOSE FRIENDS WHO SO GENEROUSLY OFFERED WAREHOUSES FACILITIES AND OFFICE ACCOMMODATIONS AND THE FIRE DEPARTMENT THAT RENDERED SUCH VALUABLE AND CHEERFUL SERVICE.

Here's a Tip.

For what do you buy shoes? To wear? Then quality counts—cost is relative—depends on how they wear. These Russias good and not low priced—very sanitary, but they are CHEAP—for they have the quality—and the wearing quality.

DUN & CO.'S BUSINESS LETTER A GLOOMY ONE.

Financial Disturbance Arrested.—Distinct Depression.—Trade Improvement in Iron Business Arrested.—Woolen and Cotton Industries More Unsatisfactory.—Collections Slow.

NEW YORK, April 28.—R. G. Dun & Co.'s weekly review of trade will say: President Cleveland's decision about the redemption of legal tenders, all admit, has arrested what threatened to become a serious disturbance. Gold exports have ceased. Sterling exchange has fallen to \$4.87 1/2. Some gold has gone into the treasury from Boston and other cities and the rates for money have declined from 10 to 14 per cent.

The cold and wet weather and the monetary uncertainty have caused a distinct depression in trade. Collections are almost everywhere behind and inferior money markets are growing closer or more conservative.

The failure of the Pennsylvania and Maryland Steel companies has arrested what improvement had appeared in the iron business, while the woolen and cotton industries grow more unsatisfactory.

Reports from all parts of the country indicate that trade has been much retarded by rains and much cotton has been killed and signs of industrial depression affect purchases of millions.

Trade is good and building supplies, active at Baltimore, but money is tight. At St. Louis the jobbing trade is very good, collections free and money in greater demand. Southern orders are small but cotton seed is in demand for replanting. At points in Tennessee trade is sluggish and collections small. At Montgomery and Atlanta some improvement is seen, but at Charleston trade is dull. New Orleans reports fair trade, with special activity in real estate and building materials, but there and at most other Southern points collections are slow. Distribution of products to consumers fall short of expectation. Monetary uncertainties and faults make the people anxious, and cautious.

Wheat seeding has been greatly retarded by rains and much cotton has been killed and signs of industrial depression affect purchases of millions.

The failure of the Pennsylvania Steel company causes much depression and makes it harder for other iron concerns to obtain accommodations, especially in the rail business, because it is doubted whether receivers can pay the completion of makers which expires July 1st. Trade in pig iron is waiting and consumption of manufactured products does not encourage the hope of better prices, though in plates there is more inquiry from ship yards, and in bar from car builders. Structural iron is in demand throughout the country, but at low prices.

The business failures during the last week number, for the United States, 216; Canada, 25; total, 241.

DR. WILLIAMS' MEDICINE CO.,

Schenectady, N. Y.

60c. per box. 6 for \$2.50.

To Our Customers and Friends!

OUR STORE WAS BURNED YESTERDAY WITH PORTIONS OF STOCK AND UNTIL FURTHER NOTICE WE WILL NOT DO BUSINESS AT THE OLD STAND. WE HAVE ARRANGED, HOWEVER, TO OCCUPY ANOTHER BUILDING AND ANTICIPATE NO SERIOUS INTERRUPTION TO BUSINESS AND EXPECT TO BE ABLE TO EXECUTE ORDERS WITH REASONABLE DISPATCH.

WE WISH TO THANK PUBLICLY THOSE FRIENDS WHO SO GENEROUSLY OFFERED WAREHOUSES FACILITIES AND OFFICE ACCOMMODATIONS AND THE FIRE DEPARTMENT THAT RENDERED SUCH VALUABLE AND CHEERFUL SERVICE.

Here's a Tip.

For what do you buy shoes? To wear? Then quality counts—cost is relative—depends on how they wear. These Russias good and not low priced—very sanitary, but they are CHEAP—for they have the quality—and the wearing quality.

IN GREAT PROFUSION.

A Good Time

For buying Unlaundered Shirts is right now. A new shirt feels warm. Therefore supply yourself now and have them washed before the hot weather clerk gets a head of you.

Shop all over and then see whether our 50c, 75c and \$1.00 Unlaundered Shirts are not the best values. If you are hard to fit let us take your measure for Shirts. Don't send shirt-orders or any other orders away. Ready cash goes just as far, often further right here in Wilmington.

J. NAUMBURG,
