The Spanish Pretender and the Pope. ROME, May 6.-Don Carlos, the Spanish pretender, has intimated to the Pope that, while he is devoted and obedient to him, he cannot counsel his followers to abandon his own cause in Spain, which is that of reclaiming his legitimate rights, which claim is similar to that of the Pope for the restoration of temporal power. NUMEROUS AMENDMENTS TO THE TARIFF BILL.

Senator Jones Reports "hem as th Work of the Democratic Compromise Committee - The Bill Greatly Changed From the Wilson or Senate Bill-Some of the Changes Proposed.

The amendments hereto presented by Senator Vest and reported from the Finance committee are endorsed by the Compromise committee.

There is a general increase in the bill and in some schedules the increases are very marked. Many of the changes are unimportant and consist of a restoration of the House duties which the Senate had decreased. A number of articles have been taken from the free list, chief among these being agricultural products. Another exceedingly important amendment is that relative to leaf tobacco, in which there is a very material increase

He was 60 years old and had for twelve [years been an employe of the railway. The accident was caused by a shifting engine pushing two flat cars into a passenger train which was empty. The other man who was hurt is able to walk about.

The Confederate cemetery here is now more attractive and in better order than ever before. Contributions of flowers and shrubs have been numerous [and these have been used in beautifying the grounds.

At one time it was the belief that many of the trees would have no leaves by May 10th, whereas in ordinary seasons they are full-grown by that date; but they are now coming out. Hickory trees suffered even more than the oaks, and both trees present a queer sight so late in the season as this.

Active work is now in progress at the Egypt coal mines. The extensive outfi of new and greatly improved machinery and hoisting apparatus is found to work well.
