The Socialist element seemed to preponder and there were more red flags than any other in the line of march. The parade was divided into three sections. Then they gathered in the plaza where they fistened to speeches by several labor orators, most of whom were socialists.

Trouble at Davis School.

Lieut. Shipp last week requested the resignation of the Senior Captain and it was handed in. When this became known many students were indignant and the junior officers, all of them declared they would resign if the resignation was accepted. Apparently there is a quandary, for if all resign the school as a military school would be broken up. The Senior Captain is blamed with being the leader in some recent trouble.—

The day opened with conditions more favorable to the rank and file than yesterday, that is, they got their breakfast, such as it was, at a more reasonable hour and camp was struck and the march begun by 10 o'clock. The day was warm and pleasant, the road from Brightwood to the city good but dusty, and down hill nearly all the way. The route was down avenue, to the foot of Capitol hill, south to B street and along B street to the east-ern end of the Capitol grounds.

Bringing up the rear came the Philalelphia contingent of Christopher Colum-

Along with Jones rode another young lady, the opposite of Miss Coxey, a pronounced brunette. She was dressed in dark blue, was draped in the American colors and also wore a liberty cap upon her head. Her name is Miss Lavalette. At the boundary was drawn up the

Washington contingent, even more unpromising in appearance than Coxey's men after their long march. These numbered about 150 and accessions along the route swelled the total to 300 by the time they reached the Capitol hill. The streets along the march were lined with people who showed much interest and curiosity but little enthusiasm. The mob became so dense and noisy that the police had hard work to keep them from running over the Commonwealers. A rush was made by the mass of peo-

The white horse on which Miss Coxey was mounted became frightened and attempted to run away, but was held back by a young man who clung to the horse's bridle. Coxey finally managed to get into the carriage with his wife and the crowd cheered him again and again. "You'll have to start this procession," cried out a policeman.
"Speech, speech," came from hundreds
of throats, and, rising in his phaeton, Coxey started to speak. But his voice could be heard by a few only, so he waved his hand for the procession to go ahead. The police seemed to think that this was an attack on them and responded with their batons. Browne became wedged in between a line of mounted police and a number of officers on foot, and when one of these tried to seize him he resisted. A shower of blows descended on his shoullers. Brown fought like a tiger, shouting out that he was an American citizen and had constitutional rights. He was seized by several officers and pushed

When Jesse Coxey, who is 18 years old, rode along the line and told the Commonwealers that the chief marshal had been taken off to a police station, the men appeared surprised, but made no loud comments. Browne is not very popular with the rank and file and his soldiers viewed his incarceration with equanimity. Browne, when the officer took him into custody, turned to Jesse Coxey and said: Jess, I turn over the command to you." But Jesse was too young for so important an office, so Marshal Broderick, who does not ride horseback, was substituted for Browne. Since the bill was reported, said Mr. Dingley, the provisions of the bill previously passed abolishing the office of commissioner of customs and deputy commissioner of customs had been incorporated in it, so that the whole system of Government accounting should be regulated by one measure. Some other slight changes had also been made in the bill to meet criticisms and objections made against the bill as originally reported. After the bill and accom panying reports had been read the comnittee rose, leaving the bill the unfinished business.

At 1:30 o'clock a message was received from the Senate announcing the death of Senator Stockbridge. Mr. Burrows offered the usual resolution respecting the announcement. The resolutions were adopted and the Speaker announced the following committee to represent the House at the funeral: Messrs. Burrows, Thomas, Aitken and Linton, of Michigan, Bynum, of Indiana, McCreary, of Kentucky, Boutelle, of Maine, Richardson, of Tennessee, and Payne, of New York.
