YEAR RECEPTION.

THE SOCIAL SEASON AT THE WHITE HOUSE OPENED.

First General Reception in Two Years -Mr. and Mrs. Cleveland Assisted by a Bevy of Society Ladies-They Shake Hands With Five Thousand People-An Unpleasant Interruption.

Washington, Jan. 1 .- The official social season in Washington began to-day with the regular New Year's reception at the White House, the first held in two years. A year ago to-day the Presidential house hold was in mourning for the death of Mrs. emancipation day .- Annie Wise, an Anar- Harrison, and official functions were gen. chist, is sent to prison by the Lord Mayor of erally suspended. the carriages of members of the Diplomatic Corps were arriving at the entrance to the mansion an old woman appeared and men are confident of success and say they will "stand no foolishness" from the authorities if the courts decide in their favor. Both sides are mad now.—The official social season was opened in Washington City yesterday with the regular New Year's receptors and scene. The President, she said, owed her a bill and she wanted the money right away. She would take possession of the White House and stay there until Mr. Cleveland opened his purse. It was a case of no pay, no go. The statement of the fact that to-day was a legal holiday in the District of Columbia and that no debt could be could be could be comply collected until to morrow had no be legally collected until to-morrow had no effect on the old woman, but physical force and some strong moral persuasion induced two years. Just before the reception began an old woman created a scene by declaring that the President owed her a bill and that she was going to take possession of the White House until she was paid.—Vice President Stevenson had was paid.—Vice President Stevenson had before the content of the state of the s uniform. Immediately belind them came President Cleveland with Mrs. Cleveland on his arm. The Vice President and Mrs. Stevenson followed and then the Cabinet Stevenson followed and then the Cabinet officers and their wives, with Secretary and Mrs. Gresham leading. In the Blue room there were a lot of young girls to whom the honor of standing "behind the line" had been accorded. The President, Mrs. Cleveland, Mrs. Sevensons and the ladies of the families of the members of the Cabinet formed themselves in a line from door to door of the Blue room and the reception began.

Those who composed the receiving line were the President, Mrs. Cleveland, Mrs. Stevenson, Mrs. Gresham, Mrs. Carlisle, Mrs. Lamont, Mrs. Olney, Mrs. Bissell, Miss Herbert, Mrs. Smith and Miss Morton, while behind the line were the wives of Chief Justice Fuller, Gen. Schofield, Col. John M. Wilson, Assistant Secretary McAddo, Commodore Ramsay, Commodore Chadwick, Col. Heygood; commandant of the marine corps; Senators Morgan, Gray, Frye, Brice, Gordon, Manderson, and Sherman, Speaker Crisp, Representatives W. L. Behind him were the Associate Justices of the Supreme court of the United States and other Justices of the Federal judiciary and behind them a pushing merry crowd of the members of Diplomatic circles. They filed in through the Red room and then into the Blue room, past the receiving line into the Green room and out into the big East room where formality was dropped.

By noon the line, two deep, extended from
the White House portico down the west
driveway to the west gate, and eastward

along Pennsylvania avenue nearly to the Treasury Department. The day was chilly and a cool wind was blowing, but it was not unpleasant, and the people bore the long wait before the head of the line began to

move, with good nature.

About 11:30 o'clock Senators, Representatives and Delegates in Congress began to pass the receiving line. Many of them had their wives and daughters with them. Speaker Crisp was there, leading a host of Democratic members.

Democratic members.

The army and navy were present in full force. Gen. Schofield headed the army contigent and Commodore Ramsay the navy. Capt. Robley D. Evans, who acted as host for the President on last week's trip down the Potomac, came along with the officers of the light-house board.

The Associated Veterans of the Mexican war, carrying the tattered flag, led the line and behind them were Grand Army posts, members of the Loyal Legion and of the Oldest Inhabitant association of the District of Columbia. The veteran contingent was small and it passed through quickly. It was after 1 o'clock when the general public reached the door of the mansion.

