Over a Million Dollars Withdrawn From Circulation by the Banks in Two Months-The Damage to the Battleship Texas-Her Construction Too Light -Doubts as to Her Flotation.

WASHINGTON, Nov. 8.-The high water nark of National bank circulation was reached in September, when banks took out additional circulation to relieve the stringency in the money market. Since then a gradual reduction has taken place, and since September 15th those National banks, which had previously taken out additional circulation, have surrendered circulation to the extent of \$1.136,250. Of this amount the National banks in the city of New York surrendered \$882,000: one bank in Baltimore \$90,000; and three
