Arrangements for the Prize Fight. JACKSONVILLE, June 4.- In spite of the fact that the Athletic club says the believes it. If the men ever come together on Florida soil they are likely to meet out in the woods, as did Sullivan and Kilrain. It is believed that the talk of the club about being confident that the men will meet in Jacksonville is only a blind to conceal preparations which are being secretly made to bring Mitchell and Corbett together in some place where the strong arm of the Governor cannot easily interfere. That place will either be in Duval county, where Jacksonville is situated, or in St. Johns, the chief city of which is St. Augustine. Of course no inkling can be gained as to the spot se-

lected, as the success of the plan depends the club is preparing to pull off the contest in the woods, the Southern Associated correspondent has just learned from a reliable source that W. A. Brady, manager for Corbett, filed to-night dis patches to the New York Herald and San Francisco, Examiner stating that the managers of the Duval Athletic club had already taken the initial step to charter trains out of Jacksonville The trains will be at the club's disposal for twenty-four hours before and after January 25th, the day set for the contest. The club people propose to make the transportation rate a pretty stiff one and thus hope to financially save themselves. They think that with such trains at their disposal and a spot selected for the fight known only to a faithful few, they can

bring the men together in the presence of a large crowd and that the battle will be fought and won before Governor Mitchell can get the militia on the scene. Governor Mitchell, however, is what is known in the "lingo" of "crackers" as "bull-headed", and as he has already tripped up the club he may succeeded in doing so again. It is said that Brady, in his dispatches to the papers men-tioned, stated positively that everything was fixed for the fight and that the men would come together unless the Englishman showed the white feather.

A HAPPY NEW YEAR

TO OUR FRIENDS AND PATRONS

M. M. Katz, Son & Co.

The Greatest Triumph of Our Retail Experience!

M. M. KATZ, SON & CO.'S

Great Depression Sales.

The magic lever that unbolts the doors of commerce and quickens into new life the paralyzed trade pulse. Daily scenes of activity heretofore unknown in Wilmington. Thousands of new faces from distant points catch the inspiration caused by our Eemergency Sale Prices as they are heralded abroad, and railway cosches convey them to the store of M. M. Katz, Son & Co. Like an electric flash our depression prices illumine the whole civilized country within a radius of many miles.

The Dry Goods markets of New York are tumbling like golden grain before the reaper. Importers are tumbling over each other to undersell the market and get cash. Our New York buyer is constantly working among those desperate men armed with necessary argument, and you'll scarcely believe what he is accomplishing until you visit our store. It is not often that a retail buyer can save you 25 to 50 per cent, below the usual price.

In the nature of things this condition cannot prevail long, but while it lasts you may bank on this store as holding out the greatest advantages that are born of the times and retaining what we have earned—the place at the top. Respectfully,

M. M. KATZ, SON & CO.