All the receiving party, with the exception of the President and Mrs. Cleveland, withdrew from the Blue room after the official contingent had passed, and left these two to greet the hundreds formed in double file greet the hundreds formed in double file outside the mansion. The size of this crowd was variously estimated, but the White House ushers, who are familiar with such scenes, thought it numbered 5,000. It soon became evident that the crowd was too large to be disposed of by 2 o'clock, the hour for the reception to end. At that hour the police closed the gates, leaving fully 1,000 outside, but Private Secretary Thurber had them opened again. Mrs. Cleveland began to show signs of fatigue fore the line was half through, but she bore up well, striving to repress the signs of physical suffering on her face.

It was nearly 3 o'clock when the last of the general public shook hands with the President and Mrs. Cleveland and the New Year's reception of 1824 ended.

MRS. LEASE DEFIANT.

She Will Not Be Deposed-Her War on Governor Lewelling-The Governor Defles a Committee of the Labor Federation.

TOPEKA, Kans., Jan. 1 .- Mrs. M. E. Lease the deposed president of the State board of chanties, made her first aggressive movement this afternoon in her fight to retain her position. A meeting of the State board of charities was called some time ago to be held at Winfield to-morrow, but Mrs. Lease to-day telegraphed to each of the four other members of the board informing them that she had changed the place of meeting to Olathe. The Governor hearing of her action, promptly sent a dispatch to the members of the board saying that J. W. Freeborn had been appointed to succeed Mrs. Lease and that he would be present at Winfield to-morrow to attend the meeting and assume Mrs. Lease's place on the board. It is now quite certain that the two Republican members of the board will meet with Mrs. Lease at Olathe to-morrow and that the two Populist members will recognize the Governor's action in removing Mrs. Lease and meet with Freeborn at Winfield.

Mrs. Lease has instructed her attorney to commence quo warranto proceedings in the

the management of the State institutions as Mrs. Lease desires.

The Governor in peremptorily removing Mrs. Lease has, in the opinion of the legal authorities, overstepped his authority, for the statute expressly states that the Governor cannot remove a member of the statute expressly states that the Governor cannot remove a member of the board of charities except for cause and then prescribes how the removal shall be accomplished. Yesterday a committee of twenty delegates en route to the meeting of the State's Federation of Labor called at Leavenworth on Governor Lewelling and demanded the immediate removal of State Labor Commissioner Todd. The committee told the Governor that Mr. Todd in no way represented them and that he not only disgraced the administration, but injured the cause of labor. The discussion with the Governor became heated and when he did not comply with their demands, the Governor replied: "Roast and be damned."
It is reported in State House circles that "Roast and be damned." some startling charges are to be made by the Governor and his associates against Mrs. Lease to-morrow.

WASHINGTON, Jan. 1 .- The Chilean Gov. ernment has notified Secretary of State Gresham that it cannot accept the propos tion of the United States for an extension of the existence of the United States and Chilean claims commission now in session in this city. It became apparent soon after the meeting of the commission in October that it would scarcely be possible to complete its work within the specified limit, and the commissioners urged upon their respective Governments necessity for an extension of time. The United States was willing to extend time, but Chile was not. It is said that the Chilean Government declined because of the fact that most of the claims filed with the fact that most of the claims filed with the commission were against their country and aggregated nearly \$25,000,000. Under Art. 9 of the treaty all claims covered by the treaty are to be considered as finally set-tled, whether or not they have been laid be-fore the commission. The effort of this failure to extend the existence of the commis-sion will be that many of the claims failure to extend the existence of the commission will be that many of the claims brought against the Chilean Government will not be adjudicated, and will be barred from ever again being considered. State Department officials refuse to discuss the matter, but it is known that they are somewhat disappointed at the failure to secure the desired extension. He regretted that the men out of work had not, while the police were concentrated at St. Pauls Cathe-

You use it for some purposes, your neighbor for others, and both are equally delighted with the results. Why not use it as much as you can? as much as you can?

