way for free trade. He advocated an ncome tax and a direct tax whenever it

was possible. Mr. Sibley, Democrat, of Pennsylvania, then addressed the committee. H said he was not an ardent admirer of the Wilson bill, but he thought it was probably as good as could be connected by one college professor and fifteen lawyers.

Mr. DeForest, Democrat of Connecticut, was the next speaker. He is one of the members of the majority about whose position on the Wilson bill there was some uncertainty. But though he had very strenuous objections to some of the sections of the Wilson bill, notably the tobacco schedule, he had "swallowed

his medicine" and spoke in praise of the measure. He denounced the Republican party and the Republican policy of pro-tection, and lauded the Democracy and everything Democratic.
At 10:45 o'clock the House adjourned.

THE INCOME TAX. Provisions of the Proposed Internal Revenue Bill for Levying and

Collecting This Tax. WASHINGTON, Jan. 18.-This was the the Committee on Ways and Means on which to report to the House the Inter-

has no lawful authority for issuing or nal Revenue bill, but up to this evening selling bonds as proposed. The resolu- it had not been finally put in shape for presentation. Messrs. McMillin and Bryan have been revising the text and expect to be able to have it completed for consideration to-morrow morning. Should their expectations be realized it will be reported to the House before the issue and sell the bonds or other interest | adjournment of the day. One member of the committee who is in favor of the income tax provision says the settlement of the question whether or not it shall be prepared as an amendment to the customs bill now pending will be left to a Democratic caucus. He expressed a to be made a part of the measure now being considered

The bill provides that the income tax is to go into effect on January 1, 1895 and that the first collection on incomes is to be made on July 1, 1895. All classes of incomes are included in the measure and the uniform rate of 2 per cent. tax on ncomes over \$4,000 is fixed.

The most important detail of the bill is the method provided for the levy and collection of taxes. It is made oblighworkmen are driven by hunger to loot- the fact that he (Sherman) had once in incomes of over \$3,500, to make a return nue collector and a taxable list is made The vote on the passage of the bill re- up of those whose incomes exceed \$4, quorum. The roll was then called and return of above \$3,500 and under \$4,000, Baptist Church. He goes to South Carofifty-two Senators responded. But be- but the committee deemed it expedient lina. discussion was started involving the pro- exemption point in order that the re-

In case a person having an income of over \$3,500 fails to make a return, it beomes the duty of the revenue assessor discloses that the income is above \$4,000 and will plainly show it. the income is subjected to twice the ordinary tax under the law, and the party failing to make his return is deeme guilty of a criminal offence and is made subject to a fine and imprisonment.

The main purpose in framing the above provisions has been to avoid an bullion." That class of patriotic citi- inquisitorial operation of the law. The committee believes that it will do away irony, must first of all, be taken care of. with the necessity of having assessor pry into the private business of people and try to evade the law. It is estimated that not more than 85,000 persons yielded to in every demand which they | will be subject to this tax, so that a made. He found himself now in a great majority of citizens will not have to make returns.

Provision is also made by which no nformation can be made public as to the details of the income reported by the citizens. If such details become public it might injure the credit of a firm or individual. For that reason any public or private person who divulges any part of this information concerning incomes with heavy fine and penalty. This provision is in line with the English law of 1857. Prior to that time the British income tax was very unpopular, because made public the details of private business. But after the law of 1857 was passed there was little further objection

Particular provision is made for the collection of the income tax due on salaries, not only official salaries but the salaries of individuals receiving from business firms, eorporations, etc. was then taken up, and Senator Vest individual receiving the salary does not addressed the Senate in support of the pay the tax, but it is made the duty of municipal disbursing officer to retain 2 granting of suffrage to negroes, and declaring it as his solemn conviction amount. This 2 per cent. is to be taken out of the salaries in bulk at the last payment of salary for the year, and not at the United States than any other enact- the end of each week or month. This

The tax upon \corporations includes every phase of corporate stock. This tax is general and is without the \$4,000 exemption allowed to individual incomes. It is provided that in collecting the tax on corporation stock, the corporation shall pay the tax and deduct the amount from the dividends of the stock holder. This obviates the necesterruption by Senator Chandler brought of levying taxes upon the army of that Senator an expression of astoncountry and restricts the from one who had been through what he business of the Government to dealings with corporations, It is made the duty of each corporation to take 2 per cent of each annual corporate income from the amount set apart for each stockholder, and pay the total to the internal revenue collector of the locality. Severe penalties are provided for failure to make the proper reduction from the dividends of stockholders or for a failure to make the return to the revenue collec-

> The entire business of 'the levying and' collecting of the tax is placed in charge of a deputy commissioner of internal revenue. The different revenue districts of the country are also provided with deputy collectors who will especially manage the collection of the income tax.

The weak- It shows that the vessel developed a ness continued to the close, March closing at 7.49, the extreme being 8.10 and 7.92. The week's receipts are estimated as high as 145,000 bales, against 141,000 last week and 97,633 last year; at the ports to-day 23,000 bales, against 17,600 last week and 12,400 last year. THE SUN'S COTTON REVIEW.

NEW YORK, Jan. 18.—The Sun's cotton review says; Prices ended 7 to 8 points lower than yesterday, though at one time they were 9 to 10 points higher. The market has really broadened perceptibly, and the movement of prices takes a wider sweep. The early advance was due to an active and higher Liverpool market, and a report that Neill had reduced his crop estimate 300,000 bales. Subsequently Liverpool weakened a little and the crop rumor was denied. Further, the receipts at the ports were liberal and those at some of the interior towns were larger than on the same day last year. There was a weaker tone in ciation, in a twenty-four foot ring, for a the Southern markets. Long selling purse of \$500 and a side bet of \$500. turned the market downward, and it ended at about the lowest figures of the The president of the club stated that day with the tone steady. Sales were 218.— the insurgents have again occupied the Wongo-Johnson fight would take 800 bales. Liverpool advanced 37 to 4 Moncangue Island, north of Nictheroy. place with five-ounce gloves; that it four points, and closed quiet. Spot sales would be a contest for points; that no there were 12,000 bales at firmer but unlaw would be violated and that the best changed prices. In Manchester yarns order would be enforced. The sheriff of were steady and cloths moved slowly. Spot cotton here was steady, quiet and unchanged. There were no sales, The Southern spot markets were generally quiet and unchanged. New Orleans closed easy. Mobile and Baltimore declined &c. St. Louis advanced 1-16c. New Orleans sold 4,750 bales. In New Orleans futures advanced 4 points. Port receipts were 28,126 bales, against 17,648 this day last week and 12,466 last year. The stotal thus far this week is 126,556, against 116,418 thus far last week Bombay receipts since January 1st were 127 against 119 last year. Total shipments to Great Britain since January 1st are 3,000 against 2,000 in 1893. Shipments to the Continent since January 1st are 53,900 bales against 45,000 in 1893. The Work of an Incendiary.
