STATES REPRESENTED.

AUGUSTA, Ga., May 30,-The Southern inter State immigration congress opened auspiciously in Augusta to-day. It was called to order at noon in the grand opera house by President Bryan, of Nashville, who introduced Mayor J. H. Alexander, of Augusta, who welcomed the congress on the part of the city.

Mayor Alexander's speech was full of interesting history about Augusta. It is was very interesting and was received the oldest inland city in the South At- with a good deal of enthusiasm. this city, welcomed the congress. Governor Northen welcomed the conglowing picture of her progress and thrift. He declared the readiness of Georgia to welcome the industrious immigrants who came to cast there lot pended.

Senator Patrick Walsh, whose home is here, welcomed the congress and extended them the privileges of the com-mercial club, of which he is president. He said the assembling of thirteen Southern States reminded him of that first convention of the thirteen original States to declare thier independence. The present movement is to formulate plans by which this most favored section could enlarge its citizenship and work out its material independence.

The responses to the addresses of welcome i were made by Governor McCorkle, Governor Carr of North Carolina, and Governor Tillman of South Carolina. The latter declared that it was well enough to invite people and capital from the outside and all that came would be welcome, but for every dollar of outside capital the Southern people must expend ten of their own if they were in earnest about desiring to build up the South. The future of this section depends, he said, on the efforts of our own people, and what Southern farmers need most is an imigration of ideas and intelligent agricultural methods. Southern farmers would never prosper as long as they spent six months in the year trying to kill the grass in their fields, and the next six in buying hay from Maine and Northern

At the conclusion of the addresses of welcome and the responses, President Bryan addressed the congress. He expressed the need for immigration in the Southern States by contrasting the population per square mile of some of the States as follows: Massachusetts, 287; Kentucky, which is the most densely populated of the Southern States, 45 Rhode Island, 264; Texas, 8. He showed the material advance which has taken place in the South and called attention to the fact that educational advantage were keeping pace, the increase having been 100 per cent, in the past decade, the appropriations by Southern States for this purpose last year being over \$16,-000,000. The total value of school prop erty in the South is \$10,000,000; the number of teachers 84,000, white pupils 2,250,000, negroes 1,250,000, pupils in private schools, 300,000, in parochial schools 40,000. He thought the time was ripe for the immigration movement in the South and believed that by patriotic and united efforts of the present intelligent men composing the congress, some wise and practical plan would be

"Train No. 4, the through train leaving St. Paul at 7:25 o'clock p. m. for Chicago and Milwaukee, was wrecked at 1:15 o'clock a. m. at Manville, the first station north of Marshfield. The split switch of the passing track had been tampered with, allowing the wheels of the locomotive to catch the point. The engine and all the cars in the train, except the rear sleeper and business car, left the track. All the cars were burned except the rear sleeper and the busines

After leaving the track the train plowed along over the ties for a distance of ten rods and then toppled and rolled ever, the engine and tender going into the ditch and the cars piling on top of each other. All were soon set on fire from the stoves. From out of this tangled mass men and women who were lucky enough not to be pinned down, crawled, many making wonderful escapes. The bodies of Russell and Jud. Bigelow, who were caught in the timbers, were not recovered until 7 o'clock this morning and were burned to a crisp. As near as can be ascertained, about fifty passengers were on the train.

Under the direction of District Superintendent Horn, who happened to be on the northbound passenger, a special train was fitted up and left here for Stevens Point at 7 o'clock, bearing the remains of Engineer Hubbard, Fireman Gebhart and Russell and the passengers. The injured who are distributed among the different hotels, it is thought, will recover, except, perhaps Chester, of Marshfield. Except the four or five passengers and two train men who are missing and believed to be in the wrecked coaches, the following is as complete a list of the dead and wounded as can be obtained at 1 o'clock:

Killed — James Hubbard, engineer: Geo. Gebhart, fireman; Jud Bigelow, brakeman; Mr. Russell, a civil engineer in the employ of the company; an aged man and woman, name unknown, burned in the ruins. It is said they were not on the train at St. Paul. Injured-Henry Chester, legs and spine badly injured; O. W. Boseley, news agent, injured internally; Arthur Turnice, head cut and otherwise injured, will recover; John Bigelow, head broken; Dr. Weilsot, hurt internally; Fannie Burtel, hand badly cut; Wm. Ryan, ribs broken and head cut; E. A. Twichell, attorney at law, Minneapolis, head cut.

DO NOT SAY

GOVERNMENT BOND IS PREFERABLE TO INSURANCE IN THE NORTHWESTERN MUTUAL LIFE. In the first place the Northwestern is compelled by its charter to so invest its funds that a policy in it is as sound as a Government Bond. In the second place, suppose you buy a Government Bend for \$16,000, it will cost you \$114.00 to get it, while a Northwestern Endowment Policy of \$10,000 may be secured for a payment of about 4½ per cent. annually on the principal, and you keep your principal. In case of death one is just as good as the other, while if you live to the Endowment period, your policy ought to be at least one-fourth more than the Bond.

Taylor's :: Bazaar

Is Now Under Full Headway.

IT IS THE GREATEST BARGAIN SALE OF MILLINERY AND FANCY GOODS. DRY GOODS and Notions ever proffered the residents of this State. We tender no reason for this sale and offer no hackneyed excuse. We have not caught a "hard up importer and helped him out with our ready cash." nor have we attended any New York auction and bought trash at "50c on the dollar." The Goods we offer were bought in our regular way for our well known first class trade, and we have concluded to sell them right now in the height of the season at a great sacrifice