Col, Hoge to Have an Interview With ecretary Gresham.

ROANOKE, Va., Jan. 1.—Col. John Hampton Hoge, who was appointed Consul to Amoy. China, last May, and who was subsequently removed by the Department of State, left here last night to attend the inaugural ceremonies of Governor O'Ferrall today and will immediately proceed from there to Washington to hold a consultation with Secretary Gresham. Col. Hoge's friends claim that evidence not in accordance with the facts was placed before the department and that he has not had a fair showing.

BOTH SIDES MAD.

BITTERNESS OVER THE PRIZE FIGHT INCREASING.

The Club Men Confident and Say They "Will Stand No Foolishness" From the Governor if They Win the Habeas Corpus Case - The Governor Says He Will Stop the Fight.

JACKSONVILLE, Fla., Jan 1 .- The applica-Athletic club is very sanguine to-day of pulling off the fight. The lawyers say that it will be impossible for the Governor to declare martial law after the courts have decided the no law is to be violated, unless he Mrs. Lease has instructed her attorney to commence quo warranto proceedings in the Supreme court at 8 o'cleck to morrow morning to prevent Freeborn from assuming the functions of president of the board or from acting as a member of the board. Should she succeed in securing an order from the court, as she expects to, she, with the two Reput lican members, will constitute a legal quorum, and this will make such changes in the management of the State institutions as that he would hardly do that. The lawyers add that a requisition for Mitchell from Mississippi on account of his part in the Richburg, affair will not issue; that it cannot because the statute of limitation bars any proceeding at this late day. The argument was raised that the statute would not apply because

the newspapers, and it is surmised that the Governor's friends and supporters here had persuaded him to keep quiet.

It is now the general belief that if Judge Call releases the two pugilists next Wednesday on a writ of habeas corpus the Duvall Athletic club will defy the Governor and all other authorities which would obstruct them and will bring suit for \$200,000 damages if they or anybody else interferes with the fight.

Both sides are mad now and the fight is sure to come off here, for the club and its backers will not put up with any more foolishness, as they call it.

Two Men Scalded to Death by Steam, CHATTANOOGA, Jan. 1.-Two men were fairly cooked alive in a terrible boiler explosion that occurred at 10 o'clock this morning in the round house of the Cincinnati Southern railroad. Charles Beckert, a white boiler maker, was engaged in repairing an engine which came in last night with a leak in the steam flues. He was standing in the fire box with Jesse Lang, a colored assistant. Mistaking a screw plug for a driven plug, he gave the screw a careless tap, driving it in. The steam burst through the small aperture with a loud report. Both men were horribly scalded and the flesh dropped from their bodies in a sickening manner. Death was odies in a sickening manner. Death was nstantaneous. The bodies were taken to Sharp's morgue where a verdict of death from carelessness of Beckert was found by the coroner's jury.

A Lengthy Session Expected.

Washington, Dec. 31.—Much speculation being indulged in as to the probable length of the session of Congress, which will reconvene on the 3rd of January. It is thought this Congress will be compelled to

cons: e about as much time as did the Fifty-nist Congress in the consideration of the McKinley bill. Senator Voorhees, chairman of the Senate Finance committee, looks for a long session, not, as he says, so much on account of the tariff bill, but because of general matters before the country. While he is of the opinion that the House bill will pass the Senate within a month or six weeklest the within a month or six weeks at the outside after it goes into the Senate, Mr. Voorhees believes that a date fully as late, if not later than August 5th, will be reached before Con-gress takes a rest from its labors this sum-

nce committee, who think this Congress will be in session until late in September, if, indeed, it does not run into October. The indeed, it does not run into October. The fact that the approaching summer brings with it the campaign for Congressional election may hasten legislation.

Speaker Crisp has been quoted as saying that he expected to see the Wilson bill sent to the Senate by the first of February, and at the least by the middle of that month. If this is done and the Senate committee is expeditions in its work the bill could be laid before the Senate by the first of March, the time when it was believed in the Honse distion for Mitchell from Mississippi on time when it was believed in the House.

APACHE INDIANS

TO BE REMOVED TO A RESER VATION IN THIS STATE.

New Year's Day at Raleigh-Baptist Missionary Work in the City-Railway Travel Falling Off-More-Offices to Be Filled by Collector Simmons - The State University-Cigarette Tax.

MESSENGER BUREAU, The weather early this morning was most inpromising, but before noon it became clear and all fear of a snow fall passed away. The day was a quiet one. The banks and the Capitol were closed, but other business went on as usual. Socially speaking, the day was almost featureless, as very few ladies received and there were tew callers. There is a fine sale of seats for the Remenyi concert day after to-morrow evening. There are now thirty-six Cherokee students for North Carolina at the great Indian

school at Carlisle, Pa. It may be that 230 Apache Indians now at Mt. Vernon, Alabama, may be brought to this State. Capt. Witherspoon, the officer in command of the fort at which these Indians are in custody, has just been in the Cherokee reservation, in conference with Mr. Potter, the agent there, in regard to the matter.

All the Baptists in this city met at their First church last evening and arranged for mission work in Raleigh. A missionary was appointed, who will apply himself to work among the poor who do not attend church. The Railway Commission will resume its session to-morrow. A number of unimportant cases are to be disposed of.

Railway travel is at last beginning to fall off a little and so is the run of business at the hotels, which has been good since September.

The University opens January 5th. Applications for admission have been received already from young men in four other States than North Carolina, and there will be a large increase. January 4th and 5th will be devoted to examining new students cents per 1,000. Only three pounds of leaf tobacco being required to manufacture 1,000 cigarettes, this gives the Government 162 cents per pound, against 6 cents per pound received on any other manufactured tobacco of our native production. The new tariff bill recommends \$1.50 per 1,000 on cigarettes, or a revenue of 50 cents per pound on leaf thus manufactured. To this great advance there is serious objection, as it must neces-sarily deprive the trade of 5 cent packages of cigarettes first, and secondly, it will have a tendency to throw the cigarette manufa turing interest more completely in the hands of monopolists than is already the case. thus depriving producers and leaf tobacc dealers of competition that would otherwise exist, owing to the additional amount of capital that would be required to carry on the business. For several years past the cigarette manufacture has been virtually confined to one concern in the United Cates (this concern controlling all cigarette machinery). But only within the past few months have the minds of both producer and speculator been relieved by learning that with newly invented machinery antimonopolists would soon begin competition with the monopolists, and, in fact, a few

factories have recently begun operation new Advertisements.

The Greatest Triumph of Our Retail Experience! M. M. KATZ, SON & CO.'S

Great Depression Sales.

The magic lever that unbolts the doors of commerce and quickens into new life the paralyzed trade pulse. Daily scenes of activity heretofore unknown in Wilmington. Thousands of new faces from distant points catch the inspiration caused by our Eemergency Sale Prices as they are heralded abroad, and railway cosches convey them to the store of M. M. Katz, Son & Co. Like an electric flash our depression prices illumine the whole civilized country within a radius of many miles.

The Dry Goods markets of New York are tumbling like golden grain before the reaper. Importers are tumbling over each other to undersell the market and get cash. Our New York buyer is constantly working among those desperate men armed with necessary argument, and you'll scarcely believe what he is accomplishing until you visit our store. It is not often that a retail buyer can save you 25 to 50 per cent. below the usual price.

In the nature of things this condition cannot prevail long, but while it lasts you may bank on this store as holding out the greatest advantages that are born of the times and retaining what we have earned—the place at the top. Respectfully,

M. M. KATZ, SON & CO.
